

# Wifey's Dilemma Revisited

## Official Walkthrough

Version 0.48

## OVERVIEW

There are 2 main routes in the game for Wifey as of now. One more route is planned.

Currently, the two routes are Lee's Route and Katie's route. You will see Wifey's personality consolidate similarly to these characters. Much like in real life, friends will pick up some habits and traits from each other, and wear similar clothing. The changes that you will see in the beginning are not permanent, and can be discarded. Think of someone going to high school and going through "phases". Eventually, the changes will be permanent, and the route will be locked in. This is where the affinity points come in. Some of these changes will be an inherent part of Wifey's personality if her affinity has grown strong enough with some influencers. For her to be locked into a route, she will have to hit a threshold of affinity points, and the player will be able to confirm the route selection.

- 
1. Influencer: Katie
    - a. Wifey will be pushed towards the world of wild parties and adrenaline rushes.
    - b. She will become more openly sexual and flirtatious.
    - c. She will get tattoos, hairstyle changes, clothing changes, and piercings.
  2. Influencer: Lee
    - a. Wifey will become a more elegant and classy office girl.
    - b. She will wear glasses, office skirts, nylon stockings, and high heels.
    - c. She will develop her submissive side, and may engage in BDSM.

## STATS

The player has 3 stats: Charisma, Physique, and Intelligence. There will be checkpoints in the game for these stats. The main way to increase these stats is by choosing various dialogue options during the game. Stat boosts will always be indicated by:

, then the corresponding stat.

## AFFILIATION

When the main character starts working, he'll be able to choose which political affiliation his company has. PDC will give him a stat boost, which will help with increasing Love Points with other characters, as well as influencing others. Choosing USF will grant the "Snoop" ability. He will be able to spy on others physically or with technology. Both options are valid for any style of playthrough, but if you want the full NTR experience, USF is likely the better option.

## WIFEY'S STORY

If you have chosen to side with the PDC at the beginning of the game, you'll be missing out on all Snoop scenes. However, all the other scenes will be easily accessible. If you have chosen USF, you'll have to try to balance your stats in order to see the other scenes. Your choices can be done in different orders, but there are certain checkpoints where you need to have certain stats, it will be shown in the dialogue. I'll provide an easy way to get all the scenes if you are playing USF.

## Intro

If you don't want to see jealousy content, disable it here.

If you want the PC to share Wifey, but not have her cheat on him, you must both enable NTR, and sharing.

If you don't want the PC to share Wifey, but want her to cheat on him, pick enable NTR, and disable sharing.

Optional NTR mechanics: Influencers actively try to ruin your relationship with Wifey, and can decrease her Love Points. Fight back to keep her! If NTR is disabled, they cannot influence Wifey at all.

**For the following choices, it will maximize an even distribution of stat points and increase Wifey's Love Points. If you don't want to have high Love Points and want to access the Bystander Route, do not choose any dialogue options with the lips icon.**

- Pay for mei.
- (Doesn't matter) Do for achievements

## Game Start

- Activity list, go to work: select PDC or USF.

- 
- Perceive detail
  - Snoop for scene
  - Skip week into Lee's event.
  - Pick Lee as an influencer if that's what you prefer. If not, wait.
  - Skip week into automatic event.
  - Help Wifey out
  - Emotional Approach
  - Say nothing, or Outwit if you're PDC
  - Tell Wifey she is great
  - Kiss Wifey
  - Pick your influencer in the influencer menu
  - Spend time with Wifey in activity menu
  - Tell Wifey she needs to change jobs

The PC should be in a relationship with Wifey from this point.

- Skip week
- Use humour
- Snoop
- Spend time with Wifey
- (Doesn't matter, dialogue is different)
- Ask Wifey on a date
- Explain
- Kiss Wifey
- (Doesn't matter)
- Snoop
- Spend time with Wifey
- Don't worry, I'll take care of you
- Say something witty
- Skip week (Or you can try the other Influencer)

At week 8: the Influencer will determine a divergent branch

- Dance intensely
- Tough it out
- Snoop
- For Katie's Branch, she'll ask about drugs. Answer doesn't matter
- Talk about sharing if you the PC to share and sharing is enabled

At week 10: there will be another divergent event. You can only see this event once on either Katie's route or Lee's route.

- 
- On Lee's route, go for Intelligence
  - On Katie's route, go for Physique
  - You can decide to confront your rivals if you have enough stats (PDC makes this possible)
  - Make sure to Snoop for the Option NTR content after this event! Depending on the route, you'll get an extra layer of corruption that you can view in the status menu.

At week 11: There will be an automatic scene. You can lock in Wifey's influencer here.

You can pick Jamal (Katie) or Mr. Davis (Lee) depending on how many affinity points you have.

Once you have, you'll be introduced to traits.

Skip the week, then spend time with Wifey

- Here there are many different options. Pick "Ask Wifey to come home" to get a max love point.
- Otherwise if NTR is on, you can experiment with "Tell her to stay." Note: NTR traits are only accessible through this option.
  - Afterwards, if NTR is on and sharing is on, you can use Perceive Detail to get the truth out of Wifey. Otherwise she will gain the "Secretive" trait, and lie to the PC in the future.

Snoop Again After this scene for an additional optional NTR scene in both routes!

For the next bit, there's a more complicated diverging path for each route.

### **Katie's Route**

At week 13-14: after the last event, just skip week or work until you can spend time with Wifey.

- First choice doesn't matter, just for role play.
- Take I've been working out for physique bonus
- If you want Wifey to get the Budding Exhibitionist Trait, pick Go for a jog. Without the Exhibitionist trait, you will not be able to access a scene in 0.20 between the PC and Wifey.
  - Alternatively, you can pick walk with Katie.
    - If you have NTR on, there will be a scene here.
- Next, take Perceive detail
- Smoke or not, doesn't matter. For role play.
  - If NTR is on and sharing is on, and you want to share, talk to Jamal about sharing.

---

At week 15-16: after the last event, just skip week or work until you can spend time with Wifey.

- This event is fairly complex, but straight forward if NTR is off. I'll explain NTR off first:
- If the PC is in a relationship with Wifey, NTR off:
  - Take charismatic approach
  - Next, to pass the check, Wifey needs to have the Exhibitionist trait
  - Next use L word. This will give you a Max Love Point and +2 Love Points later.
  - Next Intense strokes
- If the PC is not in relationship with Wifey, NTR off:
  - Not much happens. Yup, that's what friends are for.
- If the PC is in a relationship with Wifey, NTR On:
  - The choices you have made so far will change the first scene. If you have Snoop, use it for an extra NTR scene.
  - If Wifey is experienced in something, she will be able to finish Jamal.
  - If she is inexperienced, she'll stop halfway. (Mostly dialogue difference)
  - After this you can progress to the normal date (same as when NTR is off, see earlier)
- If the PC is not in a relationship with Wifey, NTR On:
  - Same Snoop scene, but no intimacy with Wifey afterwards.

### Lee's Route

At week 13-14: after the last event, just skip week or work until you can spend time with Wifey.

- First choice doesn't matter, just for role play.
- Take "I'm situationally aware."

For optional NTR:

- Snoop here. If you don't want wifey to do something more intense with Mr. Davis, choose Wifey seems uncomfortable.
- At the party, it doesn't really matter who you talk to first, but you will get a chance to blast Mr. Davis with the right stats if you talk to Wifey first.
- Wifey: Agree or disagree is for roleplay
- Outwit if you're PDC
- You will then talk to Tanya, and pass two stat checks. These should be easy.

### Katie's Route

---

At week 15-16: after the last event, just skip week or work until you can spend time with Wifey.

- This event is fairly complex, but straight forward if NTR is off. I'll explain NTR off first:
- If the PC is in a relationship with Wifey, NTR off:
  - Take charismatic approach
  - Next use L word. This will give you a Max Love Point and +2 Love Points later.
  - Next Intense strokes
- If the PC is not in relationship with Wifey, NTR off:
  - Not much happens. Yup, that's what friends are for.
- If the PC is in a relationship with Wifey, NTR On:
  - Mr. Davis will react to the choices you've made in the Snoop scene before Wifey comes home. If you don't want to see something intense, just pick "Wifey seems uncomfortable".
- If the PC is not in a relationship with Wifey, NTR On:
  - Same Snoop scene, but no intimacy with Wifey afterwards.

After the last event, you can spend time with Wifey immediately.

- Snoop before for a scene at the gym with Wifey. You can also collect an updated Jamal picture!

First off, the PC will have to pick whether Jamal is going to be antagonistic or not through a stat check. This is a fairly low check, and you should get it without issues.

If he passes the check (Jamal is nice):

- NTR off: PC will be able to have a special one on one time with Wifey and her costume!
- NTR on: PC will be able to share Wifey with Jamal, and limit what she does with him! This is a much softer version of NTR (hotwifing)

If he fails the check (Jamal is antagonistic):

- NTR off: PC gets a chance to shut Jamal off through another check, but no intimacy scenes
- NTR on: PC can either Snoop on what Jamal and Wifey do after, or ask Jamal to if he can stay (humiliation content, beware. Requires Friends with Benefits and NTR on)

For Wifey's birthday: After the last event, you can spend time with Wifey immediately.

If NTR is turned off:

---

Jamal won't even be present at the party.

- There will be a point where Wifey asks you to join her in the bathroom. Follow her for a scene with her. You can decide not to go too, for a different route at the end of the party.
- If you decide to join her, you'll have to pass a physical check for the best results. (PDC is better here.)
- In the second half of the party, it's better if you pick Dare, then Truth to get the High Libido Trait. If you want an extra render of the PC rubbing Lisa's foot, you can pick dare for the second one instead of Truth.
- A scene with Katie and Lisa will unlock here in the "other scenes" gallery.
- If you want Wifey to gain the Sapphic Desires trait, pick "Wifey seems interested" for the next option. This will unlock girl on girl action! This requires the Hedonist trait. Wifey should have it if the PC successfully completed Wifey's Christmas event.
- Next, you can stay the night for an extra scene. You should have all the requirements. If you don't have the Exhibitionist trait, search this guide on how to get it.

If NTR is on:

There will be another stat check for the PC to pick whether Jamal is going to be antagonistic or not through a stat check. This is a fairly low check, and you should get it without issues.

If he passes the check (Jamal is nice):

- The PC can join Wifey in the bathroom. Jamal will also join up.
- Passing the physical check will give the best result. (PDC is better here.)
- If you decide to not join up with Wifey, you'll get a different result at the end of the party.
- In the second half of the party, it's better if you pick Dare, then Truth to get the High Libido Trait. If you want an extra render of the PC rubbing Lisa's foot, you can pick dare for the second one instead of Truth.
- A scene with Katie and Lisa will unlock here in the "other scenes" gallery.
- If you want Wifey to gain the Sapphic Desires trait, pick "Wifey seems interested" for the next option. This will unlock girl on girl action! This requires the Hedonist trait. Wifey should have it if the PC successfully completed Wifey's Christmas event.
- Next, you can stay the night for an extra scene. You should have all the requirements. Jamal will be present in the scene. The PC can cancel the event at the last second if he gets cold feet.

---

If he fails the check (Jamal is antagonistic):

- The PC can check on what Wifey is doing. (Hard NTR, PC will be seen)
- The PC can snoop if he is USF (Hard NTR, snoop)
- If you decide to not join up with Wifey, you'll get a different result at the end of the party.
- In the second half of the party, it's better if you pick Dare, then Truth to get the High Libido Trait. If you want an extra render of the PC rubbing Lisa's foot, you can pick dare for the second one instead of Truth.
- A scene with Katie and Lisa will unlock here in the "other scenes" gallery.
- If you want Wifey to gain the Sapphic Desires trait, pick "Wifey seems interested" for the next option. This will unlock girl on girl action! This requires the Hedonist trait. Wifey should have it if the PC successfully completed Wifey's Christmas event.
- Next, there are 2 choices that appear under different circumstances.
  - PC gets kicked out, and Wifey spends the night with Jamal.
    - This requires: wifey is not in a relationship with PC or if she is, she must have noticed the PC snooping around.
  - PC tries to stay, and spend the night mate guarding Wifey
    - This requires: wifey is in a relationship with PC and that she must **NOT** have noticed the PC snooping around. (In the photoshoot scene when Jamal asks if you have a problem with Wifey staying you need to choose go home (and then just snoop the strip show). Then snoop the bathroom scene on the birthday party as well.)
    - During the sleepover, if the PC says "I'm not comfortable with this," Wifey will not proceed to the scene.

### **Lee's Route 0.27**

For this event, when you've done all the previous events, the PC will say that it's time to go to work. Select activities-> work.

There is also an additional Snoop Scene (Hard NTR)! You can snoop before or after this event. Check the work journal for the update!

*Non NTR path:*

Straight forward, some stat checks, and the PC will be able to have fun with Wifey at work!

You can try the different confront options, they lead to different dialogues. If you pick Mumble, Tanya will be disappointed in the PC.

---

You will need the submissive trait for the intimacy scene. Search this walkthrough if you don't already have this trait unlocked.

*Hard NTR:* Pick antagonistic during the meeting. Mr. Davis will take a break with Wifey. Snoop if you want to find them! If you don't want the PC to get caught, leave before they finish. If he is not caught, Wifey will continue to think she is doing things without his knowledge.

*Soft NTR:* Mr. Davis can't be antagonistic. Wifey must have 2 Davis influence points and have the Submissive trait. The PC can start sharing her with Mr. Davis! You can let him watch during the final scene, or let him participate.

### **Lee's Route 0.28**

This is the first part of the birthday event on Lee's route. You can access it by spending time with Wifey immediately.

If you are not in a relationship with Wifey, the PC will default into not seeing any content in this update because he can not join the "Pledged" secret society."

Non NTR:

Mr. Davis will not be present with NTR off.

The PC can choose to join the Pledged after hearing some info. If he does, you will get a scene at the end. Physical check to get a different dialogue!

Soft NTR:

Mr. Davis will be present, but cannot be antagonistic.

The PC will be able to join the Pledged, and be able to share with Mr. Davis if Wifey has at least 2 influence points with Mr. Davis. You can allow him to participate in the ending scene. Physical check to get a different dialogue and render result!

Hard NTR:

This is divided between if the PC has been caught by Wifey and Mr. Davis. There will be different dialogue in each case.

If the PC decides to look around ("Snoop" not necessary), he will find what they are up to. In non-hardcore mode, the PC can force Wifey to not join the Pledged."

If you don't want to get caught, leave before the ending scene.

### **Lee's Route 0.29 - 0.30**

Continuation of the Birthday event and joining of the Pledged!

For non NTR: you can expect a BDSM version of Truth or Dare with Wifey! (The last part of the initiation ritual.) You can also get the Sapphic Desires trait for Wifey, which comes with some extra scenes!

- 
- Select Wifey talks about her interest in women requires 3 influence with Lee.

Soft NTR: Same as non NTR, with the option of inviting Mr. Davis.

- Ask Wifey how she feels about Mr. Davis if your love points are higher than his
  - If you select this and it's less, she will have a different dialogue
- Select Wifey talks about her interest in women requires 3 influence with Lee. (Sapphic Desires trait)
- Let Mr. Davis go all the way, if you want. Requires 2 Mr. Davis affinity.
- After this you can allow wifey to go to Mr. Davis's house alone. This is still considered sharing because she keeps in contact with texting, but skip this if it makes you nervous.
- If the PC decides to go through with it, Wifey will become open to talking about other men in an intimate way at the end of the evening.

Hard NTR: There are 3 different scenes in 0.29-030

Scene 1:

- Choose "Stay here" when asked if PC wants to look for Wifey
- Then choose "Leave". The PC can then snoop on Wifey.
- Here the dialogue will be different depending on your love points vs influence points.
- Select Wifey talks about her interest in women requires 3 influence with Lee. (Sapphic Desires trait)

Scene 2 and 3:

- Choose "Stay here" when asked if PC wants to look for Wifey
- Then choose "Wait some more".
- Depending on if Wifey is aware of the PC snooping around, 2 things can happen.
  - If Wifey thinks PC doesn't know, she will go to Mr. Davis's house. Snoop to find evidence. (Scene 2)
  - If Wifey is aware, Mr. Davis will come over. There will then be a confrontation choice:
    - If you choose "Tell Mr. Davis he is not welcome," the event will end.
    - If you choose Mumble weakly, Mr. Davis will be quite bold. (Scene 3)

If you want Wifey to win, you'll need the Budding Exhibitionist trait and 2 of Katie's Affinity points for an extra spicy render.
- After the contest you'll be able to go on a boat excursion. If Wifey loses the contest, Brianne will give it to her anyways.
- There is a 14 physique check at the end of the excursion.

---

The next event will take place after the wet T-shirt contest automatically. Wifey will show up with a surprise in the hotel room.

This segment can be considered Soft-Hard NTR.**

### **Hard NTR:**

The PC will follow Jamal and Wifey to the Bahamas. He will rent a room in the same hotel and spy on them. USF is recommended here, or else you will miss all Snoop scenes.

After arriving, if the PC is with USF, he can snoop on Wifey's room.

- The PC can choose to call Wifey, or not. If he calls her, he will try to break Jamal and Wifey up.
- The dialogue will be dependent on Wifey's Love Points vs Jamal's Affinity points.
- If Wifey has the Secretive trait, there will be an extra segment.

Next is the Wet Shirt Contest

- The PC can decide to have Wifey enter a wet T-shirt contest if Jamal's Affinity is above 2. During the contest, Brianne will show up and compete against Wifey. If you want Wifey to win, you'll need the Budding Exhibitionist trait and 2 of Katie's Affinity points for an extra spicy render.
- After the contest the PC will be able to Snoop on the boat excursion if he is with USF. If Wifey loses the contest, Brianne will give it to her anyways.
- In this next segment the dialogue will be very different depending on if Wifey is aware that PC knows about her and Jamal, Wifey's Love Points vs Jamal's Affinity points, and her relationship status with the PC. Change these on different playthroughs to see all variants!

---

The next event will take place after the wet T-shirt contest automatically. The PC will wake up at night. If he is with USF, he can check his Spyware.

- This will require Friends with Benefits, 6 Jamal Affinity, and the Drug Haze trait. The Drug Haze trait was obtained during the Christmas Snoop event, when Wifey worked for Jamal and took Molly to impress his investors.
- In this next segment the dialogue will be very different depending on if Wifey is aware that PC knows about her and Jamal, Wifey's Love Points vs Jamal's Affinity points, and her relationship status with the PC. Change these on different playthroughs to see all variants!
