

Full CG Walkthrough

When I entered the house, I saw Aunt Yamagata. There was an egg in the refrigerator to make omelets every day.

Enter your own room , exit your own room, trigger the desk CG

Just choose shoes S+1 lose CG, choose close to shoe M+1 get CG

The second choice after getting the CG, choose to lick M+1. If you choose to be found, you will not get anything (2 points at M can trigger the 711 part-time job story 2 earlier)

You only have 2 dollar, You can choose whether work at day or night at 711, it makes no difference.

Go back to your room and go to sleep. When you get up in the middle of the night, you can check the mirror in the room. The CG playback function and part of the plot are here

Exit your own room and enter aunt's room , trigger the CG in front of the bed

Choose Do Not Disturb S+1 lose CG, choose smell M+1 get CG

At night, you can go to the tunnel to go to 711 to work (save 2 yuan for the ticket), and you can find the recruitment information of the furniture store in the trash can After you leave the house . You can check it through the school bag. The right of the tunnel you can find a furniture flyer, and the left side directly leads to the living area. Enter 711 and you can view the promotional poster of the special drama vol117 on the bookshelf. Go to the counter and choose a part-time job to trigger a part-time job CG

Choose not to do low-end work S+1, lose CG and part-time job qualifications (maybe starve to death?). Choose I can M+1 get part-time job CG1. After that, there will be a second choice. Choose willing M+1. Choose looking for a ladder S+ 1 The plot remains the same. (If you choose M+1 every time and M just reaches 5, you can trigger part-time job CG2, but first come first serve will not affect, unless you want to work more on the first night and feel bored watching a CG all the time, you can Look at it differently.)

If you are a full CG party, you are not sure what the author will update later, so you can choose to find a ladder and confirm the precious S points.

Pay attention to your physical strength when working part-time. You can buy eggs and make cakes at home to maintain your physical strength. Don't starve to death. It is recommended that you buy all the necessities you need for the first part-time job. (I didn't test whether the flashlight is necessary, but I bought it. Skill manual. CD117. SD card) Since the SD card must be bought with your own money, you can buy it here in advance. In addition, the CG later will have a money robbed scene. It is recommended to stock up for the bus ticket here as well, to ensure the smooth passage of the subsequent plot. You can directly use the computer in the room to watch 117 before going home to sleep. (Now watching the plot will not trigger the plot immediately, and the later aunt's plot will trigger the CG later)

After waking up, go to Day2. If you have to work at night, go to the refrigerator and get an egg to make pancakes. There will be no plot today. Go to sleep until Day3.

Enter Day3 during the daytime, use the bus ticket to find a lady in the living area to trigger the plot. Choose to persuade her to give up M+1 lose CG, choose to help her S+1 advance the following plot.

Go home and sleep until night to drill the tunnel, walk a few steps forward and trigger the CG, choose to move your foot away from S+1, choose Ill do anything M+1 , there will also be options after drinking. Choose you bastard S+1, choose tasty M+1. The choice here will not affect any CG gains or losses, so I chose the precious S points.

The robber left and Ms. M called to advance the next plot. After returning home, I drilled into the mirror in my room. I found Ms. M on the right side. After entering the CG, the first choice was triggered. Choose I felt a bit M+1 I wanted to hit the head S +1 (will not affect CG gain or loss, I choose S).

After the lengthy acquisition of ability CG. there is a second choice. Choose not to S+1 lose CG, choose M+1 get CG. Earn, if according to the author's choice, it should be exactly S5 point and M5 point, CG is Miss M's right table 2 candles, aunt 2 candles, part-time job 1 candle, robber 1 candle). Go back to the room and sleep until Day4.

At this time, the S5M5 state will not trigger the aunt's work meeting scenario. On Day 4, you can go to the store to trigger the part-time job scenario 2. Choose is a bit tired get CG, choose very good trigger normal part-time job.

After leaving 711, find a lady to get an electric shock device, and you can go home and sleep until night. After the night, go to tunnel to trigger the robbery plot 2 and 3 (must have an electric shock device). The choice of question is the same. After all the CGs are over, S +1, get the bag, and you can click to confirm at the tunnel trash can.

At this time S6M5, go home and sleep until daytime. Go back to the life block to find the lady to hand in the task, get the queen's handbook 6, after eating, S+3 points. Then go home and sleep until school starts. (Don't forget the eggs every day)

Sleep sleep and sleep. Day8 school starts. The plot of the school is very important. Please pay attention to the process here.

Day8 Come to the school during the day, at this time S9M5, go to the teaching building first, you can look through the trash can next to the building, and you can find money.

In the teaching building, go straight to teacher A to trigger the start of school CG, and there is only one choice in the middle. Choose the time of the briefing session S+1 lose the CG, choose the fantasy time M+1 get the CG (Qin Lingge is very beautiful).

After the briefing is over, there is a life department (important) at the bottom left of the school. The life department finds the lady at the front desk, you can ask all kinds of questions, and then

find Huang Yusen on the right. At this moment, the S points are enough to trigger an S-directed CG , only 5 yuan is given, and the physical strength is comparable to part-time work (not worthwhile)

But it still triggers once. After you get 5 yuan, go to the top to find the young lady who plays games, and you can buy a hot drink for 2 yuan M+3.

Then the focus is on the gaming table at the bottom left. The choice here is very simple, just to open the gaming table and CG (from now on, you can live a comfortable, shameless campus life depends on this). After talking, choose to kneel down and enter CG, and then don't refuse M+1 anyway get CG and start the gambling table.

There are also two important people on the sofa in the living department, but don't rush to trigger them at this time. I haven't tested whether it is work to trigger them, but it's best not to. After all, what I lost is the relevant CG.

After leaving the Ministry of Life, use the money from gambling to go to the vending machine at the door to buy some snacks . Stock up for the ticket and so on.

Since I came to the school, I simply took the CG from the service center on the right side of the campus.

Come to the service center and ask the lady at the front desk to ask all kinds of questions. After that, you can sign the body contract. (If you don't give money, pay attention! Bring delicious food to avoid starvation.) After signing, the lady at the front desk, the security guard, and girl who sent the task, etc. Except for the young ladies sitting at the bar, you can ask for to kneel and lick. , M+1+1+1+1+1. Afterwards, go back to Ishii and started to get the CG. The goal is only a special CG in the toilet. It belongs to the head teacher (the option is of course not to skip).

I think I should have seen all of Ishii's missions, bar seat cushion CG1, welcome blanket CG4, next to the toilet CG2, toilet paper CG2. These will not appear in the candle in the mirror. (I hope the author sees this and Ishii's there The task is changed to be optional after reading all of them, after all, everyone's desires are not the same, this random one is too attractive).

After all these plots are over, you can leave the school. Since the M points are high enough, you can see the aunt sitting next to the computer desk when you go home. At this time, S9M15. For the full CG here, please be sure to open a separate file. Here A GameOverCG will appear when you select it. If you want to watch it repeatedly, you need to save it.

After talking with the auntie, the auntie will give you a bank card and a bus ticket to let you buy an SD card. At this time, your choice is only at the ATM. But since it is a full CG strategy, there are only two choices. The author has already bought the SD card in advance. Card, so just give it to the auntie directly. Trigger CG. There are two choices, naturally choose foot massage M+1 get CG.

Another option is to go directly to the ATM to get all of Auntie's money and come back to trigger GameOverCG.

After the CG is over, the auntie decides to treat you to dinner, and you need to go back to your room and sleep until night before you can continue to advance the plot.

After waking up at night, because the M points have exceeded 12, there will be a triggerable plot next to the refrigerator, and you must not open it here. Go directly to the aunt to trigger the follow-up. After the follow-up CG is triggered,

select Ready , I want to go , lengthy CG. If you have watched the CD of Vol117 before, after this CG is over, it will trigger the GTS aunt on the CD to trample to death your Inception CG. Then you will find yourself waking up in your own bed. (Memory loss occurred).

At this time, go out and take a car to the living area, find Ms. M in the crack of the building, ask her for help, and then go back to the mirror room, and then she will feed you some hot food, don't refuse, and get the CG. At this time, the company's table All the 3 candles on the screen are lit, go and confirm to get the CG.

After leaving the mirror room, sleep directly on the bed until the next day. At this time, the aunt's follow-up plot will be triggered. Choose not to blame the aunt M+1 get permission to go to the shopping street and a letter of introduction. Don't worry about this part of the plot. Hurry up first Back to school, and teacher interviews.

Sort out the current PUT ON HOLD plot, the exclamation mark next to the refrigerator at night in my home, the people on the two sofas in the living department, and the follow-up plot of the letter of introduction.

At this time, after arriving at school, I entered the classroom again and found that there was a hole in the ass. Then I went home and continued to sleep until the interview officially started the next day.

The interview on the first day is with a little girlfriend (Hino is my favorite). Go to the classroom and lie down in the hole get the CG. After leaving the classroom, find the ballet in front of the vending machine and buy a canned fish for her to start the interview on the second day Plot. After leaving school, go to the living department to find Qing Liuchun on the sofa on the right. At this time, you can do these two lines simultaneously yget CG (save a ticket + 5 yuan, eh? Isn't there no shortage of money...)

Qingliuchun will invite you to go home to lick her, and then send you home, just to go to bed at night.

After waking up, go back to the school classroom and lie down again to get the CG. After leaving the classroom, there is a little girlfriend sitting at the door of the classroom, ignore her first. Then go to the life department to find Qingliuchun, she will snatch you home again and let you lick her. Get CG and a new character Miyake appears. After the CG is over, you will still be sent home and 5 yuan. Continue to sleep until the third interview.

For the third interview, go to the classroom first, and then you will be prompted to go to the office to find the teacher. A new NPC will appear in the lobby of the teaching building. The dialogue is very interesting, you can watch it. After you find Teacher Shenshan in the office, the follow-up will be triggered. Don't use the room at this time, first go to the locker at the door of the teaching building to talk to a green-haired person. Then start the third interview to see hidden CG conditions. She said that she will wait for the interview to end. At this time, go back to the ** room to drill the hole get the CG

After the CG ends, it will directly connect to the discovered hidden CG. After the CG ends, there is a dialogue, saying that someone is going to be placed here and I don't know what it means.

At the end of the interview, go to the life department. finds Qing Liuchun get CG and take you home and 5 yuan.

After you get home, ignore the exclamation mark next to the stove, but don't go to bed, you have to go to the mirror room first. Note: Please open another save file at this time. GameOverCG will appear later.

After entering the mirror room, trigger the plot, enter the red ball and find that it is Ms. M's room to get CG. Choose Apology continue to advance the plot. Choose silence on both sides and enter GameOverCG. After CG is over, talk to Ms. M, confirm the two options and leave. (Hidden CG conditions during self-interview)

Now that we're in the mirror room, let's check the candles.

Yamagata room 4/5, working robber room 5/5, school room 12/21, police station room 0, Ms. M 4/5, company 3/5.

Go back to the room to sleep and prepare to start your own interview. After waking up, go straight to the school to drill holes in the classroom during the day. Get the CG, get the hidden CG (Miss M has come to be a teacher). The main story of the school has come to an end.

After the CG is over, go out of the teaching building, go to life department. But this time you are looking for the person on the sofa on the left. You get a movie ticket*2 and a key card. I still remember the little girlfriend at the door of the classroom, go invite her to watch a movie. Talk to your girlfriends and go back to the life department and enter the screening room. Get the CG.

Don't be in a hurry to go home at this time. Let's go to the shopping street first. Use up the letter of introduction that Yamagata gave you.

Go to the shopping street on the left, and go to the company of the aunt on the left. You can get the work guide for the furniture store service staff in the trash can on the left of the company (the function is unknown? You can check it through the school bag). Ask the lady at the front desk to confirm the letter of introduction. You can go to the elevator from the door on the left. It is recommended to save before entering each time. It is recommended to answer the question once, otherwise it will be a waste of time the next day.

Answer 7/159 on the first day get CG. Go home and sleep and continue to work in the company the next day.

Answer C/B on the second day get CG. Go home and sleep on the third day and continue to work in the company.

Answer C/D/C/C on the third day get CG. Go home and sleep on the fourth day and wait for the company's final plot.

After entering the company on the fourth day, I got the CG directly. (Tsk tsk, Nakano is also very good-looking). A new character Kawabata appeared in the CG, that is, the school doctor. After the CG was over, I was sent home directly. This is the author's data is S9M25. Go home and continue Ignore the exclamation mark and go straight to the meat toilet scene after going to bed. (In a sense, you don't have to buy anything anymore)

After waking up, go directly to the school. Go straight to the toilet in the teaching building. Meet the first day of the meat toilet test get CG. Then go home and sleep for the second day of the meat toilet test. From the second day, you can collect excrement from the toilet Yes, one for the teaching building and one for the service center, this can replace the eggs every day. !

You can also get one of the CG of Mr. Shenshan in the service center. You should have taken it before. Take it first and don't use it.

After collecting the excrement, go to trigger the next day's test plot get CG. After the CG is over, you can get the ability, you can check it in the manual, this ability... How should I put it, according to the progress of the plot, a piece of excrement can restore dozens of points Physical strength. Never worry to be hungry. (Looking at the level of this skill, it feels like it should be a skill that can be exercised like cooking? But the experience does not increase after the test is actually used a few times. Is it a BUG?) Then go home and sleep Enter the third day of the experiment. After routinely collecting excrement, go to the toilet to trigger the third day of the experiment scenario get the CG. Since then, the meat toilet scenario is over. Prepare to start the CG of the last set of scenarios.

At night, you can go to the mirror room to check if your CG is missing. By now, except for the two candles in the police room and the school, everything else should be all set.

Then go to the stove and click the exclamation mark to go to the elevator. Go to the top floor and open the water gate. Then you can go back to the elevator and go

downstairs get CG. (The policewoman's shoes are very nice) choose to reject S+1 lose all the money in CG and choose to agree M+1 Get the CG. After the CG, go home and sleep. After waking up, go out of the building and trigger the first call from the policewoman asking you to go to the commercial street. It is recommended to buy beer in advance (important! important! important!)

After arriving at the commercial street, I saw the car of the policewoman. I confirmed that it will trigger the follow-up plot. It is recommended to save it. Because of the beer, an additional racing game will be triggered later. The first time you play is easy to fail to get the CG selection. I am not very good. You can watch an additional one The picture of being stepped on. (In addition, don't click the wrong beer selection interface, it will lead to failure.)

There are three options for the racing mini-game, and the result will be judged at the end. In addition, although the mini-game can be viewed in the mirror room, the content is incomplete. It is recommended to save it separately for repeated viewing. The order of success of the mini-game is: Acceleration Heavy stepping Acceleration Accelerate Accelerate Lightly step Accelerate, enter the follow-up plot after completion to get CG and Queen's Guide 2, the same as getting from the lady, you can get S+3. After completing CG, M+1. Then go home and sleep and wait for the call.

After dawn, go out of the house and wait for the second call from the policewoman. Tell you to wait for her on the roof at night. Then you can go home and sleep until night.

After waking up at night, go directly to the top of the building and get CG. Then sleep until night and continue to go to the top of the building and get CG. On the third night, go to the top of the building and get CG and get 15 yuan, and the monitoring is over.

Although the monitoring is over, go to the roof of the building as usual on the fourth night to trigger the follow-up plot. Wait for the third call from the policewoman. And tell you to go to the school to find things after dawn.

After dawn, go to school by car (the author goes to get food first as usual). Enter the storage box on the left side of the teaching building to confirm. Then go to the living department. Confirm next to the sofa , get CG, choose **CG after the end of M+1. Then go to the teacher's Office. There is a small game here, it is recommended to save, you can read other texts in the office repeatedly to avoid failure.

The mini-game flow is the coffee cup on the top coffee table , check the bottom of the game console on the right, get shoes, use the shoes ,replace the results before the footprints in the file cabinet on the upper left , get CG. Find Paper at living department. After confirming the content, go back to the locker in the * * school building and take the U disk away. Then go home and play it on the computer in your room get CG and S+1. After reading the disk, go out and wait for the fourth call from the policewoman. Tell you to go Designated location on the commercial street.

After arriving at the commercial street, check the new entrance on the right side. You will come to a new map. Then go to the designated place to confirm , get CG. After

the CG is over, check the status of Boss Qin, move to her , get CG. If you walk past her once, there will be two frames of pictures. Then return to the previous designated place to get the CG. After the school starts, you can buy the follow -up of the previous special film CD, Vol118, from 711, and you can watch it on your computer.

So far all the CGs have been collected.

1. All the candles in the mirror room are lit and can be viewed
1. You can view CG content in the game: home computer can play Vol117, Vol118, U disk; 711 two part-time jobs; commercial street aunt company can choose normal part-time job and Panasonic foot slave plot; school life department gaming table, Huang Yusen; Service center except barmaid and Lilith

Teacher Shenshan's shoes (this is probably not CG...)

1. Two GameOverCG archives.

The final data is fixed at 13 for dominance and 32 M point. The current test is the limit of dominance without losing the CG and the smooth progress of the plot. According to other selection methods, it will only make the dominance lower.
