This "guide" is based on **Harmless Arachnid's** document for version 0.353, thank him very much for his work. Structure, headings, colors, links, terms in this document are similar to those in the English version, about them below. Unlike the English version I did not hide some text behind "spoilers".

If you found an error or inaccuracy, please email me at [BerowBear@gmail.com](mailto:BerowBear@gmail.com) and I will correct it, thank you in advance.

There are headings for easy navigation through the document, if your PDF program does not display them automatically, look for navigation bars on the "View" tab in your program. In addition to headings, there are links in the text that you can use to further navigate through the document. Let's go over the highlights:

"Colored and highlighted words in parentheses and why are they not declined?"

- **±n Character Name** - this color displays anything related to the relationship level of this character, such as increasing/decreasing the relationship level or requirements for triggering events with this character
- [*Copper ring*] - this is the style of the names of items in your inventory.
- **Fire Arrow** - this is the style of the spells in the document
- **Talk** - bolded dialog/interaction options are written as they are written in the game itself.
- This [is what a link looks like](#) - specifically this one leads to a site with the latest version of the game. I didn't bend any terms/designations as I went along, so feel free to use the search:
- **HP/MP/TP/hunger/gold/EXP** - Denotes health / mana / tactical points / lust / hunger / gold / experience respectively.
- [time rewind] - this means that after the event the time of day is changed, usually only one time step Morning/Day/Evening/Night is changed. There are exceptions, but in such cases I write what time of day the time has changed to.
- [**scene image**] - two or more full-screen images accompanying the text (quantity may include image variations)
- [**animated scene**] - contains at least one full-screen animated image.
- [**image**] - one full-screen image with a brief description text or several lines of dialog.
- [**portrait image**] - uses one or more character portrait images (including zoom/pan options).
- [**sprite animation**] - just animation of character sprites, without any other images.
- [**mini-image scene**] - a text scene illustrated with one or more small images focused on specific body parts.
- [text scene] - regular text scene, sometimes supplemented with sprite animation.
- **Non-M/F** scenes are tagged **F/F**, **M/M**, **Futa/M**, **Futa/F**.
- **TODO** - refinement/clarification required.

## Quests

Listed in random order. You do not have to do them in this sequence

### *The terrible mystery of Fina Ironheart.*

It starts with a conversation with [Carla](#) at the tavern. She will tell you that people say that [Fina](#) disappears in the evenings and no one knows where.

Answer: she is bathing naked under a waterfall in the forest. Approach the bushes to complete the quest (+5 EXP) and enjoy the standard consequences of seeing her naked (+30 lust).

With enough lust, you can jerk off to Fina if you agree [[portrait image](#)], -50 lust. And that is the end of the quest.

### *Magic circle*

Starts by interacting with the magic circle in Crowley's basement/lab. You need [*Empty jar*] - you can find it:

- buy it from Sebastian's store (for 30 gold);
- from the table at Crowley's house. (center room 3 jars on the table).

In the inner part of the church there is a bookcase (you can approach it at night), in it you will find a book from which you will learn that the circle can be created using residue from a large slime. It can be found in the slug cave in the eastern part of the forest. The busty big slime will be found in the northeastern part of the cave.

- *Defeat*: Busty Slime grants Crowley a soscotrach ([\[image\]](#), -100 lust, [time rewind]).
- *Win*: Crowley will collect the remains in [*Empty jar*] (+45 EXP).

Interact with the circle in your basement again to draw it, and then again with the finished circle to complete the quest (+100 EXP).

This quest is a direct prerequisite for completing the quests "**Spell of Return**" and "**Succubus summoning**."

You can now use [*Jar with slime*] while masturbating before bedtime. After 10 times you will get [Lizzie the](#) slime girl

### *A spell of return*

Starts by reading the scroll (+10 EXP) obtained from the bandit when Crowley rescues [Juliette](#) (it is on the table in Crowley's basement lab). If you have a working magic circle, simply interact with the scroll again at night to complete the quest (+10 EXP). This gives Crowley the *Return* spell, which allows him to teleport back to his basement (-50 MP, out of combat) if he's alone or just with [Eric](#). The spell can also save your ass if you fall into a tentacle monster nest in a ruined passageway in the mountains.

### *Succubus summoning*

Buy the magic book for 50 gold from [Sebastian's](#) store. It will appear in Crowley's basement. After reading the book, you will start a quest (+30 lust, +15 EXP). After re-reading the book, you will learn the spell to summon rain (*Ritual of rain* -30 MP).

Unsurprisingly, it requires a working magic circle, but that's not enough. After completing the quest "**The Night is Dark**," Crowley notices that he now knows what ritual

use (+50 EXP) and that he must surround the circle with defensive lights using a special fuel.

Head to the Old Tower and inside, talk to [Melissa](#). After she answers Crowley's question about her home, ask her again for more information about the magic barriers (+20 EXP). Apparently, [*Elven root*] is a suitable fuel.

First of all we need to defeat the Flower Girl, who is located in the glade of fairies. The entrance to the glade is in the northwest part of the forest.

- *Defeat*: She uses her tits to get some cum ([*scene image*], -50 lust, [time rewind]).
- *Victory*: It will drop [*Magic pollen*] and you can continue the quest.

After winning, go to the *Elven* camp and talk to [Leaf](#) at night (If you have [*Fairie dust*] in your inventory, he will first offer to buy it from you) to exchange [*Magic pollen*] for four pieces of [*Elven root*].

Back at home, interact with each fryer around the summoning circle to start a fire, and then with the circle itself to summon a demon. Oddly enough, this turns out to be the case "Wrong number," but the demon offers a deal. The contract is magically signed with semen, so the succubus trainee jerks Crowley off ([*scene image*], -50 lust). From this point on, the quest "**The Contract**" begins; once it is completed, this quest will be completed as well.

## ***The night is dark***

Begins with a conversation with [Sister Elizabeth](#) after receiving the quest "**Summoning the Succubus**". She warns Crowley not to go outside at night. After that, every night when you are outside a building in the village, you will be attacked by a succubus at random intervals. This boss uses sleep, confusion, and life-sucking. Tips: Recommended level 2 for the Sleep spell and use [*Clear mind potion*].

- *Defeat*: The succubus drags Crowley to a secluded spot and rides him until dawn ([*scene image*], -100 lust, [time rewind]). In the morning, he is found by his sister Elizabeth.
- *Victory*: the succubus gets angry and flies away. She will no longer bother you at night.

After defeating the succubus, report to Sister Elizabeth in the church to complete the quest (+150 EXP, +10 **Sister Elizabeth** [rewind time]).

At the first Sunday church service, after completing the quest, [Fina](#) tells the congregation that someone has summoned a succubus, and Crowley takes it upon himself to protect Elizabeth. What happens next depends on the setting of the "gay scene":

- **ON**: Fina punishes Crowley by conjuring up his cock, fucking him in the ass and cumming in his mouth ([*scene image*], -100 lust, +3 **Fina**, +3 **Sister Elizabeth**, -5 **hunger**).
- **OFF**: Crowley is only allowed to watch Fina magically fuck Elizabeth in the ass with a strapon ([*sprite animation*], [*portrait image*], +100 lust, +3 **Fina**, +3 **Elizabeth's sister**).

## ***Contract***

Starts during the quest "**Summon the Succubus**" when you summon a demon.

The demon has agreed to help Crowley in exchange for three pairs of pretty women's panties. In our case, those women are [Fina](#) her daughter [Astra](#) and our neighbor [Alice](#).

1. *Astra's panties are the easiest to obtain* - they are in her closet;

2. *Alice's panties* are not in her closet. To get them in the evening, talk to her younger brother at her house;
3. *Fina's panties* will have to go outside the village *for* them, and the only way to get them is to steal them while she's bathing in the waterfall in the evening. But as soon as Crowley tries to get them (+20 lust), a group of futa elves try to kidnap Fina, and he stands in her defense.
  - *Defeat*: Fina will deal with them herself (+2 Fina, [time rewind]); you may try again the next night.
  - *Victory*: the elves flee (+5 Fina); Crowley steals the panties discreetly; Fina orders him to mouth-fuck the captured **Futa** elf, who distracts them and flees as well (**Futa/M**, [scene image], -50 lust, +10 Fina, +100 EXP, [time rewind]). You return to the village.

The result of the battle leads to access to the next stage of the quest "**Where is Fina?**".

After collecting all the panties, summon the demon again to fulfill his part of the contract. The demon introduces himself as Jimm and teaches Crowley how to properly summon a succubus - any time of day. (+1 **Demon Reputation**) with a sufficient level of lust.

## *Where's Fina?*

Begins by entering Ironheart Mansion in the morning or afternoon after stealing Fina's panties on the quest "**The Contract**".

[Fina's](#) not home. Talk to [Astra](#). She also has no idea of Fina's whereabouts. The slip of paper on Fina's desk gives you a clue: she was invited to an elven spa as compensation for the attack at the waterfall. Talk to Astra again to reassure her (+3 **Astra**), but Crowley is not convinced.

Visiting the spa is not as easy as it seems. During the day, the guard turns everyone back. At night, the front door is locked, but light pours in from the side windows. A quick glance reveals that Fina is being subjected to a gangbang with **futa** elves (**Futa/F**, [image], +30 lust), so Crowley decides he should grow breasts to infiltrate the spa and save her.

"The person who knows about transformation magic" is, of course, [Melissa](#). She offers to teach Crowley how to make a breast potion if he licks her pussy. **Kneel** → [scene image], +100 lust, +1 **Melissa**, +100 EXP.

Now you can brew a potion..... if you have the ingredients:

- [*Mandragora*] - it can only be harvested at night;
- [*Elven futa sperm*] - either defeat a futa elf in the elven forest and use [*Empty bottle*] to collect her sperm after a victorious fuck (both options work), or buy it from a drunken orc in the orc camp).

The potion drunk gives Crowley a nice pair of breasts and a key item that controls whether or not he shows cleavage. Don't worry, the changes are not permanent. You can walk around to see people's reactions to the change in Crowley's appearance (especially [Jill's](#) → +100 lust).

At the spa, even with Crowley's boobs, he still has to convince the guard to let him through:

- Give **Wine** (if you have it);
- **Suck** → **Futa/M** [animated scene], +100 lust, -3 hunger;
- **Fuck ass** → not in version 0.440;
- **Kick in the ass** → **Futa/M** [scene image], -100 lust.

Once inside the spa, it becomes obvious what is going on. It turns out that Fina is not being held against her will, but she realizes she has been tricked and becomes enraged. After she inflicts

The elves surrender and promise to make amends by opening the spa to outsiders (+15 Fina, +100 EXP). (Once this quest is completed, special Saturday night events and invitations to the Spa for individual characters become available).

Completion of the quest is a prerequisite for access to the **Reducto** and **Futa Music** quests.

### ***Overnight guest***

The quest begins with a conversation with [Carla](#) after [Lizzie has been](#) released from the jar and you haven't supplied her with sperm for more than three days. Carla says the village men have been looking tired lately, and she hopes it's not a female vampire. Crowley decides to investigate.

After that, at night you can see the [\[sprite animation\]](#) culprit in action as she visits a different man each night:

- *Monday and Saturday*, [Sebastian](#) (you can't actually see the animation, but if you chat with him the next day, he complains about a strange dream);
- *on Tuesday and Friday*, [Eric](#);
- *on Wednesday*, Grandpa Jason;
- *Thursday and Sunday* [Derek](#) (even after getting married).

Interacting with the animation grants +15 lust, and when first performed, +100 EXP per quest.

### ***Futa music***

The quest begins after talking to the red-haired elf manager at the spa after it is opened as a result of the "**Where's Fina?**" quest.

She tells Crowley that they're looking for a musician. By now you've probably met a suitable candidate: [Elizabeth Darkwood](#). Talk to her in the tavern in the evening, she says she'll check it out. Then visit the spa in the daytime to see her. As a thank you, she lets Crowley cum on her face ([\[scene image\]](#), -50 lust, +10 [Elizabeth Darkwood](#)). From now on, she is at the spa during the daytime, where she can be flirted with.

### ***The show must go on***

Unlocked on the first Saturday after passing "**Foot of Music**" + if the relationship with the [Elizabeth Darkwood](#) >10.

The quest begins by talking to the manager of the Elf Spa (during the day) or [Carla](#) (in the evening).

Crowley notices that [Elizabeth Darkwood is](#) missing from her usual spot. A conversation with the questmaster reveals that she is missing and is being harassed by some suspicious character. The description of said character is a clue to who is responsible, which in turn should give you an idea of where to find her if you've studied the entire map. She's in the bandit fortress in the west of the Cliffs location, in the center of the bandit lands.

Entering the Bandit Fortress causes conflict and a group fight. The fight is quite difficult, so be prepared.

- *Winning*: with lust high enough, Elizabeth offers Crowley a reward. **Get reward** → Crowley fucks Elizabeth in the ass on the table (**Futa/M** [\[scene image\]](#), -100 lust). In this case, the quest is completed.
- *Defeat*: The bandits rape Crowley while Elizabeth watches (**M/M** [\[scene image\]](#), -100 lust), then the bandits steal his gold and throw him out of the location. Crowley can attempt to rescue her again at any time.

Completing the quest restores Elizabeth's previous schedule and opens up an additional flirting option... (+300 EXP, +10 [Elizabeth Darkwood](#)).

## ***Reducto***

The quest automatically begins by entering Crowley's basement after he has grown a chest, after completing the "[Where's Fina?](#)" quest.

He notices that an attempt should be made to reverse the effect of the boob potion. In the evening, read the book in Crowley's room, he notices that [[Scarlet flower](#)] can reduce the effect of transformation. Brew the potion in the lab to complete the quest.

## ***Big and green***

Begins with a conversation with [Eric the](#) morning after Crowley reaches level 4. Eric tells him that while "exploring" the goblin caves, he was attacked (and fucked) by an unusually large goblin. Crowley decides it's worth investigating. The west (left) side of the goblin cave is now unlocked. There's a goblin lady at the bottom... and after you start the fight, a large goblin suddenly appears! Another "boss" fight (she has a lot of health, if her **HP** drops below 30%, she crushes you and you lose. Use ice spells).

- *Defeat*: A fat goblin smashes Crowley into the ground ([\[image\]](#), -100 **lust**, [time rewind]).
- *Winning*: You will receive 3 [random rewards](#).

In both cases +100 EXP for completing the quest, and you can now encounter fat goblins elsewhere as regular monsters.

## ***Lost delivery***

Starts by shopping with [Sebastian](#) when you have a [[Strange rune](#)] in your inventory (found as random loot in dungeons, dropped from certain enemies, or an [[Ancient urn](#)] item if you "know" a certain [character](#)). Sebastian says that the pair of orcs he hired to deliver it lost the package while making their way through the goblin caves.

You can meet these orcs at the orc camp, but other than the information that the package was probably taken by some large slime-like creature, it won't help much. Better to find out on the spot. Prepare well. In the goblin cave, go down the stairs at the eastern end, then follow the tunnel. Better dodge the goblin shamans, they are not easy opponents. Go north and you will find yourself in the goblin village. Talk to the [leader of the goblins](#). She tells you that the package was taken by a monster. Go back to the previous location, the goblin guarding the eastern exit is gone.

Once through, Crowley finds himself in a cave with several slimes..... And a shuffling large slime cube! Time for a [boss](#) battle (lots of **HP**, he has sleep, paralysis and fire resistance; one of his attacks can engulf Crowley paralyzing him until he breaks free). *Tips*: Cube will immediately spit out Crowley if he is covered in a [Slime repellent potion](#) [[Slime repellent](#)] or equipped with an amulet [[Slimes' terror](#)].

- *Defeat*: Crowley regains consciousness naked in a goblin village. [time rewinds]
- *Victory*: Crowley finds the key item [[Magic eye](#)] but not the missing package. Talk to the chieftain again. She admits that it was a ruse to get you to get rid of the monster and gives you the item.

Receiving the goods is a prerequisite for continuing the quest "**Woman for Derek**". Returning the delivery to Sebastian completes the quest (+100 gold, +100 EXP). After the quest the goblins in the caves stop attacking Crowley.

### *A woman for Derek.*

The quest begins with a conversation with [Derek](#) in the tavern in the afternoon, after [Juliet has](#) been hired to teach the children on *Mondays* and *Fridays* (this requires attending Sunday morning church service), and decides to help him (this also removes the **Seduce** option).

We need to find him a busty wife. If you talked to all the goblins in their village during the **Lost Delivery** quest, you may have noticed a gobliness who says she loves humans. If you talk to her after receiving the delivery from the chieftain, she will be deeply impressed that Crowley defeated the cube, and will offer to be his wife. You can now suggest Derek instead. [Taisha](#) willingly agrees to meet with him. Return to the village, where Taisha meets Derek and drags him into the house to "talk him into it." [time rewind].

After the "wedding", talk to Taisha (+20 **Taisha**) and Derek (+100 EXP, quest ends).

### *Restoration*

It begins with a visit to the second floor of Crowley's home.

The second floor is currently uninhabitable, and Crowley decides he needs to find someone to help him fix it.

If you helped [Derek](#) find his wife, talk to him when he is near his house and ask about the second floor. He needs seven days to finish the repairs. During this time, you can find Derek on the 2nd floor of his house working during the day, where you can offer him your "help" if you wish (M/M, [scene image], -50 lust).

After remodeling the floor, Crowley notices that he needs furniture. Go to [Sebastian's](#) store. You can buy the furniture for 200 gold (or only 100 gold if you [helped Sebastian](#) with the lost delivery).

Either way, this completes the quest (+200 EXP), furnishes the second floor, and allows Crowley to ask Jill to move.

### *New laboratory*

It begins with a question to Melissa about her lab.

After Crowley receives the [Magic eye](obtainable by completing the quest "[Lost Delivery](#)"), when he enters his basement, he remembers what [Melissa](#) told him about using a powerful magical item as an anchor. He decides to infuse the "eye" with magic. In practice, this means transferring 999 units of mana from Crowley to the orb. There is no daily limit on the transfer, so if you have mana potions, you can speed up the process. When the sphere is fully saturated, select - **Do this** to perform a ritual linking the sphere to the laboratory (+200 EXP).

Once bound, the orb can be used to recharge +50 MP once per day. If you have learned the **Return** spell, Crowley can use a magic circle to teleport to several unlockable locations for 50 MP.

Locations are unlocked the first time you visit them (in old saves you need to use cheat room). List of available locations:

- Melissa's room;
- Elf Camp (the one with the spa);
- Orc camp (the one near the elven forest);

- Goblin Village (deep in the goblin caves);
- In front of the ruined temple (the one with the [Priestess](#)).

To continue this quest you need to get the book [*Secrets of space manipulation (Secrets of space manipulation)*] (obtained by completing the quest "[Melissa's Secret](#)", if you missed it, you can return to the dungeon where the book lies at any time. The entrance to the dungeon is in the basement of the tower). Go down to the basement of your house and use the book in your inventory in the "**Key Items**" tab.

Calling Jimm and if he's not busy (that random event where the demon fucks a demoness in the ass **+20 lust**) he offers **Sparring**:

- *Defeat*: Jimm says you failed. You can try again the next day.
- *Victory*: Jimm praises Crowley for his victory and removes **(+1000 EXP)**.

Next, our goal is to increase Crowley's maximum **MP** to **250** units, for this purpose will help us:

- [*Sapphire ring*], [*Sea talisman*] - Each of these accessories adds **+20 to your** maximum **MP**.
- Summoning [Meryl](#) and asking her for a pen job or blowjob will give us **+20 MP** to the max, **50 lust** required (**Sex** → **Pen Job** or **Blowjob**)
- If the above methods didn't work for you, then only raising the level will help you.

After that, go to the eye and when talking to him click **Expand Laboratory**. After some manipulations, the basement turns into a beautiful room, similar to [Melissa's](#) room.

This is the end of the quest. After the quest, try to summon Meryl. She will hang out in your lab on certain days of the week (**Tuesday** day/night and **Sunday** day/evening).

## ***Busty smugglers***

You can get it while talking to [Diana](#) if you've met [Iss](#).

Diana complains that the elven forest dwellers have intercepted some couriers and stolen three packages she needs [*Parcel with rune*]. Crowley, of course, agrees to help.

It's a normal combat quest - head into the elven forest and beat any enemies until all three packets fall out of them.

However, it's more complicated than it sounds. Parcels fall out randomly:

- From [futa elves](#) and [femboys, there's a](#) ~10% chance of falling out,
- from [busty elf wizards has a](#) ~50% chance.

This means that if you want to finish the quest quickly, you need to defeat one of the strongest, if not the strongest mob in the game at least three times. Keep in mind that parcels drop outside of the normal combat system - after you've completely dealt with the enemy.

When you have three packs, talk to Diana to complete the quest (**+300 EXP +10 Diana**). As a reward, she offers a titty **fuck** (**Fuck her tits** → [*scene image*], **-50 lust**, **+2 Diana**).

## ***Tea and milk***

You can get it while **asking** [Melissa](#) in "**Ask**". You need to talk to her at least 3 times, on the 4th time she should start a conversation about elven milk (if you heard a lecture about ghosts - then the next day you will be able to start the quest).

After talking about expanding space, barriers and ghosts, Melissa will finally talk about a problem with her project, she asks Crowley to find her some [Elven milk]. There are three possible ways to fulfill her request:

- If you already have milk, you can give it to her right away;
- Fight a boobed [elf](#) in the elf forest (big boobed sprite)
  - *If you win*: **Fuck a tit** → **Fuck between tits** → **Squeeze harder** → **Collect** (you should have [Empty bottle]).
- From a drunken orc trader who sells futa elf sperm and other things in the orc camp. **Yes**, you don't have to buy anything to see his wares - when you close the trade screen, Crowley asks him for milk. In return, he asks for a favor: you can either deliver the letter or blow him.
  - **Yes** → M/M scene where Crowley sucks an orc's dick, [scene image], -50 lust, -3 hunger.
  - **No** → Crowley must deliver the letter to [Leaf](#); after laughing at the contents, return to the orc for the reward.

When Crowley delivers the milk, Melissa takes it to use it in body transformation experiments. She enlarges her breasts and then, unintentionally, her lips. Crowley must first help her reduce her lips to normal, and then test the stability of her breast transformation by massaging her boobs with the Reducto potion ([portrait image], +3 Melissa).

"Ask" Melissa again, and she asks Crowley to accompany her. "Yes" teleports them both to the witches' tea club room, where he is introduced to Sandra, a dark-skinned human witch, and Velena, an elven witch with huge breasts. Look around and interact with bookshelves and documents to get fun snippets of lore, then talk to Sandra and Melissa. Talking to Velena triggers a scene in which Sandra greatly enlarges the elf girl's breasts until she can't move ([image], +30 lust). Unsurprisingly, **Soscotrach's** choice leads to Crowley fucking one of Velena's huge nipples (-100 lust, [image of scene]).

Dialog with every possible character in the room triggers the end of the quest (+100 lust, -10 hunger, +200 EXP, +10 Melissa) and teleports you back to Crowley's basement.

## *The case of the Order*

The quest can be obtained while helping [Fina](#) with her mail after completing the "Tea and Milk" quest and if [Eric](#) received an improved sword from the mysterious [Priestess](#) during your day hunt.

Fina asks Crowley to deliver an official letter from the Order to [Sister Elizabeth](#). (Under [key items], you can read the letter. Apparently without any repercussions.) Go to the church to see Sister Elizabeth sucking off Eric ([image]). It turns out that the Order is searching all the nearby ruins for relics from the Church's past, and Sister Elizabeth assumes this is for nefarious purposes. She asks Eric and Crowley to help her find these relics before the Order does. Eric agrees and says he will wait for Crowley at their camp.

You can meet him there or go alone. In the first case, if you say you're ready, you'll be teleported immediately to the map [*Eastern Ruins*]; otherwise, you'll have to navigate there on your own (it's just east of the elven forest). This choice only matters for interacting with the orcs in the ruined church; they're burrowed in the basement and you'll have to decide what to do with them:

- **Bribe with a drink** → you can choose which drink to give them (any choice spends one of these items):

- [Beer]: → too weak.
- [Wine], [Sweet Lips Wine], [Goblin ale] → Orcs get drunk and fall asleep.
- [Lust potion] → Orcs become aroused.
  - If Eric is with Crowley, they should both suck the orcs' dick (M/M [image] focus on Crowley, -50 lust, -3 hunger).
  - If Crowley is alone, he sucks one of the orcs (same M/M [scene image]) and then fucks another orc in the ass (M/M [scene image], -100 lust, -3 hunger).

In both cases, the orcs fall asleep afterward.

- **Use-Spell** (if Crowley knows the [Sleep spell](#) and has enough mana to use it) → -6 MP, Orcs don't even realize what happened.
- **Seduce** (if Crowley got fucked in the ass at least 10 times) →
  - If Eric is with Crowley, the orcs decide they like him better and double penetrate him (M/M [sprite animation]). You can jerk off (-50 lust, [portrait image]) or just watch.
  - If Crowley is alone, the orcs penetrate him twice (M/M [sprite animation]; -50 lust).

In both cases, the orcs fall asleep afterward.

- **Quit** → you have a chance to rethink your strategy.

Once the orcs are asleep, the only thing left to do is to take their rope and use it to climb down the hole - into the basement of the church. Here, Eric rejoins the group in case Crowley has gone off on his own. Either way, they both fall through the cracked floor and split up as Eric falls to another level. In the next stage, you are alone. Crowley finds himself in a dark maze, with some passages blocked by sliding gates actuated by levers and switches scattered throughout the maze. There are plenty of monsters roaming around: randomly sized groups of slime, flying dicks, and busty ghosts that pass through walls. The only door that strictly needs to be opened is the exit, a double grate on the east wall, but there are treasure chests in some of the locked rooms. The most notable feature is the altar of breasts in the room just outside the entrance: drinking from it restores **HP** and **MP** (+100 lust; if Crowley has breasts, lactation begins), but every sip after the first has a chance that Crowley will grow breasts (if he doesn't have any). Another notable feature is the passageway connecting the two staircases.

After the maze, Crowley catches a glimpse of Eric fighting tentacle monsters and decides to hurry up. You must open the door in the next room:

- We are greeted by the usual 3×3 puzzle on the floor: if you walk on a tile, it will switch, and also switch tiles that touch its sides, showing or hiding parts of the image. Assembling the whole image opens a door.
  - *Hint:* if the tiles are numbered as shown below, a possible solution to the puzzle is 8587139.

|   |   |   |
|---|---|---|
| 1 | 2 | 3 |
| 4 | 5 | 6 |
| 7 | 8 | 9 |

- A stone ass on the wall next to the door. Repeated interaction with her results in increased lust (+10 lust → +20 lust → +20 lust) and finally the ability to fuck her ([sprite animation], -100 lust), opening the door if it wasn't open. If Crowley has enough lust left, he can fuck her again.

After that, Crowley goes through another passage that allows him to see what's happening on the lower level: Eric has met the mysterious [Priestess](#) again (nipple mouth fuck [image])

scenes]). In the next chamber, you can finally reunite. Eric brags about his gift from the Priestess - [*Epic sword (Marvelous sword)*], or just a blessing if he already has one (from the [*Labyrinth*] dungeon during the hunt). Leaving the dungeon, Eric and Crowley are surrounded by a group of suspicious fighting nuns who tell them to leave. Another nun is now guarding the entrance to the ruined church, so their only option is to leave the location, the transition out of which returns them straight back to the village. Head to the church to report to Sister Elizabeth and complete the quest (+200 EXP, +15 Sister Elizabeth); you can ask for a blowjob as a reward ([*animated scene*], -50 lust, +1 Sister Elizabeth; Cum on your face).

After the quest, the nuns seem to have settled in the ruined church, using it as some sort of base or training camp. You can visit the place again and see the various events. And the blessing of the mysterious Priestess begins to produce some strange effects on Erik...

## *The amazing wonders of scrapbooking*

The quest begins with Crowley trying to fuck [Carla's](#) nipple (one of the random topics when selected in the **Talk** dialog if the relationship is  $\geq 25$  and [Jill](#) is in the village).

Crowley only manages to push her nipple into her soft breasts, but it makes him wonder if there is a way to make it so that her nipples can actually be penetrated. If you've completed the quest "**Tea and Milk**", you should remember... the incident with the busty elfess Vena, which suggests that she might know something.

Head over to [Melissa's on Wednesday](#) afternoon for another witches' party. (*Tip*: be sure to be sufficiently aroused beforehand or bring lust-enhancing items.) Flirt with Vena for a repeat of the magical nipple fucking scene. Afterward, talk to Sandra - her topics of conversation are random, so repeat until she refuses to divulge the secret. Then talk to Vena again. She also refuses to give a straight answer, but hints to Crowley about the approximate location of the secret location. Now you can end the party whenever you want.

There are two ways to find a location; the first allows you to visit a location even after a quest:

- Use the [Eye of the beholder](#) spell to find the hidden entrance at the location Vena hinted at. (*Hint*: it's south of the creek, in the south-east corner of the elven forest).
- Some crafty [character](#) may agree to take you there for **20 gold** if you have that much (+50 lust).

Upon finally reaching the place, Crowley is confronted by a four-breasted elfess. To prove himself worthy of the secret, Crowley must pass a test by [fighting](#) her. If Crowley refuses (or loses the battle), she kicks him out of the secret glade.

After winning the battle, Crowley can enter the temple and talk to her about the secret he wants to know:

- **Can I fuck your tits?** and **Can I suck your tits?** → To both of these the elf refuses, but she allows Crowley to jerk off to her tits → [*portrait image*], -50 lust, (opens up the ability to repeat these scenes when dialoguing with her again).
- **Secret of Soscotrach** → she teaches him the necessary spell ([*rewind time*]), quest ends (+500 EXP).

Visiting Carla is not required to complete the quest, but you're probably going to do it anyway...

## *Juliette's Dungeon*

Started with a conversation with [Juliet the](#) morning or afternoon after Crowley visited the entrance to the dungeon in the bandit wasteland (the cave north of the acid puddles with the tentacle monsters) and interacted with the locked door.

Juliet explains that [Iss has](#) told her about a dungeon full of old relics, but she is afraid to go there alone because of possible monsters. If Crowley decides to offer help, both are instantly transported to the entrance of the cave.

The dungeon itself doesn't have a complex layout. Some enemies roam the rooms, but they are usually easy to avoid. These are either the familiar tentacle monsters or swarms of magical flying dicks (they only use lust attacks; vulnerable to fire); losing to them shows a short [[sprite animation](#)] scene in which Crowley and Juliet are being fucked by a swarm. Losing to any enemy in the dungeon [[rewinds time](#)] and fails the quest, returning you to the village - you can try again the next day.

Remarkable rooms:

- *Northwest - Library*: one of the bookcases contains a recipe for [[soothing tea](#)] ([cooking](#), not [alchemy](#)); one of the others has a fun piece of lore (+30 EXP).
- *North center*: exit to the last area, but it's covered by a grate.
- *Northeast - Throne Room*: +1 **Juliet** for interacting with the ass statue; sit on the throne and turn to face south to read the amusing dialog.
- *Southeast room*: accessible via a boulder puzzle, a lever that opens a grate to the last location.

As Crowley and Juliette enter the last location, they are interrupted by bandits who are unhappy that you have been looting the dungeon they dug. The conversation reveals some facts about Juliette's family. This is the final battle of the dungeon - you face the leader (a bandit) and his two masked henchmen.

- *Defeat*: [[scene image](#)] M/M where the bandit leader fucks Crowley in the ass (if gay scenes are enabled), while Juliet's sprite resumes dating another bandit (-100 lust). You fail the quest.
- *Victory*: the bandit leader drops a magical artifact, causing interesting changes in his... her anatomy; the bandits flee, and Crowley grabs the other visible treasure, a book.

Crowley and Juliette return to Crowley's house, where they celebrate their victory with anal sex (standard [[scene image](#)]). Completing the quest gives +15 **Juliette** and +200 EXP. The book is set in Crowley's basement - reading it gives a [recipe for](#) [[Big load potion](#)]. Completing the quest also unlocks encounters with busty versions of the bandits, including a victory scene and a new opportunity to voyeurize the bandit hideout on Tuesday and Sunday nights.

## *Witchcraft for Dummies*

The quest is accessed after completing the quest "[The Case in Order](#)". Try **Summoning Jimm** in the basement. The busty demoness Agatha appears instead, and asks how Crowley summons demons outside the basement. She ends up sharing the secrets of dark magic in the conversation.

Next, we need to find three places with a high presence of demonic forces, and install beacons there. To perform the ritual of binding a demonic beacon we need the *Eye of the beholder* [spell](#), we need to look for statues:

1. In the north of the "*Rocks*" location, we need a destroyed head (teleport to the "*Temple ruins*".)

2. In the center of "*Elven Forest*" is a statue of a woman atop a waterfall;
3. Beacon 3 in the Ruined Church (the one you went to with [Eric on the quest](#)), as soon as you start the ritual, you get caught by [Mother Sabrina](#). Crowley pretends to clean the altar, for which Mother Sabrina hands him a broom, and loads him up with cleaning the entire church [rewind time]. While the nuns are distracted, you perform the ritual. Crowley restores all mana.

Having finished with the rituals, we return to the basement and try to **summon Jimm** again (you can do it the next day). This time Jimm responds to the call and teaches Crowley demonic secrets. This is the end of the quest.

From now on you can summon [Meryl](#) in combat, she has her own **SP** meter like [Lizzie does The](#) amount of **SP** you can see with [Mindreading spell](#) while talking to her.

## *Dildo quest*

Unlocked when **Taisha's** relationship level  $\geq 25$ .

When you visit [Sebastian](#) in the morning, at his store, you are followed by [Taisha](#) to buy a dildo to practice with, but the store's stock is depleted, so the gobliness leaves with nothing, Crowley decides to help Taisha with her problem.

Any dildo in the game will do:

- [*Jade dildo*] - can be obtained from a [random drop](#), or knocked out of an [Elf femboy](#) or [battle nun](#);
- [*Dildo*] - can be bought at night from [Reina](#) for **20 gold**.

Once you have found the dildo, the only thing left to do is to give it to Taisha. This can be done in the morning or afternoon (if you have both *dildos* in your inventory, Crowley hands her the regular [*Dildo*]). As a reward, you will receive **+100 EXP**, **+10 Taisha**. After this quest, the flirting **Anal** option is unlocked.

## *In the service of*

This quest starts automatically after you enter the tavern on Friday night, provided you have completed the quests: "[Summoning the Succubus](#)", "[Lost Delivery](#)", "[Tea with Milk](#)", "[Juliet's Dungeon](#)", "[The Case of the Order](#)". A trio enters the tavern: the [Grand Paladin](#), [Brother Bolt](#), and his golem. The Grand Paladin is outraged by the deplorable display of debauchery, and asks to be taken to the leader.

During the meeting at Ironheart Manor, the Grand Paladin pardoned Fina for providing the A "chaperone" from the locals who is familiar with the area around the village, and Fina assigns this duty to Crowley. Once you are back in control, head to the location with the ruined tower and speak to the Grand Paladin, reporting your readiness to report for duty.

Now you need to do the following tasks:

- [A mission](#) from [Brother Bolt](#)
- [An assignment](#) from [Sabrina's mother](#)
- [An assignment](#) from [Juliette](#)
- Help with [Diana's](#) assignment

After each quest, you will have increasing levels of relationship with the Grand Paladin.

After completing all tasks from the Great Paladin and the subsequent dialog with her, the quest is closed, we get **200 gold**, **+500 EXP** as a reward.

## *Save topless Friday*

This quest will become available after starting the quest "[On Duty](#)". To activate it, go to the tavern during topless Friday. You'll notice that all the characters are dressed, and after talking to [Carla](#), you'll find out that they decided not to go topless Friday to avoid causing trouble for [Sister Elizabeth](#) until their issues with the paladin have been resolved. Crowley decides to help Sister Elizabeth.

Next you need to find Sister Elizabeth and talk to her (she doesn't go far from the church). She is worried about what is going on and says that only an apparition of the Creator's blessing can help in the current situation, or some artifact. We need to find someone who knows about artifacts.

Go to [Iss](#), she's usually at her home in a swamp in the elven forest. Talk to her, she will take a promise from Crowley to return favors in the future for her information on the church relics. She will tell you that there is a secret room in the ruins of the church that opens with a special key, but Iss doesn't know where the key is.

The key we need can be obtained from Brother Bolt (if you haven't talked to the Grand Paladin before, talk to her first so that the necessary dialog with Brother Bolt appears). He and the Grand Paladin have settled near the old tower (between the forest and the elven camp). Brother Bolt will tell them that the Order is also searching for the lost relic, but he himself is skeptical. During the conversation, Crowley receives a key item [*Strange gem*].

Next, during the daytime, talk to [Eric](#) in the forest and **Ask about the ruins of the church**. You will get to the location with the [ruined church](#). Passing this location is no different from passing it during the hunt. The only difference is that you need to additionally **Look behind the tapestry** in the church hall. Behind it you find a hole for a small object. Insert into it the [*Strange gem*] that Brother Bolt gave us. Suddenly Crowley falls through the trapdoor and finds himself in a dark room littered with crates. At the end of the room you find a portrait of the creator (+10 lust). With Eric's help, you get out of the "trap" and head back to your forest camp.

Wait until night and hang the painting in the church, on the wall between the goddess statue and the bookcase. Now you can admire the image of the creator at any time (generates a +5 lust once a day with the **Wank** option).

The next morning, off to church again. Sister Elizabeth rejoices at the sudden appearance of the lost relic of the Creator and decides that this is a sign that the Creator favors this church and decides to be more frank, exposing her breasts +10 lust, +300 EXP. This ends the quest, from now on Sister Elizabeth will be relaxing in the tavern on Friday nights.

## *Melissa's secret.*

To begin the quest talk to [Melissa](#) in her room on Tuesday afternoon Thursday or Friday (after the arrival of the [Grand Paladin](#)).

Teleport to Melissa in the tower, she complains about [Bolt](#) for being annoying, Crowley offers to distract him. We go down to Bolt through the magic circle in the room. It turns out that he is to blame for the Order's encampment near Melissa's tower. Crowley suggests going down to the lower floors and digging there, Bolt likes the idea, after another conversation you get to the dungeon under the tower.

Talk to the golem, she will stand on one of the 2 slabs, you stand on the other, the door will open, go inside. At the end of the corridor will be a room, go into it and from the left bookcase take the book [*Secrets of space manipulation (Secrets of space manipulation)*] (needed to complete the quest "[New Laboratory](#)") and open the chest (with [random loot](#)). Go left, from here a mini-segment with a maze begins. In the upper-left corner there is another

one chest, (on the way to it in the wall you will see a niche with the image of a very busty girl-zmia, when interacting with her the character gets **+20 lust**, which taking into account the local enemies (3 squads of 3 flying dicks) is not good).

After the labyrinth you get to a room with a puzzle and stone tits in the wall. If you are too lazy to solve the puzzle, you can interact with the tits several times, after 3 interactions, in total you get **+50 lust** on the 4th time you can **Fuck the stone tits**, after this process the iron door opens and you lose **-50 lust**. Further down the corridor will be a room with many statues and scrolls, suddenly Brother Bolt bursts in and you explore the room with him.

After that you will find yourself in the Great Paladin's camp near Bolt, after talking to him you will be able to upgrade the golem. This is the end of the quest (**+300 EXP**).

To upgrade the golem talk to Brother Bolt. At the moment there are 6 upgrade options (you can install them all, no restrictions):

- Cocksucking Lips → Gives access to a blowjob scene from a golem at night in the camp.
- Fuckable Nipples
- Soft Pussy
- Tight Anus
- Big Belly
- Thick Butt

You need 10 [*Piece of slime*] each, the upgrade will be ready after the time rewind.

Going to Melissa and talking to her, Crowley gets a reward (**[scene image]**, **-50 lust**, **+12 Melissa**),

## ***The work of a nun***

The paladin praises Crowley for helping her brother Bolt(**+5 Great Paladin**). When asked "does she need help" she sends us to [Mother Sabrina](#), we go to the ruined church and talk to her.

Sabrina asks us to find someone to fix the second floor of the church. We remember how cool [Derek](#) fixed the second floor of our house and go to him with the request (morning or afternoon)...and he of course refuses us. Not to worry, we run to the orc camp and talk to Mork - who likes deep holes. He agrees to help us, only we invest **200 gold** in their "business". There is nothing to do, we give him the money, in turn we get [*Mind Ring*].

We wait a week and return to the monastery where we meet orcs near the stairs to the 2nd floor. They say that they were interrupted by a "thing". After the conversation you go up to the 2nd floor where we are attacked by a tangle of tentacles

- *Defeat*: Puffy is blowing Crowley in all holes **[scene image]**, **-100 lust**, **-7 hunger**, [time rewind].
- *Victory*: The monster crawls back into the walls [rewind time].

On the first floor you are met by Mother Sabrina, after talking to her you get **+10 Mother Sabrina** and a blowjob from her (**[scene image]**, **-50 Lust**, **+3 Mother Sabrina**, [rewind time]). This is the end of the quest, you now have access to a **Titsominette** from Sabrina through the **Flirt** with Her menu.

Don't forget to report to the Grand Paladin, for this you will get **+5 Grand Paladin**, as well as the option to "**Rim**" in the **Flirt** menu (**[scene image]**, **-50 Lust**, **+1 Grand Paladin**) will become available.

## ***Field studies***

To start the quest, you need to complete the quest "[Nun's Work](#)" and **talk to** the [Grand Paladin](#). She will say that she has been commissioned to return [Juliet](#) to her father, and has threatened to do so if she stops her research. Crowley is worried and decides to pay her a visit. We go to the tavern and talk to Juliette, she is done with the theoretical part of her research and it is time for "field work". We talk to her again and go on our way (morning or afternoon).

We begin our arduous journey with Fairies [[scene image](#)], **+2 Juliet**, **+200 EXP**, [time rewind].

After the next conversation with Juliet, we head to the cliffs where we will have to fight a local [pregnant lamia](#):

- *Defeat*: Lamia sucks Crowley off ([scene image](#)), **-50 lust**, [time rewind] you can talk to Juliette again and try again).
- *Victory*: Crowley fucks Lamia from behind. ([Scene image](#)), **-100 lust**, **+5 Juliet**, **+500 EXP**, [time rewind]).

Next time, Crowley takes the initiative and takes Juliette to the hidden temple (To do this, you need to complete the quest "[Amazing Wonders of Soscotrach](#)"). We enter the temple and talk to the [elven woman](#). For the sake of our goal we need to fight again:

- *Defeat*: You will simply be teleported to the elven forest. Talk to Juliette repeatedly and try again.
- *Victory*: Crowley receives his reward on the altar. ([scene image](#)), **-100 lust**, **+5 Juliette**, **+800 EXP** (unlocks the ability to repeat this scene when you re-dialogue with her)).

This is the end of the research for now, return to the Grand Paladin from completing the quest **+5 Grand Paladin**.

## ***Undercover***

To start the quest we need to complete the "[Field Research](#)" and **Talk to** the [Grand Paladin](#). This time she will have us assist [Diana](#) in her quest. Catch her at the camp *Thursday/Friday morning* or *Monday/Wednesday evening*. After talking to Diana, we go to the elven forest and talk to [Iss](#). She gives us [[Bandit outfit](#)], put it on yourself and go to the location "Old Mine" to go there can be from the location with a bandit fortress, we visited this location during the quest (the nearest teleport "Temple ruins").

Not far from the entrance, on a pole there is a note with the password "excelsior", read it and go further to the right. After walking a little bit we will see a door with a grate, here we will need the password. Having found nothing, we leave this room and go to the left to the stop and upstairs, in the room on the table are documents, read them and the head of the bandits comes to us, after a small dialog Crowley pleases blowjob [[scene image](#)], **-50 lust**.

Back to Iss, she and Crowley spend the evening with wine and anal [[scene image](#)], **- 100 lust**.

Wait for Diana's return and talk to her, get praise and **+200 EXP**. After the dialog this quest is finished.

## ***Return on investment***

To unlock the quest you need to complete the quest "[On Duty](#)"

Coming out from of his home, (just **not** at night.) Crowley will meet [Qestia](#), she's has brought

"investment earnings" from a pair of orcs (3 [[Emerald](#)], 2 [[Topaz](#)], and [[Golden idol](#)])

(*Golden idol*)), and another bonus item (*Jade dildo*). Crowley is surprised at the return on his investment and wants to visit the orcs at the dig, we need to go to the "Orc **Camp**".

We go down into the dungeon that our familiar orcs have dug and interact with the door, we are approached by a company of those same orcs and the [Grand Paladin](#), the small talk is interrupted by the sudden appearance of [Konda](#), she claims ownership of the place and attacks Crowley

Regardless of Victory or defeat, the outcome will result in sex with Konda ([\[scene image\]](#), **-100 lust**).

Under the noise comes [Eric](#) and opens the door to the dungeon while everyone is distracted, and suddenly passes out, we with Crowley and Eric are transferred to his room, where after talking to him...the quest is cut short, continuation in the next updates

## ***Hot Business Repeatable***

### ***quests***

These assignments may be done more than once, but they are nevertheless listed in the journal.

#### ***Treasure hunt***

Start by talking to [Sebastian](#) after completing the [quest](#) and if you've met [Iss](#). He says she may have a similar job for Crowley. The next part of the quest is repeatable:

Find Iss at her house in the swamp in the elven forest. If you agree to take the job, she will ask you to find a certain item. The item is chosen randomly when you accept the task:

- [\[Emerald\]](#);
- [\[Topaz\]](#);
- [\[Ancient urn\]](#);
- [\[Blue amber\]](#);
- [\[Jade dildo\]](#);
- [\[Ancient tablet\]](#);
- [\[Golden idol\]](#).

They can all be found as [random loot](#) when defeating enemies in dungeons or in dungeon chests.

As a reward, Iss buys the quest item at full price (rather than half price like Sebastian); you also get **+10 EXP** and **+3 Iss**. If the item is too cheap, she decides extra compensation is needed, and Crowley gets a free sycotrach. There's also a chance that her nipple will slip out of her top when she pays you ([\[portrait image\]](#); **Your nipple** → Iss shows her whole breast **+20 lust** or **Don't tell her** → only **+10 lust**).

The quest can be repeated once a week (for this quest, the week starts on Sunday morning), but you must finish the previous quest to be able to start the new one.

#### ***The bimbo next door***

You can get it while talking to [Sister Elizabeth in the](#) morning/afternoon on *Friday, Saturday* or *Sunday*(afternoon only) if you [helped](#) her, and after catching [Jenna](#) and [Eric](#) on Thursday night this week.

Nurse Elizabeth tells Crowley that she is concerned that Jenna might get Eric's cum in her vagina. She asks Crowley to help Jenna satisfy her lust and redirect her attention to a safer orifice - by fucking her in the ass.

If your relationship level is high enough with Jenna ( $\geq 50$ ), you just need to select the "**Anal**" option when you flirt with her during the daytime, until next Thursday. (This disables this week's Thursday scene.) Report to Sister Elizabeth to complete the quest and receive your reward (+20 EXP, +2 Sister Elizabeth, automatic quick blowjob [animated scene]-50 lust).

## *One-time events*

Events that can only happen once and are not part of other quests, dungeon events or hunts.

### *Saving Juliette*

Crowley meets Juliette in the woods (southernmost eastern trail, then upper dead end) when she is anally raped by a bandit ([sprite animation]). You can **Leave** or **Intervene**, after which a fight with the bandit will begin. You better win, because.

- *Defeat*: The bandit anally fucks Crowley (M/M [scene image], -100 lust) before Juliette attacks the bandit and chases him away.
- *Victory*: the bandit escapes.

In both cases, you get +10 EXP and Juliette's gratitude (+20 Juliette). Talk to her, if your lust is high you can ask her for sex ([scene image], -100 lust). If you defeat the bandit, you will find +40 gold. In any case, you will be able to find a magic scroll that activates the quest "[Spells of Return](#)".

### *A nest of tentacles*

In the "ruined passageway" that connects the northwest exit of the forest to the mountainous region, stepping on the cracked earth, Crowley will fall into a cave full of tentacle monsters.

- (If Crowley has learned the *Return spell*) he can **Teleport** home (with no MP cost or requirements, unlike normal use) by only pulling one tentacle monster behind him.
  - *Victory*: Crowley remarks on the dangers of traveling through the mountains.
  - *Defeat*: The monster fills all of Crowley's holes; [scene image], -100 lust, -7 hunger, [time rewind].
- If you choose **Resist**, all tentacle monsters in the cave follow him ([scene image], -100 lust, -7 hunger, [time rewind], greater than normal increase in sex stat).

### *Kaaren: battle and forgiveness*

Kaaren is a non-hostile lamia who has a short haircut and unusually large breasts for a lamia. There are two events associated with her: her victory over her and Crowley's apology following that victory.

She can be found on *Tuesdays* and *Saturdays* bathing in the lake south of the temple of the mysterious Priestess: **Leave** or **Keep Staring** → +10 lust, and she attacks. Her attacks and weaknesses can be seen in the [mini-boss](#) section.

- *Defeat*: Crowley loses consciousness ([rewind time]).
- *Win*: +200 EXP, [Naga's bracelet],

After defeating Bestia, we wait for Monday morning and go to [Fina's](#) estate, where Kaaren complains about Crowley and demands an apology. Fina offers an apology tit-for-tat → [scene image], -50 lust.

After this event on *Tuesdays* and *Saturdays*, Kaaren will have the **Flirt** option unlocked.

### ***Conlan's Trouble***

Thursday afternoon, Palla's Gate location (where Diana and her partner are standing).

Conlan complains about the Fey, saying that they prevent him from walking in the forest. Crowley tells him that [*Shovel*] will help him (you can get it from [random loot](#) or buy it from [Reina](#)). If you already have one, he offers him his own: **Give him a shovel** → he will give you a random reward.

### ***Elf with a hangover***

If you walk into an elf camp on a Friday, Saturday or Sunday evening you may encounter a [Red Elf](#) with a hangover who will be suffering sitting by the fire:

- (if wine is in inventory) **Offer wine** → titmouse as a reward [*scene image*], **-100 lust**, [rewind time to morning].

## Hunting events and dungeons

Every day, except *Thursday*, during daylight hours, [Eric](#) can be found at your "base" in the forest. If you agree to join him, you will be prompted to go **Hunt** or **Go Dungeon** - to re-visit any dungeon you have discovered during previous hunts. Hunting gives you up to three consecutive random events, and you can return to the village after each one. For low-level characters, events are heavily focused on general fights with slimes and fairies; they become less frequent at level 3 and disappear completely when you reach level 6. Entering a dungeon during a hunt means forfeiting the following random events for that day. Completing a hunt or going through a dungeon [rewinds time]. Not all dungeons and events are available from the start - some are unlocked by completing quests, other actions, or by leveling up a character.

### *Hunting Events Ass Bandit*

#### *Ambush*

While hunting, Eric and Crowley are ambushed by bandits in a canyon.

- *Defeat*: the bandits will steal your gold (you can collect it from their base in the mountains).
- *Victory*: +5 EXP and a [random item](#) (in addition to any drops from bandits).
  - (after [quest](#)). **Fuck between tits** → **Futa/M** [[scene image](#)], **-50 lust**, **+30 Eric's lust**; if **Eric's lust ≥ 100**, continues [text scene], Eric fucks the bandit in the mouth (**-50 Eric's lust**).

#### *An ambushed wine merchant*

Eric and Crowley are able to interrupt a robbery on the big road - a familiar wine merchant is attacked by bandits.

- *Win*: +5 EXP, the merchant will give you 2 x [*Wine*] as a thank you (in addition to any drops from bandits).
- *Defeat*: The guard Diana will appear.

#### *Meeting Juliette*

Unlocks after [Juliette](#) is [rescued](#).

While hunting, Eric and Crowley may encounter a perverted "naturalist" while she is exploring nature. The circumstances are random, but new possible locations open up depending on how many times you meet her (an encounter only counts if you talk to her):

1. A glade with various rare plants. When Eric warns her that the bandits might rape her, she replies that she hopes so.
2. A canyon full of tentacle monsters, both hidden and crawling. One of them has caught Juliette and is stuffing her holes with its tentacles ([scene image](#)), **+30 lust**, **+30 Erik's lust**).
3. A glade full of fairies who want to play with the heroes' dicks (**Yes** → short [scene image](#)), **-100 lust**). Juliette is talking to a flower girl; Eric rashly throws himself at the monster in response and gets pollen with a strong arousal effect in his face, so Crowley fucks him in the ass while Juliette watches (**M/M** [scene image](#)), **-100 lust**, **+3 Eric**, **+3 Juliette**; opens the "Flirt" option).

## ***Meeting Mabel***

If you defeated [Mabel](#), the minotaur girl, you can meet her in a random clearing while hunting. She offers the same interactions as Sunday, including trading.

**I could use some fresher milk** → breast sucking [[scene image](#)], **-10 hunger**, **+20 lust**, **+1 Mabel**.

## ***Fighting a mob of orcs***

While hunting, you encounter [Jaina](#) and [Rose](#), who are literally running in the opposite direction. It turns out they are being chased by a mob of angry orcs, both [male](#) and [female](#). (Orcs are hardy and somewhat resistant to both ice and fire; orc men raise their axes to deliver a powerful blow on their next turn). *Tips*: with Crowley's Dream and Rose's Snowball, you should have no problem taking most of them out while Eric and Jaina concentrate on one target.

- *Victory*: **+5 EXP**, **+3 Jaina**, **+3 Rose**, and it would appear that the orcs' anger was justified.
- *Defeat*: The orcs are content to beat you up.

## ***Crystal Caves***

Unlocks by dealing with a fat goblin.

While hunting, you meet [Jaina](#) and [Rose](#) at a campfire in a clearing. They suggest you join them to explore a nearby cave. The first cave has some slimes and goblins (beware of the hidden fat goblins!!). The second cave has a tentacle monster and then a scripted ambush when the four split into two groups. Crowley ends up with Jaina, fighting a group of slimes (which combine to form a slime girl).

- *Winning*: you will be able to collect pieces of ice quartz. After the 12th picked crystal, Jaina offers celebratory sex, and you can choose between Rose and Eric(M/M) in both cases Crowley gets a blowjob ([\[scene image\]](#)-**50 lust**, **-50 lust for Eric**, **-50 lust for Jaina**, **-50 lust for Rose**). At the end: **+20 EXP**, 4 pieces of ice quartz, **+1 Eric**, **+1 Jaina**, **+1 Rose** [rewind time].
- *Defeat*: Jaina saves everyone, and demands a reward. Crowley/Jaina/Eric anal tee; opens with Jaina and Eric "training" (this scene can also be opened on Wednesday morning, while training with Jaina when Jaina  $\geq 20$ ) (**Futa/M/M/M** [[image](#)], **-100 lust**, **-100 lust Jaina**, **-100 lust Eric**, [time rewind]).

## ***Dungeons Ancient***

### ***Tomb***

Eric and Crowley find a clearing with an entrance to an ancient underground tomb. It turns out to be already being explored by three elven women - one [boobed elf](#) and two [futa elves](#).

- *Win*: You can let them go (**+50 lust**) or have Eric and Crowley face-fuck the **Futa** Elf ([\[sprite animation\]](#) and standard **Futa/M** [[scene image](#)], **-50 lust**, **-50 lust Eric**). If there's still enough lust, they can **Fuck a boobie**, with Eric taking over her ass and Crowley taking over her pussy ([\[portrait image\]](#), **-100 lust**, **-100 Eric's lust**).
- *Defeat*: Crowley gets fucked in the face by one of the **Futa** elves (standard **Futa/M** [[scene image](#)], **-50 lust**, **-3 hunger**).

Upper chest: [random loot](#) and [[Ancient urn](#)]; right chest: **+5 EXP**, **+1 Erik**.

There is also a hidden passage in the location with enemies. If you use [[Eye of the beholder](#)], you can see the "gate".

### *A cave in the rocks*

Eric and Crowley find a cave in the rocks. In the cave, after a room filled with rocks, they find a pregnant lamia (see the [mini-boss](#) section for more details).

- *Win: Leave* → **+50 lust** or *Fuck* → Crowley fucks the lamia in her mouth while Eric does her pussy [*scene image*], **-100 lust, -50 lust Eric**.
- *Defeat: Crowley and Eric* get a blowjob with stimulation [*scene image*] **-50 lust, -50 lust Eric**.

Also in the cave where the lamia wanders there is a hidden passage, you need to go behind the red "pillar" and use [*Eye of the beholder*] then you can see a strange brickwork in the wall. Important: The spell must be used **BEFORE** the battle with the lamia, because after the victory you will be thrown out of the location

After clearing the dungeon you get: [random drop](#), **+5 EXP, +1 Eric**.

### *Lamia Canyon*

Eric and Crowley follow the stream through the canyon. At the end of the canyon they find a trio of lamias led by a four-breasted lamia (more on the enemies [here](#)).

- *Victory: you may Leave* (**+50 lust**) or *Fuck* → Crowley and Eric fuck a lamia between her tits (*scene image*), **-50 lust, -100 lust Eric**.
- *Defeat: Lamia* will forcibly blow Crowley. If you decide to resist, she will make him cum by shoving her tail up his ass. In both cases, standard [*scene image*], **-50 lust**.

Defeating her clears the dungeon: [random loot](#), **+5 EXP, +1 Eric**.

### *Old ruins* → *dungeon with goblins*

Underground ruins with a few goblins in front of a campfire.

- *Win: Let them run away* (**+50 lust**) or *Fuck* → **Into Pussy or Ass** (*scene image*), **-100 lust, -100 lust Eric**. If you still have enough lust, Crowley and Eric both fuck the third goblin girl (*scene image*), **-100 lust, -50 Eric's lust**.
- *Defeat: One of the goblins* gives Crowley a blowjob and then rolls on the ground and rides him, while the other gets her anus on Eric (*sprite animation*) and [*scene image*], **-100 lust, -100 lust Eric**.

Also in this location there is a hidden passage, you need to go to the opposite side of the goblinsh, and use [*Eye of the beholder*], a strange brickwork in the wall will appear.

### *Pregnant glade*

Unlocks after defeating the plant girl in the fairy glade, and if the pregnancy option is enabled.

While hunting, Eric and Crowley encounter [Jaina](#) and [Rose](#) in a strange clearing with fairy, tentacle monsters. Also in this location is a hidden passage in the northeastern part of the map. If you use [*Eye of the beholder*], you can see the passage in a tree.

To finish this part of the hunt you need to defeat the [mini-boss](#) pregnant flower girl:

- *Defeat: A pregnant flower girl* pleasures your entire party with her buds (text scene) (*animated scene*), **-50 lust**, [*rewind time*]).
- *Victory: Flower Girl* escapes by dropping [*Emerald*], or/and [*Blue amber*].

When going through the dungeon: [random loot](#), +5 EXP, +1 Eric, +1 Jaina, +1 Rose.

### ***Ancient temple → dungeon with random rooms***

*If the pregnancy parameter is enabled.*

Each time you stumble upon this dungeon, it is randomly generated from the three options below:

- A room full of mushrooms.
- A room with tentacle monsters and a human skeleton. (The tentacle monsters are hiding under cracked floor tiles).
- A room of slimes with a dragon skeleton.
- A puzzle room with rolling boulders.
- Pregnant Lamia.
  - *Win*: **Leave** or **Fuck** (lamia tee, [\[scene image\]](#), -100 lust, -50 Eric's lust).
  - *Defeat*: You return to camp with nothing.
- Three goblins around a campfire led by a pregnant woman.
  - *Win*: **Let them run away** (+50 lust) or **Fuck** → **Pussy** or **Ass** ([\[scene image\]](#), -100 lust). If you still have quite a bit of lust, Crowley and Erik demolish the third goblin girl from front to back ([\[scene image\]](#), -100 lust, [rewind time]).
  - *Defeat*: You return to camp with nothing.
- A room with a failing floor and chests. You just need to walk across the patterned tiles to the other side of the room. Upper chest: [random loot](#); middle chest: empty; lower chest: +5 EXP, +1 Eric.
- Treasure room with four switches. The on/off state of the switches should correspond to the candelabra. Chest: [random loot](#), +5 EXP, +1 Eric.
- Treasure room with boulders. Just drop a boulder on an empty switch. Chest: [random loot](#); crate: +5 EXP, +1 Eric.

It always has a final safe zone where you meet the [Priestess](#). In exchange for Eric and Crowley fucking her nipples (-100 lust, [\[scene image\]](#)), she gives Eric a [*Mighty sword*] if he doesn't already have one, or blesses the group, restoring all **HP** and **MP**.

For clearing the dungeon you get an additional +1 EXP, +1 Eric.

### ***A bandit's lair***

A couple tents guarded by bandits and the occasional hidden tentacle monster. Random mushrooms can be collected at the location. Chest in left tent: [random loot](#); chest in right tent: +5 EXP, +1 Eric. Exit location: +1 EXP, +1 Erik.

### ***A dungeon with a mystery***

Eric and Crowley explore the cave and find [Jaina](#) and [Rose](#) in a room with a locked door. To open it, you can:

- If you have lust, look at the left statue and select **Masturbate** (standard masturbation [\[scene image\]](#), -50 lust).
- Find a random combination of lever positions that unlocks the door by brute force. There are  $3^3 = 27$  possible positions. After each option, stand in front of the grid.

After this puzzle, the only thing left to do is just go through the dungeon. The next location has mostly ghost girls (two per squad) as enemies and one squad with slimes. Left

Chest: **+1 Jaina**; Medium Chest: **+1 Rose**; Dungeon Sweep: **+5 EXP**, **+1 Eric**, **+1 Jaina**, **+1 Rose** [rewind time].

### ***Goblin Dungeon***

Eric and Crowley find themselves in a cave. One branch is inhabited by tentacle monsters, the other by goblins, including the fat version if [unlocked](#). Left chest: [random loot](#); right chest: **+5 EXP**, **+1 Eric**.

There is a hidden passage in this cave. If you use [*Eye of the beholder*], you can see a passage in the wall between the wall and the large stone in the room with the tentacle monsters.

### ***An event in a ruined church***

Unlocks after completing the quest "[Tea with Milk](#)" (battle nuns appear in different locations).

While hunting, Eric and Crowley stumble upon the ruins of a church. It doesn't take a genius to figure out how to get inside (push aside the angel statue on the right). The chest contains 3 x [*Wine*]. If you take the bottles, on the way out of the church our adventurous duo will encounter a couple of [fighting nuns](#) displeased with your looting.

- *Victory*: exit the dungeon map, **+1 Eric**, **+1 EXP**.
- *Defeat*: the nuns will "punish you appropriately" ... or by giving you a tedious lecture (**-100 lust**, [time rewind])

### ***Labyrinth* → with random opponents**

Unlocked by "donating" at least once to the mysterious [Priestess](#) in the dungeon of the [ruined temple](#).

Eric and Crowley find another interesting cave. This time the entrance to the dungeon itself must be opened by solving a simple puzzle with moving tiles. The image pieces need to be moved to assemble the image of the Priestess on the four middle tiles. (Hint: make sure the left side of the face is in the far left top slot and the right breast is in the far right bottom slot, using the center four slots to swap the other two tiles.)

Unlike the first random dungeon, the layout of the dungeon itself doesn't change - only what treasure chests appear, the enemies that appear (a mix of slimes, tentacles, and ghosts), and the position of the entrance to the second floor and the switch that opens it. There are three possible entrance/exit positions (the inactive ones are littered with piles of dirt):

- A room in the northwest corner, surrounded by gargoyle statues.
- The room in the northeast corner, next to the room with the winged statue.
- A room in the center of the eastern edge containing a winged statue and broken bases. There

are also three possible switch positions:

- Southeast corner room
- A central hall with a swimming pool.
- North center room with potting sheds.

Unsurprisingly, there's a Priestess waiting for you on the second floor with another reward for Eric (*Epic sword (Marvelous sword)*); if you already have it, she'll bless you by replenishing **HP** and **MP** if you agree to contribute a "donation" (**-100 lust**, [*scene image*]), or **+50 lust** if you refuse.

## *A changing dungeon*

A dungeon is a collection of different rooms of one screen size with different enemies. The entrance to the dungeon is always one, but the exit can be randomly located in any of the nine rooms. In each room, except for the room with bookcases and the canyon, it is possible to respawn one chest. Transition between rooms is done through the doors. Stairs, in any room, leads to the exit from the dungeon.

- A room with two squads of monsters and a couple statues.
- A room with pools that contains one squad of enemies.
- A room with a red crystal in the center and a [pregnant lamia](#) as an opponent.
- A room with two squads of enemies. In addition to the enemies in the room there is a stone asshole in the wall, which you can fuck.
- A room with many bookcases and with 2 squads of flying members. In addition to a chest, this room has a unique [\[image\] of a lamia \(+10 lust\)](#) in a cabinet in the upper right corner of the room.
- A room with 3 squads of enemies.
- An ice cave with a [magical lamia](#).
- A canyon with a troop of goblinshas (analogous to the fight with goblinshas from the [old ruins](#)).
- A room with 4 smoking grates and writing on the wall. 0 to 3 enemy units may appear.

The final stage of the dungeon is a room with two chests two ladders and a well in the center. If you **Drop a coin** into it, Crowley's dick grows and Eric takes him to the village to [Sister Elizabeth](#) who gives him a blowjob. **-50 lust, [\[scene image\]](#), +3 Sister Elizabeth.**

You can also leave the dungeon by going up the stairs on the right.

# Characters

*In Development.* Characters that Crowley can gain relationship points with or interact with in some way to create scenes.

## *Agnieszka*

*Default relationship level: 0.*

Grandma Agnieszka (or Agnieszka) is an old, very old village woman, the wife of Jason's grandfather. They live together in their house in the south-west corner of the village, right by the exit.

If the weather is clear, Agnieszka spends her mornings and afternoons herding sheep in the small meadow just outside the village. If it rains, she stays inside the house with Jason. In the evening, she can be caught at home (while her husband is at the tavern). At night they sleep (...except on [Saturday](#)).

When she's in the house, you can buy from her:

- [Milk] - **3 gold**;
- [Cheese] - **3 gold**;

Agnieszka is one of the characters affected by the [\[Big load potion\]](#) effect, vaginal sex with her gives a large inflated belly visible in all her illustrations for three days (permanently if the Maternity setting is on).

If you check in with Agnieszka on Friday night, she can be asked to join [Topless Friday](#) if you have an [Agnieszka](#) relationship level  $\geq 10$

**Pumping up the relationship from 0:**

**+1 Agnieszka** on *Monday* and/or *Thursday* talk to her *morning/afternoon* (or **Flirt**) and she will say that one of her sheep, Marvin (presumably a ram), is missing and ask her to find him.

**In search of Marvin:** his location is chosen randomly from a list:

- *In the village*, near Ironheart Mansion.
- *In the woods*, by the waterfall.
- *In the woods*, the last east turn before the exit to the old tower, south dead end.
- *At the Old Tower*, northwest corner.
- *In the Ruined passage* just north of *the* location with the tektakl nest.

Since interacting with him instantly takes you back to Agnieszka without the cost of an **MP** or [rewind time], you can use it as an improvised transport.

**+3 Agnieszka** in the *morning* or *afternoon* when it's raining and she's sitting at home, when talking she asks to bring [Soothing tea] (see [here](#)) for Jason. **Give the tea** → **+3 Agnieszka**, 3 x [Bread] and, if the relationship is high enough, + a more intimate reward.

She spends the morning at home. During the day she looks after Jesse ([Alice's](#) younger brother) and Charlotte ([Derek's](#) daughter). When [Juliette](#) heads out to teach the children - this frees up some time for her. In the evening, she's at [in the tavern](#), waiting for Eric to finally ask her to dance. At night she sleeps at home.

Astra really dislikes Crowley (she's the only character who starts out with a negative relationship level) because she thinks he's a pervert. She's also not entirely happy with her mother's behavior and her relationship with Crowley. In turn, if Crowley gets close to Fina, she, will try to improve her daughter's attitude towards him.

Jaina is a muscular adventuress with a large bulge between her legs, a big bust and a boisterous, bossy personality. She is [Rose's](#) partner in adventure and sometimes sex.

Jill arrives at Crowley's house on Sunday after Crowley solves [Sister Elizabeth's](#) nighttime [problem](#), but she decides to stay at the tavern "Stone Dragon". At the first Sunday service at church after Jill's arrival (which may be the same day), Sister Elizabeth asks her to find a way to ~~to justify living~~ in the village. Jill is at a loss, and Crowley intervenes and points out that she can be considered a member of his family.

Jill likes to drink, and can be found at the Stone Dragon bar at any time except *Wednesday* and *Friday* mornings, when she can't get out of bed. She's also quite the swagger: at her suggestion, Carla introduces "[Topless Fridays](#)" at the tavern. If Crowley succeeds

During the day (along with her [sister Elizabeth](#)) on *Monday* and *Friday*.

In the tavern, if you talk to Juliet in the morning or afternoon, you can ask her to **Come with Me** to fulfill her wish to see "something spicy" - she will temporarily join the squad until you do something that rewinds time or try to leave the village. Among other effects, she can now participate in some of the scenes available at the time (usually as an enthusiastic spectator), which in some cases leads to further "dates" at night that Crowley might witness.

Crowley can [meet](#) her in the evening at the elf camp, and if things go well, she invites him to visit her anytime at her home (and apparently stops visiting the camp). During your first visit to

She will also tell her home about the "skirmishes" between elves and orcs in this part of the forest.

After Crowley does Sebastian a favor, Iss may suggest that he find certain items for her.

Iss is also occasionally seen, but cannot be interacted with in other circumstances, such as when she gives Sebastian a blowjob under the table in his store or witnesses (directs?) a bandit attack on [Dario](#) during a hunt. These events have no mechanical or plot implications yet.

## Lizzie

Lizzie is Crowley's pet slime girl. She lives either in her jar or roams freely around Crowley's house.

After completing the [magic circle](#), Crowley was left with a jar containing the remains of a slime girl. As one of the books in his house suggests, consuming semen makes slimes grow, and large slimes grow tits to attract men. After the quest, Crowley is able to cum in the slime jar during his [bedtime wank](#). After "feeding" the jar 10 times, when Crowley leaves his

bedroom, a slime girl appears, leading to a tit-fuck ([\[scene image\]](#), **-100 lust**) and Lizzie getting her name.

Lizzie has a **Sperm Charge (SP)** meter that keeps track of how many doses of sperm she has consumed during her scenes. The number of charges can be viewed with the [Mindreading spell](#).

If you're in the Crowley house, you have the additional option of letting Lizzie out - she will wander around the house and its basement until you ask her to return to the jar. She has the same scenes in both cases. She is affected by [\[Big load potion\]](#) if she is **Nipple Fucked** while under the influence of this potion, she will get a more lush shape for 3 days, this will be reflected in all her scenes, in addition she will get **+5 SP** instead of **+1 SP**.

She can be summoned in battle to fight at your side, but if you don't have her enough "fed" she won't show up:

- In combat, if Crowley's **HP** falls below a certain threshold (but he is not yet knocked out), Lizzie will heal him at the start of his turn by spending one unit of semen.

## Sebastian

Sebastian is a village shopkeeper. As Crowley puts it, a very odd sort. His store is in his house, directly south of Crowley's house and west of [Eric](#) and [Jenna](#)'s house in the middle tier of the village.

Unsurprisingly, Sebastian spends most of his time in his store, though he occasionally goes fishing with Derek near his house - when it rains during the day. He seems to have some sort of business (and non-business...) relationship with the red-haired elf [Iss](#).

Crowley at his store can **Buy**:

- [Empty jar] - 30 gold;
- [Dinner] - 5 gold;

### **Eric's transformation:**

Eric receives too many blessings from a mysterious Priestess during the events of a certain [quest](#). As a result, he begins a gradual transformation into a more feminine form, though the process is reversible both partially and completely.

Transformation stages are determined by how many Transformation Points a character has accumulated before the morning of a given day; Crowley reacts to them when talking to Eric at the hunting camp:

1. *7 points* → a more feminine physique with a narrower waist and wider hips;
2. *14 points* → longer haircut: Crowley may suggest keeping the haircut or cutting it short (cancels the change, but points remain);
3. *21 points* → large breasts: Crowley can't pass up the opportunity to touch (+5 lust, +10 lust Eric);
4. *28 points* → larger and more feminine lips;
5. *35 points* → huge girl lips.

The feminization process doesn't go so far as to remove a penis or add a vagina.

Eric gets one transformation point each night. Some other factors may also affect the number of points:

- After the first conversion:
  - +1 point for each time Crowley cum in Eric's ass or Eric swallows his cum.
  - +1 point for each time Eric is anally or orally fucked during hunting and dungeon events.
  - +1 point for each item [*Minotaur sperm*] or [*Elven futa sperm*] eaten by Eric.
- +5 points if Eric drinks [*Boobs potion*] (but no immediate breast growth).
- -10 points if Eric drinks [*Reducto potion*]. You can choose **Just drink it**, **Put it on your boobs** (removes breasts and disables breast transformation), or **Put it on your lips** (cancels one stage of lip transformation and disables this stage).

Some characters have one-off reactions to Eric's transformations (starting at 0.352: [Astra](#), [Jenna](#), and [Jill](#)).

## Lust and scene generators

Repeated daily increases and decreases in lust (such as sex scenes). This excludes one-time scenes during [quests](#), winning or losing against [enemies](#) (described in a separate section), and scenes during [hunting or adventures](#) (since they are random).

Events tied to a specific day and/or time can usually only happen once a day, e.g. you can only masturbate to a painting once. All flirting options have conditions to the level of the relationship. All voyeurism scenes only ask you if you want to jerk off if your lust is high enough.

In version 0.410, icons indicating the time of day were added

## Co-participant scenes

Scenes available when other characters join Crowley's squad, usually while [hunting and exploring dungeons](#). In all cases, scenes are accessed through the game **Menu** → Talk to party → (select a character) → **Let's get laid**. New options are usually unlocked as you develop a relationship with that character, although there are other conditions. Most options reuse scenes and images originally used elsewhere. If you have Juliette, Eric, Jaina next to you and they're not doing anything, then during a sex scene with another character, those characters start having **[sprite animations]** of masturbation play.

**Juliette**: She will temporarily join the party if you talk to her in the tavern in the morning or afternoon → **Come with me**.

- (**Juliet** ≥ 30) **Tittycatcher** → even if it's in the middle of a village; **[scene image]**, **- 50 lust**, **+3 Juliet**.

**Eric:** Unsurprisingly, most of these are M/M scenes and unavailable if GAY SCENES are turned off.

- **(Eric ≥ 30) Blowjob** → Eric sucks Crowley's cock, [scene image], -50 lust, -50 lust Eric, options Cum in mouth or Cum on face.
- **(Eric ≥ 30) Between the boobs**
  - (if Crowley has breasts) **Me between the boobs** → [scene image], -50 lust, -50 Erik's lust, +2 Erik, +1 hunger.
  - (if Crowley saw the scene between Eric and Astra on Monday morning) **Eric between the tits** → [scene image], -50 lust, +30 Eric's lust, +2 Eric.
- **(Eric ≥ 50) Into ass** → (if the second option is not unlocked, this is the first scene by default)
  - **Fuck me** → Crowley is anally fucked in the missionary position. [scene image], -100 lust, -100 lust Eric, +2 Eric.
  - (if unlocked) **Fuck Eric** → Crowley anally fucks Eric [scene image], -100 lust, -100 lust Eric, +5 Eric. Unlocked after meeting [Juliette](#) while [hunting in](#) the friendly fairy glade, with a pregnant flower girl.

Eric also has a couple of options that come up when his personal lust meter peaks and he can't fight anymore. There are no relationship requirements. Talk to him and select **Help Eric**:

- **Use My Dick** and **Use My Ass** are the same as the corresponding scenes above.
- **Use your hand** → "Think of Astra kissing Fina," [image], - 50 Erik's lust.
- **Use Lizzie** (if in a jar) → [slime girl](#) feed [scene image], -50 Eric's lust, +1 Lizzie SP
  - If you use this item first, it will be possible to get busy with Eric again.

**Jaina** is futa, and it's no surprise that most scenes with her are inaccessible if the GAY SCENES are turned off.

- **(Jaina ≥ 5) Suck** → Crowley deep throats Jaina. **Futa/M** [scene image], -50 lust, -50 Jaina's lust, +2 Jaina, -3 hunger.
- **(Jaina ≥ 10) Between boobs** (if Crowley has breasts) → [scene image], -50 lust, -50 Jaina lust, +3 Jaina, +1 hunger. **Futa/M**, or does this count as **Futa/Futa**?
- **(Jaina ≥ 15) Giving ass** → Jaina fucks Crowley's ass from behind. **Futa/M**. [scene image], -100 lust, -100 Jaina's lust, +3 Jaina.

If Jaina has reached maximum lust, you can talk to her and choose **Help Jaina**:

- **Just Wank** → "Think of tight goblin assholes." [image], -50 Jaina's lust.
- And the same options as above.

**Rose:** In both the normal situation and the situation where Rose's lust has peaked, the options for interactions don't change:

- **(Rose ≥ 20) Blowjob** → [scene image], -50 lust, -50 lust Rose, +2 Rose.

# Professions

These are skills that Crowley uses outside of combat, in specific locations. Each has three ranks:

**Novice** from 0 to 29th skill level; **Apprentice** from 30th to 59th skill level; **Master** from 60th skill level and up.

Crowley progresses by performing a certain action. After each time, [time rewind] is activated.

## Gardening

Crowley progresses by working in his garden (**Tending Plants?** → **Yes**), To increase rank you need to stand on a vacant cell in the field and press the shovel. In addition to the profession level increase, Crowley receives [Ingredients] that can be sold to [Sebastian](#). You can only get them if you have at least one adult plant in the field. The gardener's rank affects the chance of successfully collecting plants and mushrooms that can be found everywhere in the locations: 33% for Beginner, 66% for Apprentice, 100% for Master, but [Mandragera] can only be collected at night, regardless of skill level. Along with the plant, you can sometimes collect their seeds, which can be used in the garden. You have about a 33% chance of it falling to you. You cannot work at night or when it is raining. Work costs **+1 hunger** and [time rewind].

There are 10 plant cells in the garden, but at the beginning of the game only 4 cells are free. The rest need to be cleared (action button → **Clear** → [rewind time]). To plant a seed, you need to dig a hole first (**Prepare soil for planting?** → **Yes** → **+1 hunger**). When you interact with the hole, you can choose a seed to plant. Plants grow every time they are watered, either from a bucket at the well or by rain.

Collecting a plant from the garden gives you that plant and at least one seed for it. The number of adult plants in the garden affects the chance of falling and the number of [Ingredients] you get from the job. The profession rank and the number of plants in the garden affects the amount of [Ingredients] you receive.

You can plant a [Golden idol] in your garden (It can be obtained with a certain probability from all chests in the game or as a reward for a quest with a random reward) to increase its fertility, it doubles the growth rate of plants and gives you a 33% chance to get extra [Ingredients] for each fertilization of the idol. It can also be used as a fertilizer before planting the main plant, in which case the idol disappears and the chance of getting extra [Ingredients] increases to 100%.

[Sacred seed - Dropped from the [Flower Girl](#) mini-boss while hunting with Eric. It grows into a sacred flower that will sometimes, in the mornings, (with a 20% chance) be visited by different types of flower girls (normal, pregnant, three-breasted).

## Cooking

Progress is made by having Crowley cook in his home. Cook **Something Simple** can use any cooking ingredient, produces a simple meal, and can only be cooked once per day. Results depend on rank:

- Novice → [Dinner] → **-4 hunger**.
- Apprentice → [Tasty dinner] → **-7 hunger**.
- Master → [Good dinner] → **-10 hunger**.

Cooking can also be taught to [Alice](#) (if you help her in the morning at her house when it's raining), [Samantha](#) (when she's in the village, she cooks at Crowley's house in the morning), [Jenna](#) (give her [Milk] or [Elven milk] on Thursday afternoon).

Some ingredients can be bought from certain villagers; some are dropped randomly from enemies. They can also be eaten without cooking, but with a small benefit (-2 or -1 hunger, depending on the item).

Crowley may also use a recipe to prepare a meal that requires more than one ingredient. All starting recipes are equal in nutritional value to [Tasty dinner] (-7 hunger).

#### **Starter Recipes:**

- [Omelette]:
  - [Milk],
  - [Egg].
- [Sandwich with cheese]:
  - [Cheese],
  - [Bread].
- [Sandwich with meat]:
  - [Meat],
  - [Bread].
- [Fish with vegetables]:
  - [Fish],
  - [Vegetables].

#### **Specialty Recipes.**

In addition to the normal recipes that Crowley knows by default, you can get more complex recipes for dishes that give extra effect. As of 0.357, there are only two of them:

- [Goblin stew] - falls from fat goblins. Requires: Apprentice rank. Effects: -20 hunger, +3 to max. MP:
  - 3x - [Blue mushroom],
  - 1x - [Elven milk],
  - 1x - [Goblin ale],
  - 2x - [Wild carrot].
- [Soothing tea] - can be found during the [quest](#). Requires starting rank. Effects: -200 lust:
  - 1x - [Orc's grass],
  - 1x - [Centaur's mint],

## *Alchemy*

Boosts when Crowley brews any potion in his basement laboratory. The potion requires [Empty bottle] and ingredients specific to that potion. Rank only affects the strength of health and mana potions:

- Novice → [Health potion] (+100 HP), [Mana potion] (+60 MP). Can be bought from Rose.
- Apprentice → [Good health potion] (+200 HP), [Good mana potion] (+120 MP).
- Master → [Strong health potion] (+300 HP), [Strong mana potion] (+180 MP).

## ***Potions***

Potion recipes their effects and where to find them:

- [*Health potion*] - unlocked from the beginning. Also cures poison. (see above):

  - 1x - [*Beer*],
  - 1x - [*Piece of slime*],
  - 1x - [*Wild carrot*].

# Upgrades and skills

Crowley does not gain experience by defeating normal enemies. The only ways to gain experience:

- Read a book in the bedroom in the evenings (+5 EXP, [time rewind]).
- The book in [Melissa's](#) room (+5 EXP, [time rewind]).
- [Quest](#) fulfillment.
- Go hunting and exploring dungeons with Eric.
- Cooking in the Morning with [Samantha](#) (+20 EXP, [rewind time]).

Leveling up not only increases Crowley's stats, but also unlocks new skills (and some quests). Unlike other games, Crowley does not automatically gain skills when he reaches a new level. Instead, he must learn these skills at home, at his desk, there are other conditions. (A tiny, nearly invisible candle on the table should serve as a visual indicator of whether there is something new to learn.) Skills are learned in the sequence below - you learn the lower level skills first, even if you have level requirements for the higher ones met. Since you can only study once per day, you can also only study one new skill per day. Learning a new skill gives +5 EXP.

- **Level 1 (0/0 experience):**
  - Beginning Crowley skills (no need to teach):
    - (Non-combat) **Wank (Fap)** → Allows Crowley to masturbate at any time if he is highly aroused.
    - (non-combat) **Meditation** → -50 lust, +30 MP, +5 hunger, [time rewind]. It cannot be used in some quest dungeons.
    - **Fire Arrow** is a magical fire attack.
  - (non-combat) **Clear feelings** → displays the numeric values of hunger and lust.
  - (Non-Martial) **Mindreading** → for a short period of time, the character's relationship value and lust level (if any) is displayed when Crowley speaks to those characters.
  - **Protective circle** - increases your defenses for several turns. It can be cast outside of combat as a preparation, in which case it lasts as long as you don't move.
- **Level 2 (+50 / = 50 experience):**
  - **Fireball** is a more powerful fire spell with a 20% chance to set enemies on fire and a 30% miss chance; it can be improved with practice:
    - After 50 uses, the spell improves to Fireball+ (**Fireball+**) → 20% set target on fire, 20% miss chance.
    - After 100 uses, the spell improves to **Fireball ++ (Fireball ++)** → 20% set the target on fire, 10% miss chance.
  - **Sleep** - To learn it, you need some [*Fairie dust*] in your inventory, while learning it takes [rewind time to morning].
- **Level 3 (+112 / =162 experience):**
  - **Icy needles** - requires [*Beer*] in your inventory to learn.
  - (non-combat) **Concentration** - the MP cost of spells is halved for a few turns. It can be cast outside of combat as preparation, in which case it will remain in effect until you have walked 30 steps.
    - Crowley mentions heroes meditating under waterfalls as he studies. Afterward, interact with the base of the village waterfall to learn the spell.
- **Level 4 (+204 / =366 experience):**

- **Freezing** is a more powerful ice spell that can paralyze enemies; it can be improved with practice by upgrading to Freezing + (**Freezing +**) and then to Freezing ++ (**Freezing ++**). To upgrade, you must use the spell 50 and 100 times respectively:
  - After 50 uses, the spell improves to **Freezing + (Freezing +)**.  
→ 20% freeze target, 20% miss chance.
  - After 100 uses, the spell improves to **Freezing ++ (Freezing ++)**.  
→ 20% freeze target, 20% miss chance.
  - To learn it, you'll need [*Snowball potion*] (sold at [Rose's](#)) in your inventory.
- **Level 5 (+329 / =695 experience):**
  - **Darkness** - Dark magic attack in an area. Deals more damage at night or when attacking sleeping enemies.
    - The quest "The [Contract](#)" is required. While studying, Crowley mentions that Jimm never taught him dark magic. Afterwards, summon a demon to help with the spell.
  - (non-combat) **Wicked mind** - **+50 lust**, removes silence, blindness, and confusion.
    - The quest "The [Contract](#)" is required. While studying, Crowley mentions that [Meryl](#) can teach him some succubus tricks. After that, summon her and select the **Talk** option.
  - **Magic shield** - reduces the damage of enemy spells until end of turn, increases the chances of dodging or reflecting them back at the attacker.
    - [Jill's](#) presence in the village is required.
- **Level 6 (+485 / =1180 experience):**
  - **Dark thoughts** - 65% chance to confuse enemies, effective against a group of enemies, effective for 2-4 rounds.
    - A conversation with the magic eye is required. Crowley says he must try a spell in his magic circle, so go to the basement and do so.
- **Level 7 (+672/=1852 experience):**
  - **Vampire touch** - Sucks **HP** out of target enemy, 20% on miss, -20% magic and physical defense, Crowley also gains **+15 to lust**.
    - As of 0.353, scene-stealing - the developer said that in the future, this skill will be learned from a character who has not yet been added to the game.
- **Level 8 (+890 / =2742 experience):**
  - **Lightning (Thunder)** - essentially the most powerful spell of the above has the lightning attribute; it can be improved with practice by upgrading to Lightning + (**Thunder +**) and then to **Lightning ++ (Thunder ++)**. To improve, you must use the spell 50 and 100 times respectively:
    - After 50 uses, the spell improves to **Thunder + (Thunder +)** → increases the spell's base damage by 20.
    - After 100 uses, this spell is upgraded to **Thunder ++** → increases the spell's base damage by 40 and gives this spell the ability to deal critical damage.
    - After interacting with the book, Crowley will tell you that if it's not raining outside, go down to the basement and perform the **Ritual of rain**.

A small note about status effects: in 0.350.2 some nuances have appeared. Both characters and enemies become wet if the battle starts in the rain. Wet enemies are more vulnerable to cold and electricity and less vulnerable to fire; they can't be set on fire but are easier to freeze, and fire spells remove the wet status on hit. Burning enemies are less vulnerable to ice and water and cannot be frozen, but ice spells extinguish them. Frozen enemies are more vulnerable to ice, less vulnerable to fire, and cannot be set on fire, but fire spells thaw them. Sticky enemies (Rose skill) can always be set on fire with a fireball.

## ***Skills learned in a different way***

Some skills can be learned from other sources:

- (non-combat) **Return** - This is a separate small [quest to](#) obtain. It cannot be used in combat or in some quest dungeons, even if Crowley is alone.
- (non-combat) **Ritual of rain** - This is learned from the same magical [folio](#) as the succubus summoning spell. It can only be performed in Crowley's basement, and it causes or stops rain.
- (non-combat) **Eye of the beholder** - (4th level) is learned by repeatedly studying the book in Melissa's room. It allows Crowley to see invisible things for a time, such as doors to hidden sections of some [dungeons](#). The effect lasts until you have walked 30 steps.
- (non-combat) **Secret of Nipplefucking** - Learned during the [quest](#). Allows Crowley to nipplefuck a girl. Applies automatically during a certain event. At 0.440, only [Carla](#) and Bolt's brother [golem](#) can be nipplefucked (if she has the necessary upgrade).

## ***Co-partner skills***

All partner skills require **TP** (Tactical points) instead of mana, accumulated during combat for any action of the character or the enemy (attack, defense, taking damage from the enemy). The amount is saved after the end of the battle.

**Eric:**

- **Strong Attack - 10 TP - 10 TP** - Strong Attack against one enemy (normal attack);
- **Counterattack - 15 TP** - Eric responds to all melee attacks directed at him (2 rounds duration);
- **Sweep Kick - 0 TP** - 50% chance to stun an enemy (stun 1-2 rounds);
- **Provoke - 10 TP** - For 5 rounds, Eric has a greater chance of being attacked by an enemy;
- **Call to battle - 15 TP** - Buffs the attack of all teammates. Can be cast twice and outside of battle: *first level* - +25% ATK and MAT, *second level* - +25% ATK and MAT. +50% ATK and MAT respectively. Valid for one fight (5 rounds).

**Jaina:**

- **Kick - 0 TP** - Kicks an enemy, dealing damage and slowing them down;
- **Cover - 5 TP** - For one turn, protects one ally with the lowest **TP**. **HP**;
- **Precise hit - 10 TP** - Deals damage by ignoring the defense of *a* single target;
- **Dirty move - 15 TP** - Temporarily blinds the enemy (reduces enemy accuracy by 60%, duration 3-5 rounds);

- **Jump attack - 20 TP** - Strong attack, but reduces your defense (for 5 rounds).

Jaina has a passive skill: when her **lust**  $\geq 200$  she gains the **Lusty berserk** effect in combat she becomes uncontrollable.

#### Rose:

- **Grenade - 5 TP** - Explodes and deals fire damage to all enemies;
- **Firefly - 15 TP** - Burns one target (increases enemy's resistance to ice and water, cannot be frozen, reduces health regeneration, lasts until the end of the battle);
- **Snowball - 30 TP** - Freezes the target (adds enemy resistance to fire, enemy cannot dodge, increases ice damage, cannot set the target on fire, lasts 4-6 rounds);
- **Sticky potion - 5 TP** - Covers the enemy with a sticky substance and slows them down. The enemy can also be set on fire more easily. Does not cancel the freeze on the target. (Lasts 4-6 rounds);
- **Preparing potions - 0 TP** - Rose increases her TP **+20 TP**.

### *The summoning of the monster girls*

These are special "skills" that can be obtained by completing some quests. At the moment (v0.440) there are only two Summons ([Lizzie](#), [Meryl](#)):

- **Lizzie** - Uses **TP** in combat:
  - **Heal** - She heals an ally, but he also gains **+30 lust**;
  - **Boobslam** - hits an enemy with his tit, hangs himself with a fortune "wet" and there's a 30% chance of stun.
- **Meryl** - Uses **MP** in combat:
  - **Succubus' Voice (Succubus' Voice)** - Her... Flirting weakens the physical and magical defenses of all enemies; everyone has a 10% chance of confusion;
  - **Darkness** - Dark magic area attack. Deals more damage at night or when attacking sleeping enemies;
  - **Life Drain** - pumps **HP** from one enemy to another;
  - **Dream** is an attack with a 50% chance to put you to sleep.

Each call of these girls consumes three units of the special internal "resource" (**SP**) of the corresponding character. These points are replenished by having sex with that character.

You can equip Crowley and his squad members with various items. Most items can be found as random loot from chests and boss monsters in dungeons. Some equipment items can only be equipped by certain characters (see below). Crowley's sprite and portrait image reflect what he is wearing (i.e. what is equipped in the Bodygear slot):

- [*Krowly's clothes*]:
  - **+1 DEF; +1 MAT; +3 MDF**.
  - This is his starter outfit.
- [*Cloak*]:
  - **+1 MDF; Resistance to "Wetting"**.
  - When Crowley tries to leave the house at night he offers to change clothes first, if you answer **"Yes"** he will automatically put on this cloak.
- [*Black lingerie*]:
  - **+5 AGI**.
  - Sells Reina in his forge for **50 gold pieces**. One underwear is in the chest in the Cheat Room.
- [*Heavy goblin armor*]:
  - **+3 DEF; -1 MAT; -1 MDF; +10 AGI; +10 LUK; +20 MHP; +10% EVA; -10% TGR**.
  - Can be obtained as a reward from the goblin village chief after three Snu-Snu orgies (orgy triggers if Crowley has maximum lust points (300)).
  - If Crowley is wearing this outfit, goblins and fat goblins will offer to do Snu-snu (options as when you win a battle), goblin shamanesses will not attack you.
- [*Bandit outfit*]:
  - **+3 ATK; +3 DEF; +10 AGI; +15 LUK; +10% EVA; -10% TGR**.
  - Can be obtained by completing the [Undercover](#) quest.
  - If Crowley is wearing this outfit, bandits cease to be aggressive, instead of fighting, dialog is initiated when contacting them. (read more [here](#))

All of his clothes (except the standard, cloak and [*Bandit outfit*]) show his erection when he is sufficiently aroused, and walking around naked elicits amusing comments from the villagers he interacts with, and may trigger a scene with Jaina in the tavern.

If he is under the effect of [*Boobs potion*], you can use the [*Decolletage switch*] key item to choose whether or not his main clothes will have decolletages on them.

# Enemies

These are creatures hostile to the player, which are present in almost all locations, each type of creature has its own respawn timer, even if the player did not leave the location monster will reappear. For open locations and for dungeons/hunting locations the situation is different, somewhere enemies respawn very quickly, and somewhere do not respawn at all.

Some enemies, except for physical attacks, use lust attacks that directly affect the lust level of the player or his teammates, when it reaches the maximum (300 units), the player automatically loses the battle. Losing battles plays an image of a sex scene (for each enemy, it is different) Crowley loses **lust** as a result and [time rewind] is activated.
