walkthrough_lizaveta':

In the hall of the university we get acquainted with Vovan, To show yourself as your dude, showing «coolness» and we do a couple of tasks from him.

Of course, because of this, we will receive punishment from the rector and his wife.

I`ll have to work at their house, after several times, we agree to a thank you in the form of a home-cooked dinner.

The fucking rector is of course against our attending a home-cooked dinner, but we put a dick on him and move on..

After the threat of expulsion, we go to his office in 18 hours. Then we need to catch Loshka in the hall of the university and put pressure on him. We return to the university and find out about the temporary closure, We`re leaving, And then we go back to the university, but already in Lizaveta Andreevna`s office.

Here comes the moment of choice, which way will all events develop further?

Alt.branch</p>'

In Lisa`s office, select the option «To offer to solve the issue».

After that, we catch Loshkarev in the hall of the university and force him to

pick up the application.

The next day we go to her office and then a gradual and rigid wiring begins.

After the first easy task, we return home and talk with our mother.

From that moment on, we go to the university all the time to Lizaveta Andreevna's office and in general her office will become our second home, that's why we go there almost every day. At this stage, you will already need a good camera, we buy it at the shopping center.

We continue to breed the poor thing by doing photo shoots in the office and the audience, and then we put the squeeze on it and get the prize. Now new movements are opening up, and if you have your own hut in the city center, then we take a picture of her there and brag to Vovan.

After that, joint events will open in Lisa's office, select the option «To offer support» We have embarked on a noble path of help, after that, access to the house opens.

Now you have to help the poor woman in everything. Cleaning the pool, we are renovating the room, we help with shopping and rummage around the house, and on weekends we go to the bar and go shopping for relaxation. When the relationship is at its maximum, we go to her place of work and find out how she is.

After that, we continue to go to the bar on weekends and in order to move further along the plot, you need to fill all the time with women. In 8 on weekday mornings in her bedroom, we follow her and again offer our help, you will need a massage skill.

After all-round help, Lisa will give up in the bar under our pressure, We get a prize. Then it's a matter of technique plus there will be hints in the form of thoughts, the traffic will open in different places. After many times it will be necessary to discuss the relationship, at Lisa's house on the weekend in the gym.

To have this opportunity, we need our own hut in the centre. We go to a restaurant in the city centre and order dinner. Now we go to our hut and in the evening after 19 It will be possible to invite Lisa to my house for dinner.

Everything is going well and the woman trusts us more and more, discovering new places and events for the movement...
