MIDNIGHT SIN

By Faerin Games
v0.4.1

About
You play as the bodyguard to a mentor and her three beautiful students. You live in a lavish mansion with the Household and have to protect them from harm, whilst also breaking down the barriers that they have put up. Each girl has a different personality and you will have to navigate these to get closer to them.

MC (You)

(**Monday**)
When Rebecca gets agitated with you, select, “I better take a deep breath”.
When Olivia comes to your room, select, “Hug her back”.
(**Tuesday**)
08:17 - First blackmail event in MC's bedroom (Hint: go to the upstairs shower one hour before she arrives).
(**Wednesday**)
21:00 - Second blackmail event in MC's bedroom (Hint: go to the upstairs shower one hour before she arrives).
(**Friday**)
01:00 - Third blackmail event in the middle of the night after MC has gone to bed.
(**Saturday**)
22:00 – Fourth blackmail event in MC’s room.

Go to the study at 13:00. Click on the book under Annabelle’s arm.	For the last book of Sin, go to bed at 01:00.
Go to Victoria’s room at 23:00 and click on the book on her bed.	Use the key from the bookcase in the basement on the utility closet (to the right of the washing machines).
Talk to Olivia about Annabelle twice in order to unlock the option to speak to her about borrowing a laptop, then talk about the laptop.	Go to the pool at 21:00 and drink a glass of wine with Madeline. Select “I would love to”. During your open dialog with her, select “(Focus!) until Madeline reaches at least 25 love.
Once you do Olivia’s second TV event and get the laptop from her, click on it to trigger needing to get into Annabelle’s room. Then try to enter her bedroom at 15:00 the following day. There will be a hint telling you to create a “toilet emergency” in order to distract Kate. Go to the downstairs bathroom and use the toilet paper on the toilet.	Try to have your workout with Annabelle at 16:00, but cut her some slack. You will need to do this twice. The first time, cover for her at dinner, and the second time, tell the truth during dinner. Peek into the punishment room at midnight.
Go to Madeline’s room at 21:00 when Rebecca is preparing Miss Caine’s bath (look for Madeline’s hint to indicate her bath being prepared). Click on the book in front of her bed (you can’t get it yet). Then go back to Madeline’s bedroom at 16:00 the next day. Look around the room for the book.	At 16:00, you will get a message on your phone that you have been paid $50,000. You can now pay off your debt to Ruslan. Use the city map and click the icon between “your apartment” and “maid”.
The invitation to join the girls for dinner is triggered by completing the fourth blackmail event.	**Training (MC):** Once you have some extra money, you will be able to buy items at the Mega Mall in order to increase your stats through training at the mansion.
In order to give Annabelle the workout clothing from the mega mall, you must have seen her get spanked by Madeline.	**Training (Victoria):** Once you’ve defeated Devon, you will be able to train with Victoria between 20:00 – 23:00, though your skill must be at least 50.

Books of Sin	
Volume One - Gluttony	Already included.
Volume Two - Greed	Found in MC's room.
Volume Three - Sloth	Found under Annabelle's arm in the study.
Volume Four - Envy	Olivia has the book in her possession.
Volume Five - Pride	Found in Victoria's room.
Volume Six - Wrath	Already included.
Volume Seven - Lust	Found in Madeline's room.

In order to unlock the door in the basement (once you have the key), use the colors you saw in the bookcase that corresponds with each of the volume numbers of the books of sin and the paintings throughout the mansion.

Hint: The pass-code for the door that represents the colors of 7 books of sin will change with each play-through. So the code may not be the same for everyone. This was intentional and not a bug.

This is an example of the color code you *might* see, not the actual color code itself.

Using these examples, the hypothetical pass code would be: 1243

Fight Scene

In the fight scenes, you ***must*** use your arrow keys (up, down, left and right) to select the appropriate arrow that drops down into the circle on your screen. Anywhere outside the circle is a miss. Losing the fight is not on option, otherwise you would be fired from your job. Orange and green are hits to your opponent, while red is considered a miss (and he lands a shot on you).

Killing Rabid Squirrels

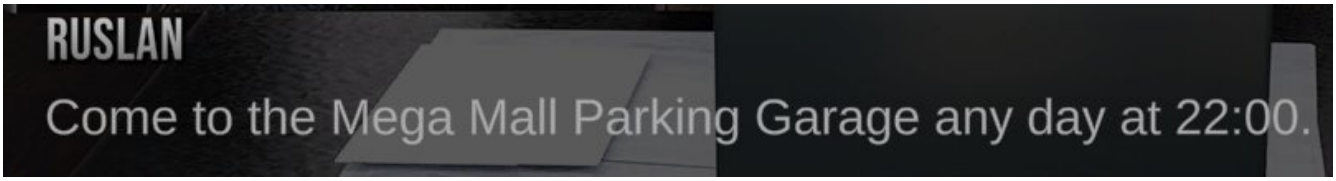

You must kill 20 squirrels by clicking your sword pointer on the eyes before the timer runs out (within 30 seconds) which will appear in 15 random locations in order to earn 10 gold (to initially enter through the city gates). You will also receive bonus points for completing this task (this mini game is repeatable, once per day, but you will *only* gain additional bonus points for each replay).

How to Earn Extra Money/Bonus Points

Currently (as of v0.3.0), there is only one way to earn extra cash you will need in order to purchase items at the Mega Mall, and that is by going to Ruslan's Fight Club located at the parking garage of the mall between 22:00 and midnight on any day of the week. Ruslan tells you this after you've paid your debt to him. Other ways to earn extra money will be added in future updates.

You *can* skip the fights, if you prefer, but you will not gain bonus credits, which may be required to unlock bonus content in future updates. You must also complete 5 fights (without skipping) in order to receive the "Brawler" achievement.

The stats for the MC are as follows:

Power	increases your base damage (working out with the weights).
Skill	increases your reaction time (working out with the heavy punching bag).
Endurance	increases your hit points (taking laps in the pool).

So to start with, you will need to buy the following items: men's workout apparel, boxing gloves and swimming trunks. Eventually, you will need to buy the women's workout clothing (when Annabelle's hint suggests going to Sweat in Style at the mall).

Please note, you can only do **one workout** session **per day**.

Important info: Note that the only times you can workout in the basement or swim in the pool are when the girls are not working out, sunbathing or swimming, and Kate isn't cleaning the pool area.

Currently (as of v0.3.1), there is another way to earn extra bonus points by logging into Hentai Impact at any time of the day and playing the rabid squirrel mini game at the Pristine Forest. You can only do this **once per day**, but remember, do not play the mini game when you are required to take one of the girls to their appointments on time, otherwise you will be fired.

Bonus points are not used as of yet and will be implemented in future updates.
