## Morning lecture

There are three possible scenarios:

- 2) the MC is in a relationship with Rachel (a little conflict between Rachel and Fergus + a little conversation with Rachel after her lesson)
- 3) the MC helped Rachel with her husband, but no longer develops a relationship with her (part of the dialogues from the previous version of the event)

*This event won't give you any points, it's just part of the overall plot*

### Hint how to do it better: if you want develop a relationship with Sara, Ashley and Kim!:

When Vlad gives MC the car keys and you have a choice to ride right away or go to the club (and fuck Kim), choose the first option (or the second option, but refuse to have sex with Kim. She'll be upset at first, but everything will be fine in the future). In these cases, you will help Sara and keep the relationship with Ashley as well, but at the same time, you do not spoil the relationship with Kimberly.

## Meeting with Kim in the office – main part

- In the “Sara only” path, the MC will still remain friends with Ashley.
- If the MC had **anal sex** with Ivy in “0.9.5 Sex with Ivy”, the relationship with Ashley would be over anyway. If the MC tries to lie on Ashley in the last conversation, it could be a threat to the relationship with Sara as well.
