

Between Humanity Version 0.3 Walkthrough

The following options represent the 'ideal' approach to playing the game. However, be mindful that opting for these choices may lead to missing out on content, I advise multiple playthroughs for the full experience. In most cases I've created additional context for declined events to maintain smooth gameplay.

If a choice doesn't appear in the list, it has no direct effect on a relationship or story but might still lead to different context.

Chapter 1

- Check Lucy out. (Yes.)
- That's a shame...
- Yes.
- Cut Lucy off.
- Flirt back.
- Sure!
 - Pepperoni, like Lucy.
- Check Anya out. (Yes!)
- Admit you took a "peek".
- Yes, please!
- Yes, I do!
- We're just fuck buddies.
- Give her a hug.
- I might not be able to hold back next time...
- Choose Anya or Jane (Won't end the path, no worries, might make both routes available later on):
 - Check if the noise came from Anya's room. (Anya)
 - Of course!
 - Go look downstairs. (Jane)
 - ... hot!
 - I should **not** be doing this, but...
- Stay and watch.
- "Tell a joke." OR "Try a *slightly* more dominant approach." (Gives Dom points at a cost)
- Tease the teacher a little.
- Nothing ventured, nothing gained!
- Sometimes you gotta go head first. ("Yeah, baby! That's what I've been waiting for!" if disabled lesbian content)
- You had me at "cute girl".
- Fuck yeah!
- Talk with Jade (Yes.)
- She's a cutie!
- I doubt she'll even believe me..

Chapter 2

- Answer.
- Caress her.
- Comfort her.
- Do it.
- Sure.
- Looks perfect!
- Go for it!
- (Free fun? Let's go!) vs. (Can't risk anything.)
 - Personal choice, no effect on any relationship.
- Yes.
- Sure!
- **Hug Lucy** > Thank Lucy
- Perfect.
- (Revealing clothes) or (cute clothes)
 - Personal preference.
- Something different --> Sexy
- "It's alright. Show me more."
 - Until you get "I shouldn't over do it...", then press "Amazing!"
 - Or go with "Amazing!" from the get-go.
- "Yes!" if you like it a little rougher later, otherwise "No."
 - "Yes!" will get chosen automatically if you chose dominant options before (If you followed the walkthrough, it should be skipped automatically)
- Hug her.
- Yes.
- Sure!
- Gaming: If you lose a fight, just try again, no penalties, except if you don't beat the skip it.
 - Remember that you can skip through it with ctrl, if you don't like it for some reason.
- Be truthful.
- Yes!
- I'd love to...
- Go on...
- Every drink works just fine, extra dialogue with Venus on the second and third.
- Yes.
- Hell yeah!
- It's fine. I don't mind.
