Explanation

Attention!

The each walkthrough Chapter divided into routes. If you find in the text marks having a letter with a number, f.e. (D3), these are an indication of intersection with other routes. Probably, you should fulfill some action.

Example: In the beginning of the 2nd Chapter in "Dorothy" route you can see label (K1). Go to the route "College" (K) and look for the number (1) [it's scene of "night conversation with Meri"]. Therefore, only when you have completed that scene you can start "Dorothy" route.

Chapter 2

"College." (K)

Main part

* Meridiana appears and gives Hans a few days to complete the next stage of corrupting Cassandra. If you're not fast enough, you get **ending "Ruine of College of noble maidens"**

Some new icons appear in the game interface.

1. Progress in the corrupting of Cassandra. A stage is indicated by the color of a circle (first white, then blue, etc.). Rabbits show how many steps are in this stage and how many are completed. In the picture on the right, we see the second stage (blue circle), the stage contains 4 steps (4 rabbits) and two of them are completed (two red rabbits).
2. How much Cassandra thinking about sex. The circle turns bluer every day (because Cassandra is not used to focusing on sex). If the circle is completely blue, Cassandra will start to ignore the meeting at the office. Ask Jasmine to talk to Cassandra about sex. You can watch the conversation, usually it takes place on the nearest evening, if Cassandra

does not have more significant events.

3. Do Cassandra likes College? The circle turns bluer every day (many girls are unfriendly to Cassandra). If the circle is completely blue, Cassandra will start to ignore the meeting at the office. Ask Anna to talk with Cassandra about College. You can watch the conversation, usually it takes place on the nearest evening, if Cassandra does not have more significant events.

4. Elsa's attitude to you. It depends on how much attention you give her. Initially, the circle is black, you need to ensure that the blackness completely disappears, otherwise Elsa will lose her patience and will be on Magister's side (ending "Elsa, you're crazy!"). To improve the attitude, ask for help from Elsa, invite Elsa to the election of a lady-in-waiting. However, if Cassandra doesn't come, the invited Elsa will get angry and her attitude to you will worsen.
