Update Notes

- Old saves will not work in this version, so you must start a new game. At this point in time, we recommend at least one save file for the **Screaming Gophers** in an alliance with Heather (where you also pursue Gwen), one blackmailing her (where you also pursue Lindsay), and one for the **Killer Bass**.

General Gameplay

- *Total Degeneracy Island* is first and foremost a relationship simulator. You play as an OC contestant on the island and show, interacting with the characters you already know and love, becoming their friends or enemies as you compete to not get eliminated! Your choices in the game and especially during Challenges will influence how the other campers will treat you, and determine which quests and eventually h-scenes will be available to you.
- Player relationships are tracked on a scale from 0-100, and player choices during Challenges and FREEROAM sections will increase or decrease this value. In this guide, all choices that affect relationships are labeled **+X REL** or **-X REL**. Often, pivotal choices will increase REL with one or more characters while decreasing it with others, so choose carefully and determine which characters you want to prioritize!
- The first and biggest choice you must make is which of the two competing teams to join: the **Screaming Gophers** or the **Killer Bass**. Because challenges and eliminations are scripted (for the most part), neither team has a tactical advantage over the other, but this choice will set the tone for the whole rest of your playthrough: many dialog options and quests even outside of h-scenes will change based on which team you choose. For this reason, we recommend at least two playthroughs to make sure you see all content. You can use the *Team Breakdown* section to determine which team will reward the scenes you want most.
- During FREEROAM, you can move freely around the island to any location you've previously unlocked. The other campers will be scattered about, also changing locations based on the day and time. A day is split into four time periods: Morning, Noon, Evening, and Night. Outside of the very first FREEROAM, time will advance automatically after 4 camper interactions or a single h-scene. FREEROAM sections will generally fall into one of two categories, weekday sections and weekend sections. Weekday sections take place between a Challenge and that week's elimination ceremony, and will provide campers with the opportunity to try and influence each other's elimination votes. This is why it's important to maintain your REL with as many characters as possible, because if you ever find yourself in the hot seat, getting eliminated will mean a game over. Weekend sections take place between an elimination ceremony and the next Challenge, and are shorter and generally lower-pressure.
- When you choose to talk to a character in FREEROAM, several dialog options will appear. For now, there are few-if-any choices in these dialogs, and anything other than the "Girls" and "Vote" options will reward you with a flat **+2 REL** with that character. If a character has an active event (denoted by a ! next to their portrait in the UI), it will bypass this choice and play the event automatically.
- The voting mechanic is just for show, and campers will be eliminated in the same order they were on the show. The exception to this is if your actions result in you being up for elimination, in which case accumulating too many votes *will* result in a game over.

Walkthrough – Week 1

- Dock intro – Enter your name whenever Chris asks.
- Campfire intro – Choose between the **Screaming Gophers** and **Killer Bass** for your team. This choice will determine which scenes are available to you during your playthrough, and will immediately provide **+20 REL** to each member of the team you choose and **-10 REL** to the opposite team. See the *Team Breakdown* section to help make your choice.
- **FREEROAM #1** – You are confined to the Cabins Ext. and Cabin Ints. for this FREEROAM. Meet the other campers and get a feeling for who you want to make friends or alliances with!
 - Find your bunk - **Killer Bass**, enter the farthest-left cabin door. **Screaming Gophers**, enter the farthest-right door.
 - Meet the other campers – The other 22 campers are all either in the Cabins Ext. or one of the four Cabin Ints. Find and talk to them all in the Evening, because at Night you will only have access to your team's Cabin Int. See the *FREEROAM Camper Locations* section at the end of this guide for exact camper locations.
 - When talking with Bridgette and Geoff, choose “Agree with Geoff” for **+3 REL** with him but **-3 REL** with Bridgette. Choose “Agree with Bridgette” for **-3 REL** with Geoff and **+3 REL** with Bridgette instead.
 - When talking with Noah and Cody, choose “Play along” for **+3 REL** with Cody, or “Burst his bubble” for **-3 REL** instead.
 - When talking with Heather and Lindsay, choose “Antagonize her” for **-5 REL** with Heather (but much better dialog!).
 - When talking with Katie and Sadie, choose “Offer a solution” for **+3 REL** with both girls.
 - When talking with Owen, choose “Praise him” for **+3 REL** with him.
- **Challenge #1** Cliff Jump – **Killer Bass** will have to choose between “Jump naked” and “Make Eva do it”.
 - “Jump naked” will award **+20 REL** with Eva, **+10 REL** with each of the other **Killer Bass**, and **+5 REL** with each **Screaming Gopher** girl. This choice also results in some funnier confessional dialog.
 - “Make Eva do it” will result in **-60 REL** with Eva, but you get her scene. NOTE: there will be no way to recover this REL before Eva is eliminated, so you will miss out on her future scenes.
- **Challenge #1** Hot Tub Minigame – You will have to construct a hot tub out of the provided pieces. **Screaming Gophers** will have access to the blueprints, **Killer Bass** will not. See the *Minigame Guide* section for the finished image.
- **FREEROAM #2** – You can now freely visit any location on the island you've been to previously. You have four days to explore and talk to the other campers. Your first priority should be talking to Courtney in the Evening or Night to get her scene. Then you should visit Lindsay in the **Screaming Gopher** girls' cabin (in the Evening) to play the first round of her minigame, talk to Izzy to start her quest (and steal Eva's panties first, in the Morning, because her time on the island is limited!), and concentrate on maxxing out your relationship with Eva so you can invite her to the hot tub and get the full scene there (only available if you did the naked jump in **Challenge #1!**).
- Vote – You must vote who to eliminate between Courtney and Ezekiel. If you viewed Courtney's scene, Ezekiel will be the only available option. Ezekiel will be eliminated either way.
- **FREEROAM #3** – Speak to Izzy and complete the next part of her quest, then focus on building up your REL with all other campers to get their votes and hot tub scenes.

Walkthrough – Week 2

- **Challenge #2** Running – You can choose where you want to run. During the Awake-A-Thon section
 - “Run at the front!” will award an animated jogging scene with Lindsay and +5 REL with her.
 - “Run in the middle!” will award an animated jogging scene with Bridgette and +5 REL with her.
 - “Run at the back!” will not award any scene.
- **Challenge #2** Awake-A-Thon – There will be extra dialog between Lindsay and Heather if your REL with Lindsay is 50 or higher. Next, you must choose which girl to spend time with during the challenge – Bridgette or Courtney for the Killer Bass, Gwen or Izzy for the Screaming Gophers. Each choice will award you +5 REL with that girl. Gwen is the only one who awards a scene here.
- **Challenge #2** Sheep Minigame – If you are on the Screaming Gophers team and picked Gwen to spend time with, you need to reach a score of 32 or higher to get her scene at the end of the challenge. If you are on the Killer Bass, you will actually want to score more than 20 but *less than* 32, otherwise you will lose -10 REL with the whole team and be up for elimination. You can still avoid being eliminated here if your RELs are high enough, but it’s easier to not have to worry about it. Otherwise, your score doesn’t matter much, but you’ll get more interactions with your chosen girl the higher your score is.
- **FREEROAM #4** – Because of how long the last challenge took, this is a shortened FREEROAM section! You’ll want to prioritize talking to Heather and then Eva to complete the MP3 player quests. You’ll get +10 REL with Eva for doing so successfully, as well as an animated scene if you are on the Screaming Gophers or did the **Challenge #1** naked jump. You’ll also want to invite Eva to the hot tub with you, but try to get your REL to 100 with her first for the full nude scene. Otherwise, you can play the next round of Lindsay and Izzy’s minigames, and try to raise your REL and get more hot tub scenes.
 - Choosing “Suggest an alliance” with Heather will give +5 REL with her and set the tone for future Heather interactions and scenes.
 - Choosing “Blackmail her” instead will give -20 REL with her and set the tone for future Heather interactions and scenes.
- **Vote** – If you are on the Killer Bass and scored less than 20 or more than 32 during the **Challenge #2** minigame, you will be in danger of elimination! Make sure your REL is 70 or higher with at least half of the remaining campers to avoid being voted off! Otherwise, the choice will be between Harold and Eva, and Eva will be eliminated. If you get eliminated, there’s a fun bonus ending that plays, but it does ultimately result in a **GAME OVER**.
- **FREEROAM #5** – Play the next round of Lindsay and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.

Walkthrough – Week 3

- **Challenge #3** Dodgeball Minigame – Each time you play this minigame is just for fun; your score will not affect anything story-wise.
- **Challenge #3** Second Match – After Lindsay gets hit, if you are on the **Screaming Gophers** you will get a choice between “Go to her!” and “Let someone else do it.”
 - “Go to her!” will unlock her animated scene, but put you up for elimination this week and cost **-10 REL** with the other **Screaming Gophers** and **-20 REL** with Heather which you’ll need to gain back if you don’t want a **GAME OVER**. You will also get the choice to “Add insult to injury” to Tyler, which will result in **-60 REL** with him that will not be able to be regained.
 - “Let someone else do it.” will unlock a pinup of Katie instead.
- **FREEROAM #6** – Play the next round of Lindsay and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes. Remember, you need to have 70 REL or more with each other camper to secure their vote if you are up for elimination!
- **Vote** – If you are on the **Screaming Gophers** and left the dodgeball game with Lindsay during **Challenge #2**, you will be in danger of elimination! Make sure your REL is 70 or higher with at least half of the remaining campers to avoid being voted off! Otherwise, the choice will be between Lindsay and Noah, and Noah will be eliminated. If you get eliminated, there’s a fun bonus ending that plays, but it does ultimately result in a **GAME OVER**.
- **FREEROAM #7** – Play the next round of Lindsay and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.

Walkthrough – Week 4

- **Challenge #4** Intro – This plays slightly differently depending on past choices with Gwen and Lindsay.
- **Challenge #4** **Screaming Gophers** Branch – Unlocks Heather and Izzy scenes.
 - Choosing “Congratulate him” will award **+3 REL** with Owen.
 - If you are in an alliance with Heather, you must choose between scenes with her and Gwen. Both choices award **+3 REL** with Heather.
 - “Distract Gwen” will unlock an animated scene with her and award **+5 REL**.
 - “Stay and help Heather” will have you play another minigame and get a kiss from Heather instead.
 - If you are NOT in an alliance with Heather, you can choose to “Hang out with Gwen” for the same scene with her, or, if you got the Lindsay Handjob scene previously, choose “Hang out with Lindsay” instead for an animated scene with her.
- **Challenge #4** **Killer Bass** Branch – Unlocks a Katie and Sadie scene. If you are in an alliance with Heather, you also get the same choice between Gwen and her as the **Screaming Gophers** branch.
- **Challenge #4** Talent Show – Unlocks scenes with Katie and Sadie, Bridgette, and some hot erotica reading by Heather. Choosing “Applaud politely” during Courtney’s act will award **+3 REL** with her. If you are on the **Screaming Gophers** team, you will automatically lose **-60 REL** with Cody and make a permanent enemy out of him.
- **FREEROAM #8** – Prioritize talking to Heather in the **Gopher** girls’ cabin if you are either in an alliance or blackmailing her for a scene. If you are on the **Killer Bass**, you can also talk to Courtney. Play the next round of Lindsay and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes. Remember, you need to have 70 REL or more with each other camper to secure their vote if you are up for elimination!
- Vote – If you are either in an alliance with Heather or blackmailing her, you will be forced to vote for Justin.
- **FREEROAM #9** – This is where the game ends for now!

Minigame Guide – Challenge #1

- This is what the completed hot tub should look like.

Minigame Guide – Cockroach Crusher

- This minigame can only be played once per in-game week. Lindsay will reward you with +5 REL each time you play, and additional pinups and scenes upon reaching certain cumulative score thresholds:
 - 190 points – Cheek Kiss

Minigame Guide – Izzy’s Panty Puzzles

- This minigame can be played once per FREEROAM. Izzy will reward you with **+5 REL** for every pair of panties returned to her, as well as scenes at certain other thresholds:
 - Two pairs – Pussy Flash
 - Five pairs – Mutual Masturbation
- When searching for panties, you can only click on a girl’s luggage to start the puzzle if the cabin is currently empty. Use the *FREEROAM Camper Locations* section to pick a time that works.
- Currently, the available minigames are Eva’s, Bridgette’s, Sadie’s, Katie’s, and Gwen’s, in that order. **Eva’s minigame can only be played during FREEROAM #2 or FREEROAM #3, so be sure to prioritize this one!**
