

My Friend’s Family

Walk-through v0.19.0

**Story Plot:** Before joining the military, your friend asked you to live with his family. He wants you to protect his mother and sister while he's gone. Being unemployed due to COVID-19, you decided to accept his offer since you wouldn’t worry about rent payment anymore.

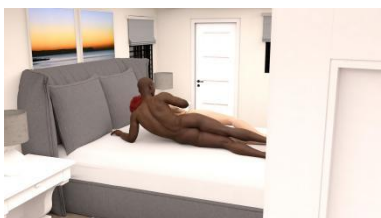

Depending on your choices, the game will lead you to one of these routes:

- ✧ **Netori:** The MC is in a relationship or more depending on choices. His personalities are also different, from a nice guy to a pervert.
- ✧ **Netorase:** Unlike the Netori route, the MC decides to share his women.
- ✧ **Netorare:** The MC will become a simp or even enjoy femdom at the end of the story.
