

Welcome to the walkthrough document for "Just a f#cking game", a game with explicit sexual content. We've removed or censored most explicit images within this document, but only continue reading if you accepted the game's legal notice.

The first build of the game is **completely free**. Visit <https://justafuckinggame.com> for more information.

If you like the game, please subscribe to support us and obtain a **new build with content every month** if there are enough supporters. This document is updated to walk you through the content up to **Build 2**.

Supporters get access to Discord as well, where you can help shape the story for upcoming releases, raise issues and help to further improve the game.

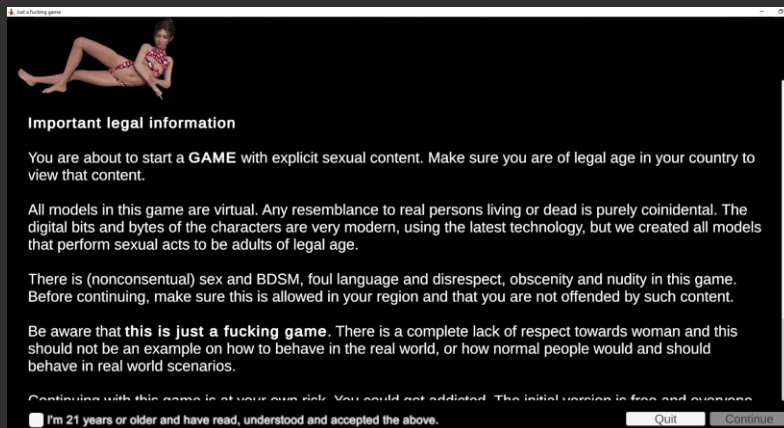

It would be **more fun** to play the game without this walkthrough, but it could help in case you get stuck or just want to get through it as soon as possible.

Enjoy the game!

Build 1 (free public release)

👉 The first time you install the game to a new machine, or if the statement gets updated, it will show you the legal warnings. Read it and when you are allowed and willing to proceed, continue by ticking the checkbox and press "Continue".

👉 You now enter the main menu. Hover over any of the characters to see the menu options. Load and save will not be useful yet and you will not have unlocked anything at the gallery, but Settings could be a good first start to alter the music, voice and effect volumes for your device. When you are ready to proceed, click the girl at the right showing the "Continue" label.

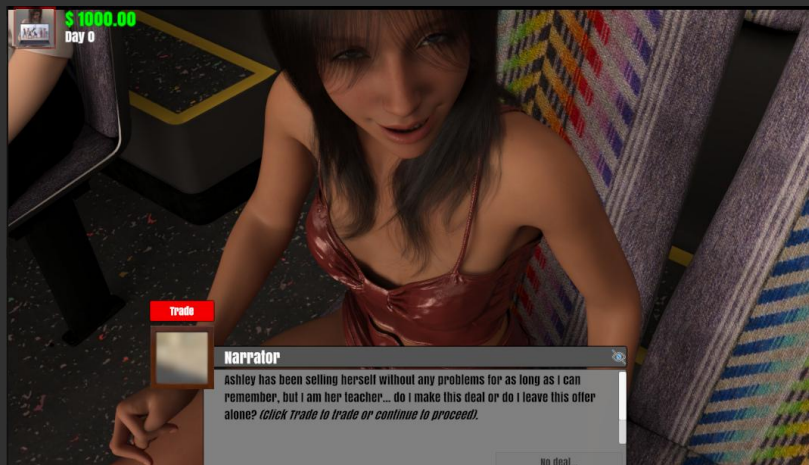

👉 You start the game with \$1000 to your name, driving the bus to school. At the top left is the button that will take you back to the main menu, your account balance and the current day is displayed beside it.

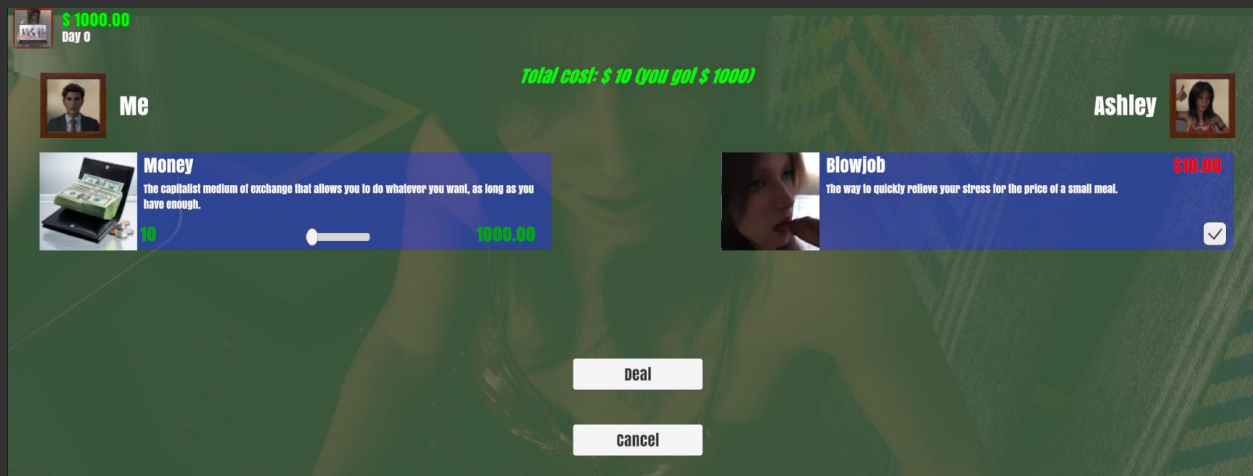

Hover over any of the three girls to start their story. **Pick Ashley (the girl on the right).** Don't worry, each day you drive to school allows you to sit with someone else:

👉 Listen to Ashley's story and click the red "Trade" button:

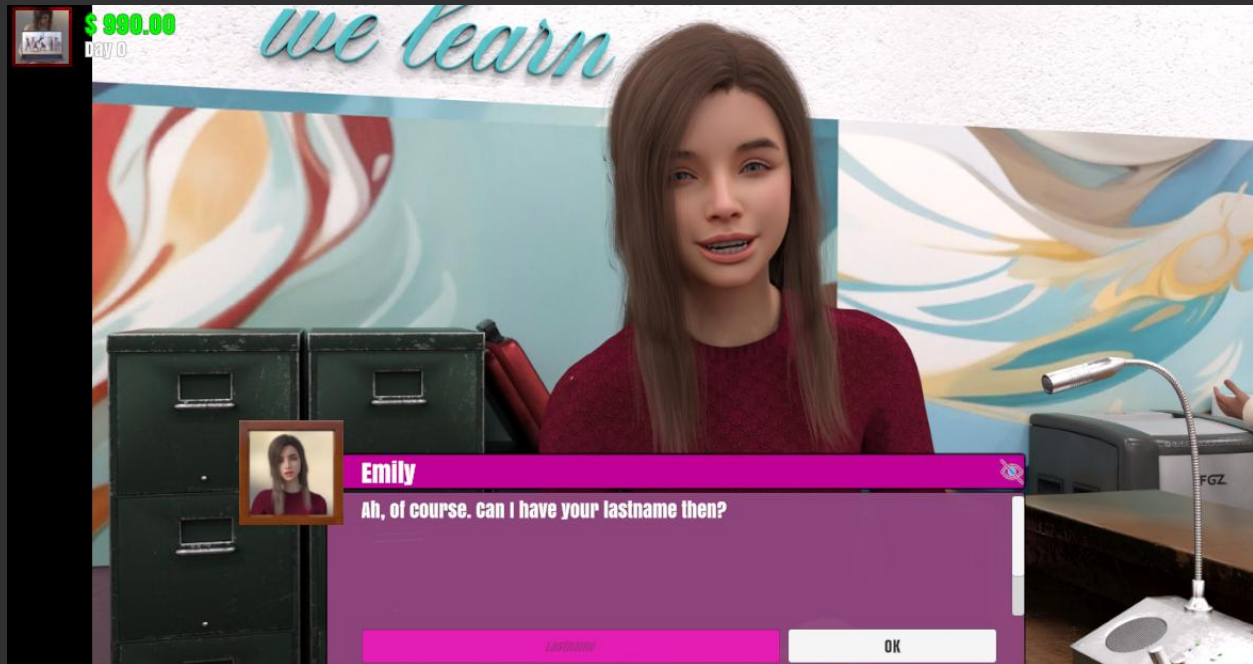

👉 Click the “Blowjob” checkbox and click “Deal”:

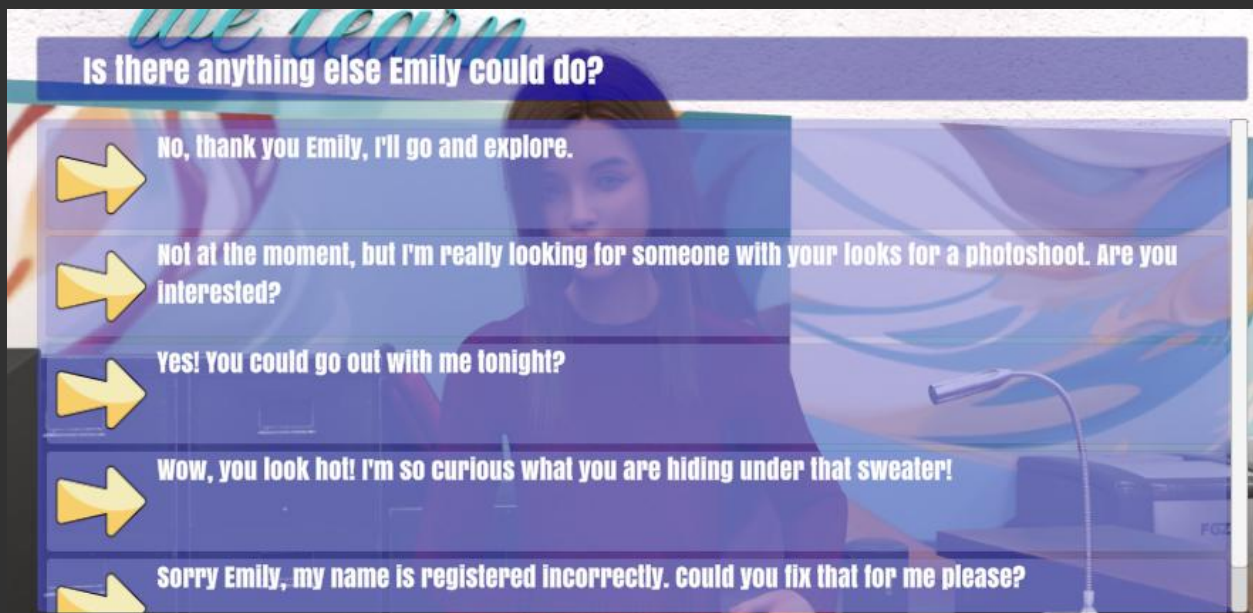

👉 **Watch the blowjob scene till the end**, at the video part you can select different angles and styles. The image below was not censored, it's just milk she's spilling here...

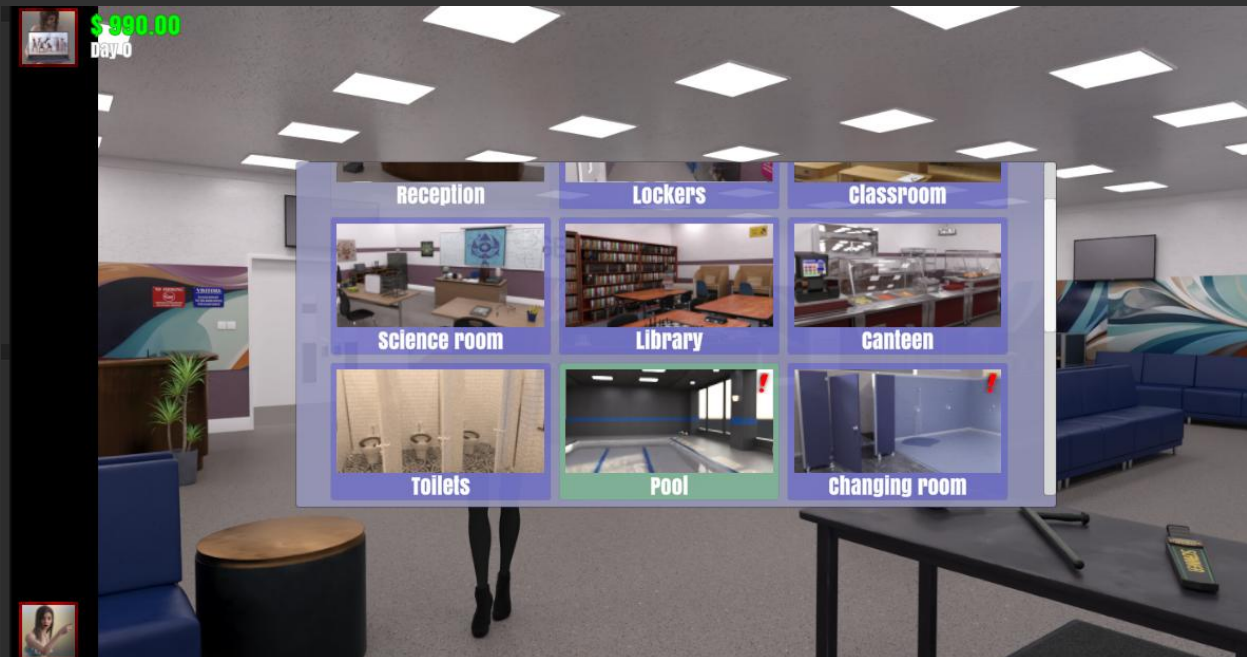

👉 You now enter the school where you work and will be registering with Emily. Provide Emily with your name. Don't worry, you can always find Emily at the desk again to change it.

👉 Click the second, third and fourth option (in that order):

👉 We now have a new icon on the bottom left, it's our map and allows us to visit other places. Click the icon at the bottom left to open the map and visit the school Pool (maps with active events are indicated with the red exclamation mark at the top right):

👉 At the pool, pick either Kim or Laura. By clicking Kim, **you will expose Laura's tits**; by clicking Laura you will **pull aside Kim's bikini bottom**.

👉 Click the map and visit the classroom. **Watch Amalia undress herself**. Notice that items you can't replay in the game will be accessible throughout your Gallery (by clicking the top left item and selecting the gallery):

👉 Click the map again and visit the “Gym”. Here you will see Jenny and Alice training for Basketball. Click all the options from the top to the bottom, take the final option last

👉 Now enter the showers where you **find Anne taking a shower**. Answer by telling her you don’t mind her using the showers and in the next option, ask her to come by later and talk about her personal live problems.

👉 Select the map to go to the principal’s office. Pick any response and ask Angela if she would like to do a photoshoot.

👉 Visit the classroom, be firm on Laura.

👉 Take the map to the photo studio. Click “Go Anyway” on the warning message (it is just to make you aware to first finish all challenges in one place before leaving).

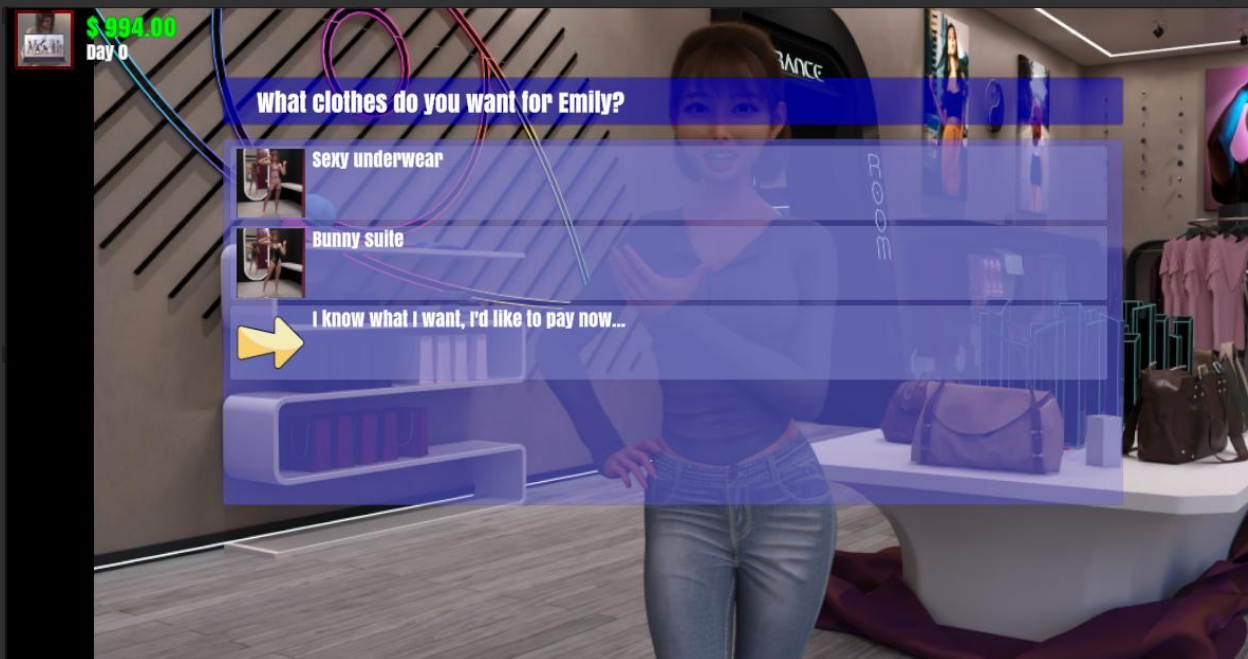

👉 You will now be doing your first photoshoot. At “Your poses” poses will be shown, but those cards will rotate after some seconds, so you need to memorize them.

👉 After the cards rotated you get the “requested” poses on the left. Click the same picture from where those requested poses were in the “your poses” segment:

👉 This set was not overly sexy, so you take Emily to the fashion store to buy “better” outfits:

👉 Have **her try on both sets** but only buy the pink underwear for now. You can always buy the “Bunny suit” as well but for now you need to hold on to your money a bit.

👉 Go back to the photo studio and **take a photoshoot with Emily in her pink underwear**. Repeat that session until your balance is over \$1000 again.

👉 Pick the map and go home. While at your apartment, press the map again, you now see all the rooms you can go to within your apartment:

👉 Select “Jenny’s room”. You will see Jenny with hardly any clothes on. She’s startled, tell her it’s totally fine if she feels comfortable walking around in whatever she wants (the second option).

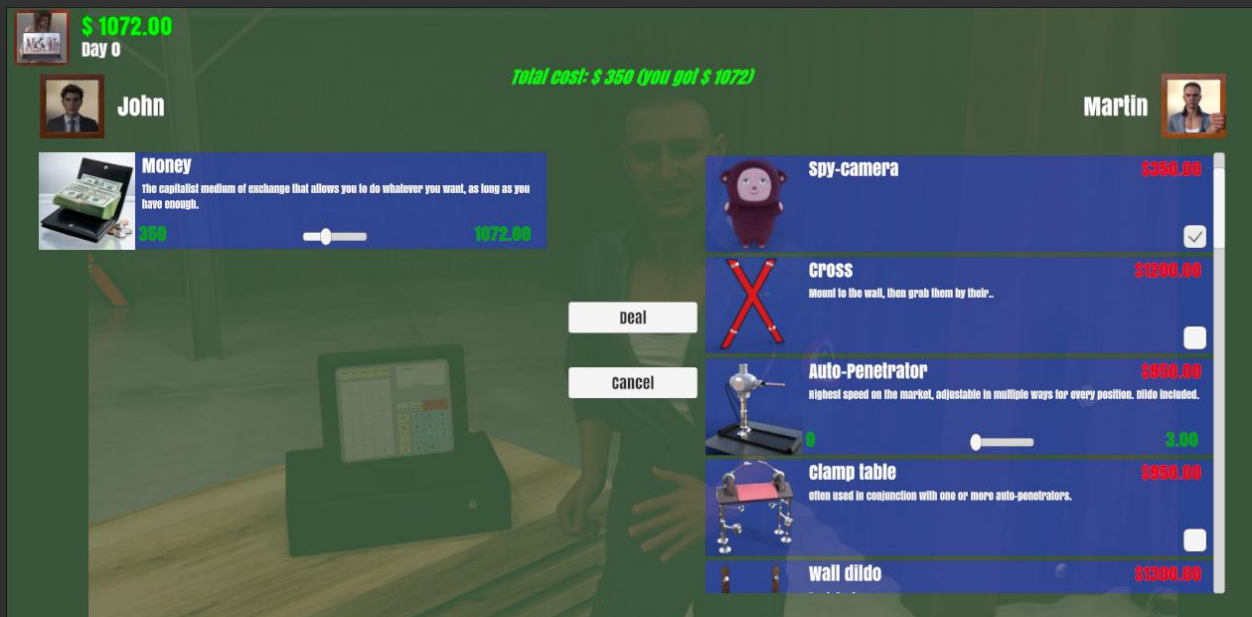

👉 Pick the map and select the “Department store”, you will be buying a hidden camera for Jenny’s room, but first you meet Martin, and he will show you all the sex toys and devices:

👉 A warning will be displayed, Martin has A LOT of items to sell, and this will only grow in future versions, but some of those items will only be useful in new releases. Most will not be used yet within the free version.

👉 So only buy what the story currently needs you to buy. Off course you can already buy more if you made enough money (photoshoots with Emily would be the best way to do that), but you can't do anything with it yet until the content gets available.

👉 Press “Trade” and buy the “Spy camera”:

👉 You are done with Martin for now (click “not now” and take the map back home).

👉 At home, go back to Jenny’s room and give her the camera disguised as a teddy.

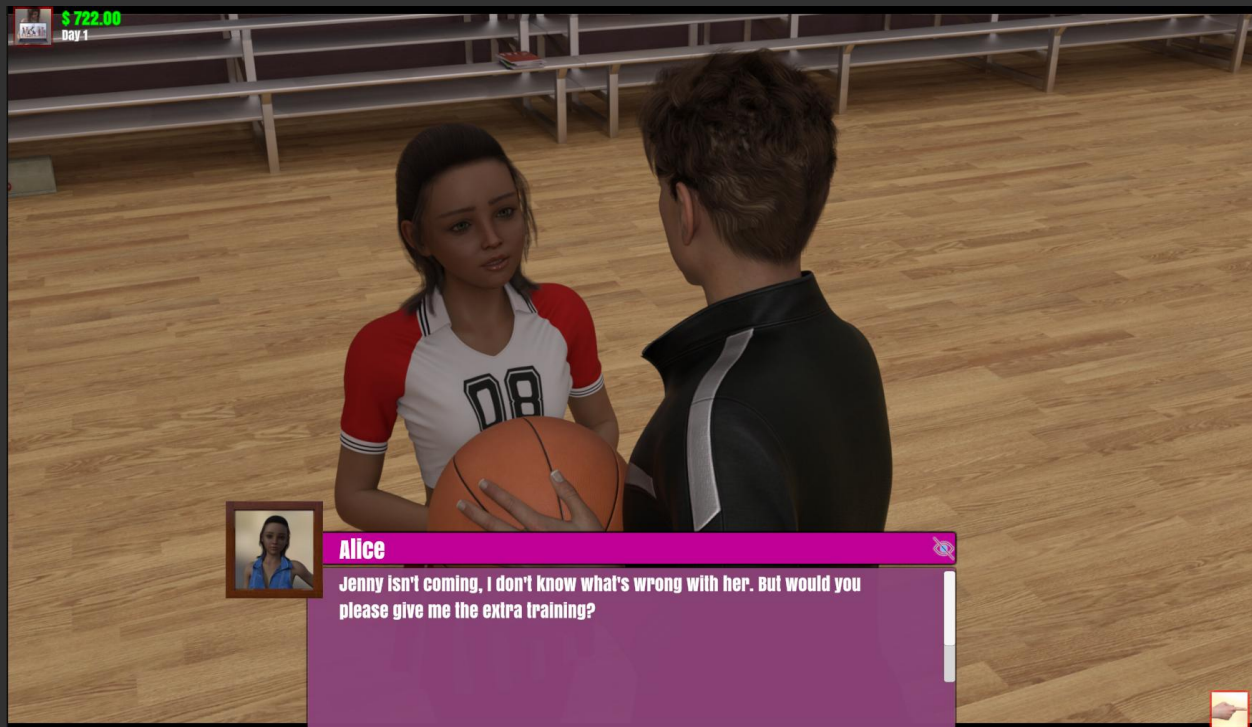

👉 Now go to your bedroom and click “yes” to sleep until the next day.

👉 Wake up and go to your office to check the hidden camera recordings **where Jenny is masturbating for the first time.**

👉 Go to school and select Jenny on the bus. **Do the spank-session with her** and arrive at school. Tell Emily you will go and explore.

👉 Goto the gym and give Alice her first training lesson:

👉 Take the map to the canteen and meet Michelle. Take a photo session with her for her assignment.

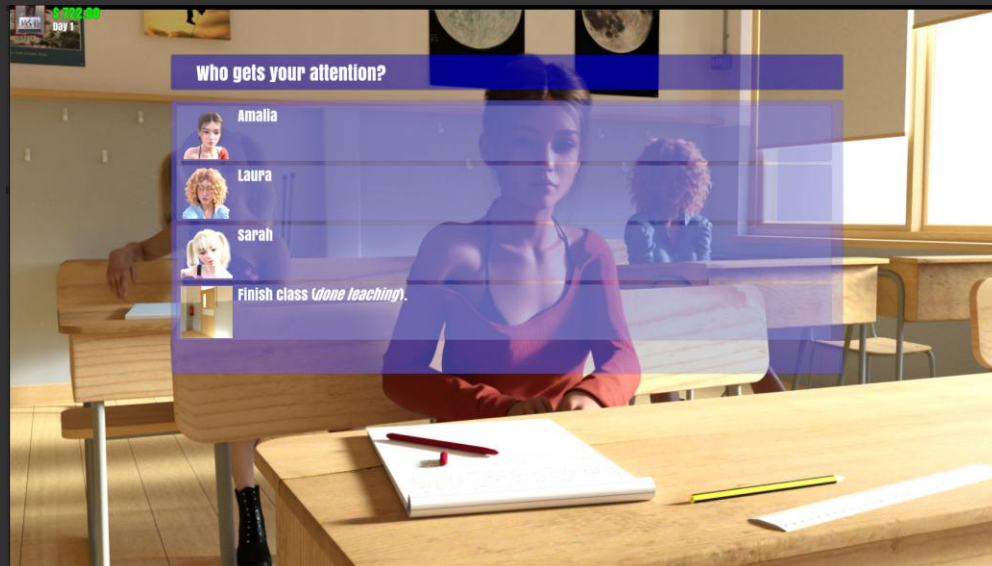

👉 Click “Do that” **to take a picture under her skirt**. After this session, take the map to your classroom. Here Anne will arrive.

👉 Give Anne the keys to your apartment. Tell her you are much cheaper; **she simply needs to lift her dress**.

👉 Go to your classroom again and click the option to start teaching. Click each girl in turn and come up with something to punish them with:

👉 There will only be one option available for the **first time to place them in the corner with their panties exposed**. Do this for all students.

👉 Finish class, you are done teaching for today.

👉 Take the map to the canteen and talk to Michelle. Click “yes” to let her do a photoshoot at your apartment later.

👉 Now talk to Kim. She would call you a creep if you picked Laura’s side earlier in the pool.

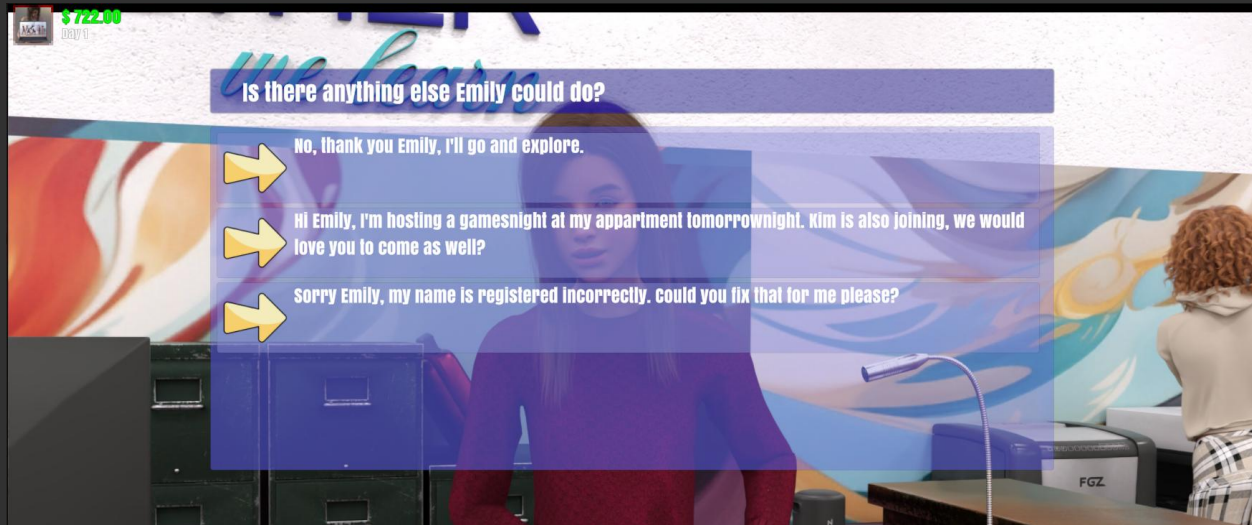

👉 Ask Kim to talk about herself.

👉 Tell Kim she looks amazing and ask her for a super sexy photoshoot at your studio.

👉 Ask Kim over for game night at your house tomorrow night.

👉 Leave the Canteen. Kim only wants to do the game night if you can find someone else to play as well. Visit the reception, Click Emily and ask her to join the game night (second option):

👉 Go home and head to bed. Here Anne has a surprise for you in return for giving her the keys to your apartment.

👉 **Have sex with Anne** (press GO GO GO).

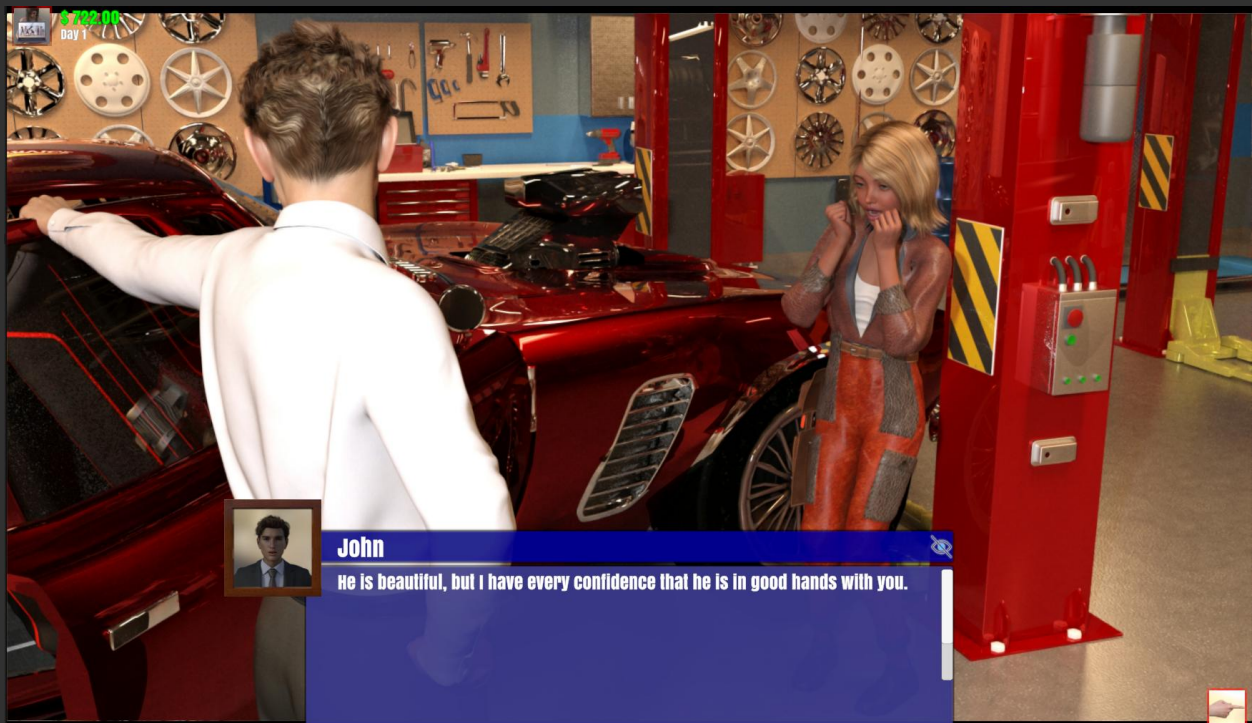

👉 Click the map and visit the garage.

👉 Within the garage, click the map again and select the car shop.

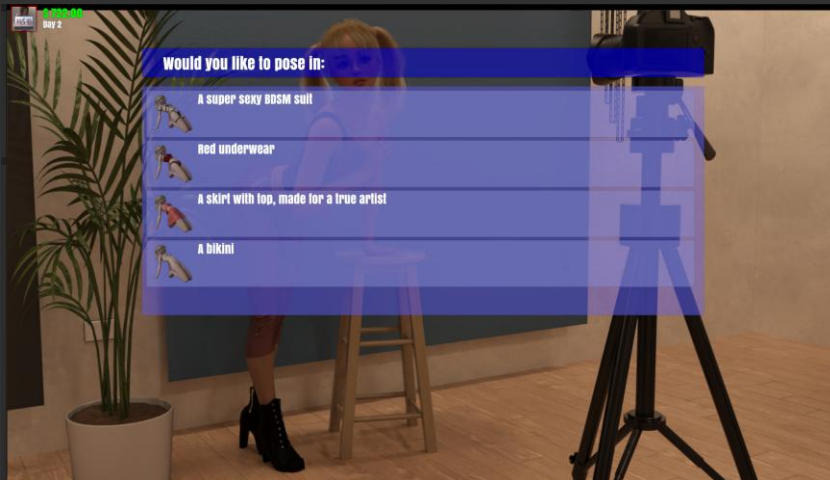

👉 You bring your supercar to Kim so she can work on it and prove to her parents she can do it.

- 👉 Select “As long as there’s tongue involved”.
- 👉 Back home, go to the bedroom and sleep until the next day.
- 👉 Go to the office and watch the latest spy-camera videos from Jenny.
- 👉 Take the map to school again, pick Sarah while on the bus.
- 👉 Pick the right option (it’s the skirt made for a true artist, but it’s fine to pick other options as well):

- 👉 Decide whether you want to open your eyes while she is changing (you will see her partly naked, but after that she walks out angry) or keep your eyes closed, in that case she will be in some normal photo poses and be happy with you.
- 👉 You arrive back at school. Visit the gym to give Alice her next training session. You spot her changing clothes in the locker room and she is not wearing any undies during the training.
- 👉 Visit your classroom and click yes to teach your students again. **Find a reason to punish each of the students again**, using the second option that is now available:

👉 Finish class.

👉 Go home, the game night session with Kim and Emily will now start. **Note: This would be a good time to save your progress as you can't return to the menu from within this game yet and it could take a while...**

You will see the game get explained:

👉 Play the game and win. Well... that's easier said than done. No telling who would win. It would be nicer if you would win as you will then see more skin from the losing girls and the final loser will dance naked, but it's all down to a bit of luck. Be aware that you can deposit multiple cards of the same value.

After the game everyone gets dressed again and you have drinks at the bar.

The girls are getting a bit drunk and slutty. No way that they can drive home safely now, so you put them into your bed.

👉 You can now play with Kim and Emily. If you have had enough fun with both, dress them back up and let them sleep.

You will all wake up in the morning.

Emily is in shock finding herself half naked and beside you while you have a huge boner. Kim is mostly just having a huge hangover.

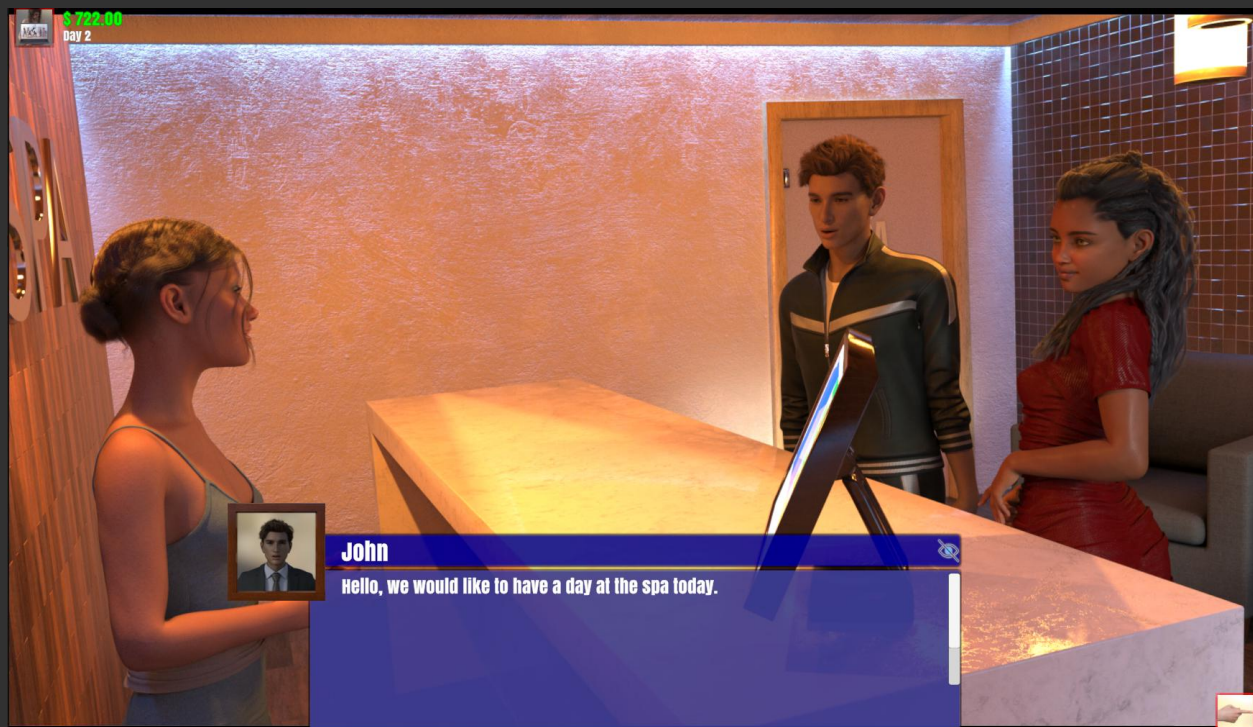

👉 Tell Emily nothing happened and say sorry for lying there as well.

👉 Go home, you will now find Michelle there for the photo session you promised her.

👉 Do the photo session, go to the map and visit the Spa with Michelle.

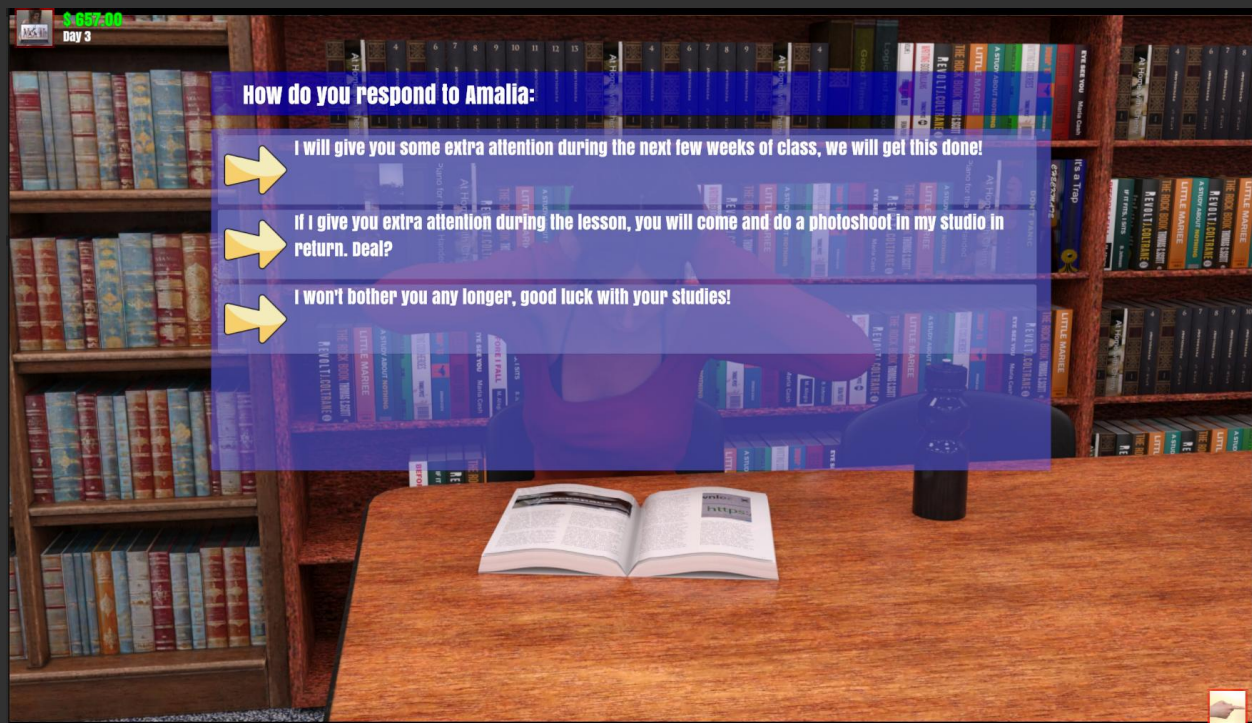

👉 Click “trade” on Kyra and select “Spa day for two” and click “deal”. **Michelle is now “rewarding” you.** She wants more, but the public spa just isn’t the place.

👉 Go back home, visit your bedroom and sleep till the next day.

👉 Visit the office and watch the **large masturbation session Jenny had last night.**

👉 ***Skip this if you are already on a higher build number, in that case the story will proceed.*** Select the map and call Michelle to continue where you left off in the SPA. This will be the end of the free content for Michelle in build 1. Build 2 is already available, so we hope that you will support us to see more. Click the hand at the bottom right (next) followed by the map icon to continue.

👉 Visit school and then the library. Here you find Amalia studying. Pick the second option, give her extra attention during the lessons for a photoshoot at the studio if she succeeds.

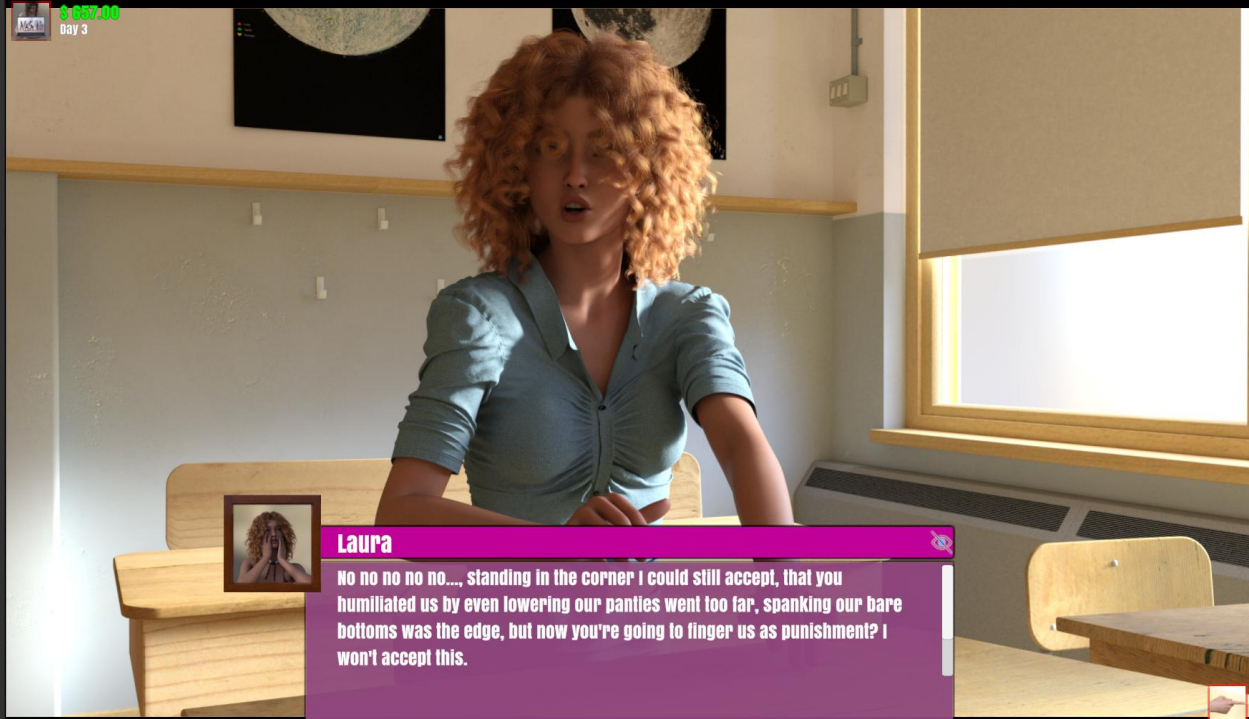

👉 Click the map, visit your classroom and start a teaching session. Pick Amalia first and give her extra attention to help her understand the lesson material well.

👉 Now punish either of the girls again with the new punishment that is available. Laura will stand up against this:

The other girls will follow her to the principal's office.

- 👉 Open the map and visit the gym. **Have sex with Alice.**
- 👉 After your done with Alice, move to the principal's office. Hear the girls complaining by eavesdropping on them.
- 👉 Goto the department store and hear Martin's solution for your problem at school.
- 👉 Go home. Kim will call you to inform you that your car is ready.

👉 Go to the garage and from there, visit the car shop.

👉 You don't have a car so you must go by bus. This is where you meet Helena

👉 You make a deal to help Helena out and arrive at the garage with Kim. Kim has been horny ever since the game night. You will go out with her this weekend.

👉 Go back home and sleep until the next day.

👉 Visit the office and check the latest Jenny video again. This time she caught you.

👉 Leave Jenny alone for now and go to school.

👉 *If you are on a higher build number already, Emily will ask you to meet her at the toilets. Ignore this for now.*

👉 Visit the gym. Alice will now allow you to do a photoshoot with her at the photo studio, but that content will only be available in build 2.

👉 Visit the lockers and find Ashley. Trade her for the bondage session with Marvin. If you don't have the money, visit the photoshoot and take sessions with Emily until you have enough. **Do not perform the photoshoot with Alice as this is Build 2 content and will be described later. If you are only on the free build 1 it is safe to call Alice as that will conclude her story for now.** Sleep in your bed till the next day until Ashley is available in the locker room at school again.

👉 Go home and sleep till the next day.

👉 Visit Jenny's room and talk to her.

👉 Go to the department store. Here **Marvin will have a rough session with Ashley.** Ashley is sexually broken, but in turn Marvin will solve your problem with the school board.

👉 *Skip this if you are on a higher build number. Goto the photo studio and call Alice.*

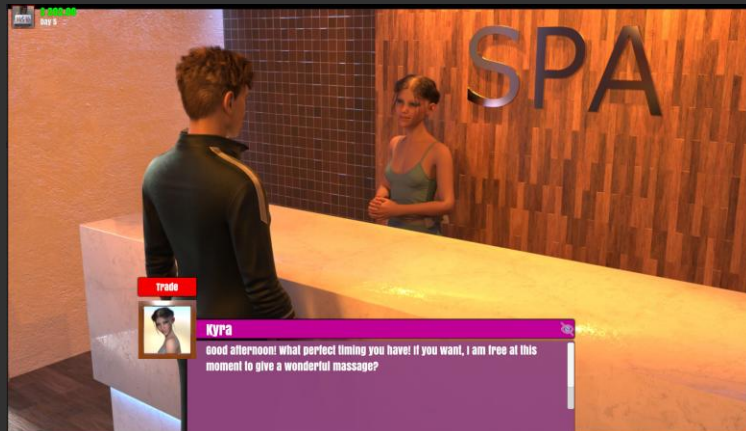

👉 Skip this if you are on a higher build number. This would be the end of Alice's content for now but continue by clicking the bottom right arrow followed by the map.

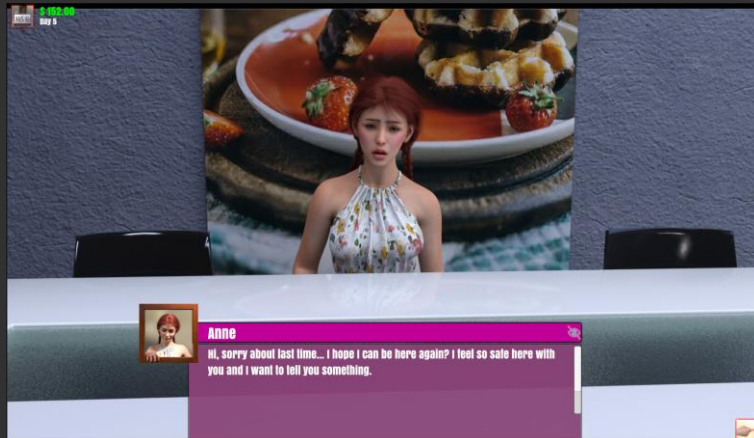

👉 Take a photoshoot with Emily again until you have over 200\$.

👉 Visit the spa. Trade Kyra to get a massage.

👉 Go home. Anne should be waiting for you at the table.

👉 Anne wants to be taken to the park. First visit Jenny's room again and try talking to Jenny.

☞ Skip this if you are already on a higher build as the story will then proceed. Now go to the garage, take a ride and visit the park. This will conclude Anne's story in the free version of the game.

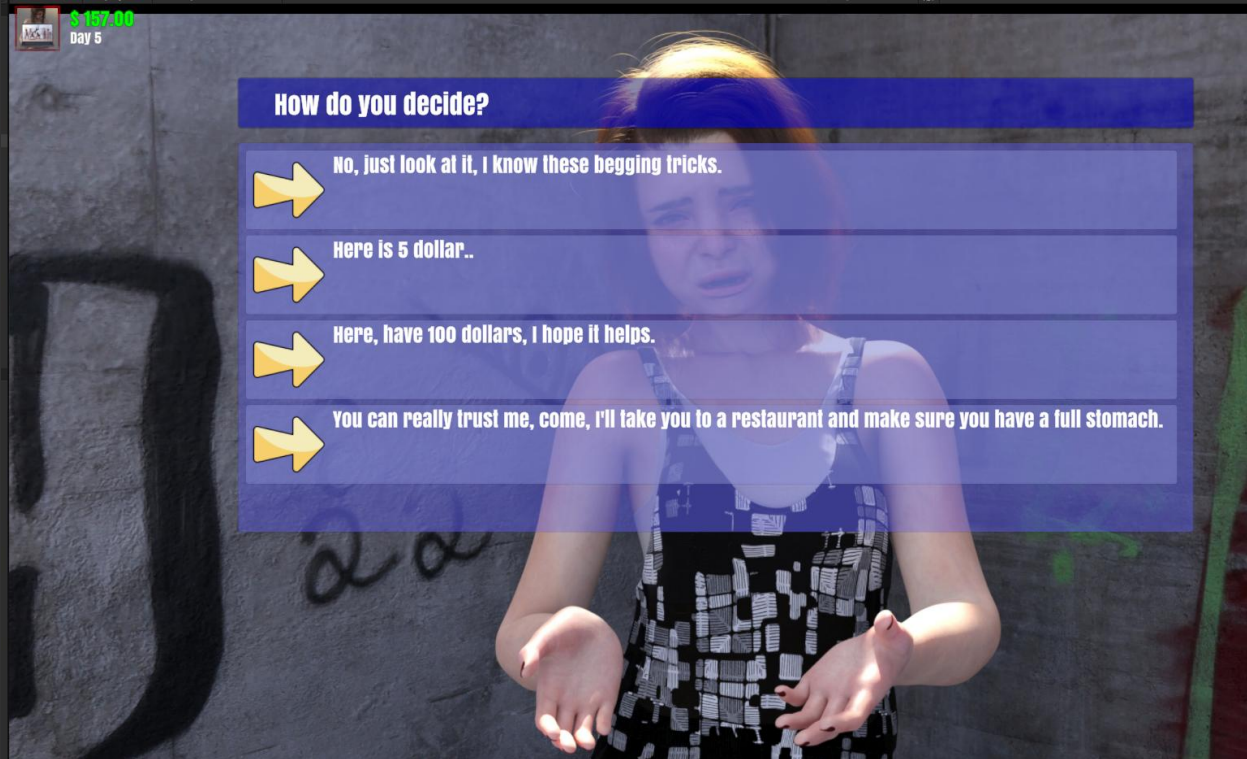

☞ Click the arrow at the bottom right and now select the map to visit the suburbs:

This is where you meet Sophia.

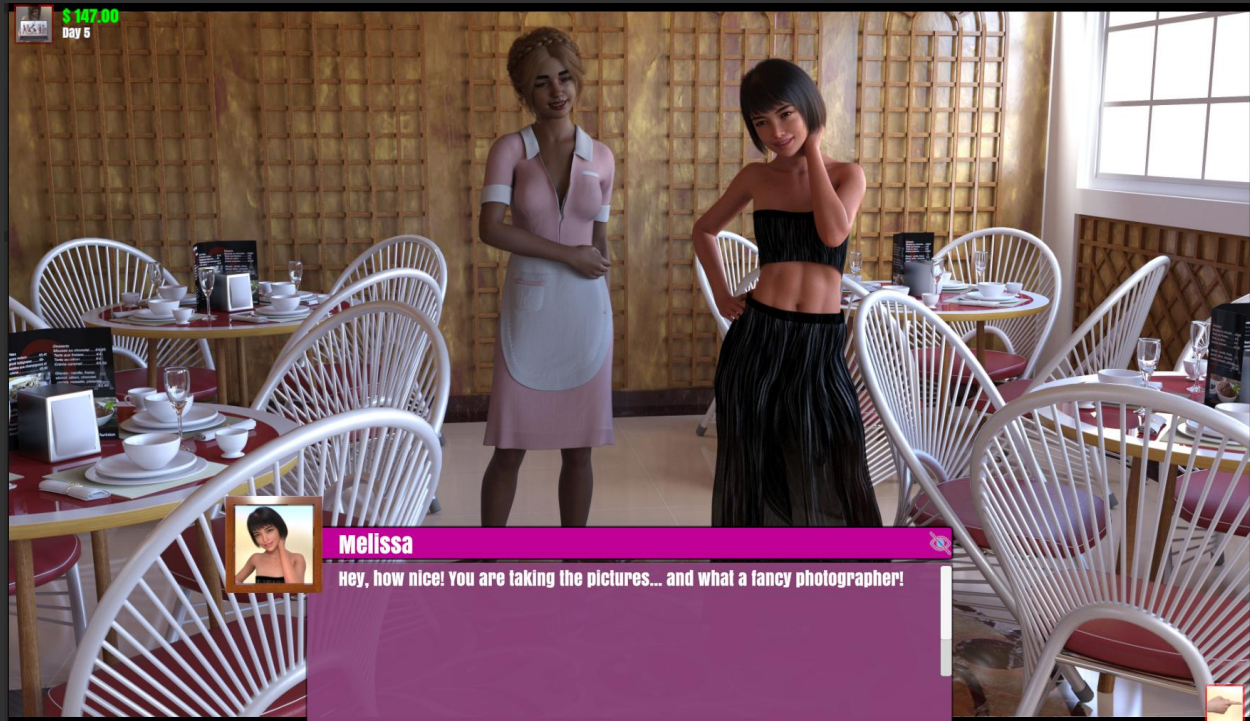

👉 Give her 5 dollars.

👉 Go back home. Helena will call you for the photoshoot at her restaurant. Accept by clicking “sure”.

At the restaurant you also meet Helena's girlfriend Melissa.

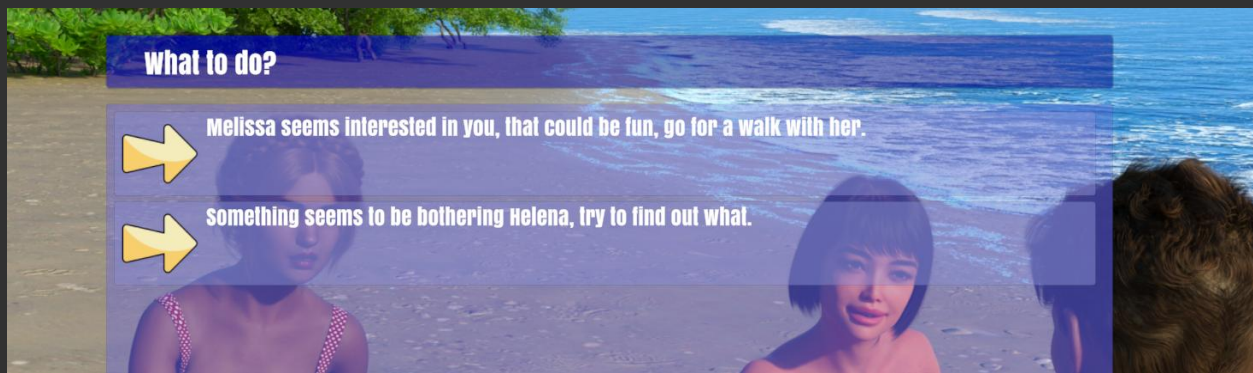

Finish the session. You agree to pick them up from the beach the next day.

👉 Go home and sleep until the next day. Go to the garage and take a ride to the beach where you will find Melissa and Kim again.

👉 Pick either Melissa or Helena.

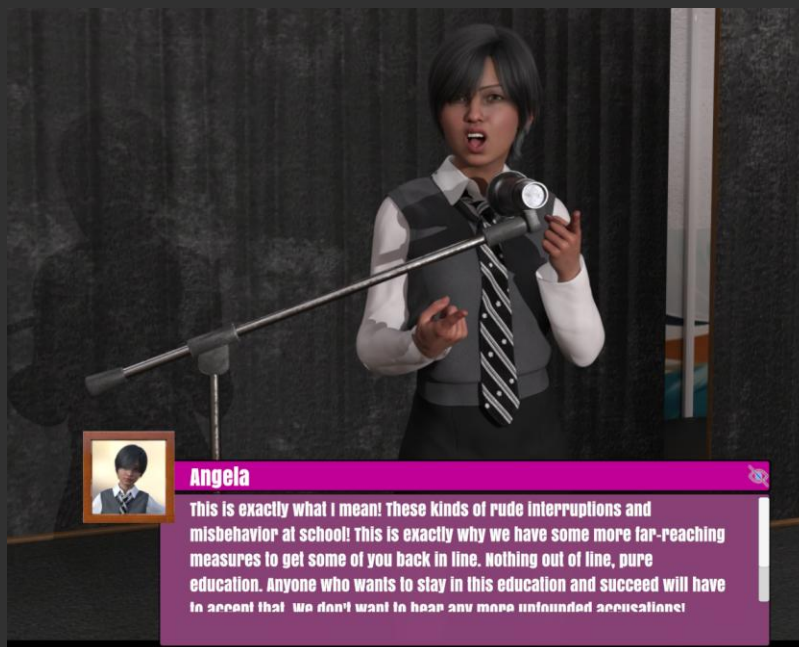

By picking Melissa you will **see some more sensual images**. Both stories follow a bit different path with additional questions and storylines, but in the end, you will take both girls home again.

👉 Back at home, visit Jenny's room again. She is still mad.

👉 Go back to school and enter your classroom. There is a public announcement at the podium where Angela will defend you (because of Marvin's actions).

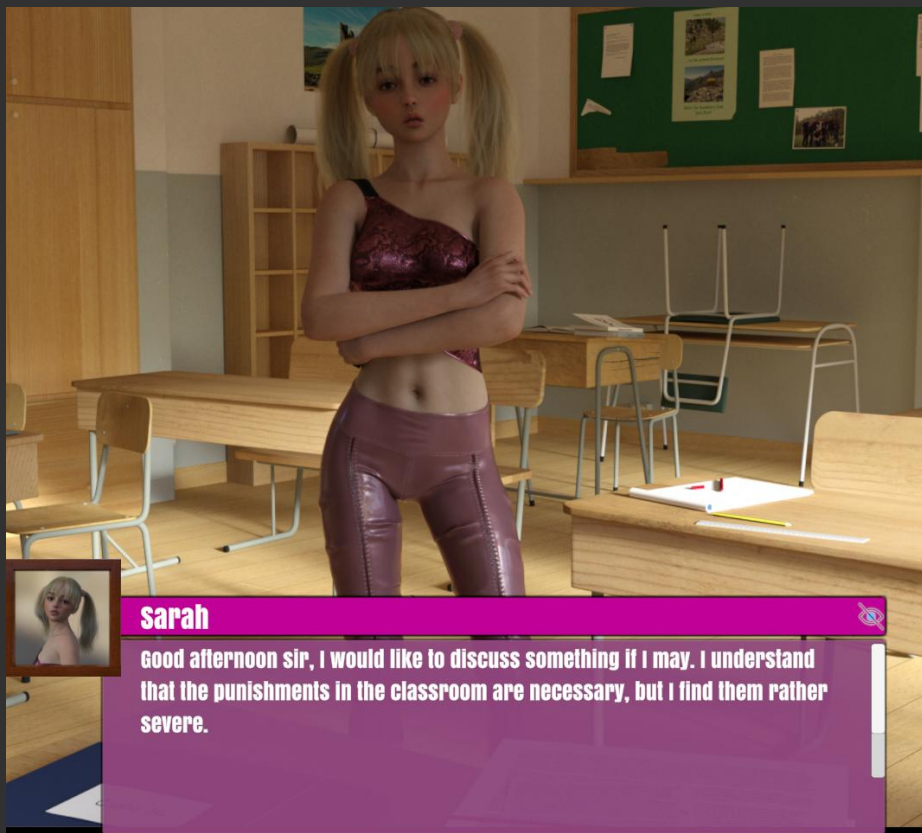

The girls are upset but can't do anything about it.

👉 Go back to your classroom **where the girls will apologize**. Revisit the class to teach. Give Amalia extra attention. Revisit the classroom again, Sarah will have a proposal:

👉 **Watch her undress**, give kudos for her presentation and make a choice. You can now have sexy photoshoots with Sarah in the photo studio as a punishment or keep punishing her as usual. For now, pick the alternative punishments at the photoshoot.

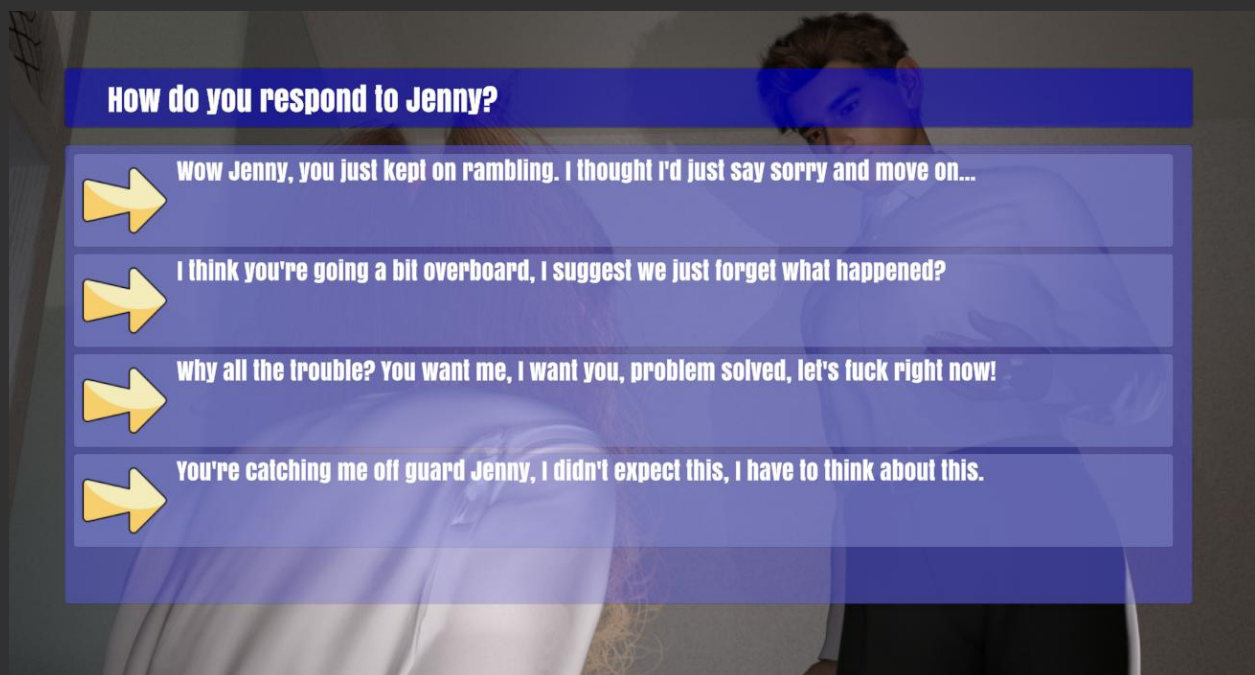

👉 Go home and sleep till the next day. Now visit the fashion store and buy the sexy underwear for Sarah. If you don't have enough money, make some more by photographing Emily. Proceed until the store is back available for you to buy the clothes.

👉 Go back to school and teach again. **Punish all the girls**, and teach Emily. Sarah would now have the option to do the photoshoot instead of a punishment.

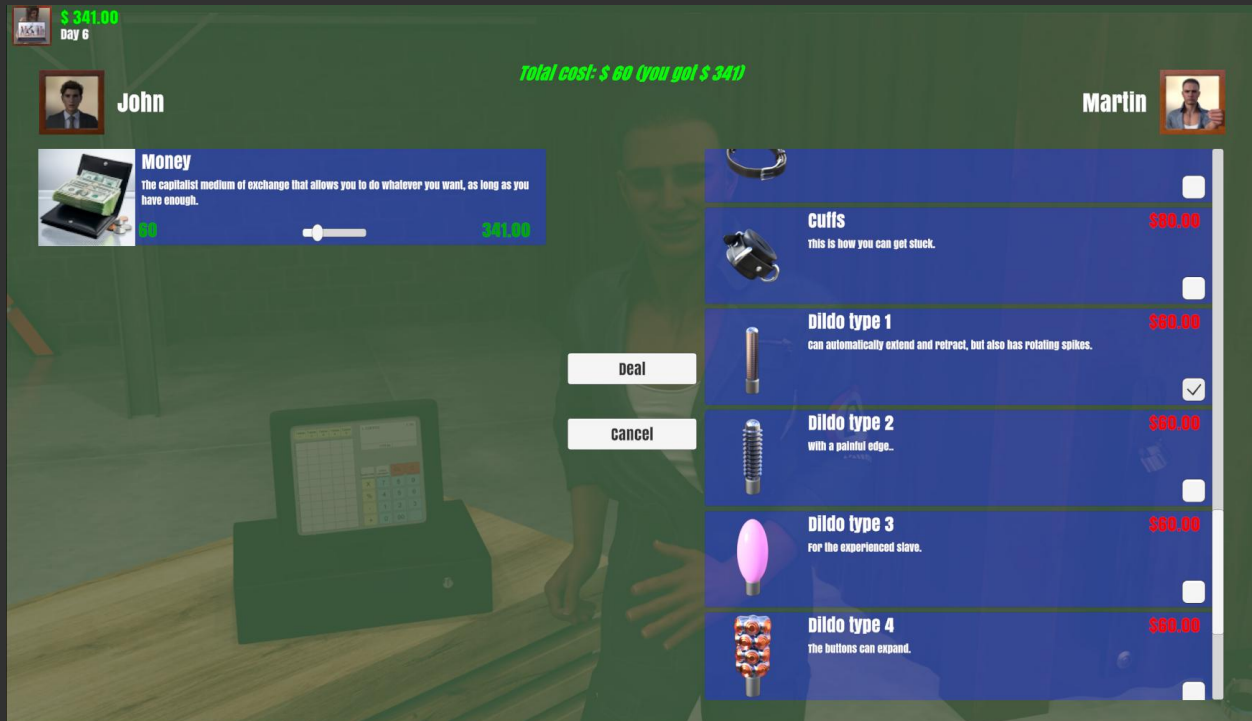

👉 Visit the photo studio and **have a sexy photoshoot with Sarah**. The Sarah shootings make more money than Emily shootings. You can repeat these sessions by punishing Sarah.

👉 Go home and sleep till the next day.

👉 Visit Jenny's room again, she will now let you in. Hear what Jenny has to say and pick any of the responses:

👉 Visit the department store and buy “Dildo type 1” from Martin (note, this item was not available before starting this quest):

👉 If you don't have the money, make some more by performing photoshoot sessions with Emily again.

👉 Go back home and give the dildo to Jenny in her room. **Have the sexy session with her.**

👉 Sleep in your bedroom until the next day.

👉 *Skip this if you already have build 2 or higher:* Visit Jenny's room again, this concludes the free version of Jenny's content. Click the arrow at the bottom right and take the map to school.

👉 Visit the SPA and buy another massage from Kyra. Go back home and sleep till the next day.

👉 Go to your garage and take a ride to the suburbs. You will meet Ashley there.

👉 Visit your office, there should be an e-mail from Melissa there. **If there is no e-mail, you took a different course at the beach and Melissa is already waiting for you at the beach.**

👉 Sleep until the next day, go to the garage and then go to the beach. **You will now have sex with Melissa.**

👉 Sleep until the next day, go to school and visit the lockers. Laura will be mad, but mostly at the other students. You offer her to show your dungeon where she could be your mistress, punishing other students.

👉 Sleep until the next day and have another massage in the SPA (you need another 50 dollars for this, so make some more money first if you don't have that). If the SPA is not available, visit the Suburbs first (see below) but visit the SPA next.

👉 Visit the suburbs (by taking a drive with your car from the garage). You hear screaming, click yes to find out more.

👉 Sophia is in trouble, you will see her **being forced to give a blowjob** to someone you don't want to mess with. Fortunately, she could make her way out.

👉 Visit your bedroom and sleep until the SPA is available again, visit to conclude Kyra's story for now (in build 2 you can start practicing on Kyra).

👉 Visit <https://justafuckinggame.com> or Patreon <http://patreon.com/justafuckinggame>, support the project, the next content is already available and with enough supporters new content will appear monthly!

Build 1 currently known issues and limitations:

- Some of the gallery items don't work. Save your game before using the gallery. If the gallery item fails, exit and reload the last save.
- If you load a save game and return back to the menu, continuing will take you to the wrong place. After loading a save game, only go back to the menu to save again, exit, quit and resume by loading your last save.
- You cannot delete old saves yet and the game will automatically continue at your last save. You **can** restart by entering the Config sections at the main menu and enter **RESTART** as a command, then execute that command.
- Due to an issue with the video player in unity seamless looping is a problem causing some flickering on looping videos we could not fully resolve yet.
- You can't save or go to the menu while the card-game is playing.

Some of the near- future plans:

- The BDSM dungeon can be utilized by loads of girls with numerous devices.
- Kyra trains you as a masseur and you can perform massages with additional benefits on clients.
- You will also take on the swimming lessons as swimming instructor at school.
- You will become the manager of a nightclub that has additional rooms where you can have girls work for you making more money.
- Loads of new girls and stories.

Further future plans (with enough support):

- The game is currently created with the latest version of Unity and the most realistic Genesis 9 models of DAZ. We bought all the licenses for the game as-is with rendered images and videos, but we hope to bring it to a real 3D game. This would also require the more expensive interactive licenses, but it would be great if you more and more of the game could run as a full 3D experience over time.
- Whatever our supporters want to see this game develop into.

Build 2 (out now, but only legally available with a paid subscription):

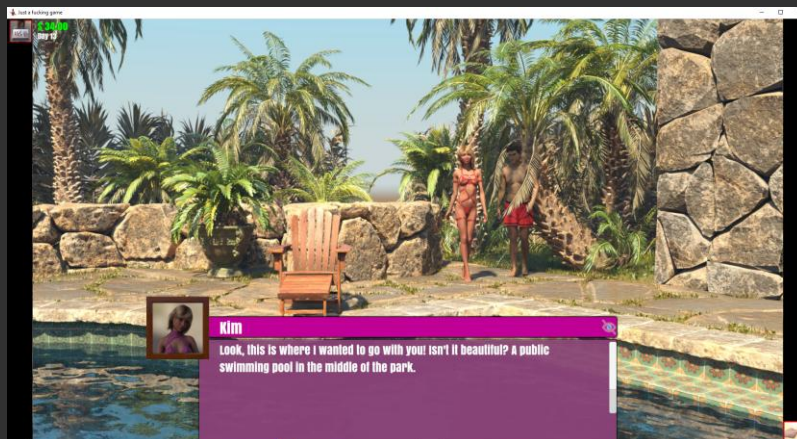

- 👉 Visit Jenny's room and **lick her pussy**.
- 👉 Call Michelle from home and **have sex with her**.
- 👉 Visit the restaurant with Melissa and convince Helena to do a kinky session at the bunker.
- 👉 Goto school and visit the science room. Here you will meet Stephanie. She's a dancer at the nightclub and is currently recruiting other students. Pick any of the responses.

- 👉 Visit the classroom, teach and give Amalia some extra attention.
- 👉 Visit the toilets and **take Emily from behind**.
- 👉 Visit the nightclub. **Watch Stephanie pole-dance for you** and explain about the club.
- 👉 Go home and sleep until the next day.

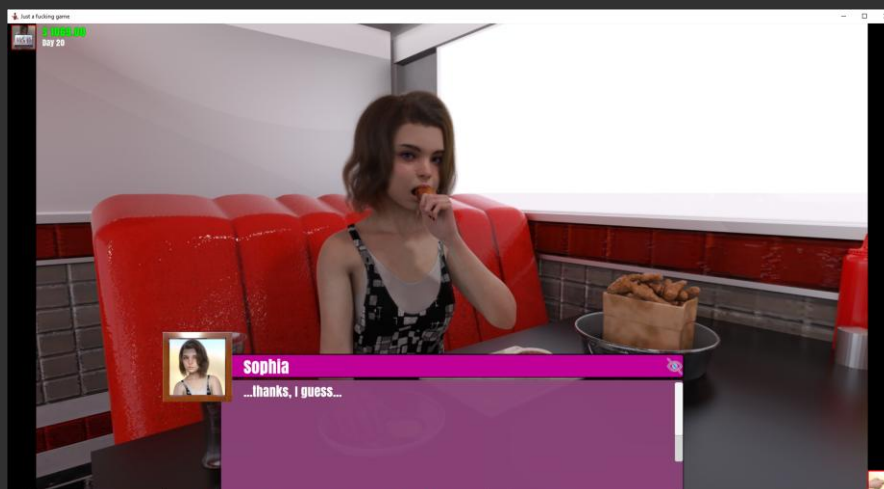

👉 Visit the garage and call Kim. **Have sex with her at the public pool.**

👉 Take a ride to the park with Anne. She wants to get a place of her own. She has no issues with sex as long as it's on her terms so she is willing to prostitute herself to gain money. Decide if you only help her find her place, or if you also want to help her with her newly found business. For this walkthrough, select the second option (you will help out with both).

👉 Drive to the suburbs. Here you find Sophia being helpless and homeless while Justin arrives at the spot. Knock him down, take his wallet (this gains you 1000 dollars) and take Sophia to regain some strength at the local dinner.

👉 You continue to "help" Sophia by taking her to your apartment to freshen up and get some sleep. **Peek in on her while she takes a bath and goes to sleep.**

👉 Sophia scares you awake while you are sleeping on the couch, alarming Jenny. You explain her everything and she really wants Sophia to stay, but your apartment has no room other than the storage room. You all decide that it would be great and visit Martin at the hardware store to buy her a bed.

Don't worry about the payment, it's getting billed to you. By the end of each month all your income and expenses will arrive. The dinner you bought Sophia, and this bed will appear at those bills, so do take this into account.

👉 Jenny seems happy with her new friend and you can sleep in your own bed again.

👉 Drive to the bus stop where Laura is anxious to see your playground. She could be willing to help you as a mistress there. As you didn't rent the bunker yet you will tell her you will make things in order and call her from the bunker later.

👉 Goto school and visit the principal's office. The swimming instructor left overnight, and Angela asks you to act as the new swimming instructor as well. Ask Angela if you agree if she would perform a photo shoot with you. She will have a counter proposal offering you 1000 dollars as a signing bonus.

👉 Teach at your class and give Amalia that extra attention.

👉 Visit the photo studio and call Alice. **Take the sexy photoshoot with her** and sell those pics.

👉 Visit the pool at school, you are now the swimming instructor, **start your first introduction lesson**.

👉 Visit the playroom bunker. It is not accessible if you did not rent the bunker. Renting the bunker allows you access till the end of the month, so if you are close to day 30, it could be wise to sleep till the next month before renting the bunker.

👉 Visit Martin at the department store and rent the bunker for a month.

👉 Visit the playroom, you now have multiple options! First get Melissa and Helena to the bunker and **start the "Fixed to the cross" session**. If you did not buy the cross from Martin yet, do that first.

👉 Now get Laura to the bunker and start the **"Let her feel what it's like..." session**. If you did not buy the bend table from Martin yet, do that now and return for the session. Laura agrees to become your mistress in punishing other students.

The sessions with Kim, Jenny and Ashley are teasers and will be implemented in build 3.

👉 Go home and sleep till the next day.

👉 Teach at your classroom, give Amalia some extra attention and **punish all students**.

👉 Visit the SPA and **have your first practice on Kyra**. Go a little further when asked.

👉 Sleep till the next day

👉 Give Amalia some extra attention in class.

👉 You can now visit Amalia in the library, she's thankful for your help and will now do a sexy photoshoot for you. If you haven't seen Amalia in the library yet, sleep a day and teach her while giving her some attention until she is at the library.

👉 Run to the photoshoot and start the photoshoot with Amalia. It's possible that she's not answering at first, try again.

👉 Do the sexy photoshoot with Amalia.

👉 Return to the SPA to proceed with the training. Stay professional at the first question, but slap that ass on the second.

👉 Sleep till the next day.

👉 Sleep till the SPA lights up again, then take the next lesson on Kyra. Stay professional, stay professional again... but then... grab that pussy.

👉 Visit the canteen at school. Amalia has financial issues. Don't pay for her lunch.

👉 Sleep till the SPA lights up again. Stay professional and have the willpower to succeed. Kyra now trusts you enough to take on your first client. Massaging girls will be a new minigame introduced at build 3.

👉 Visit your classroom. Amalia is there to apologize. Tell her that she could do more photoshoots in your studio, but now for money. This will unlock Amalia at the photoshoot and you can always invite her there.

👉 Visit <https://justafuckinggame.com> or Patreon <http://patreon.com/justafuckinggame>, support the project, the next content is already available and with enough supporters new content will appear monthly!

Build 2 currently known issues and limitations:

- **No voices.** The A.I. voices used in Build 1 are expensive and not that great. We want to release now and see how much support this game gets and what our supporters want. With enough supporters hired real voices would be a lot better.
- **SEX Audio effects,** same as with the voices, it's difficult for us to find more matching effects. The effects we have are reused. Support will allow us to fix that.
- You cannot delete old saves yet and the game will automatically continue at your last save. You **can** restart by entering the Config sections at the main menu and enter **RESTART** as a command, then execute that command.
- Due to an issue with the video player in unity seamless looping is a problem causing some flickering on looping videos we could not fully resolve yet.

Some of the near- future plans:

- More repeatable sessions will be implemented in the dungeon.
- You can start "massaging" your first client as a new mini-game
- You will be able to teach more "swimming lessons" at school.
- Stephanie introduces you to the nightclub owner so you can become the new manager. The club has multiple small rooms, perhaps Anne could be the first to make money for you there as well?

Further future plans (with enough support):

- The game is currently created with the latest version of Unity and the most realistic Genesis 9 models of DAZ. We bought all the licenses for the game as-is with rendered images and videos, but we hope to bring it to a real 3D game. This would also require the more expensive interactive licenses, but it would be great if more and more of the game could run as a full 3D experience over time.
- Whatever our supporters want to see this game develop into.
