Based on Harmless Arachnid's doc for v0.353 – huge thanks for their hard work! I've kept the structure, headings, colors, links, and terms from the original. Unlike the original, I didn't hide some text behind spoilers.

Found a mistake? Email me at BerowBear@gmail.com, and I'll fix it. Thanks!

For easy navigation, this document uses headings. If your PDF reader doesn't show the bookmark panel automatically, look for the "Navigation" or "Bookmarks" pane under the "View" menu. In addition to headings, there are hyperlinks within the text that you can use to jump to other sections. Let's go over the key points:

- **±n Character name** – This color is used for anything related to the relationship level with this character, such as increasing/decreasing the relationship level or requirements for triggering events with them.
- *[Copper ring]* – This style denotes the names of items in your inventory.
- **Fire Arrow** – This style is used for spell names in the document
- **Talk** – Options for dialogues/interactions, as they appear in the game itself, are written in **bold**.
- [This is what a link looks like](#) – This one leads to the website with the latest version of the game.

I have kept all terms and tags in their nominative case throughout the text, so you can easily use the search function:

- **HP/MP/lust/hunger/gold/EXP** – Health / Mana / Lust / Hunger / Gold / Experience.
- [advances time] – This means that the event causes a change in the time of day. Usually, it only advances by one stage (Morning/Day/Evening/Night). There are exceptions, and in those cases, I specify the exact time it changes to.
- [scene image] – Two or more full-screen images accompanying the text (the count may include image variations).
- [animated scene] – Contains at least one full-screen animated image.
- [image] – A single full-screen image with brief descriptive text or a few lines of dialogue.
- [portrait image] – Uses one or more character portrait images (may include zooming/panning variations).
- [sprite animation] – Features only character sprite animations, without any other background images.
- [mini scene image] – A text scene illustrated with one or several small images focused on specific body parts.
- Non-M/F scenes are tagged: **F/F**, **M/M**, **Futa/M**, **Futa/F**.
- **[HV]** – Horny visions. Unlock unic images (More details [here](#))

Warning: This guide describes all game content, including **M/M** and **Futa** scenes. Enabling the content filter in the settings may alter or hide some scenes. Additionally, the game does not have a gallery feature. Essentially, it is not needed because almost all events in the game can be replayed. Play and enjoy!

Quests

Listed in random order. You don't have to complete them in sequence.

The terrible secret of Fina Ironheart

Starts by talking to [Carla](#) (**Chat – Chat**) in the tavern. She'll mention that people are saying [Fina](#) disappears in the evenings, and no one knows where she goes.

Answer: She goes skinny-dipping under the waterfall in the forest (in the evening). Approach the bushes to complete the quest (+5 EXP) and enjoy the standard consequences of seeing her naked ([image], +30 lust).

If your Lust is high enough, you can jerk off to Fina if you agree [image], -50 lust. And that concludes the quest.

The Magic Circle

Starts by interacting with the magic circle in Krowly's basement/laboratory.

You will need an [Empty Jar] – you can find it by:

- Buying it from Sebastian's shop (for 30 gold).
- Taking it from the table in Krowly's house (central room, 3 jars on the table).

Inside the church, there is a bookshelf (you can approach it at night). In it, you find a book and learn that the circle can be created using remains from a Large Slime. It can be found in the Slime Cave in the eastern part of the forest. The Busty Slime will be in the northeastern part of the cave.

- *Defeat*: The Busty Slime "punishes" Krowly ([scene image], -100 lust, [advances time]).
- *Victory*: Krowly collects the remains into the [Empty Jar] (+45 EXP).

Interact with the circle in your basement again to draw it, and then interact again with the completed circle to finish the quest (+100 EXP).

This quest is a direct prerequisite for the "**Return spell**" and "**Summon Succubus**" quests.

You can now use the [Jar with slime] while masturbating before sleep. After 10 uses, you will get the slime girl [Lizzy](#).

Return spell

Starts by reading the scroll (+10 EXP), looted from the bandit when Krowly saves [Juliette](#) (it's located on the table in Krowly's basement laboratory). If you have a functioning Magic Circle, simply interact with the scroll again at night to complete the quest (+10 EXP).

This grants Krowly the **Return** spell, which allows him to teleport back to his basement (-50 MP, out of combat) if he is alone or only with [Eric](#). The spell can also save your ass if you get caught in [the tentacle nest](#) in the Ruined Passage.

Summon Succubus

Purchase the magic book for 50 gold from [Sebastian's](#) shop (the red book on the counter). It will appear in Krowly's basement. After reading the book, you will start the quest (+30 lust, +15 EXP). Upon re-reading the book, you will learn the rain call spell (*Ritual of rain*, -30 MP).

Unsurprisingly, this requires a functioning Magic Circle, but that alone is not enough. After completing the "[The night is dark](#)" quest, Krowly notes that he now knows which ritual to use (50 EXP) and must surround the circle with protective lights using special fuel.

Head to the Old Tower and speak with [Melissa](#) inside. After she answers Krowly's question about her home, **Ask** her again to learn additional information about magical barriers (+20 EXP). Apparently, [*Elven root*] is suitable fuel.

First, you need to defeat the Plant Girl, located in the Fairy Glade. The entrance to the glade is in the northwestern part of the forest.

- *Defeat*: She milks Krowly ([*scene image*], -50 lust, [advances time]).
- *Victory*: She drops [*Magic pollen*], and you can continue the quest.

After victory, go to the elf camp and speak with Leaf at night to trade [*Magic pollen*] for four pieces of [*Elven root*].

Return home, interact with each brazier around the summoning circle to light the fire, and then interact with the circle itself to summon the demon. Oddly enough, it turns out to be a case of "wrong number," but the demon offers a deal. The contract is magically signed with semen, so the succubus intern jerks off Krowly ([*scene image*], -50 lust). From this point, the "Contract" quest begins. Once completed, this quest will also be fulfilled.

The night is dark

Starts by talking to your [Sister Elizabeth](#) after accepting the "[Summon Succubus](#)" quest. She warns Krowly not to go outside at night. After this, every night when you are outside any building in the village, a succubus will attack you after a random period of time. This boss uses Sleep, Confusion, and Life Drain. Tips: Before fighting the boss, [learn](#) the Sleep spell (requires Level 2) and [brew](#) a [*Clear mind potion*]

- *Defeat*: The succubus rides Krowly until dawn ([*scene image*], -100 lust, [advances time]). In the morning, he is found by his Sister Elizabeth.
- *Victory*: The succubus gets angry and flies away. She will no longer bother you at night.

After defeating the succubus, report to your Sister Elizabeth in the church to complete the quest (+150 EXP, +10 [Sister Elizabeth](#), [advances time]).

During the first Sunday service after completing the quest, [Fina](#) tells the congregation that someone summoned a succubus, and Krowly takes responsibility for protecting Sister Elizabeth. What happens next depends on the "Gay scenes" setting:

- **YES**: Fina punishes Krowly. (**Futa/M**, [*scene image*], -100 lust, +3 [Fina](#), +10 [Sister Elizabeth](#), -5 [hunger](#), [advances time]).
- **NO**: Krowly watches as Fina punishes Sister Elizabeth. (**F/F**, [*scene image*], [*portrait image*], +100 lust, +3 [Fina](#), +10 [Sister Elizabeth](#), [advances time]).

Contract

This quest begins during the "[Summon Succubus](#)" quest, when you summon the demon.

The demon agrees to help Krowly in exchange for three pairs of panties from pretty women. In this case, the women are [Fina](#), her daughter [Astra](#), and our neighbor [Alice](#).

1. *Astra's Panties* are the easiest to obtain – they are in her wardrobe;
2. *Alice's Panties* are not in her wardrobe. To get them, talk to her younger brother Jessie in her house in the evening;
3. *Fina's Panties* require leaving the village. The only way to get them is to steal them while she bathes at the waterfall in the evening. But as soon as Krowly tries to reach them (+20 lust), a group of futanari elves attempt to kidnap Fina, and he steps in to defend her.
 - *Defeat*: Fina handles them herself (+2 [Fina](#), [advances time]), you can try again the next evening.
 - *Victory*: The elves flee (+5 [Fina](#)), Krowly discreetly steals the panties; Fina orders him to fuck a captured futanari elf in the mouth (who was distracting them), and she also

escapes (**Futa/M**, [scene image], -50 lust, +10 Fina, +100 EXP, [advances time]). You return to the village.

The outcome of the battle unlocks access to the next stage of the "**Where is Fina?**" quest.

After collecting all the panties, summon the demon again, interact with the magic circle, to fulfill your part of the contract. The demon introduces himself as Jim and teaches Krowly how to properly summon a succubus – at any time of day. (+1 **Demon Reputation**) if Lust is sufficiently high.

Where is Fina?

Starts upon entering the Ironhart Manor in the morning or afternoon after stealing Fina's panties for the "**Contract**" quest.

[Fina](#) is not home. Talk to [Astra](#). She also has no idea where Fina is. A scrap of paper on Fina's table provides a clue: she was invited to the elf spa as compensation for the waterfall incident. Talk to Astra again to reassure her (+3 **Astra**), but Krowly remains unconvinced.

Visiting the spa isn't as simple as it seems. During the day, the guard turns everyone away. At night, the entrance door is locked, but light pours from the side windows. A quick peek reveals that Fina is undergoing a gangbang with futanari elves (**Futa/F**, [image], +30 lust), so Krowly decides he needs to grow breasts himself to infiltrate the spa and rescue her.

The "person knowledgeable about transformation magic" is, of course, [Melissa](#). She offers to teach Krowly how to brew a breast-enlargement potion... if he eats her pussy. **Go down** → [scene image], +100 lust, +1 **Melissa**, [advances time], +100 EXP.

Now you can brew the potion... if you have the ingredients:

- [*Mandragora*] – Can only be harvested at night;
- [*Elven futa sperm*] – or defeat the elf girl in the elven forest and use [*Empty bottle*], to collect her semen after a victorious fuck (both options work), or buy it from a drunk orc in the orc camp.

The consumed potion gives Krowly a nice pair of boobs and a key item that controls whether he shows cleavage or not. Don't worry, the changes aren't permanent. You can walk around to see people's reactions to Krowly's new appearance (especially [Jill](#) → +100 lust).

At the spa, even with boobs, Krowly still has to convince the Redhead guard to let him in:

- **Suck her dick** → **Futa/M** [animated scene], +100 lust, -3 hunger;
- Give **Wine** (if you have it);
- **Fuck in the ass** → **Futa/M** [scene image], -100 lust;
- **Take in the ass** → **Futa/M** [scene image], -100 lust.

Once inside the spa, it becomes obvious what is happening. It turns out that Fina is not being held against her will, but she realizes she was deceived and flies into a rage. After she deals appropriate damage, the elves surrender and promise to make amends by opening the spa to outside visitors (+15 **Fina**, [advances time], +100 EXP). (From the moment this quest is completed, special events on Saturday evenings and spa invitations for specific characters become available).

Completing this quest is a mandatory requirement to access the "**Reducto**" and "**Futa Music**" quests.

Night guest

The quest begins by talking to [Carla](#) after [Lizzy](#) has been released from the jar and you have not supplied her with sperm for more than three days. Carla mentions that the village men have been looking tired lately and hopes it's not a vampire. Krowly decides to investigate.

After this, at night, you may witness a [sprite animation] of the culprit in action as she visits a different man each night:

- On *Monday* and *Saturday*, [Sebastian](#) (you won't actually see the animation, but if you talk to him the next day, he complains about a strange dream);
- On *Tuesday* and *Friday*, [Eric](#);
- On *Wednesday*, granddad Jason;
- On *Thursday* and *Sunday*, [Derek](#) (even after his marriage).

Interacting with the animation gain **+15 lust** and **+100 EXP** for completing the quest.

Futa music

The quest begins after talking to the Redhead elf manager at the spa after its opening as a result of the "[Where is Fina?](#)" quest.

She tells Krowly that they are looking for a musician. By now, you have probably met a suitable candidate: [Elizabeth Darkwood](#). Talk to her in the tavern in the evening; she says she will check it out. Then visit the spa during the daytime to see her. As a thank you, she allows Krowly to ejaculate on her face. ([scene image], **-50 lust**, **+10 Elizabeth Darkwood**)). From now on, she is at the spa during the day, where you can flirt with her.

Show must go on

Unlocked on the first Saturday after completing "**Futa music**" + if relationship with [Elizabeth Darkwood](#) **>10**.

The quest starts by talking to the elf spa manager (daytime) or [Carla](#) (evening).

Krowly notices that [Elizabeth Darkwood](#) is missing from her usual spot. A conversation with the quest giver reveals that she has disappeared and was taken by some suspicious individual. The description of this character is a clue to who is responsible, which should give you an idea of where to look for her. She is in the Bandit Fortress to the west of the "Rocks" location, in the heart of the bandit lands.

Upon entering the "Bandit Fortress", you will trigger a conflict and a group fight. The fight is quite challenging, so be prepared.

- *Victory*: If Krowly's Lust is high enough, Elizabeth will offer him a private reward. **Get the reward** → Krowly fucks Elizabeth in the ass on the table (**Futa/M** [scene image], **-100 lust**). This concludes the quest successfully.
- *Defeat*: The bandits fuck Krowly while Elizabeth watches (**M/M** [scene image], **-100 lust**). Then, the bandits steal his gold and throw him out of the location. Krowly can try to rescue her again at any time.

Completing the quest restores Elizabeth's previous schedule and unlocks an additional flirt option... (**+300 EXP**, **+15 Elizabeth Darkwood**).

Reducto

The quest starts automatically upon entering Krowly's basement after he has grown breasts (following the completion of the "[Where is Fina?](#)" quest).

He notices that he should try to reverse the effects of the breast potion. In the evening, read the book in Krowly's room – he discovers that the [*Scarlet Flower*] can reduce the transformation effect. Brew the potion in the laboratory to complete the quest.

Big green

Quest starts after talking to [Eric](#) in the morning while he is training with the dummy (requires Level 4). He tells how an unusually large goblin attacked and fucked him during his "exploration" of the goblin caves. Krowly decides to investigate.

The western (left) part of the goblin caves is now accessible. At the end, you will encounter a goblin woman... but as soon as you start fighting her, the Thick goblin suddenly appears!

This is a challenging mini-boss fight. The Thick goblin has a lot of health, and if her **HP** drops below 30%, she will crush you, resulting in defeat. Use ice spells – they are especially effective against her.

- *Defeat:* The Thick goblin pounds Krowly into the ground ([image], **-100 lust**, [advances time]).
- *Victory:* You get 3 [random loot drops](#).

In both cases, you receive **+100 EXP** for completing the quest, and Thick goblins will now appear in other areas as regular enemies.

Lost delivery

Starts when shopping at [Sebastian's](#) if you have the [Strange rune] in your inventory (found as random loot in dungeons, dropped by specific enemies, or obtained from the [Ancient urn] item if you "know" a certain [character](#)). Sebastian mentions that a pair of orcs he hired for delivery lost a package while passing through the goblin caves.

You can meet these orcs in the orc camp, but aside from learning that the package was likely taken by a large slime-like creature, this won't help much. It's better to investigate "on-site." Prepare well. In the goblin caves, descend the stairs in the eastern part, then follow the tunnel. It's best to avoid goblin shamans—they are tough opponents. Head north, and you'll reach the goblin village. Talk to the [Goblin chief](#). She says a monster took the package. Return to the previous location—the goblin guarding the eastern exit is now gone.

After passing through, Krowly finds himself in a cave with several slimes... and a shuffling large slime cube! Time for a [boss](#) battle (high **HP**, resistant to sleep, paralysis, and burning; one of its attacks can swallow Krowly, paralyzing him until he breaks free). *Tips:* The cube immediately spits Krowly out if he is covered in [Slime repellent] [potion](#) or equipped with the [Slimes' terror] amulet.

- *Defeat:* Krowly wakes up naked in the goblin village. [advances time]
- *Victory:* Krowly finds the key item [Magic eye], but not the missing package. Talk to the chieftain again. She admits it was a trick to get you to deal with the monster and hands over the goods.

Obtaining the goods is a mandatory condition to progress the "[A Woman for Derek](#)" quest. Returning the delivery to Sebastian completes the quest (**+100 gold**, **+100 EXP**). After the quest, Busty goblin in the caves will no longer attack Krowly.

A woman for Derek

The quest begins by talking to [Derek](#) in the tavern during the day, after [Juliette](#) has been hired to teach children on Mondays and Fridays (to trigger this, attend the Sunday morning church service) and has decided to help him (this also removes the **Seduce** option).

You need to find him a busty wife. If you talked to all the goblins in their village during the "**Lost delivery**" quest, you might have noticed a goblin woman who says she loves humans. If you speak to her after receiving the delivery from the chieftain, she will be deeply impressed that Krowly defeated the cube and will offer to become his wife. Now you can suggest Derek instead. [Taisha](#) gladly agrees to meet him. Return to the village, where Taisha greets Derek and drags him into her house to "persuade" him. [advances time].

After the "wedding" talk to Taisha (**+20 Taisha**) and Derek (**+100 EXP**, quest completed).

Restoration

Starts by visiting the second floor of Krowly's house.

The second floor is currently uninhabitable, and Krowly decides he needs to find someone to help fix it.

If you helped [Derek](#) find a wife, talk to him near his house and ask about the second floor. It takes him seven days to complete the renovations. During the daytime throughout this period, you can find Derek working on the second floor of your house, where you can optionally offer him your "help" (M/M, [\[scene image\]](#), -50 lust).

After the renovations, Krowly notices he needs furniture. Go to [Sebastian's](#) shop. You can buy the furniture for 200 gold (or only 100 gold, gold if you [helped](#) Sebastian with the lost delivery).

In any case, this completes the quest (+200 EXP), furnishes the second floor, and allows Krowly to ask Jill to move in.

New laboratory

Starts by Asking [Melissa](#) about her laboratory.

After Krowly obtains the [Magic eye] (can be acquired during the "[Lost delivery](#)" quest), upon entering his basement, he remembers Melissa telling him about using a powerful magical item as an anchor. He decides to saturate the "eye" with magic. In practice, this means transferring 999 MP from Krowly into the sphere. There are no daily limits on transfers, so if you have mana potions, you can speed up the process. Once the sphere is fully saturated, select "**Do it**"(at night) to perform the ritual binding the sphere to the laboratory (+200 EXP).

After binding, the sphere can be used to recharge +50 MP once per day. If you have learned the *Return* spell, Krowly can use the magic circle to teleport to several unlockable locations for 50 MP.

Locations are unlocked upon first visit. List of available locations:

- Melissa's tower;
- Elven camp (the one with the spa);
- Orc's camp (the one near the elven forest);
- Goblin village (deep in the goblin caves);
- Temple ruins (the one with the [Priestess](#)).

To proceed further with this quest, you need to obtain the book [*Secrets of space manipulation*] (acquired during the "[Melissa's secret](#)" quest; if you missed it, you can return to the dungeon containing the book at any time. The dungeon entrance is located in the basement of the tower). Go down to your house's basement and use the book from the "Key Items" tab in your inventory.

Summon Jimm. If he is not busy (referencing the random event where the imp fucks a she-demon in the ass, +20 lust), he will offer a **Sparring** match:

- *Defeat:* Jimm says you failed. You can try again the next day.
- *Victory:* Jimm praises Krowly for the win and departs (+1000 EXP).

Next, our goal is to increase Krowly's maximum MP to 250 This can be achieved through:

- [*Sapphire ring*], [*Sea talisman*] – Each of these accessories adds +20 to max MP
- Summon [Meril](#) and ask her for a handjob or blowjob, which grants +20% to max MP, requires 50 lust (Sex → Handjob or Blowjob)
- [Cook](#) and consume [*Goblin stew*]. Each serving adds +3 MMP
- If the above methods are insufficient, you will need to level up.

After reaching 250 MP, interact with the Eye and select **Perform Lab expansion**. After a brief manipulation, the basement transforms into a beautiful room resembling [Melissa's](#).

This concludes the quest. After completion, try summoning Meril. She will now hang out in your laboratory on certain days of the week (*Tuesday day/night* and *Sunday day/evening*).

Busty smugglers

You can obtain this quest by talking to [Diana](#) if you have already met [Iss](#).

Diana complains that the inhabitants of the elven forest intercepted some couriers and stole three packages she needs – [*Parcel with rune*]. Krowly, of course, agrees to help.

This is a standard combat quest – head to the elven forest and defeat any enemies until all three packages drop.

However, it is more challenging than it seems. The packages drop randomly:

- from [Futa elf](#) and [Elf femboy](#), the drop chance is ~10%,
- from [Busty elf](#), the drop chance is ~50%.

This means that if you want to finish the quest quickly, you need to defeat one of the strongest mobs in the game at least three times. Note that the packages drop outside the regular loot system – after you completely deal with the enemy.

Once you have all three packages, talk to Diana to complete the quest (+300 EXP +10 Diana). As a reward, she offers a titfuck (**Fuck her tits** → [*scene image*], -50 lust, +2 Diana).

Tea with milk

You can obtain this during the **Ask** conversations with [Melissa](#). You need to talk to her at least 3 times. On the 4th time, she should start a conversation about elven milk (if you heard her lecture about ghosts, you will be able to start the quest the next day).

After discussing spatial expansion, barriers, and ghosts, Melissa will finally share the problem with her project and ask Krowly to find some [*Elven Milk*] for her. There are three possible ways to fulfill her request:

- If you already have the milk, you can give it to her immediately (Give milk);
- If you already have the milk, you can give it to her immediately (**Give milk**);
- Fight a [busty elf](#) in the elven forest (large busty sprite)
 - *If you win*: **Fuck busty mage** → **Tittyfucking** → **Squeeze them harder** → **Collect** (you must have [*Empty bottle*]).
- Get it from the drunk orc merchant in the orc camp, who sells futanari elf sperm and other items. **Yes**, to see his goods, you don't need to buy anything – when you close the trade screen, Krowly will ask him for milk. In return, he asks for a favor: you can either deliver a letter or suck his dick.
 - **Yes** → M/M scene where Krowly sucks off the orc, [*scene image*], -50 lust, -3 hunger.
 - **No** → Krowly must deliver the letter to [Leaf](#); after laughing at its contents, return to the orc for the reward.

When Krowly delivers the milk, Melissa takes it to use in her body transformation experiments. She enlarges her breasts and then, unintentionally, her lips. Krowly must first help her reduce her lips back to normal, and then test the stability of her breast transformation by massaging her tits with the Reducto potion ([*portrait image*], +3 Melissa).

Ask Melissa again, and she requests Krowly accompany her. Selecting **Yes** teleports both to the witches' tea club room, where he is introduced to Sandra (Casandra Rain), a dark-skinned human witch, and Velen, an elven witch with huge breasts. Look around and interact with the bookshelves and documents to find fun lore snippets, then talk to Sandra and Melissa. Speaking with Velen triggers a scene where Sandra drastically enlarges the elf's breasts until she can no longer move ([*image*], +30 lust). Unsurprisingly, choosing **Nipplefuck** leads to Krowly fucking one of Velen's enormous nipples (-100 lust, [*scene image*]).

Dialoguing with all available characters in the room concludes the quest (+100 lust, -10 hunger, +200 EXP, +10 Melissa) and teleports you back to Krowly's basement.

The matter of Order

The quest can be obtained while helping [Fina](#) with her mail (in the morning at her manor) after completing the "Tea with Milk" quest and if [Eric](#) has received the upgraded sword from the mysterious [Priestess](#) during your daytime hunt.

Fina asks Krowly to deliver an official Order letter to [Sister Elizabeth](#). (In the [Key Items] section, you can read the letter. Apparently, without any consequences.) Go to the church to see Sister Elizabeth sucking off Eric ([image]). It turns out that the Order is searching all nearby ruins for relics from the Church's past, and Sister Elizabeth suspects they have sinister motives. She asks Eric and Krowly to help her find these relics before the Order does. Eric agrees and says he will wait for Krowly at their camp.

You can meet him there or go alone. In the first case, if you say you are ready, you will be immediately teleported to the "Monastery ruins" map; otherwise, you will have to travel there on your own (it is directly east of the elven forest). This choice only matters for the interaction with the orcs in the "Monastery ruins" – they have burrowed into the basement, and you must decide how to deal with them:

- **Bribe with booze** → You can choose which drink to give them (any choice consumes one of these items):
 - [Beer]: → Too weak.
 - [Wine], [Wine "Sweet Lips"], [Goblin ale] → The orcs get drunk and fall asleep.
 - [Lust potion] → The orcs become aroused.
 - If Eric is with Krowly, both must suck off the orcs (M/M [scene image] focuses on Krowly, -50 lust, -3 hunger).
 - If Krowly is alone, he sucks off one orc (same M/M [scene image]), then gets fucked in the ass by the other orc (M/M [scene image], -150 lust, -3 hunger).

In both cases, the orcs fall asleep afterward.

- **Use sleep spell** (if Krowly knows the [Sleep](#) spell and has enough mana to cast it) → -6 MP, the orcs don't even realize what happened.
- **Seduce** (if Krowly has been fucked in the ass at least 10 times) →
 - If Eric is with Krowly, the orcs decide they like him more and double-penetrate him (M/M [sprite animation]). You can fap (-50 lust, [portrait image]) or just watch.
 - If Krowly is alone, the orcs double-penetrate him (M/M [sprite animation]; -50 lust).

In both cases, the orcs fall asleep afterward.

- **Go away** → You have a chance to reconsider your strategy.

Once the orcs are asleep, all that remains is to take their rope and use it to descend into the hole—into the church basement. Here, Eric rejoins the party if Krowly went alone. In any case, they both fall through the cracked floor and are separated when Eric falls to another level. On the next stage, you are alone.

Krowly finds himself in a dark maze. Some passages are blocked by sliding grates operated by levers and switches scattered throughout the maze. Many monsters roam around: randomly sized slime groups, flying dicks, and busty ghosts that pass through walls. The only door that strictly needs to be opened is the exit, a double grate on the eastern wall, but some locked rooms contain treasure chests.

The most notable feature is the breast altar in the room right at the entrance: drinking from it restores HP and MP (+100 lust; if Krowly has breasts, lactation begins), but each drink after the first has a chance to make Krowly grow boobs (if he doesn't have them). Another notable feature is the passage connecting two staircases.

After the maze, Krowly catches a glimpse of Eric fighting tentacles and decides to hurry. You must open the door in the next room:

- You are greeted by a classic 3×3 floor puzzle: stepping on a tile toggles it and adjacent tiles (up, down, left, right), revealing or hiding parts of an image. Completing the full image opens the door.

- *Hint:* If the tiles are numbered as shown below, a possible solution is – 8587139.

1	2	3
4	5	6
7	8	9

- A stone butt on the wall next to the door. Repeated interaction with it increases Lust (**+10 lust** → **+20 lust** → **+20 lust**) and finally allows you to fuck it ([**sprite animation**], **-100 lust**), opening the door if it hasn't been opened yet. If Krowly has enough Lust left, he can fuck it again.

After this, Krowly passes through another passage that allows him to see what is happening on the lower level: Eric has encountered the mysterious [Priestess](#) again (fucking her nipple–mouth [**scene image**]). In the next chamber, you can finally reunite. Eric boasts about his gift from the Priestess – the [*Marvelous sword*], or simply a blessing if he already has it (from the “[Labyrinth](#)” dungeon during hunting).

Upon leaving the dungeon, Eric and Krowly are surrounded by a group of suspicious battle nuns who order them to leave. Another nun now guards the entrance to the “Monastery ruins”, so the only option is to exit the location, which returns them directly to the village. Head to the church to report to Sister Elizabeth and complete the quest (+200 EXP, **+15 Sister Elizabeth**); you can ask for a **Blowjob** as a reward ([**animated scene**], **-50 lust**, **+1 Sister Elizabeth**).

After the quest, the nuns seem to have settled in the “Monastery ruins”, using it as some kind of base or training camp. You can revisit the location and see various events. And the mysterious Priestess's blessing begins to have some strange effects on Eric...

Amazing wonders of nipplefucking

The quest begins when Krowly tries to fuck [Carla's](#) nipple (one of the random topics when selecting **Chat** in dialogue, if relationship ≥ 25 and [Jill](#) is in the village).

Krowly only manages to press her nipple into her soft breast, but this makes him wonder if there is a way to make her nipples penetrable. If you have completed the “**Tea with milk**” quest, you should remember... the case of the busty elf Velen, which suggests she might know something.

Go to [Melissa](#) on [Wednesday](#) during the daytime to attend another witches' tea party. (*Tip:* Don't forget to get aroused enough beforehand or bring items that boost lust.) **Flirt** with Velen to repeat the magical nipple–fucking scene. After that, talk to Sandra – her conversation topics are random, so repeat until she refuses to reveal the secret. Then talk to Velen again. She also refuses to give a direct answer but hints to Krowly about the approximate location of the secret place. You can now end the party whenever you want.

There are two ways to find the location; the first allows you to visit the place even after the quest:

- Use the [spell](#) *Eye of the beholder* to find the hidden entrance in the location hinted at by Velen. (Hint: it is south of the stream, in the southeastern corner of the elven forest).
- A certain cunning [character](#) might agree to take you there for **20 gold** if you have enough (**+50 lust**).

Upon finally reaching the location, Krowly encounters a four–boobed elf. To prove he is worthy of this secret, Krowly must pass her trial by defeating her in [battle](#). If Krowly refuses (or loses the battle), she banishes him from the hidden forest.

After winning the battle, Krowly may enter the temple and speak with her about the secret he seeks:

- **Can I fuck your tits?** and **Can I suck your tits?** → The elven woman refuses both options, but she allows Krowly to **Fap on boobs** → [**portrait image**], **-50 lust**, (unlocks the option to repeat this scene when talking to her again).
- **Secret of nipplefucking** → She teaches him the necessary spell ([**advances time**]), and the quest ends (+500 EXP).

Visiting Carla is not required to complete the quest, but you were probably going to do it anyway, right?..

Juliette's dungeon

The quest begins by talking to [Juliette](#) in the morning or afternoon after Krowly has visited the dungeon entrance in the Bandit Wasteland (the cave north of the acid pools with tentacles) and interacted with the locked door.

Juliette explains that [Iss](#) told her about a dungeon full of ancient relics, but she is afraid to go alone due to possible monsters. If Krowly **Offers help**, both are instantly transported to the ruins.

The dungeon itself has a simple layout. Some enemies roam the rooms, but they are usually easy to avoid. These are either familiar tentacles or swarms of magical flying dicks (they only use lust attacks; vulnerable to fire); losing to them triggers a short **[scene image]** scene where Krowly and Juliette are fucked by the swarm. Losing to any enemy in the dungeon [advances time] and fails the quest, returning you to the village—you can try again the next day.

Notable rooms:

- *Northwest – Library*: One of the bookshelves contains the recipe for *[soothing tea]* ([cooking](#), not [alchemy](#)); another has a fun lore snippet (+30 EXP); and next to it is a unique **[image]** (+10 lust).
- *North Center*: Exit to the final area, but it is blocked by a grate.
- *Northeast – Throne Room*: +1 Juliette for interacting with the butt statue; sit on the throne and face south to read amusing dialogue.
- *Southeast Room*: Accessible via a boulder puzzle; a lever here opens the grate to the final location.

When Krowly and Juliette enter the final location, they are interrupted by bandits who are unhappy about you looting the dungeon they excavated. The conversation reveals some facts about Juliette's family. This is the dungeon's final battle—you face the leader (a bandit) and two masked henchmen.

- *Defeat*: **[scene image]** M/M where the bandit leader fucks Krowly in the ass (if gay-sex content is enabled), while Juliette is being pleased by another bandit (−100 lust). You fail the quest.
- *Victory*: The bandit leader drops a magical artifact that causes interesting changes to his... her anatomy; the bandits flee, and Krowly grabs another visible treasure—a book.

Our adventures return to Krowly's house, where they celebrate their victory with anal sex (standard **[scene image]**, −100 lust). Completing the quest grants +15 Juliette and +200 EXP. The book is placed in Krowly's basement—reading it gives the [recipe](#) for *[Big load potion]*. Quest completion also unlocks encounters with busty versions of the bandits, including a victory scene and a new voyeur option at the bandit hideout on Tuesday and Sunday evenings.

Warlocking for dummies

Access to the quest unlocks after completing the "[The matter of Order](#)" quest. Try to **Summon Jimm** in the basement. Instead of him, a busty she-demon named Agatha appears and asks how Krowly summons demons outside the basement. By the end of the conversation, she shares secrets of dark magic.

Next, you need to find three locations with high demonic energy and place beacons there. To perform the demonic beacon binding ritual, you need the *Eye of the Beholder* [spell](#). You must search for statues:

1. In the northern part of the "Rocks" location, you need a destroyed head (teleport to "Temple Ruins");
2. In the center of the "Elven Forest", a statue of a woman at the top of the waterfall;
3. The third beacon is in the "Monastery ruins" (which you visited with [Eric](#) during a [quest](#)). As soon as you begin the ritual, [Mother Sabrina](#) catches you. Krowly pretends to be cleaning the altar, for which Mother Sabrina gives him a broom and tasks him with cleaning the entire church [advances time]. While the nuns are distracted, you perform the ritual. Krowly restores all his mana.

After completing the rituals, return to the basement and try to **Summon Jimm** again (you can do this the next day). This time, Jim responds to the summons and teaches Krowly demonic secrets. This concludes the quest.

From this point on, you can summon [Meril](#) in battle. Like [Lizzy](#), she has her own **SP** counter. You can check the **SP** amount using the *Mindreading spell* while talking to her.

Dildo quest

Unlocked when relationship level is **Taisha ≥ 25**.

When visiting [Sebastian's](#) shop in the morning, [Taisha](#) will follow you in to buy a dildo for training, but the shop's supplies are depleted. The goblin woman leaves empty-handed, and Krowly decides to help Taisha with her problem.

Any dildo available in the game will work:

- [*Jade dildo*] – Can be obtained as [random loot](#), or dropped by a [Elf femboy](#) or [Battle nun](#);
- [*Dildo*] – Can be purchased from [Rayna](#) in the evening for **20 gold**.

After obtaining a dildo, deliver it to Taisha in the morning or daytime (if you have both dildos in your inventory, Krowly gives her the standard [*Dildo*]). As a reward, you receive **+100 EXP**, **+10 Taisha**. After this quest, the **Anal** flirt option is unlocked.

At service

This quest starts automatically when you enter the tavern on Friday evening, provided you have completed the following quests: "[Summon Succubus](#)", "[Lost delivery](#)", "[Tea with milk](#)", "[Juliette's dungeon](#)" and "[The matter of Order](#)." A trio enters the tavern: the [Great Paladin](#), [Brother Volt](#), and his Nun golem. The Great Paladin expresses outrage at the disgraceful display of debauchery and demands to be taken to the leader.

During the meeting at Ironhart Manor, the Great Paladin asks Fina to provide a local "escort" familiar with the area around the village, and Fina assigns this duty to Krowly. After regaining control, head to the location with the "Old tower" and speak to the Great Paladin to report your readiness for duty.

Now you need to complete the following quests:

- A [quest](#) from Brother Volt
- A [quest](#) from [Mother Sabrina](#)
- A [quest](#) from [Juliette](#)
- Assist with [Diana's task](#)

After each quest, your relationship level with the Great Paladin will increase.

After completing all tasks assigned by the Great Paladin and the subsequent dialogue with her, the quest concludes. You receive **200 gold** and **+500 EXP** as a reward.

Save the Toppless Friday

This quest becomes available after starting the "[At service](#)" quest. To activate it, visit the tavern during a topless Friday. You'll notice that all characters are dressed; speaking with [Carla](#) reveals that they decided to cancel topless Friday to avoid causing additional problems for [Sister Elizabeth](#) until their issues with the Paladin are resolved. Krowly decides to help Sister Elizabeth.

Next, you need to find Sister Elizabeth and talk to her (she doesn't stray far from the church). She is distressed by the situation and says that only a blessing from the Creatress or a powerful artifact can help. We need to find someone knowledgeable about artifacts.

Head to [Iss](#), who is usually at her home in the swamp in the elven forest. Speak with her, and she will extract a promise from Krowly for a future favor in exchange for information about church relics. She

reveals that there is a hidden room in the church ruins that opens with a special key, but she doesn't know where the key is.

The key we need can be obtained from [Brother Volt](#) (if you haven't spoken to the Great Paladin yet, do so first to unlock the necessary dialogue with Brother Volt). They have set up camp near the old tower (between the forest and the elven camp). Brother Volt will explain that the Order is also searching for the lost relic, but he is skeptical about the matter. During the conversation, Krowly receives the key item [*Strange gem*].

Next, during the daytime, talk to [Eric](#) in the forest and **Ask about a church ruins**. You will be taken to the [ruined church](#) location. Navigating this area is identical to doing so during a hunt. The only difference is that you must additionally **Look behind the tapestry** in the church hall. Behind it, you find a small hole for an item. Insert the [*Strange gem*] given to us by Brother Volt. Suddenly, Krowly falls through a trapdoor into a dark room filled with crates. At the end of the room, you find a portrait of the Creatress (+10 lust). With Eric's help, you escape the "trap" and return to your forest camp.

Wait until nightfall and hang the painting in the church, on the wall between the goddess statue and the bookshelf. You can now admire the image of the Creatress at any time (generates +5 lust once per day with the **Fap** option).

The next morning, return to the church. Sister Elizabeth is delighted by the sudden appearance of the lost relic of the Creatress and takes it as a sign that the Creatress favors this church. She decides to be more open, revealing her huge breasts +10 lust, +300 EXP. This concludes the quest; henceforth, Sister Elizabeth will relax at the tavern on Friday evenings.

Melissa's secret

To start the quest, talk to [Melissa](#) in her room during the daytime on Tuesday, Thursday, or Friday (after the [Great Paladin's](#) arrival).

Teleport to Melissa's tower. She complains about [Volt's](#) intrusiveness, and Krowly offers to distract him. Through the magic circle in the room, descend to Volt. It turns out he is responsible for the Order's camp being set up near Melissa's tower. Krowly suggests exploring the lower floors, and Volt becomes intrigued by the idea. After another conversation, you enter the dungeon beneath the tower.

Talk to the golem; she will step on one of the two pressure plates. You step on the other, and—classically—the door opens. Proceed inside. At the end of the hallway, enter the room and take the book [*Secrets of space manipulation*] from the left bookshelf (required for the "[New laboratory](#)" quest) and open the chest (contains [random loot](#)). Interacting with the statue gives you +10 lust. Go left—this begins a mini-maze segment. In the top-left corner, there is another chest (along the way, you will see a niche in the wall with an image of a very busty snake girl; interacting with it grants +10 lust, which is risky given the local enemies: 3 groups of 3 flying dicks).

After the maze, you enter a room with a puzzle and stone breasts embedded in the wall. If you don't feel like solving the puzzle, you can interact with the stone breasts several times. After 3 interactions (totaling +50 lust), on the 4th interaction, you can **Fuck stone tits**. After this process, the iron door opens, and you lose -50 lust. Further down the hallway is a room with numerous statues and scrolls. Suddenly, Brother Volt bursts in, and you explore the room together [advances time].

Upon returning to the Great Paladin's camp, speak with Volt. After conversing with him, you will be able to **Upgrade the golem**. Essentially, this concludes the quest (+300 EXP).

To upgrade the golem, talk to Brother Volt. There are 6 upgrade options (all can be installed without restrictions):

- Cocksucking Lips → Unlocks a golem blowjob scene at night in the camp.
- Fuckable Nipples → Unlocks a golem titfuck scene at night in the camp.
- Soft Pussy → Unlocks a vaginal sex scene with the golem in the mornings at the camp.
- Tight Anus → Unlocks an anal sex scene with the golem in the mornings at the camp.
- Big Belly → Unlocks a large belly effect after using a [[Big load potion](#)].
- Thick Butt → Unlocks enhanced visuals.

Each upgrade requires 10 [*Piece of slime*], and is completed after [advances time].

Return to Melissa and speak with her. Krowly receives the reward ([scene image], -50 lust, +12 Melissa,)

Nun's work

The Paladin praises Krowly for helping Brother Volt (+5 Great Paladin). When asked "if she needs help," she sends us to [Mother Sabrina](#). Head to the "Monastery ruins" and speak with her.

Sabrina asks us to find someone who can repair the church's second floor. Remembering how skillfully [Derek](#) fixed the second floor of our house, we go to him with the request (in the morning or daytime)... and of course, he refuses. No problem – we run to the orc camp and talk to Mork, who has a liking for deep holes. He agrees to help, but only if we invest 200 gold in their "business." With no other choice, we give him the money and receive the *[Mind Ring]* in return.

Wait a week and return to the monastery, where you meet the orcs near the stairs to the second floor. They say they were interrupted by a "thing." After the conversation, you go up to the second floor, where a mass of tentacles attacks you

- *Defeat*: The tentacle mass fucks Krowly in every hole [scene image], -100 lust, -7 hunger, [advances time].
- *Victory*: The monster crawls back into the walls [advances time].

On the first floor, Mother Sabrina greets you. After speaking with her, you receive +10 Mother Sabrina and a blowjob from her ([scene image], -50 lust, +3 Mother Sabrina, [advances time]). This concludes the quest; you now have access to **Blowjob and titfuck** from Sabrina via the **Flirt** menu with her.

Don't forget to report back to the Great Paladin – you'll receive +5 Great Paladin, for this, and the **Fup and cum** option in the **Flirt** menu becomes available ([scene image], -50 lust, +1 Great Paladin).

Field research

To start the quest, you must complete the "[Nun's work](#)" quest and **Chat** with the [Great Paladin](#). She will say that she has been tasked with returning [Juliette](#) to her father and threatens to do so if she does not stop her research. Krowly becomes worried and decides to visit her. Go to the tavern and talk to Juliette; she has finished the theoretical part of her research and it is time for "fieldwork." Speak with her again and set out (in the *morning* or *daytime*).

Our difficult journey begins with Fairies [scene image], -100 lust, +5 Juliette, +200 EXP, [advances time].

After the next conversation with Juliette, we head to the rocks where we must battle a local [pregnant lamia](#):

- *Defeat*: The lamia sucks off Krowly ([scene image], -50 lust, [advances time] you can talk to Juliette again and try once more).
- *Victory*: Krowly fucks the lamia from behind. ([scene image], -100 lust, +5 Juliette, +500 EXP, [advances time]).

Next, Krowly takes the initiative and leads Juliette to a hidden temple (requires completing the "[Amazing wonders of nipplefucking](#)" quest). Enter the temple and speak with the [elf woman](#). For our goal, we must fight again:

- *Defeat*: You are simply teleported to the elven forest. Speak with Juliette again and try again.
- *Victory*: Krowly receives his reward at the altar. ([scene image], -100 lust, +5 Juliette, +800 EXP (unlocks the option to repeat this scene by talking to her again).

The research concludes for now. Return to the Great Paladin to complete the quest +5 Great Paladin.

Going undercover

To start the quest, you must complete "[Field research](#)" and Chat with the [Great Paladin](#). This time, she will task you with assisting [Diana](#) in her mission. Catch her at the camp on *Thursday/Friday morning* or *Monday/Wednesday evening*. After speaking with Diana, go to the elven forest and talk to [Iss](#). She gives you a [*Bandit outfit*] – equip it and head to the "Old Mine" location. You can access it from the bandit fortress area, which you visited during a previous quest (the nearest teleport is "Temple ruins").

Not far from the entrance, a note with the password "excelsior" hangs on a post. Read it and proceed to the right. After a short distance, you will see a barred door – this is where the password is needed. Finding nothing, we exit this room and go to the adjacent left room, where documents are lying on the table. After reading them, the bandit leader approaches us. After a brief dialogue, Krowly is treated to a blowjob [*scene image*], **-50 lust**.

Return to Iss. She and Krowly spend the evening with wine and anal [*scene image*], **-100 lust**, [advances time].

Wait for Diana's return and speak with her. Receive praise and **+200 EXP**. After the dialogue, this quest concludes.

Return on investment

To unlock this quest, you must complete the "[At service](#)" quest.

Upon leaving your house (not at a night), Krowly will meet [Kestia](#). She has brought "investment returns" from the orc couple (3 [*Emeralds*], 2 [*Topazes*], and an [*Idol of fertility*]), plus a bonus item ([*Jade Dildo*]). Surprised by the return on his investment, Krowly decides to visit the orcs at the dig site. We need to go to the "Orc Camp".

Descend into the dungeon opened by our orc acquaintances and interact with the door. A group of those same orcs and the [Great Paladin](#) approaches. During the small talk, [Conda](#) suddenly appears, claims ownership of the place, and attacks Krowly.

Regardless of victory or defeat, the outcome leads to sex with Conda ([*scene image*]), **-100 lust**).

Amid the chaos, [Eric](#) arrives and opens the dungeon door while everyone is distracted, but suddenly loses consciousness. Krowly and the others carry Eric to his room, where after talking to him, we wait another week.

A week later, Kestia visits again with our share: 2 [*Emeralds*] and 4 [*Topazes*]. After speaking with her, we head to the orc camp.

Descend and move forward. Enter a dark dungeon with flying dicks and busty ghosts, quickly moving to the right. In the room with two columns and two braziers, take the [*Crystal ball*] from the chest. Then, in the upper-left corner of the dungeon, find a lever–press it. Descend the corridor to the room below and place the [*Crystal ball*] on the pedestal. Return to your basement and take the [*Magic eye*], then place it on the pedestal instead. The passage to the next part of the dungeon is now open. Proceed further (it's in the upper-right part of the location).

Optionally, you can drink from the stone boobs to restore mana and health. Continue through the dungeon; after the room with red growths, you enter a room with a floor puzzle and a golden four-armed [golem](#). You can solve the puzzle or jerk off to the statue, causing it to attack:

- *Victory*: You get off with a light scare, and the passage forward opens.
- *Defeat*: You wake up at the dungeon entrance.

Proceed to the next section of the dungeon and immediately turn right. Before the stairs, you can turn right and **Fuck stone ass** protruding from the wall (**-100 lust**). After interacting with the ass, climb the

stairs and turn right. In the room with scrolls, you can find an interesting picture (+10 lust). Push through the dried vines; in the library, besides lore, find another image (+10 lust). Head upward through the location to witness the conclusion.

After speaking with [Melissa](#), the quest ends (don't forget to return the Magic Eye to the nightstand in your basement).

Hot enterprise

To start this quest, you must complete the "Arrive on Investments" quest, have a high relationship level with [Alice](#) (≥ 50), unlock a vaginal scene with her at her home, go on a double date with Alice, Eric, and Astra (see Thursday morning), receive a titfuck from the [Priestess](#), and return to the village.

As you approach the tavern, you notice a crowd of puzzled villagers. It turns out a crack has formed in the rock, emitting steam. Alice suggests it might be a hot spring.

A few days later, at the same spot, you encounter a pair of orcs who have smashed a hole into a cave. During the dialogue, they give you the [Old gem]. Enter the cave and wait for developments, as Krowly is confident that Astra and Alice can handle their business themselves.

While waiting, teleport to the Goblin Village and immediately exit. After exiting, enter the right tunnel, which leads to the "Deep Tunnel" location. Go all the way to the right and exit via the wooden bridge to the next location, "Lost Tunnel". Then go left and up to the "Old Tunnel" location. If you see Busty goblin, you're in the right place. Pass by them and find the dragon statue. Insert the two gems obtained earlier during quests ([Strange gem] from the "[Save Topless Friday](#)" quest and [Old gem] from the previous step of this quest) into the statue's eye sockets. Use the *Eye of the Beholder* spell and enter the cave behind the statue. Take the prize from the chest: the [Ring of Ethanty]. You can equip it immediately if desired. Exit the cave and return home.

After some time, the shabby cave entrance transforms into a proper doorway, indicating that the girls have completed their task and the hot springs are ready to receive visitors on weekdays during the daytime.

Entry costs **5 gold**. You can **Relax in the hot springs**, restoring all **HP** and **MP** [advances time].

The reception at the hot springs is staffed by:

- Monday – [Taisha](#)
- Tuesday – [Jill](#)
- Wednesday and Thursday – [Alice](#)
- Friday – [Astra](#)

Not only villagers but also guests from other places visit the hot springs. Interacting with guests grants **5–10 lust**, [portrait image] of the naked characters.

- Monday – Goblin girls [Conda](#) and [Maruna](#);
- Tuesday – [Jaina](#), [Carla](#), [Agnieszka](#) (only if it is not raining);
- Wednesday – [Rayna](#);
- Thursday – [Samantha](#), [Fina](#);
- Friday – Kaaren, merchant [Dario](#) with his guard [Matthew](#);

Repeatable Quests

These tasks can be completed more than once, but they are still listed in the quest journal.

Treasure hunt

Start by talking to Sebastian after completing the quest and if you have met Iss. He mentions that she might have similar work for Krowly. The next part of the quest is repeatable:

Find Iss in her house in the swamp of the elven forest. If you agree to take the job, she will ask you to find a specific item. The item is chosen randomly when you accept the task:

- [Emerald];
- [Topaz];
- [Ancient urn];
- [Blue amber];
- [Jade dildo];
- [Ancient tablet];
- [Idol of fertility].

All of these can be found as [random loot](#) from defeating enemies in dungeons or in dungeon chests.

As a reward, Iss buys the quest item at full price (not half-price like Sebastian); you also receive +10 EXP and +3 Iss. If the item is too cheap, she decides additional compensation is needed, and Krowly gets a free titfuck. There is also a chance her nipple will slip out of her top while she pays you ([[portrait image](#)]; **Your nipple...** → Iss reveals her entire chest, +20 lust, or **Don't tell her** → only +10 lust).

The quest can be repeated once per week (for this quest, the week resets on Sunday morning), but you must complete the previous task before starting a new one.

Milf next door

You can obtain this during a conversation with [Sister Elizabeth](#) on *Friday*, *Saturday*, or *Sunday*(daytime only) morning/daytime, if you have [helped](#) her and after catching [Jenna](#) and [Eric](#) on Thursday night of the same week.

Sister Elizabeth tells Krowly that she is concerned Jenna might get Eric's sperm in her vagina. She asks Krowly to help Jenna satisfy her lust and redirect her attention to a safer hole – by fucking her in the ass.

If your relationship level with Jenna is high enough (≥ 50), you simply need to choose the **Anal** option when flirting with her during daytime before the following Thursday. (This disables the Thursday scene for this week.) Report back to Sister Elizabeth to complete the quest and receive your reward (+20 EXP, +2 [Sister Elizabeth](#), an automatic quick blowjob [[animated scene](#)], -50 lust).

One-Time Events

Events that can only occur once and are not part of other quests, dungeon events, or hunts.

Rescuing Juliette

Krowly encounters Juliette in the forest (southernmost eastern path, then the upper dead end) while she is being anally raped by a bandit ([[sprite animation](#)]). You can **Go away quietly** or **Interfere**, which triggers a fight with the bandit. You'd better win, because...

- *Defeat*: The bandit anally fucks Krowly (M/M [[scene image](#)], -100 lust), until Juliette attacks the bandit and drives him away.
- *Victory*: The bandit flees.

In both cases, you receive +10 EXP and Juliette's gratitude (+20 [Juliette](#)). Talk to her—if your lust is high, you can ask her for sex ([[scene image](#)], -100 lust). If you defeated the bandit, you will find +40 gold. In either case, you can find a magic scroll activating the "[Return spell](#)" quest.

The Tentacle Nest

In the "Ruined Passage", which connects the northwestern exit of the forest to the mountain region, stepping on the cracked ground will cause Krowly to fall into a cave full of tentacles.

- (If Krowly has [learned](#) the *Return* spell) He can **Teleport** home (with no **MP** cost or requirements, unlike normal use), but will drag one tentacle monster with him.

- *Victory*: Krowly learns a lesson about the dangers of mountain travel.
- *Defeat*: The monster fills all of Krowly's holes; [scene image], -100 Lust, -7 hunger, [advances time].
- If you choose **Struggle**, all the tentacles in the cave follow him ([scene image], -100 Lust, -7 hunger, [advances time], and a greater-than-usual increase in sex statistic).

Kaaren: Battle and Forgiveness

Kaaren is a non-hostile lamia with short hair and unusually large boobs for her species. Two events are tied to her: defeating her in battle and Krowly's subsequent apology.

She can be found on Tuesdays and Saturdays, bathing in the lake south of the mysterious Priestess's temple. Choices: **Go away** or **Keep watching** → +10 lust, and she attacks. Her attacks and weaknesses can be found in the [mini-boss](#) section.

- *Defeat*: Krowly loses consciousness ([advances time]).
- *Victory*: +200 EXP, [Naga's bracelet],

After defeating the beast, wait until Monday morning and go to [Fina's](#) manor, where Kaaren complains about Krowly and demands an apology. Fina suggests an apologetic titfuck → [scene image], -50 lust.

After this event, the **Flirt** option with Kaaren becomes available on *Tuesdays* and *Saturdays*.

Conlan's Trouble

Thursday daytime, location: "Palla's Gate" (where Diana stands with her partner before the Great Paladin's arrival).

Conlan complains about the fairies preventing him from walking in the forest. Krowly suggests that a [Shovel] could help him (it can be obtained as [random loot](#) or purchased from [Rayna](#)). If you already have one, you can offer him yours: **Give him a shovel** → as a reward, he will give you a random item.

Hangover Elf

If you visit the elf camp on the *evening* of *Friday*, *Saturday*, or *Sunday*, you can meet a [red-haired elf](#) suffering from a hangover, sitting near the campfire:

- (If wine is in your inventory) **Offer wine** → titfuck as a reward [scene image], -100 lust, [time advances to morning].

Hunting Events and Dungeons

Every day except *Thursday*, during the daytime, [Eric](#) can be found at your forest "base". If you agree to join him, you will be offered the choice to **Hunt** or **Go in a dungeon** – allowing you to revisit any dungeon discovered during previous hunts. Hunting grants up to three consecutive random events, and you can return to the village after each one. For low-level characters, events are largely focused on common battles with slimes and fairies; they become rarer at level 3 and disappear entirely upon reaching level 6. Entering a dungeon during hunting means forfeiting the remaining random events for that day. Completing a hunt or clearing a dungeon [advances time]. Not all dungeons and events are available from the start – some are unlocked by completing quests, performing specific actions, or leveling up your character.

Hunting Events

An ambush

During the hunt, Eric and Krowly are ambushed by bandits in the canyon.

- *Defeat*: The bandits steal your gold (you can reclaim it at their base).
- *Victory*: +5 EXP and a [random item](#) (in addition to any loot dropped by the bandits).
 - (after the [quest](#)). **Titfuck her** → [scene image], -50 lust, +30 Eric's lust; if Eric's lust ≥ 100, he additionally fucks the bandit girl in the mouth (-50 Eric's lust).

Ambushed Wine Merchant

Eric and Krowly can interrupt a robbery on the main road – a familiar wine merchant is being attacked by bandits.

- *Victory*: +5 EXP, the merchant gives you 2x [Wine] as a reward (in addition to any loot from the bandits).
- *Defeat*: The guard Diana will appear.

Encounter with Juliette

Unlocked after [rescuing Juliette](#).

During the hunt, Eric and Krowly may encounter the perverted "naturalist" during her nature studies. The circumstances are random, but new possible locations unlock depending on how many times you have met her (the encounter only counts if you talked to her):

1. A glade with various rare plants. When Eric warns her that bandits might rape her, she replies that she hopes for it.
2. A canyon full of tentacle monsters, both types: hidden and crawling. One of them catches Juliette and fills her holes with its tentacles ([scene image], +30 lust, +30 Eric's lust).
3. A glade full of fairies who want to play with the heroes' dicks (**Yes** → short [scene image], -100 lust). Juliette talks to a plant girl; Eric recklessly rushes at the monster, gets hit in the face with pollen that has a strong arousing effect, and Krowly fucks him in the ass while Juliette watches (M/M [scene image], -100 lust, +3 Eric, +3 Juliette; unlocks the "Flirt" option).

Encounter with Mabel

If you defeated [Mabel](#), the minotaur girl, you may encounter her in a random glade during the hunt. She offers the same interactions as on Sunday, including trading.

I'd like more fresh milk → Boob sucking [scene image], -10 hunger, +20 lust, +1 Mabel.

Brawl with a crowd of orcs

During the hunt, you encounter [Jaina](#) and [Rose](#), who are literally running in the opposite direction. It turns out they are being chased by a crowd of enraged orcs, both [male](#) and [female](#). (Orcs are hardy and

somewhat resistant to both ice and fire; male orcs raise their axes to deliver a powerful blow on their next turn). *Tips:* With Krowly's Sleep spell and Rose's Snowball, you should have no trouble disabling most of them while Eric and Jaina focus on a single target.

- *Victory:* +5 EXP, +3 Jaina, +3 Jaina, and it turns out the orcs' anger was justified.
- *Defeat:* The orcs are satisfied with beating you up.

Crystal Caves

Unlocked after dealing with the [Thick goblin](#).

During the hunt, you encounter [Jaina](#) and [Rose](#) at a campfire in a clearing. They invite you to join them in exploring a nearby cave. The first cave contains several slimes and goblins (watch out for hidden Thick goblins!!). The second cave features a tentacle monster, followed by a scripted ambush where the four split into two groups. Krowly ends up with Jaina, fighting a group of slimes (which merge into a slime girl).

- *Victory:* You can collect [*Ice quartz*] fragments. After collecting 12 crystals, Jaina suggests celebratory sex, and you can choose between Rose or Eric (M/M). In both cases, Krowly receives a blowjob ([*scene image*] -50 lust, -50 Eric's lust, -50 Jaina's lust, -50 Rose's lust). Final rewards: +20 EXP, 4 [*Ice quartz*], +1 Eric, +1 Jaina, +1 Rose [advances time].
- *Defeat:* Jaina rescues everyone but demands a reward. Anal threesome with Krowly/Jaina/Eric; unlocks Jaina and Eric's "training" (this scene can also be triggered Wednesday morning during training with Jaina if **Jaina ≥ 20**) (Futa/M/M [*image*], -100 lust, -100 Jaina's lust, -100 Eric's lust, [advances time]).

Glade of fertility

Unlocked after defeating the flower girl in the fairy glade and if the pregnancy parameter is enabled.

During the hunt, Eric and Krowly encounter [Jaina](#) and [Rose](#) in a strange glade with fairies and tentacle monsters. There is also a hidden passage in the northeastern part of the map. If you use the *Eye of the Beholder* [spell](#), you can see a passage in the tree.

To complete this part of the hunt, you need to defeat the [mini-boss](#) – the Pregnant flower:

- *Defeat:* The Pregnant flower girl pleases your entire party with her buds ([*animated scene*], -50 lust, [advances time]).
- *Victory:* The Pregnant flower flees, dropping an [*Emerald*], and/or [*Blue amber*].

When clearing the dungeon: [random loot](#), +5 EXP, +1 Eric, +1 Jaina, +1 Rose.

Event in the Ruined Church

Unlocked after completing the "[Tea with milk](#)" quest (combat nuns begin appearing in various locations).

During the hunt, Eric and Krowly stumble upon the church ruins. It doesn't take a genius to figure out how to get inside (move the angel statue on the right). The chest contains 3x [*Wine*]. If you take the bottles, upon exiting the church, our adventurous duo is confronted by a pair of [Battle nuns](#) unhappy with your theft.

- *Victory:* Exit the dungeon map, +1 Eric, +1 EXP.
- *Defeat:* The nuns will "punish you properly"... or deliver a tedious lecture (-100 lust, [advances time])

Dungeons

Old ruins

Underground ruins with several goblins around a campfire.

- *Victory*: **Let her run away** (+50 lust) or **Fuck** → **In pussy/In ass** ([scene image], -100 lust). If your Lust is still high enough, you may **Fuck third goblin** ([scene image], -50/100 lust,).
- *Defeat*: One busty goblin gives Krowly a blowjob, then pins him to the ground and rides him, while another impales her anus on Eric's dick ([sprite animation] and [scene image], -100 lust).

This location also has a hidden passage. Go in the direction opposite to a campfire and use the [Eye of the Beholder](#). A strange brick pattern will appear on the wall.

Ancient ruins

Eric and Krowly discover a clearing with an entrance to an ancient underground tomb. It turns out it's already being explored by three elf girls – one [Busty elf](#) and two [Futa elf](#).

- *Victory*: You can let them go (+50 lust) or make Eric and Krowly facefuck the Futa elves ([sprite animation] and standard **Futa/M** [scene image], -50 lust, -50 Eric's lust). If Lust is still high enough, they can **Fuck busty mage** → **Threesome** → Eric takes her ass, and Krowly takes her pussy ([portrait image], -100 lust, -100 Eric's lust) or **Facefuck** → Eric gets nothing, Krowly does all the work ([scene image], -50 lust).
- *Defeat*: Krowly gets facefucked by one of the Futa elves (standard **Futa/M** [animated scene], -50 lust, -3 hunger).

Upper chest: [random loot](#) and [Ancient urn]; Right chest: +5 EXP, +1 Eric.

This location also has a hidden passage. Go in the direction opposite to a campfire and use the [Eye of the Beholder](#). A strange brick pattern will appear on the wall.

Magic lair

Eric and Krowly follow the stream through the canyon. At its end, they find a trio of lamias led by a four-boobed one (details about the enemies can be found [here](#)).

Defeating her clears the dungeon: [random loot](#), +5 EXP, +1 Eric.

Ancient temple

If the pregnancy parameter is enabled.

Each time you encounter this dungeon, it is randomly generated from one of the following variants:

- A room with many mushrooms.
- A room with tentacle monsters and a human skeleton. (Tentacle monsters hide under cracked floor tiles).
- A slime room with a dragon skeleton.
- A puzzle room with boulders.
- A [pregnant lamia](#) with her retinue.
- Three goblins around a campfire led by a pregnant one.
- A room with collapsing floors and chests. You simply need to walk across the patterned tiles to the other side.
- A treasure room with four switches. The on/off state of the switches must match the braziers.
- A treasure room with boulders. Simply push a boulder onto an empty switch.

When defeating enemies, you receive standard images and scenes (no unique scenes)

If the room has one chest, it contains random loot. If there are two chests, the contents of the second chest are always taken by Eric(+5 EXP, +1 Eric). The third chest is empty.

There is always a final safe zone where you meet the [Priestess](#). In exchange for Eric and Krowly fucking her nipples (-100 lust, [scene image]), she gives Eric the [Mighty sword], if he does not already have it, or blesses the group, restoring all **HP** and **MP**.

Clearing the dungeon grants an additional +1 EXP, +1 Eric.

Cave in the Rocks

Eric and Krowly find a cave in the rocks. In the cave, after a room cluttered with stones, they encounter a pregnant lamia (for details, see the [mini-boss](#) section).

Additionally, in the cave where the lamia wanders, there is a hidden passage. Go behind the red "pillar" and use the *Eye of the Beholder* [spell](#) to spot strange brickwork in the wall. *Important!* The spell must be used **BEFORE** the battle with the lamia, as after victory, you will be ejected from the location.

After clearing the dungeon, you receive: [random loot](#), +5 EXP, +1 Eric.

Bandits lair

A pair of tents guarded by bandits and a random hidden tentacle monster. You can gather random mushrooms on the location. Chest in the left tent: [random loot](#); chest in the right tent: +5 EXP, +1 Eric. Exiting the location: +1 EXP, +1 Eric.

Riddle dungeon

Eric and Krowly explore the cave and find [Jaina](#) and [Rose](#) in a room with a locked door. To open it, you can:

- If you have enough lust, look at the left statue and choose **Fap** (standard masturbation [[scene image](#)], -50 lust).
- Find a random lever combination that brute-forces the door open. There are $3^3 = 27$ possible positions. After each attempt, stand in front of the grate.

After this puzzle, all that remains is to clear the dungeon. On the next location, the enemies are primarily ghost girls (two enemies per squad) and one squad of slimes. All chests contain [random loot](#), and additionally in the left chest: +1 [Jaina](#); middle chest: +1 [Rose](#); clearing the dungeon: +5 EXP, +1 Eric, +1 [Jaina](#), +1 [Rose](#) [advances time].

Goblin dungeon

Eric and Krowly find themselves in a cave. One branch is inhabited by tentacle monsters, the other by goblins, including the fat variant if [unlocked](#). Left chest: [random loot](#); right chest: +5 EXP, +1 Eric.

This cave has a hidden passage. If you use the *Eye of the Beholder* [spell](#), in the room with tentacle monsters, between the wall and a large rock, you can spot a passage in the wall.

Labyrinth

Unlocked by "donating" at least once to the mysterious [Priestess](#) in the dungeon or the Temple ruins.

Eric and Krowly discover another interesting cave. This time, the entrance to the dungeon itself must be unlocked by solving a simple sliding tile puzzle. Move the tile fragments to assemble the image of the Priestess on the four center tiles. (Hint: Ensure the left side of the face is in the top-left slot, and the right breast is in the bottom-right slot, using the central four slots to swap the remaining two tiles).

Unlike the first random dungeon, the layout of this dungeon remains fixed—only the treasure chests, enemy spawns (a mix of slimes, tentacles, and ghostgirls), and the location of the entrance to the second floor and the switch that opens it change. Three possible entrance/exit locations exist (inactive ones are blocked by piles of debris):

- A room in the northwest corner, surrounded by gargoyle statues.
- A room in the northeast corner, adjacent to the winged statue room.
- A room along the central eastern edge, containing a winged statue and broken pedestals.

Similarly, there are three possible switch locations:

- The southeastern corner room.
- The central hall with a pool.

- The northern central room with pots.

Unsurprisingly, the Priestess awaits on the second floor with another reward for Eric ([*Marvelous sword*]; if you already have it, she blesses you, restoring **HP** and **MP**), provided you agree to make a "donation" (-100 lust, [scene image]), If you refuse, you gain +50 lust.

Changing dungeon

The dungeon consists of a set of single-screen rooms with different enemies. The entrance is always the same, but the exit can be randomly located in any of the nine rooms. In every room (except the one with bookshelves and the canyon), one chest may spawn. Movement between rooms is done through doors. A staircase in one of the rooms leads to the dungeon exit.

Room List:

- A room with two groups of monsters and a pair of statues.
- A room with pools and one group of enemies.
- A room with a red crystal in the center and a [pregnant lamia](#) as the enemy.
- A room with two groups of enemies. In addition to the enemies, there is a stone ass in the wall that can be fucked.
- A room with many bookshelves and two groups of flying dicks. Besides the chest, this room has a unique [image] of a lamia (+10 lust) in the bookshelf in the top right corner.
- A room with three groups of enemies.
- An ice cave with a [magic lamia](#).
- A canyon with a group of goblin women (similar to the goblin fight in the [old ruins](#)).
- A room with four steaming gratings and wall inscriptions. Between 0 and 3 enemy groups may appear here. As soon as you enter this room, you gain +200 lust.

Final Stage:

The final dungeon room contains two chests, two staircases, and a well in the center. If you **Drop a coin** into the well, Krowly's dick grows, and Eric carries him back to the village to [Sister Elizabeth](#), who gives him a blowjob. (-50 lust, [scene image], +3 [Sister Elizabeth](#)).

You can also leave the dungeon by taking the staircase on the right.

Characters

Characters with whom Krowly can build relationship points or interact in various ways to trigger scenes.

Agnieszka

Grandma Agnieszka (or Agnieszka) – An old, very old village woman, wife of Grandpa Jason. They live together in their house in the southwest corner of the village, right by the exit.

If the weather is clear, Agnieszka spends her mornings and daytimes grazing sheep in the small meadow right outside the village exit. *Tuesday* becomes an exception to this routine after the hot springs [open](#) in the village. If it rains, she stays inside the house with Jason. In the evening, she can be found at home (while her husband is at the tavern). At night, they sleep (...except on Saturdays).

When she is at home, you can buy from her:.

- [Milk] – **3 gold**;
- [Cheese] – **3 gold**;

Agnieszka is one of the characters affected by the [\[Big load potion\]](#). Sex with her results in a large, bloated belly visible in all her illustrations for three days.

If you visit Agnieszka on Friday evening, you can ask her to join "Topless Friday" if your relationship level with **Agnieszka ≥ 10**

Relationship progression from 0:

+1 Agnieszka on *Monday* and/or *Thursday* by talking to her in the morning/daytime (or **Flirt**). She will say that one of her sheep, Marvin (presumably a ram), is missing and ask you to find him.

- *In the village*, near Ironhart Manor.
- *In the forest*, by the waterfall.
- *In the forest*, the last eastern turn before the exit to the old tower, southern dead end.
- *At the Old Tower*, northwest corner.
- *In the "Ruined Passage"* north of the tentacle nest location.

Since interacting with him instantly returns you to Agnieszka without **MP** cost or [advances time], you can use him as impromptu transport.

+3 Agnieszka in the *morning* or *daytime* when it rains, she sits at home. When talking, she asks you to bring [\[Soothing tea\]](#) (see [here](#)) for Jason.

During the day and evening, she works at the Stone Dragon, and at night she sleeps in her house. After Derek's marriage, her Thursday evening becomes free, and she spends it resting at the pond behind Jenna's house. Alice participates in "Topless Friday" by default.

Astra

Astra – The spoiled daughter of Fina Ironhart and the obvious love interest of [Eric](#) (who can't even muster the courage to ask her to dance). She lives with her mother in their manor in the northeast corner of the village, above the church..

She spends her mornings at home. During the day, she looks after Jessie ([Alice's](#) younger brother) and Charlotte ([Derek's](#) daughter). When [Juliette](#) volunteers to teach the children, it frees up some of her time. In the evening, she is at the tavern, waiting for Eric to finally ask her to dance. At night, she sleeps at home

Astra strongly dislikes Krowly (she is the only character who starts with a negative relationship level) because she considers him a pervert. She is also not entirely happy with her mother's behavior and her relationship with Krowly. In turn, if Krowly grows closer to Fina, she will try to improve her daughter's opinion of him.

Astra is one of the characters affected by the [[Big load potion](#)]. Sex with her results in a large, bloated belly visible in all her illustrations for three days.

She participates in the quest: "[Where is Fina?](#)"

Eric's Transformation:

Eric receives too many blessings from the mysterious Priestess during the events of a certain [quest](#). As a result, he begins a gradual transformation into a more feminine form, though the process is partially or fully reversible.

The stages of the transformation are determined by how many transformation points the character has accumulated by the morning of a given day. Krowly reacts to them when talking to Eric at the hunting camp:

1. *7 points* → A more feminine physique with a narrower waist and wider hips;
2. *14 points* → Longer hairstyle: Krowly can suggest keeping the hairstyle or cutting it short (cancels the change, but points remain);
3. *21 points* → Larger breasts: Krowly can't resist touching them (+5 lust, +10 Eric's lust);
4. *28 points* → Fuller, more feminine lips;
5. *35 points* → Huge, bimbo-like lips.

The feminization process does not go so far as to remove the penis or add a vagina..

Eric gains one transformation point each night. Some other factors can also affect the point count:

- After the first transformation:
 - +1 point each time Krowly cums in Eric's ass or Eric swallows his sperm.
 - +1 point each time Eric is fucked anally or orally during hunting or dungeon events.

- +1 point for each [Minotaur sperm] or [Elven futa sperm] item consumed by Eric.
- +5 point, if Eric drinks a [Boobs potion] (but without immediate breast growth).
- -10 point, if Eric drinks a [Reducto potion]. You can choose: **Just drink this potion**, **Apply to your boobs** (removes breasts and disables breast transformation), or **Apply to your lips** (reverses one lip transformation stage and disables this stage).

Some characters have one-time reactions to Eric's transformations (starting from v0.352: [Astra](#), [Jenna](#), and [Jill](#)).

Iss

Iss – A red-haired elf who loves wine (but not hangovers) and apparently has some business with [Sebastian](#), the village shopkeeper. She lives in a house in the swamp in the western part of the elven forest. She seems to have authority among the bandits.

Krowly can [meet](#) her in the evening at the elf camp, and if things go well, she invites him to visit her anytime at her home (and apparently stops visiting the camp). During your first visit to her home, she will also explain the "clashes" between elves and orcs in this part of the forest.

After Krowly does a favor for Sebastian, Iss may ask him to find certain items for her.

Iss can also sometimes be seen, but not interacted with, under other circumstances—for example, when she gives Sebastian a blowjob under the table in his shop or witnesses (or directs?) a bandit attack on [Dario](#) during a hunt. These events currently have no mechanical or plot consequences.

She participates in the quests: "[Save the Topless Friday](#)", "[Going undercover](#)", "[Treasure hunt](#)".

(Saturday evenings become an exception after a [quest](#)). After the hot springs [open](#) in the village, she visits them on Tuesdays. At night, she receives a blowjob from Rose behind the tavern if the weather is good, or cuddles with her in bed if it rains.

Jaina is one of the characters included in the clothing system: her sprite and portrait reflect what she is equipped with. Her default clothing, naked, and [*Black lingerie*] options are available.

Krowly can meet and potentially team up with Jaina and Rose several times when they are hunting monsters or exploring dungeons with [Eric](#).

At the first Sunday church service after Jill's arrival (which may be the same day), Sister Elizabeth asks her to find a way to justify her stay in the village. Jill is confused, and Krowly intervenes, pointing out that she can be considered a member of his family.

Jill loves to drink and can be found at the Stone Dragon bar at any time, except on Wednesday and Friday mornings when she can't get out of bed. She is also quite bold: at her suggestion, Carla introduces "Topless Friday" at the tavern. In addition to other effects, she can now participate in some scenes available at that time (usually as an enthusiastic spectator), which in some cases leads to further "dates" at night that Krowly can witness.

Lizzy – Krowly's domestic slime girl. She lives either in her jar or moves freely around Krowly's house.

After completing the [magic circle](#), Krowly had a jar with the remains of the Thick slime. As one of the books in his house suggests, consuming sperm causes slimes to grow, and large slimes grow breasts to attract men. After the quest, Krowly can cum into the slime jar during his nightly fap sessions. After "feeding" the jar 10 times, when Krowly leaves his bedroom, a slime girl appears and jumps on him ([scene image], **-100 lust**). Krowly likes the new pet and names her Lizzy.

The [\[Big load potion\]](#) affects her: if you Fuck Her Nipple while under the potion's effect, she will gain more voluptuous forms for 3 days, reflected in all her scenes, and she will gain **+5 SP** instead of **+1 SP**.

She can be summoned in battle to fight on your side, but if you haven't "fed" her enough, she won't appear:

- In battle, if Krowly's **HP** falls below a certain threshold (but he is not yet knocked out), Lizzy will heal him at the start of the turn, spending one point of sperm.
- She also provides special [skills](#) in battle: **Heal** and **Boobslam** (consume SP).

- [\[Minotaur sperm\]](#) – **7 gold**.

Mabel is one of the characters affected by the [\[Big load potion\]](#). Sex with her results in a large, bloated belly visible in all her illustrations for three days.

You can ask to suck directly from her breast by choosing **I'd like more fresh milk**, but then she will challenge Krowly to a fight. Unsurprisingly, even minotaur girls are strong opponents (Weaknesses: Water).

Mabel's Attacks:

- 1) Attack – Basic physical attack;
- 2) Sweep Kick – stuns and deals minor damage (50% chance to stun);
- 3) Tits in the face – **+30 lust**;
- 4) A spray of milk – **+30 lust**

Battle Outcome:

- *Defeat:* Mabel feeds Krowly minotaur sperm with predictable results (+100 lust, -20 hunger).
- *Victory:* +300 EXP, Krowly sucks Mabel's breast (see below). After this, she allows him to suck without a fight.

Raising the relationship to a certain level when choosing **I'd like more fresh milk** grants Krowly a bonus blowjob. This scene can then be repeated using the Mabel **Flirt** option.

Krowly and [Eric](#) may also occasionally [encounter](#) Mabel during hunts (standard dialogue).

Relationship progression from 0:

+1 Mabel: Progression only starts after defeating Mabel in battle. After choosing **I'd like more fresh milk** you will receive **+1 Mabel**, [advances time]. If you meet Mabel during a hunt [advances time] does not occur.

Maruna

Maruna – A four-breasted chieftain of the goblin village. She spends most of her time on her throne, observing the village, though she bathes three times a week in the evenings (Monday, Wednesday, and Friday). On Monday afternoons, she visits the hot springs with Conda after they are [opened](#). At night, she sleeps in her cave in the northeastern corner of the village.

Initially, Krowly has to deal with her due to [Sebastian's lost package](#). After the quest, she asks Krowly to help the goblins by performing the "Snu-Snu" ritual with them, paying him in gold. If he agrees, he can come to "help" at any time of the day.

If Krowly has maximum lust when he comes to help, during the Snu-Snu process, the other Busty goblins will catch the scent of sex and line up to participate. Such a lengthy ritual will take the entire day, and Krowly will only be released closer to the evening or even at night. After three such "rituals," Maruna will give a special costume. If Krowly interacts with goblin enemies in the caves while wearing it, instead of fighting, the goblin women will offer to engage in Snu-Snu.

Participates in the quest: "[Lost delivery](#)".

Scenes with Maruna:

Monday, Wednesday and Friday evening:

Maruna bathing in a pool in her cave → +10 lust, [portrait image].

- If Krowly participated in the Snu–Snu ritual, you can **Join** her → titfuck from Maruna [[scene image](#)] **–50 lust**.

Matthew

Matthew – A human hired by [Dario](#) to guard the caravan. He wields a two-handed sword with considerable skill, judging by how easily he dispatches small groups of bandits. As a guard, he never strays far from his employer.

On *Tuesdays* and *Thursdays*, he can be found in the “Elven camp”. In the morning and daytime, while his boss is trading, he guards the horses. In the evening (after the [quest](#)), he sits in the spa salon. At night, he lounges by the campfire.

On *Monday* morning, he is at the “Gate of Palla”.

Scenes with Matthew:

Tuesday and *Thursday* night.

Near the fire in the elven camp, after meeting [Iss](#), the option **Flirt** will be available, if you have [*Goblin ale*] in your inventory, you can **Offer drink** after that you will share with Matthew not only a bottle of ale but also the ass of Krowly M/M [[mini scene image](#)], **–100 lust**, [advances time].

Tuesday night

At the elf camp, [Leaf](#) blows Matthew ([[sprite animation](#)], **+15 lust**).

Melissa

Melissa is a reclusive, antisocial witch (or sorceress?) who can summon a dick for herself. Krowly takes a great interest in her magical knowledge (and her body) and tries to become her apprentice.

Melissa lives in the “Old tower” south of the forest, and gaining entry requires some effort (see below). She never leaves the tower and doesn't seem to sleep, so Krowly can **Flirt** with her at any time. Once per day, Krowly can also **Ask** her about something, and each discussion unlocks the next topic if the right conditions are met.

After a discussion, she refuses to talk or flirt until the next day.

Topic progression in the **Ask**:

1. Krowly asks her about the tower, and she explains how to use magic to expand and contract physical space (+20 EXP, **+1 Melissa**, unlocks the “[New laboratory](#)” quest).
2. (Part of the [quest](#)) Melissa explains how to create powerful magical barriers (**+1 Melissa**).
3. Melissa explains the difference between “real” ghosts and spirits that mimic ghosts after Krowly apologizes for banishing her guardian ghost. He offers to help her with something as compensation. (+20 EXP).
4. Melissa asks Krowly to bring her some [*Elven milk*] (after you give her the milk (**+3 Melissa**) starts the “[Tea with milk](#)” quest).
5. Melissa takes Krowly to a tea party (completes the same quest).

An old book lies on one of the tables. If Krowly is above level 4, he can study this book once per day (+5 EXP, [advances time]). After doing this five times, he learns the *[Eye of the Beholder spell](#)*.

Gaining Access: The tower's entrance is protected by a magical seal. At night, the seal is guarded by a [Busty ghostgirl](#). This is a tough fight if you are unprepared.

- *Victory*: The seal disappears, and you gain access to the tower's interior.
- *Defeat*: The ghost gives Krowly a blowjob, ([[scene image](#)], **–50 lust**, [advances time]) You wake up in the morning at the site of the battle.

Inside, go downstairs and read the plaque on the wall to get a hint for the password. Then, go to the top floor and interact with the magic circle. The activated circle teleports you to the tower's hidden top floor—Melissa's home and laboratory. She is surprised to meet Krowly but is clearly pleased by his compliments (+5 **Melissa**).

Participates in quests: “[Summon Succubus](#)”, “[Where is Fina?](#)”, “[New laboratory](#)”, “[Tea with milk](#)”, “[Amazing wonders of nipplefucking](#)”, “[Melissa's secret](#)”.

in any case +3 **Melissa**, -15 **Hunger**, +100 **Lust**, [advances time].

Back in the tower, if **Melissa** ≥ 20, she is in the mood for dessert: **Eat her pussy**, **Ask for cock** (or **Not in the mood**). Whatever you choose, after the standard [**scene image**] you can **Bring her to orgasm** (-50 **lust**, +1 **Melissa**) or **Change pose** → anal cowgirl [**scene image**] (-100 **lust**, +5 **Melissa**); either option [advances time].

Meril

Meril is a succubus that Krowly can summon in his basement after completing the "**Summon Succubus**" quest. To summon her, interact with the magic circle.

You have three interaction options; each one grants Krowly a unique 24-hour buff. All options have a [**scene image**]. Meril can be summoned at any time of day, but only if you have Lust:

- **Handjob** – Increases maximum **MP** by 20% for 24 hours (-50 **lust**)
- **Blowjob** – Increases maximum **MP** by 20% for 24 hours (-50 **lust**).
 - Blowjob is unlocked after fully restoring the Magic Eye (transferring 999 **MP**; this becomes available during this [quest](#)) and after meeting the demoness Agatha during the "**Warlocking for dummies**" [quest](#)
- **Cowgirl** – Increases maximum Health by 20% for 24 hours (-100 **lust**)

You can summon Meril an unlimited number of times as long as you have Lust, allowing you to obtain all buffs at once. In turn, Meril gains +1 **SP** (*Soul points*) for each interaction option you choose.

After completing the "**Warlocking for dummies**" [quest](#), Meril can be summoned in battle as a full-fledged party member with her own skills. Each summon uses -3 **SP**. She uses mana for her skills; her mana pool is not as large as Krowly's, but it can be restored with potions.

After completing the "**New laboratory**" [quest](#), on the first summon thereafter, she will start appearing in your upgraded laboratory on **Tuesdays** (*daytime/night*) and **Sundays** (*daytime/evening*).

Mother Sabrina

Mother Sabrina is a dark-skinned battle nun, the leader of the order of battle nuns. After the events of her [quest](#), they set up camp in the “Monastery ruins” located west of the “Elven forest”.

Unsurprisingly, she can be found in or around the monastery. In the *mornings*, she works up a good sweat training outdoors. She seems to prefer sleeping naked and sometimes kicks the blanket off in her sleep... (*Monday* and *Thursday* nights).

Her subordinates also sometimes become a bit more playful than expected at night (*Wednesday* and *Sunday* nights).

Participates in quests: “[The matter of Order](#)”, “[Warlocking for dummies](#)”, “[Nun's work](#)”.

Relationship progression from 0:

+1 **Mother Sabrina**. After the [quest](#), an interaction becomes available that allows you to increase your relationship with her. You need to approach the altar in the center of the “Monastery ruins” and select **Help** → +5–20 **lust**, [advances time], +1 **Mother Sabrina**. This can only be done once per day at any time.

Monday and *Thursday night*

- Naked Breasts of Mother Sabrina in the “Monastery ruins” → **+10 lust**.

Mursha

Mursha is the Orc Chieftain and also their trainer. Because her mother was an orc and her father was a goblin, she has a non-standard physique for an orc. During your first conversation, she asks you to choose a team you will "fight" for.

In the mornings, she wanders around the Orc camp. During the day, she works in her tent (the highest one). In the evenings, she relaxes by the campfire. At night, she sleeps (except on Tuesdays).

Scenes with Mursha:

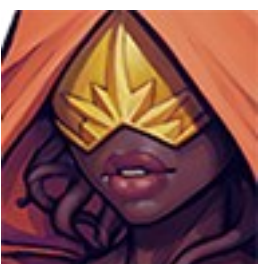

Tuesday night:

- At the top of the orc camp, **Mabel** jumps on Mursha **+10 lust**, **[sprite animation]**.

Priestess

Mysterious Priestess in a hood, with a blindfold and exposed breasts. She has dark skin, mouths instead of nipples, and short tentacles instead of hair.

She can be found at any time of day in “The ruins of the temple” (north of the “Rocks” location).

Eric and Krowly may also encounter her while exploring certain dungeons. She also appears in the ruins beneath the “Monastery ruins”.

She seems to acknowledge Eric's heroic aspirations and supplies him with the finest swords, and finally, a rather suspicious blessing...

Scenes with Priestess:

Sacrifice to the goddess: in “The ruins of the temple” **Pray** at the altar in the center of the temple → **Offer sacrifice** →

- **Nipplefuck** → Priestess sucks Krowly with her nipple **[scene image]**, **-100 lust**

After sacrifice all **HP** and **MP** are restored and all buffs/debuffs are reset.

During encounters with the Priestess while hunting,

Offer sacrifice with **Eric** [scene image] treesome, -100 lust, -100 Eric's lust.

Rayna

Rayna is the muscular blacksmith of the elf camp — a red-haired elf with freckles, large boobs, and a sizable rear, who seems to wear only her forging apron. She lives in her smithy on the eastern side of the camp

In the mornings, she can be found wandering around the camp (though after the spa salon opens to all, she relaxes there on *Mondays* and *Fridays*). During the day, she works in her smithy, except on *Wednesdays* — after the hot springs are opened, she relaxes there. In the *evenings*, she is open for business, both for buying and selling. At night, she takes off her apron and lies peacefully in her bed... except on *Tuesdays* and *Thursdays*.

Rayna buys [Elven futa sperm], if Krowly agrees to sell it to her, for **3 gold** and **+1 Rayna** per bottle. (An empty bottle costs **2 gold**, so this is either a bad deal or a sign of how common this substance is...).

In her shop, she sells:

- [Shovel] – **15 gold**;
- [Hoe] – **15 gold**;
- [Butt plug] – **20 gold**;
- [Red gag] – **28 gold**;
- [Blacksmith amulet] – **30 gold**;
- (if unlocked) [Black lingerie] – **50 gold**. Unlocked if you witness an argument between Rayna and Diana at the gates of Palla on *Wednesday* daytime;
- [Dildo] – **20 gold**.
- [Maid outfit] – **65 gold**.

She also takes custom orders:

- **A strapon** – **60 gold** – production time: 3 days.
 - Depending on the delivery location, it unlocks various events.

Relationship progression from 0:

+1 Rayna if Krowly talks to her during the day — she will offer him a job (Yes → **+5 gold**, **+1 Rayna**, [advances time]).

(after the [quest](#)) Rayna in the Spa → **+10 lust**.

Tuesday and **Thursday night**:

Voyeurism:

- Wine merchant fucks Rayna doggy-style ([\[image\]](#), **+20 lust**).

Rose

Rose is an elegant adventurer-alchemist who uses potions in battle. She is [Jaina's](#) partner in adventures, and sometimes in sex as well.

Jaina and Rose are staying at the Stone Dragon. Unlike the lazier Jaina, Rose starts her morning with a refreshing bath (standing under the village waterfall near the Ironhart estate), except on Thursdays when her spot is taken and she has to stay at the tavern. She still spends her days and evenings there. At night, she gives Jaina a blowjob behind the Stone Dragon if the weather is good, or cuddles with her in bed

otherwise.

While Rose is at the tavern, Krowly can buy potions from her (she offers combat potions that he cannot craft).

Rose's assortment:

- *[Health potion]* – **20 gold**;
- *[Mana potion]* – **20 gold**;
- *[Firefly potion]* – **30 gold**;
- *[Snowball potion]* – **40 gold**;

Krowly and Eric may cross paths and potentially team up with Jaina and Rose several [times](#) while hunting monsters or exploring dungeons.

Rose is one of the characters included in the clothing system: her sprite and portrait reflect what she is equipped with. The options are her usual outfit, naked, and *[Black lingerie]*.

Relationship progression from 0:

Relations with Rose can be improved daily by helping her with potions or if she joins your group during hunts with Eric.

+1 Rose. During the day at the tavern, when talking, Rose offers Krowly to become a test subject for one of her potions. Choosing to help usually results in **+1 Rose** [advances time] and may lead to amusing (and/or spicy) consequences.

- No effect;
- The potion reduces **MP** cost by 25%;
- (after the [quest](#)) Krowly's chest grows even larger;
- If Krowly has breasts, the potion causes lactation;
- Potion increases lust (**+100 lust**);
 - (**Rose ≥ 50**) vaginal sex [\[scene image\]](#), **-100 lust**, **-100 Rose's lust**, **+3 Rose**.
- Krowly takes a sip of the potion and doesn't feel anything special. Thinking it's strange, Rose also tries it and quickly runs to the tavern's second floor. It turns out the potion had an interesting effect. Rose gives herself a blowjob ([\[scene image\]](#), **+15 lust**). You can **Watch** her to get an additional **+20 lust**;
- Krowly's dick begins to grow and Rose additionally enlarges her breasts and begins to test the stability of the potion effect ([\[scene image\]](#) **-50 lust**, **+3 Rose**, **-50 Rose's lust**;
 - After this event, if you enter the tavern on Thursday morning, there is a 20% chance of triggering an event where Rose accidentally drinks her own breast enlargement potion. Her breasts remain large for 3 days, affecting all her scenes and illustrations.

- (If [Juliette](#) is admitted to the village) Krowly's dick grows so large that he becomes dizzy and loses consciousness. Juliette and Rose don't hesitate and carry him to the second floor to perform a "medical procedure" (-100 lust, -50 Rose's lust, +3 Juliette, +3 Rose).

If you help Rose with experiments four times, you can ask her to join "[Topless Friday](#)" on Fridays.

+1–3 Rose Events during hunts are random, so meeting Rose requires luck or using save/load.

- +3 Rose: [Event](#) "Brawl with a crowd of orcs" (only if victorious).
- +2 Rose: [Clearing](#) the "Riddle dungeon".
- +1 Rose: [Event](#) "Crystal Caves" (only if victorious).
- +1 Rose: [Clearing](#) the event "Glade of fertility".

Scenes with Rose:

Any *morning* if it is not raining:

- If the lust is high enough, there is an opportunity to **Fap** (-50 lust), Additional lines if paired with [Juliette](#).

- Rose topless → +10 lust, [\[portrait image\]](#).

Additionally, Rose can be interacted with if she joins Krowly's party (see details in this [section](#)).

Samantha

Samantha is Krowly and [Jill's](#) stepmother. She lives in the capital but has decided to visit her adopted children.

Samantha arrives on Sunday after Jill moves into her [renovated](#) bedroom in Krowly's house. After Krowly wakes up, he hears someone upstairs — you can go and greet Samantha in the other bedroom on the second floor (topless [\[portrait image\]](#), +30 lust).

In the morning (except *Sundays*), she makes breakfast, and Krowly can join her. During the day, she either visits her sister [Fina](#) at her estate or visits [Jill](#) at the tavern (on *Wednesdays* and *Saturdays*); on *Thursdays*, she visits the hot springs (after they are [opened](#)), again with Fina. She spends her evenings at home (on *Tuesdays*, *Wednesdays*, *Saturdays*) or at the tavern (on *Mondays*, *Thursdays*, *Sundays*). Sometimes she takes a little too long getting undressed before bed... (*Fridays*, *Sundays*).

She's not opposed to joining "[Topless Friday](#)"

Sebastian

Sebastian is the village shopkeeper. As Krowly puts it — a rather strange dude. His shop is located in his house, directly south of Krowly's house and west of [Eric](#) and [Jenna's](#) house.

Unsurprisingly, Sebastian spends most of his time in his shop, though he sometimes goes fishing with Derek near his house — when it rains during the daytime. It seems he has some kind of business (and not-so-business...) relationship with the red-haired elf, [Iss](#).

Krowly can buy the following items in his **Shop**:

- **[Ingredients]** – **12 gold**;
- **[Empty jar]** – **30 gold**;
- **[Dinner]** – **5 gold**;
- **[Empty bottle]** – **2 gold**;

Sister Elizabeth

Sister Elizabeth is the nun in charge of the village church and its cemetery. She can always be found at or near the church — she lives in her room at the back of the building.

Except on Sundays, she is free in the morning and also usually during the day. After [Juliette](#) starts teaching the village children, this also occupies Sister Elizabeth during the daytime on Mondays and Fridays.

Attending church on Sunday morning leads to Krowly attending the service (+3 **Sister Elizabeth**, [advances time]). Some of these services are tied to special events:

- Fina punishes Krowly after the events of the "Darkest Night" quest.
- A village meeting concerning [Juliette's](#) arrival.
- A village meeting concerning [Jill's](#) arrival.

Sister Elizabeth is one of the characters affected by the [\[Big load potion\]](#). Sex with her results in a large, bloated belly visible in all her illustrations for three days.

Participates in quests: "[The night is dark](#)", "[The matter of Order](#)", "[Save the Toppless Friday](#)", "[Milf next door](#)".

Taisha

Taisha is a busty goblin woman who becomes **Derek's** new wife at the end of the “**A woman for Derek**” **quest**. She spends most of her day working on and around his farm, and her evenings with him and their daughter at the tavern. Krowly can also buy **[Vegetables]** from her for **3 gold**.

Being a goblin who used to go mostly naked, Taisha is fascinated by the beautiful clothes of human women. However, she takes her dress off when she goes outside in the rain to avoid getting it dirty.

On *Tuesday* daytime, she visits her friends in the goblin village. On *Tuesday* and *Friday* nights, she and Derek have sex. When Krowly talks to her after the wedding, she offers to let him fuck her cleavage as a thank you (**[portrait image]**, **-50 lust**), which unlocks her flirting menu.

If her relationship level is high enough, Krowly can convince her to join “Topless Friday” at the tavern.

Lust and Scene Generators

Recurring daily lust increases and decreases (e.g., sex scenes). This excludes one-time scenes during [quests](#), victories or defeats against [enemies](#) (described in a separate section), as well as scenes [during hunts or dungeons](#) (since they are random).

Events tied to a specific day and/or time can usually only occur once per day. For example, you can only Fap to a painting once per day. All flirt options have relationship level requirements. All voyeurism scenes ask if you want to fap only if your lust is high enough.

In version 0.410, icons indicating the time of day were added.

- **Just masturbate** → "Think of tight goblin asses". [image], -50 Jaina's lust.
- And the same options as above.

Rose: In both normal situations and when Rose's Lust is maxed, the interaction options do not change:

- (**Rose ≥ 20**) **Blowjob** → [scene image], -50 lust, -50 Rose's lust, +2 Rose.
- (**Rose ≥ 50** if unlocked) **Vaginal** → [scene image], -100 lust, -100 Rose's lust, +3 Rose. (Unlocked after triggering the event with increasing lust potion, when Krowly help Rose in the tavern with her potions.)

Professions and earnings

These are skills that Krowly uses outside of combat in specific locations. Each has three ranks:

Beginner from 0 to 29 mastery levels;

Apprentice from 30 to 59 mastery levels;

Master from 60 mastery levels and above.

Krowly progresses by performing a specific action. After each time, [advances time].

Gardening

Level up the profession by selecting Tend to plants? → **Yes** on the shovel that lies on the field. For this work, you receive *[Ingredients]* (only if you have at least one mature plant), which can be sold to [Sebastian](#). Your rank affects the chance to successfully harvest wild plants: Novice (33%), Apprentice (66%), Master (100%). *[Mandragora]* can only be collected at night. When harvesting any plant, there is a ~33% chance to obtain its seeds. You cannot work at night and when it's raining. Any action costs **+1 hunger** and [advances time].

Garden Beds: Initially, 4 out of 10 beds are available. The rest need to be cleared (**Clear the field** → [advances time]).

To plant a seed:

1. Dig a hole (Prepare the ground for planting? → **Yes** → **+1 hunger**);
2. Interact with the hole
3. Do you want use a fertilizer first? → **Yes/No**; Fertilizer is semen, which can be looted from enemies or purchased from merchants.
4. Do you want to plant a seed? → **Yes** → select seeds for planting.
5. Approach the well and interact with the bucket

Plants grow one stage each time they are watered (from the bucket or by rain). Don't forget to water the field every day.

Harvesting yields the plant itself and at least 1 seed. The chance and quantity of *[Ingredients]* received for working depend on your rank and the number of mature plants in the garden

Special Items:

- *[Idol of fertility]*: (drop from chests/quests): Plant it to double the growth rate and grant a 33% chance for extra *[Ingredients]* when fertilizing. Alternatively, use it as fertilizer before planting a seed for a 100% chance, but the idol will be consumed.
- *[Sacred Flower seed]* (drop from the "[Plant Girl](#)" miniboss while hunting with [Eric](#)): Grows into a flower. In the mornings, there is a 20% chance it will be visited by different types of flower girls (standard, pregnant, three-boobs).

Cooking

Progress is achieved by Krowly cooking in his house. Cook **Something simple** can use any cooking ingredient, produces basic food, and can only be done once per day. Results depend on rank:

- Beginner → *[Dinner]* → **-4 hunger**.
- Apprentice → *[Tasty dinner]* → **-7 hunger**.
- Master → *[Good dinner]* → **-10 hunger**.

Cooking can also be taught by [Alice](#) (if you help her in the morning at her house when it is raining), [Samantha](#) (when she is in the village, she cooks in Krowly's house in the morning), Jenna (on Thursday daytime, give her *[Milk]* or *[Elven milk]*).

Some ingredients can be bought from certain villagers; others drop randomly from enemies. They can also be eaten raw but with minimal benefit (-2 or -1 **hunger**, depending on the item).

Krowly can also use recipes to prepare dishes requiring multiple ingredients. All starting recipes have the same nutritional value as [*Tasty dinner*] (-7 **hunger**).

 - [*Cheese*],

Working as a maid

To start **Work as a maid** at the local tavern, you need a [*Maid outfit*]. To get it, simply talk to [Carla](#) at the counter and choose **Have lunch (10 gold)** in the dialogue. If you don't have enough money, she will give you the outfit and offer you to work as a maid. Alternatively, you can buy the outfit from [Rayna](#) for **65 gold**.

The work begins during the *daytime*. If Krowly is wearing the [*Maid outfit*], a new dialogue option, **Work as a maid**, appears when talking to Carla. The job takes the entire day (meaning you will finish at night, so keep that in mind). During this time, you will earn **8 gold** and a tasty dinner (**-10 hunger**). You cannot work during Topless Friday (no unique illustration).

Leveling and Skills

Krowly does not gain experience by defeating ordinary enemies. The only ways to obtain experience are:

- Reading a book in the bedroom in the evenings (+5 EXP, [advances time]).
- Reading a book in Melissa's room (+5 EXP, [advances time]).
- Completing quests.
- Going on hunts and exploring dungeons with Eric.
- Cooking in the mornings with Samantha (+20 EXP, [advances time]).

Leveling up not only increases Krowly's stats but also unlocks new skills (and some quests). Unlike other games, Krowly does not automatically learn skills upon reaching a new level. Instead, he must study these skills at home, at his desk, and other conditions may apply. (A tiny, almost invisible candle on the desk serves as a visual indicator if there is something new to learn.) Skills are learned in the sequence listed below – you must first learn lower-level skills even if you meet the requirements for higher-level ones. Since you can only study once per day, you can also learn only one new skill per day. Learning a new skill grants +5 EXP.

- **Level 1 (0/0 experience):**
 - Starting skills (no need to learn):
 - (Non-combat) **Fap** → Allows Krowly to masturbate anytime if highly aroused.
 - (Non-combat) **Meditation** → -50 lust, +30 MP, +5 hunger, [advances time]. Cannot be used in certain quest-related dungeons.

 - **Fire Arrow** – Damage to one enemy. Chance to set fire to 20%. Chance of failure 30%.
 - (Non-combat) **Clear feelings** → Displays numerical values for Hunger and Lust.
 - (Non-combat) **Mindreading** → Briefly shows relationship value and Lust level (if applicable) of characters when Krowly talks to them.
 - **Protective circle** – Boosts defense for several turns. Can be cast outside combat as preparation – lasts until you move.
- **Level 2 (+50 / = 50 experience):**
 - **Fireball** – Damage to one enemy. Chance to set fire to 20%. Chance of failure 30%; improves with practice:
 - After 50 uses: **Fireball**+ → 20% burn chance, chance of failure 20%.
 - After 100 uses: **Fireball**++ → 20% burn chance, chance of failure 10%.
 - **Sleep** – Puts all enemies to sleep.
 - To learn the spell, [Fairie dust] is required in the inventory. The learning process [advances time to morning].

 - **Freezing** – Damage by cold to one enemy. The chance to paralyze 20%. Chance of failure 30% Improves with practice:
 - After 50 uses: **Freezing** + → The chance to paralyze 20%. Chance of failure 20%.

 - Requires completing the "[Contract](#)" quest. During study, Krowly mentions Jimm never taught him dark magic. Summon the demon for help..
 - (Non-combat) *Wicked mind* – Removes silence, blind and confusion states. You are concentrating on your dirty thoughts, **+50 lust**.
 - Requires completing the "[Contract](#)" quest. During study, Krowly mentions [Meril](#) can teach him succubus tricks. Summon her and select **Chat**.
 - *Magic shield* – Reduces enemy spell damage for the turn, increases dodge/reflect chances.
 - Requires [Jill](#) to be in the village.
- **Level 6 (+485 / =1180 experience):**
 - *Dark thoughts* – 65% chance to confuse for every enemy. Could help you against big groups, lasts 2–4 rounds.

 - After 50 uses: *Thunder* + → Base damage increased by 20.
 - After 100 uses: *Thunder* ++ → Base damage increased by 40, gains critical damage chance.
 - Requires completing the "[Where is Fina?](#)" quest. After interacting with the book, Krowly says suitable weather is needed. If not raining, go to the basement and cast *Ritual of rain*.

Note on Status Effects (as of v0.350.2):

Characters and enemies become Wet if combat starts in rain. Wet enemies are more vulnerable to Cold/Electricity and less vulnerable to Fire; they cannot be ignited but freeze easier. Fire spells remove Wet status on hit.

Burning enemies are less vulnerable to Ice/Water, cannot be frozen, but Ice spells extinguish them.

Frozen enemies are more vulnerable to Ice, less vulnerable to Fire, and cannot be ignited, but Fire spells thaw them.

Sticky enemies (from Rose's skill) can always be ignited by Fireball.

Skills learned through alternate methods

Some skills can be obtained from other sources:

- (Non-combat) *Return* – Its acquisition is a separate small [quest](#). It cannot be used in combat or in certain quest dungeons, even if Krowly is alone.
- (Non-combat) *Ritual of rain* – Learned from the same magical [tome](#) as the Summon Succubus spell. It can only be performed in Krowly's basement and either causes or stops rain.
- (Non-combat) *Eye of the beholder* (Level 4) – Learned by repeatedly studying the book in Melissa's room. It allows Krowly to see the invisible for a time, such as doors to hidden sections in some dungeons. The effect lasts until you take 30 steps.

- (Non-combat) ***Secret of Nipplefucking*** – Learned during a [quest](#). Allows Krowly to fuck a girl's nipple. It triggers automatically during specific events. Nipple fucking can be performed on [Carla](#), [Sister Elizabeth](#), the [Great Paladin](#), and Brother Volt's golem (if she has the required upgrade).

Party Member Skills

All party member skills require **TP** (Tactical points) instead of mana. **TP** accumulates during battle for any action taken by the character or enemy (attacking, defending, taking damage). The amount is preserved after the battle ends.

- ***Strong Attack*** – **10 TP** – A strong attack against one enemy;
- ***Counterattack*** – **15 TP** – Eric counterattacks every melee attacks targeting him (lasts 2 rounds);
- ***Sweep Kick*** – **0 TP** – stuns and deals minor damage (50% chance to stun);
- ***Provoke*** – **10 TP** – For 5 turns, Eric is more likely to be attacked.;
- ***Call to battle*** – **15 TP** – Attack buff for all allies. Can be stacked twice, even outside combat: *first level* – +25% ATK and MAT, *second level* – +50% ATK and MAT. Lasts for one battle (5 rounds).

Jaina:

- ***Kick*** – **0 TP** – Kick enemy to deal damage and slow them down;
- ***Cover*** – **5 TP** – For 1 turn, protect allies with low **HP**;

- ***Jump attack*** – **20 TP** – Strong attack, but lowers your defence (for 5 rounds).

Jaina has a passive skill: when her **lust** ≥ 200 she gains the ***Lusty berserk*** effect, becoming uncontrollable in battle.

Rose:

- ***Grenade*** – **5 TP** – Explodes, dealing fire damage to all enemies;
- ***Firefly*** – **15 TP** – Ignites a single target (increases enemy resistance to ice and water, prevents freezing, reduces health regeneration, lasts until the end of battle);
- ***Snowball*** – **30 TP** – Freezes the target (adds enemy resistance to fire, enemy cannot dodge, increases ice damage, prevents ignition, lasts 4–6 rounds);
- ***Sticky potion*** – **5 TP** – Covers the enemy in a sticky substance, slowing them. Also makes the enemy easier to ignite. Does not cancel freeze on the target (lasts 4–6 rounds);
- ***Preparing potions*** – **0 TP** – Rose prepare her potions for using **+20 TP**.

Summoning monster girls

These are special "skills" that can be obtained by completing certain quests. The game features two summons ([Lizzy](#) and [Meril](#)):

- **Lizzy** – Uses **TP** in battle:
 - ***Heal*** – Heals an ally but also grants them **+30 lust**;
 - ***Boobslam*** – Hits an enemy with her boob, applies the "Wet" status, and has a 30% chance to stun.
- **Meril** – Uses **MP** in battle:
 - ***Succubus' Voice*** – Her... flirting weakens the physical and magical defense of all enemies; each has a 10% chance to become confused;
 - ***Darkness*** – Casts a dark attribute spell, deals AoE damage;

- ***Life Drain*** – Drains **HP** from a single enemy and transfers it to the caster;
- ***Dream*** – An attack with a 50% chance to put the target to sleep.

Summoning these girls consumes three units of a special internal "resource" (**SP**) specific to each character. These points are replenished by having sex with the corresponding character.

 - **+1 DEF; +1 MAT; +3 MDF**.
 - This is his starting outfit.

If under the effect of the [*Boobs potion*], you can use the key item [*Cleavage toggle*] to choose whether his main outfit has cleavage.

Starting from version 0.340.1, all characters who can join the party support the same clothing system — Eric, Jaina, Juliette, and Rose (they can be dressed (in their usual clothing), in underwear ([*Black lingerie*]), or naked).

Enemies

These are hostile creatures that are present in almost all locations. Each type of creature has its own respawn timer; even if the player does not leave the location, the monster will reappear. The situation differs for open-world locations and dungeons/hunting areas: in some places, enemies respawn very quickly, while in others, they do not respawn at all.

Some enemies, in addition to physical attacks, use lust attacks that directly affect the lust level of the player or their party members. When lust reaches its maximum (300 points), the player automatically loses the battle. Losing a battle triggers a sex scene (unique to each enemy). As a result, Krowly loses **lust**, and activate [advances time].
