

# The Nature of Magic (Ch. 2 Pt. 2)

*By Slate Interactive (sudo\_nim)*

## Walkthrough Guide

### 1.0 - Introduction

#### 1.1 - Foreward

The Nature of Magic is a complex AVN that has a lot of “behind the scenes” action. This introductory section will primarily discuss two (2) topics: the love interests, and encounters. It’s important to remember that the developer is rather lenient with both aspects, and the game is not intended to be stressful in any way.

**If this is your first playthrough it’s highly recommended to do an initial playthrough blind.**

#### 1.2 - Encounters

The author does explain in detail how encounters will function, but the first encounter doesn’t fully capture the complex instructions occurring behind the scenes. As encounters are added this section will be further expanded to capture any changes to ensure the player is aware of how to better interact with the system.

Encounters are this title’s interpretation of magic battles. They’re broken down into individual **phases** that set up the current **actions** the player can take while also capturing previous actions. A node can have a single or multiple possible actions at the player’s disposal. To summarize:

- **Actions** are moves the character can make while in a phase - such as using a spell in a specific area.
- **Phases** capture the current turn based on previous actions by the player.

Due to how phases and actions are coded each encounter is pre-determined rather than based on chance or computations. Specifically, all encounters are “mappable” to determine which “path” leads to the “best” result. As of chapter 2 the length of battles appears to be unfavorable to flowcharts, and with the lack of a “bad” path this guide will only mention if something notable can occur (i.e. unique paths based on spell proficiencies).

## 1.3 - Spells

Spells refers to any type of magic that the player can learn in any given discipline. Each spell has a proficiency level indicating how competent the protagonist is with casting it, with each level separated as:

- **Apprentice:** 0 - 49 points
- **Practitioner:** 50 - 99 points
- **Mage:** 100 - 149 points
- **Master:** 150 - 199 points
- **Weaver:** 200+ points (*potential only achievable via mastery of the “Weave”*)

The protagonist starts off as a “Mage” in three (3) spells, but will be an apprentice at 0 points for any new spell learned. The story will offer instances where the player can increase the proficiency of a spell by 1 or 5 points (as of chapter 2), but encounters currently do not increase proficiency.

## 1.4 - Love Interests

Love interests are broken down into two categories:

- **Love Interests:** Which are characters not tied to the wardship that the player can romance
  - **Affection:** Tracks the overall interest the player has towards a character
  - **Romance:** Tracks who the player has engaged in a romantic relationship
  - **Preg:** Tracks which characters are pregnant
- **Wards:** Which are characters specifically involved in the wardship subplot
  - **Affection:** Tracks the overall interest the player has towards a ward
  - **Romance:** Tracks who the player has engaged in a romantic relationship
  - **Preg:** Tracks which wards are pregnant
  - **Respect:** Tracks the overall respect a ward has towards the player
  - **Trust:** Tracks the overall trust a ward has towards the player
  - **Char\_specific:** A unique score tracking decisions made with a specific ward that affect them on a deeper, personal level

Note: The romance variable seems to have rather severe implications essentially acting as a “lock-in”. As more information is revealed regarding this variable specifically this section will be updated to reflect it.

The following are the current love interests:

- **Cerys**: The player's fiancee, childhood friend, and heir to the Grym dynasty.
- **Aine**: Cerys' aunt and specialist in energy magic. Also an elf!
- **Anwen**: Cerys' sister with no magical affinity and highly intelligent.

The following are all of the wards in the game:

- **Orlaith**: Part of the Faye family specializing in energy and life magic.
- **Aerion**: Part of the Grant family specializing in enhancement/enchantment magic.
- **Leala**: Part of the Cenric family specializing in illusion magic.
- **Fiadh**: Part of the Colter family specializing in protection magic.
- **Bael**: Part of the O'Riain family specializing in force and elemental magic.

## 2.0 - Chapter 1

**Cerys:** “Don’t you dare.”

- Dare ([Funnier dialogue](#))
- Be nice

**Cerys:** “I suppose I can live with it. How about you?”

- Ditto
- I think I can do more than just live with it ([Cerys +1 Aff](#))

**Cerys:** “I know, but it’s kind of a big deal. Anyone we’d want to marry afterwards would have to marry both of us.”

- I’m fine, it’s the smart play
- Hmm. Marry a smart, funny, gorgeous redhead. I might have to think about that some more ([Cerys +1 Aff](#))

**Aine:** “And flattery, to boot! I may really have to recommend the isolated vigilante life to those looking for a change.”

- It has its moments
- Can’t say I agree: there aren’t enough beautiful redheads out in the woods ([Aine +1 Aff](#))

**Aine:** “I mean physical intimacy: kissing, petting, sex. We won’t actually be intimate with each other as part of the lessons, but we’ll still be in contact and things can still get a little intense, so let me know if anything makes you uncomfortable.”

- Okay
- Is the no intimacy bit set in stone? ([Aine +1 Aff](#)) ([aine\\_intimacy\\_jest = true](#))

**Aine:** “I’m so happy that worked! I may be able to escape this instruction pain-free. You are rapidly becoming my favorite pupil ever.”

- And I haven’t even taught you to sense the Weave, yet
- If that’s all that it takes to win you over, then I’ll have you swooning after I teach you to sense the Weave ([Aine +1 Aff](#))

**Aine:** "Okay, what did you have in mind?" (if *Aine\_Affection* > 1)

- Can you hold out your hand again?
- Can I tickle your ears a bit? (*Aine +1 Aff*) (*aine\_ear\_play = true*)

**Aine:** "Oh, there's been no shortage of them. I've had a few more relationships since you left, but it's always the same story: it feels more like they're interested in my status and position than they are me."

- That's a shame
- Their loss, you're an amazing woman (*Aine +1 Aff*)

**Cerys:** "I'll work with her early on and hopefully we'll be able to involve you when she's ready to face her fear and process whatever it was that happened."

- Of course, whatever she needs (*Cerys +1 Aff*)
- Roger-dodger

**Luther:** "Sort of, but there's a more personal reason as well."

- Did you want to talk about it? (*Luther\_brotherhood +1*)
- Gotcha

**MC:** "Anwen Grym! I was wondering when you'd start sounding like the rest of the women in your family."

**MC:** "I'm almost relieved."

- Those stuck-up shrubs at uni don't know what they're missing (*Anwen +2 Aff*)
- Anyway, I'm here if you want to vent

**MC:** "And you still blush when people say a couple nice things to you."

- Although it looks a bit cuter now (*Anwen +2 Aff*)
- Same shade of pink, too

**Anwen:** "I'm putting the show on before you give me any other terrible nicknames."

- Standard Fry?
- Fabulous Fry! (*Anwen +2 Aff*)

**Narrator:** "You two relax in silence for a few moments before you notice her breathing has gone light and steady. She's fallen asleep."

- Kiss her forehead (*Cerys +1 Aff*)
- Go to bed

**Narrator:** "Cerys sighs contentedly as you work the lotion in. A few moments pass before you pull back, thoroughly impressed by your **hand-iwork**."

- Slap that ass in the name of vengeance (*Cerys +1 Aff*) (*cerys\_pool\_spank = true*)
- Stand up

**MC:** "Alright, then. Almost done."

- Pay her back in kind for earlier (*Anwen +1 Aff*) (*anwen\_pool\_spank = true*)
- Show mercy and move on

If *Aine Affection > 3 and (cerys\_pool\_spank = true or anwen\_pool\_spank = true)*

**Narrator:** "Aine lifts her butt expectantly."

- Finish with a flourish (*Aine +1 Aff*) (*aine\_pool\_spank = true*)
- Resist the temptation

If *cerys\_pool\_spank = true and anwen\_pool\_spank = true and aine\_pool\_spank = true*

*Unique dialogue with a taste for the dramatic!*

**Cerys:** "There's nothing to be embarrassed about, breasts aren't anything anyone here hasn't seen before. And yours are quite beautiful. Wouldn't you agree, MC?"

- I'm sorry, what was that? I was a bit distracted (*Anwen +1 Aff*)
- I think that's enough teasing for the moment

**Narrator:** "It has enough loft to clear the net, but will make an easy play for Cerys and Aine. With your height and reach, you could swat it as it comes down towards the net."

- Go for the glory
- Trust Anwen's plan (*Anwen +1 Aff*) (*player\_won\_vball = true*)

**Cerys:** “Before we move on to longer distances, take some time to focus on different things around the room. Anything outside will take a more complex shaping to focus in on, so we'll make sure you can handle shorter distances proficiently first.”

- Focus on items in the room
- Focus on more of Cerys (**Cerys +2 Aff**)

**Luther:** “Funerals and weddings were the only times we'd see each other in that kind of clothing, and weddings didn't happen very often.”

- Was there a lot of turnover in the SOU? (**Luther\_brotherhood +1**)
- How does the SOU stay out from under Family influence?

**Narrator:** “You take a silent moment to consider your response; the image of that giant, burning ball now emblazoned on your retinas.”

- Respond in kind (**Force +1 proficiency**)
- Tickles (**Cerys +1 Aff**)

**Arthur:** “Yes, indeed. I'll go get that ready while you change.”

**MC:** “Thanks, Arthur.”

- Talk to Luther on the ride back (**Luther\_brotherhood +1**)
- Take a nap

**Aine:** “I'm worried about the strain it will place on your friendship, trying to navigate and maintain the engagement while also interacting with the wards on a daily basis.”

- Nothing to worry about, we'll be fine
- Relationships change, but that's not always a bad thing (**Cerys +1 Aff)(Aine+1 Aff**)

**Cerys:** “I'm not sure what to make of this revelation. How did you manage to domesticate me?”

- Through the greatest power of all: imagination!
- Simple: I rewarded you when you were good ... and punished you when you were bad (**Cerys +1 Aff**)

**Cerys:** "How gracious of you. So, what do you think you'll get up to today?"

- Spend time training in the practice room (**Bind +1 proficiency**)
- See if Cerys and Luther want to watch an old football match (**Cerys +1 Aff**)  
(**Luther\_brotherhood +1**)

**Note:** This is around the time that the wards will start arriving. Most choices here are subjective to the player's preferences, but some decisions can adversely impact the story later on. Such choices will be colored in **pink**, and choices that the author considers "impactful" will have a **red** warning preceding the choice.

**Cerys:** "And I just hope that we can help her find that spark again."

- Put your arm around her and console her (**Cerys +1 Aff**) (**Orlaith +1 Res**)  
(**Orlaith +1 Trust**)
- Console her (**Orlaith +1 Res**) (**Orlaith +1 Trust**)

**MC:** "Sort of. She and I spoke about the possibility of becoming romantic with any of the wards and we'll tell each other if we aren't comfortable pursuing a romantic relationship with someone."

**Aine:** "Good."

- Mention what Cerys said about anyone in the family being safe (**Aine+1 Aff**)
- Don't mention what Cerys said about family being safe

#### **\*Warning: Major story choice\***

**Cerys:** "But I've never seen her like this before and I definitely wasn't expecting her to be so spicy with you; I have no idea if she'll react any better to learning about it now."

**MC:** "Well, then..."

- I don't know what to tell you
- I have the Affinity (**Orlaith +5 Res**) (**Orlaith +5 Trust**)  
(**told\_orlaith\_about\_affinity = true**)

*Cerys:* “Darling, you really must learn to control yourself. What if there happened to be a lovely, generous person on the other side of that mask? Would you have sent that poor soul tumbling?”

- That isn't generally how I react to finding a lovely, generous person in my bed, no (*Cerys +1 Aff*) (*Aine+1 Aff*)
- Generous people don't typically don terrifying masks and hop into another person's bed to frighten them

If *told\_orlaith\_about\_affinity = true*

*Orlaith:* “I'm still surprised he agreed to take the job. Did Cymhen tell him about MC's Affinity?”

*Cerys:* “Without mentioning MC by name, yes.”

- He also mentioned that I'm the Daemon (*Orlaith +2 Trust*) (*told\_orlaith\_about\_daemon = true*)
- Stay silent

*Bael:* “And not just because of the equipment.”

- Yes, everything in here is rather ... stacked (*Bael +1 Aff*) (*Fiadh +1 Aff*)
- This place does have a lot going for it

*Bael:* “Why, you naughty man! I'll have to talk Cerys into paying you back somehow.”

- It might take her a while to get to that
- Oh? Are you unwilling to take your own revenge on poor, little me? (*Bael +1 Aff*) (*Fiadh +1 Aff*)

*Note:* The choices that affect Leala's character specifically seem to be the better of the options despite losing points in trust/respect..

*Leala:* “You misunderstand me. I meant only that you have the approval of both Cerys **and** her family, which is doubly suspicious.”

- I don't know how it is in the other Families, but the Gryms support the people they care about (*Leala -1 Res*) (*Leala +1 Character Specific*)
- And?

**Leala:** "So I'll ask the question directly: why is Cerys marrying you?"

- That's between Cerys and I (**Leala +1 Res**) (**Leala -1 Trust**)
- Have you ever actually been in love? (**Leala +1 Trust**) (**Leala +1 Character Specific**)

**Leala:** "Even then, why would she be uncomfortable with your nudity? The FAYES, like most elves, are a very sensual people, and Orlaith is no exception."

- Ask your brother (**Leala +1 Character Specific**)
- Ask Orlaith yourself (**Leala +1 Res**)

If **Cerys Affection > 9** (13 possible), then **cerys\_confessed = true**

**\*Warning: Major story choice\***

**Narrator:** "In a rare moment of uncertainty, Cerys looks away, her eyes drifting unfocused through the dark."

- I feel the same way (**Cerys +10 Aff**) (**Cerys Romance = True**)  
(*New image variant in codex*)
- Stay silent (**cer\_crushed = True**)  
(*New image variant in codex*)

**Aerion:** "It is a genuine pleasure to meet you, MC."

- Upsies! (**Aerion +3 Aff**) (**Aerion +1 Trust**) (**aerion\_upsies = true**)
- Shake her hand (**Aerion +1 Res**)

If **Cerys Romance = True**

(**Bael +1 Trust**) (**Fiadh +1 Trust**)

- Wow, Cer (*Cerys +1 Aff*)
- That's a gorgeous suit, Orlaith (*Orlaith +1 Aff*)

- Dive in

**Aerion:** "I studied computer science in uni, so mostly the software side, but I've put together a few computers and the like."

- So brains, brawn, and beauty (**Aerion +2 Aff**)
- So brains and brawn, solid combo

**MC:** "Fuck no, this is fucking delicious."

- Can you cook for us every night? (**Aerion +2 Aff**)
- Seriously, if you wanted, I think you'd make a great chef

**Aerion:** "This is the first time I've cooked for anyone outside my family, and my parents were the only ones who ever had anything nice to say about it."

- But **you've** tasted it (**Aerion +1 Trust**) (**Aerion +1 Character Specific**)
- The rest of your family must not have taste buds

**Fiadh:** "Hmm, yes, I imagine you can relate to the whole 'hiding yourself' thing."

- I can, although things didn't really get any better until I stopped hiding (**Fiadh +1 Character Specific**)
- More than you know

**Fiadh:** "Nope. You made that donation, you get to see behind the curtain, now."

- Just the curtain? (**Fiadh +1 Aff**)
- Yay

**\*Warning: Major story choice\***

**Fiadh:** "Cerys looks back at you as she says the last bit."

- Your body is a pretty obvious clue you're not (**Fiadh +1 Aff**)
- In a good way?

**Fiadh:** "Maybe not Orl, for obvious reasons, and Aer's a bit innocent in that regard, but definitely Leala. And probably Bael, even after what happened with you two last night."
