It would be **more fun** to play the game without this walkthrough, but it could help in case you get stuck or just want to get through it as soon as possible.

Enjoy the game!

👉 The first time you install the game to a new machine, or if the statement gets updated, it will show you the legal warnings. Read it and when you are allowed and willing to proceed, continue by ticking the checkbox and press "Continue".

👉 You now enter the main menu. Hover over any of the characters to see the menu options. Load and save will not be useful yet and you will not have unlocked anything at the gallery, but Settings could be a good first start to alter the music, voice and effect volumes for your device. When you are ready to proceed, click the girl at the right showing the "Continue" label.

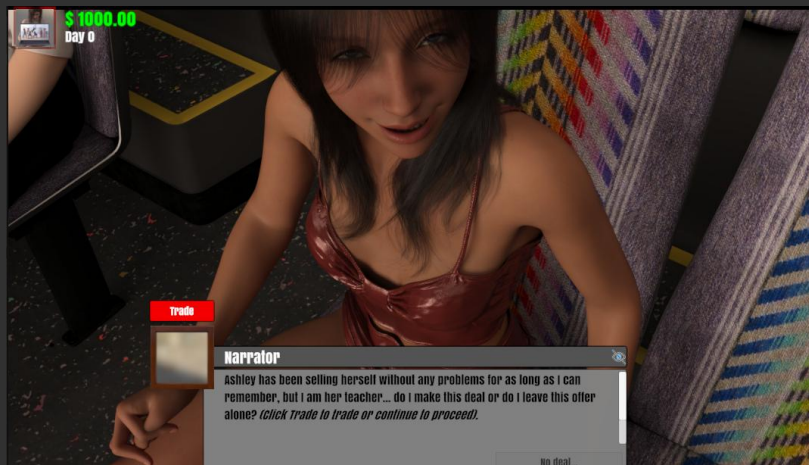

👉 You start the game with \$1000 to your name, driving the bus to school. At the top left is the button that will take you back to the main menu, your account balance and the current day is displayed beside it.

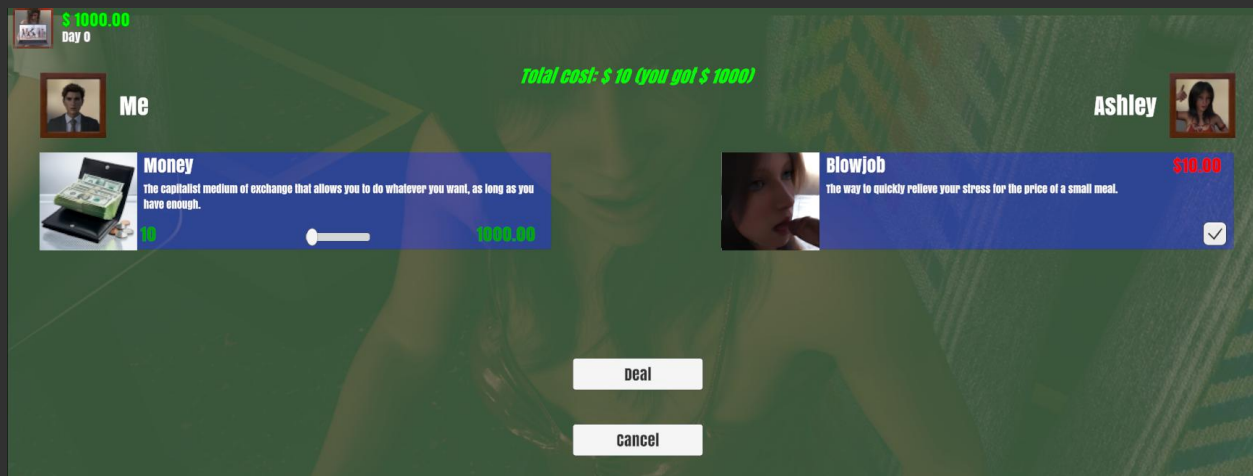

Hover over any of the three girls to start their story. **Pick Ashley (the girl on the right).** Don't worry, each day you drive to school allows you to sit with someone else:

👉 Listen to Ashley's story and click the red "Trade" button:

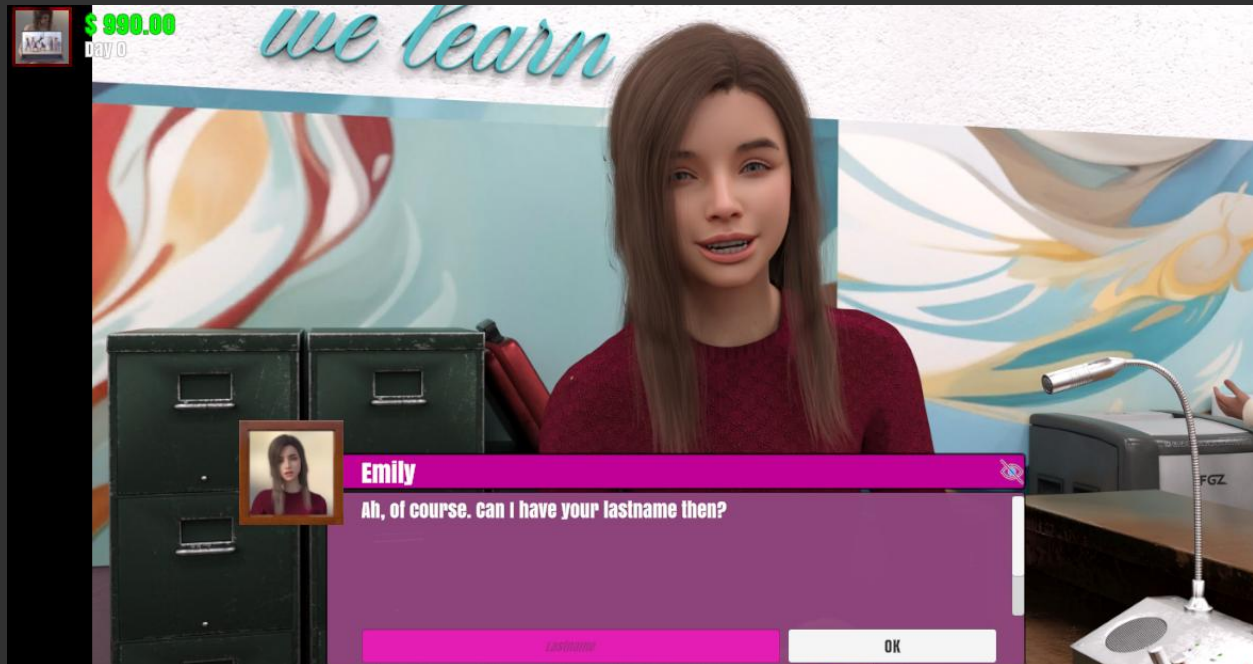

👉 Click the “Blowjob” checkbox and click “Deal”:

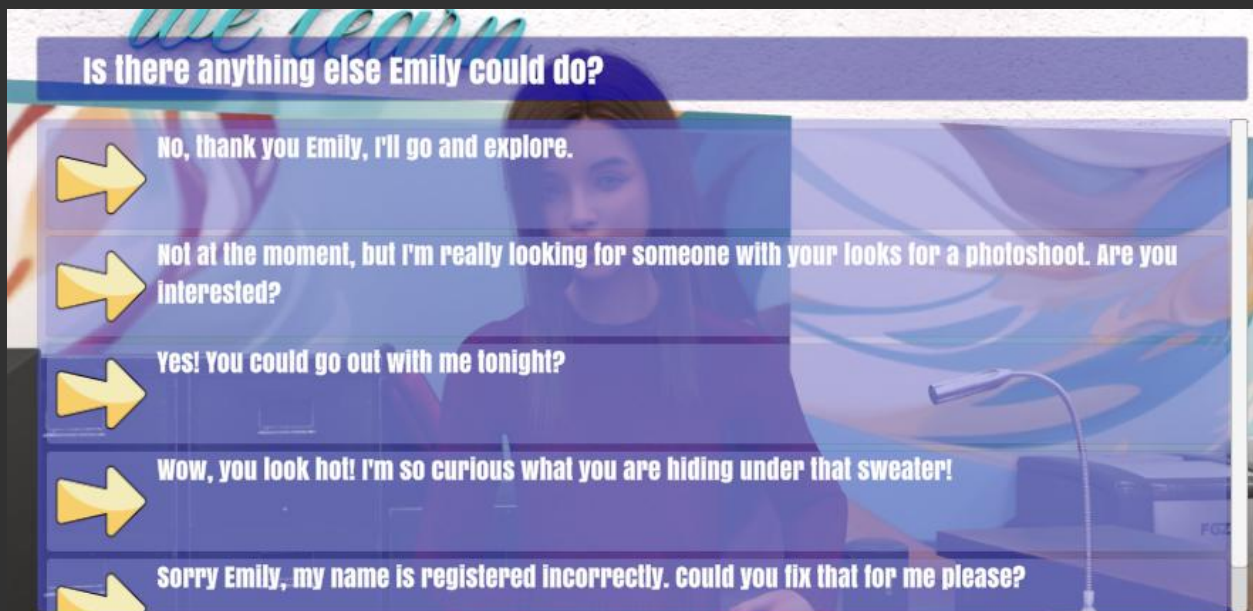

👉 **Watch the blowjob scene till the end**, at the video part you can select different angles and styles. The image below was not censored, it's just milk she's spilling here...

👉 You now enter the school where you work and will be registering with Emily. Provide Emily with your name. Don't worry, you can always find Emily at the desk again to change it.

👉 Click the second, third and fourth option (in that order):

f

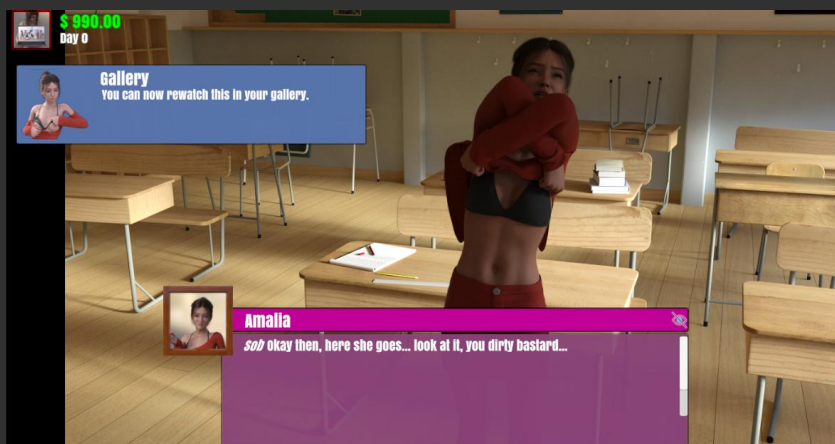

👉 We now have a new icon on the bottom left, it's our map and allows us to visit other places. Click the icon at the bottom left to open the map and visit the school Pool (maps with active events are indicated with the red exclamation mark at the top right):

👉 At the pool, pick either Kim or Laura. By clicking Kim, **you will expose Laura's tits**; by clicking Laura you will **pull aside Kim's bikini bottom**.

👉 Click the map and visit the classroom. **Watch Amalia undress herself**. Notice that items you can't replay in the game will be accessible throughout your Gallery (by clicking the top left item and selecting the gallery):

👉 Click the map again and visit the “Gym”. Here you will see Jenny and Alice training for Basketball. Click all the options from the top to the bottom, take the final option last

👉 Now enter the showers where you **find Anne taking a shower**. Answer by telling her you don’t mind her using the showers and in the next option, ask her to come by later and talk about her personal live problems.

👉 Select the map to go to the principal’s office. Pick any response and ask Angela if she would like to do a photoshoot.

👉 Visit the classroom, be firm on Laura.

👉 Take the map to the photo studio. Click “Go Anyway” on the warning message (it is just to make you aware to first finish all challenges in one place before leaving).

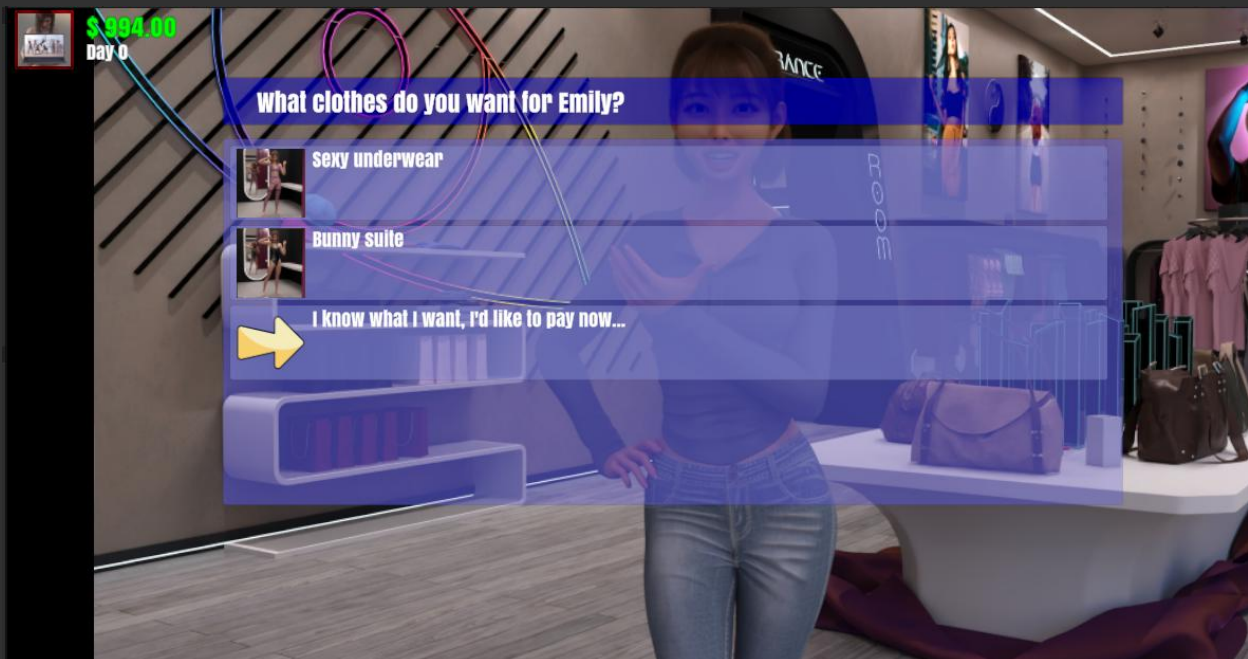

👉 You will now be doing your first photoshoot. At “Your poses” poses will be shown, but those cards will rotate after some seconds, so you need to memorize them.

👉 After the cards rotated you get the “requested” poses on the left. Click the same picture from where those requested poses were in the “your poses” segment:

👉 This set was not overly sexy, so you take Emily to the fashion store to buy “better” outfits:

👉 Have **her try on both sets** but only buy the pink underwear for now. You can always buy the “Bunny suit” as well but for now you need to hold on to your money a bit.

👉 Go back to the photo studio and **take a photoshoot with Emily in her pink underwear**. Repeat that session until your balance is over \$1100 again.

👉 Pick the map and go home. While at your apartment, press the map again, you now see all the rooms you can go to within your apartment:

👉 Select “Jenny’s room”. You will see Jenny with hardly any clothes on. She’s startled, tell her it’s totally fine if she feels comfortable walking around in whatever she wants (the second option).

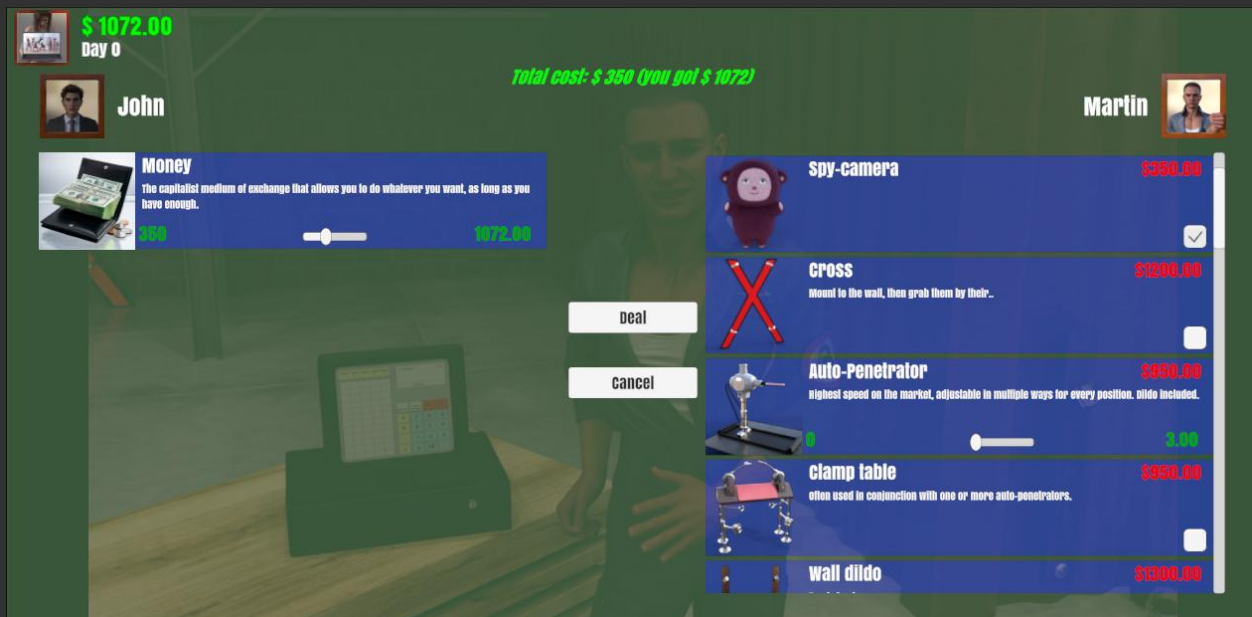

👉 Pick the map and select the “Department store”, you will be buying a hidden camera for Jenny’s room, but first you meet Martin, and he will show you all the sex toys and devices:

👉 A warning will be displayed, Martin has A LOT of items to sell, and this will only grow in future versions, but some of those items will only be useful in new releases. Most will not be used yet within the free version.

👉 So only buy what the story currently needs you to buy. Off course you can already buy more if you made enough money (photoshoots with Emily would be the best way to do that), but you can't do anything with it yet until the content gets available.

👉 Press “Trade” and buy the “Spy camera”:

👉 You are done with Martin for now (click “not now” and take the map back home).

👉 At home, go back to Jenny’s room and give her the camera disguised as a teddy.

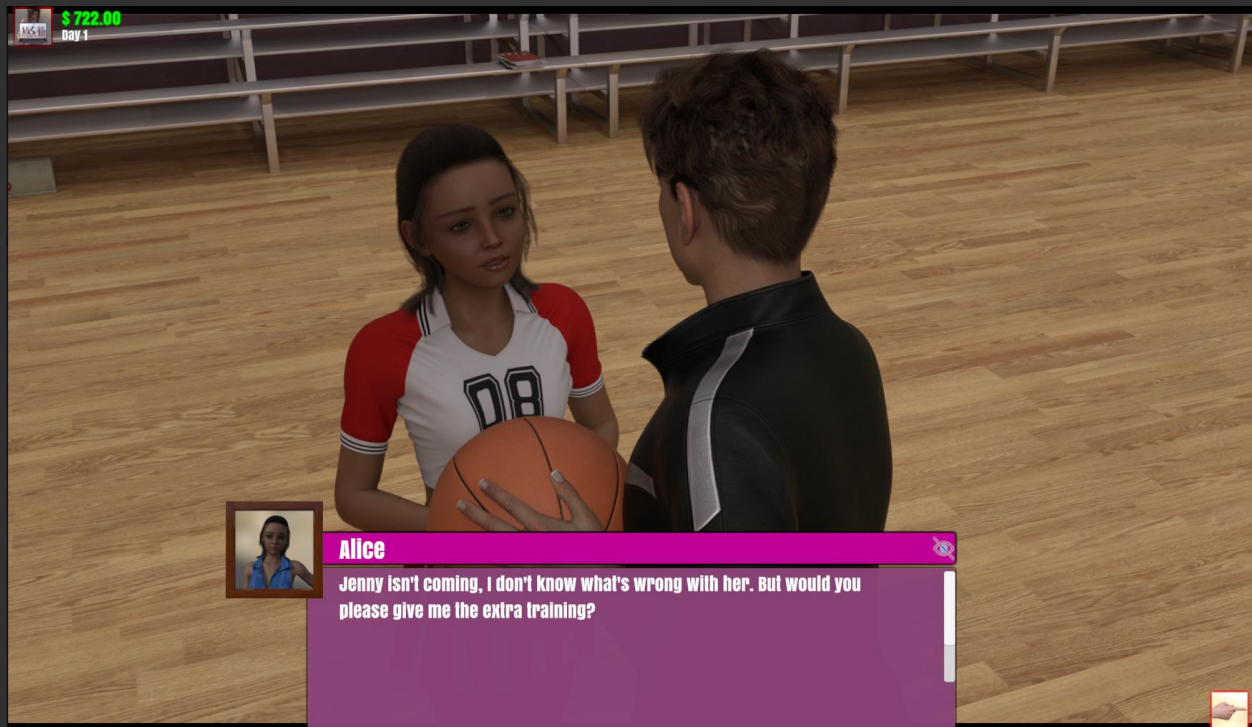

👉 Now go to your bedroom and click “yes” to sleep until the next day.

👉 Wake up and go to your office to check the hidden camera recordings **where Jenny is masturbating for the first time.**

👉 Go to school and select Jenny on the bus. **Do the spank-session with her** and arrive at school. Tell Emily you will go and explore.

👉 Goto the gym and give Alice her first training lesson:

👉 Take the map to the canteen and meet Michelle. Take a photo session with her for her assignment.

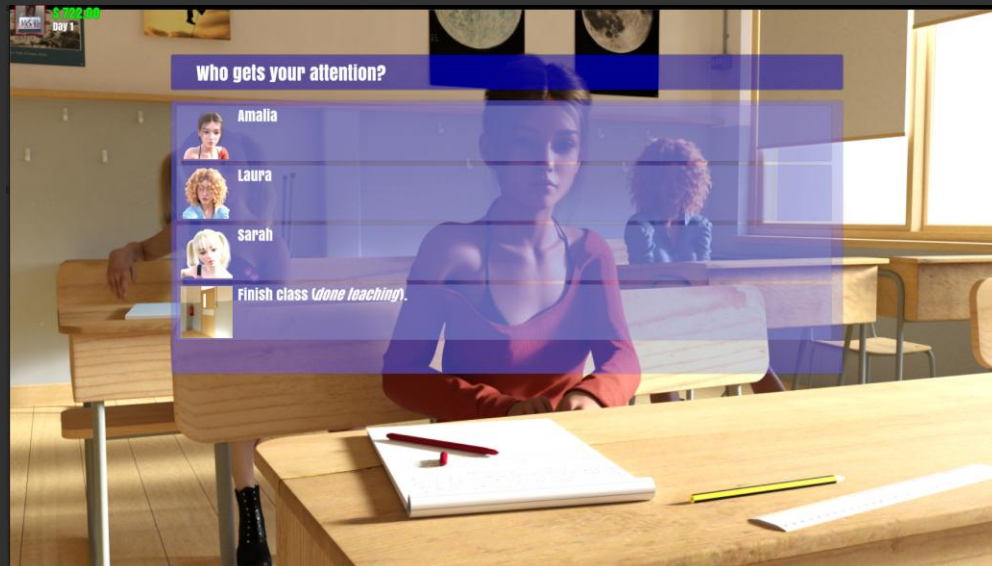

👉 Click “Do that” **to take a picture under her skirt**. After this session, take the map to your classroom. Here Anne will arrive.

👉 Give Anne the keys to your apartment. Tell her you are much cheaper; **she simply needs to lift her dress**.

👉 Go to your classroom again and click the option to start teaching. Click each girl in turn and come up with something to punish them with:

👉 There will only be one option available for the **first time to place them in the corner with their panties exposed**. Do this for all students.

👉 Finish class, you are done teaching for today.

👉 Take the map to the canteen and talk to Michelle. Click “yes” to let her do a photoshoot at your apartment later.

👉 Now talk to Kim. She would call you a creep if you picked Laura’s side earlier in the pool.

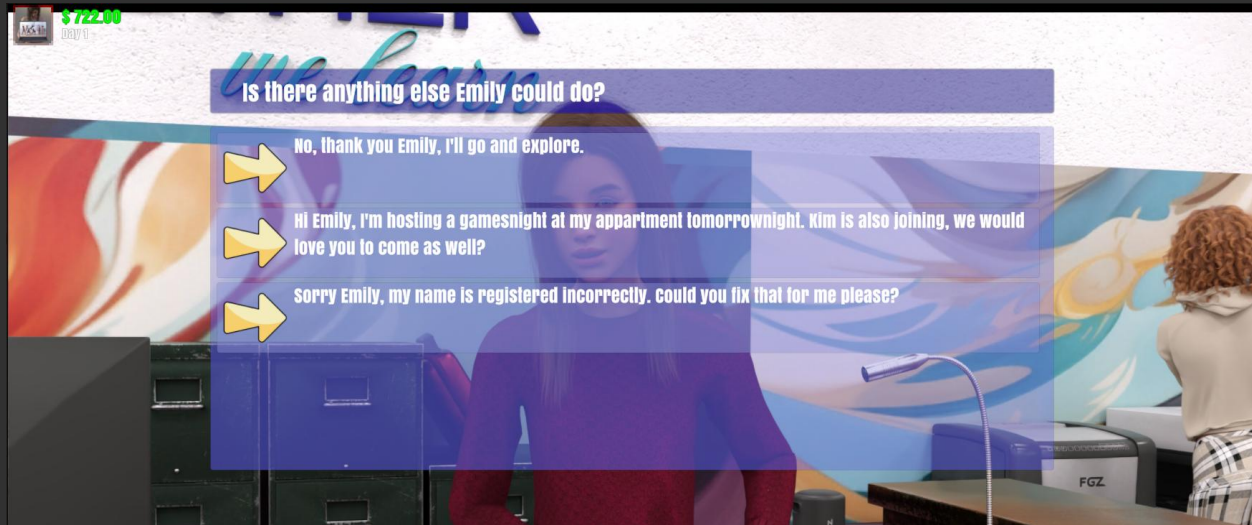

👉 Ask Kim to talk about herself.

👉 Tell Kim she looks amazing and ask her for a super sexy photoshoot at your studio.

👉 Ask Kim over for game night at your house tomorrow night.

👉 Leave the Canteen. Kim only wants to do the game night if you can find someone else to play as well. Visit the reception, Click Emily and ask her to join the game night (second option):

👉 Go home and head to bed. Here Anne has a surprise for you in return for giving her the keys to your apartment.

👉 **Have sex with Anne** (press GO GO GO).

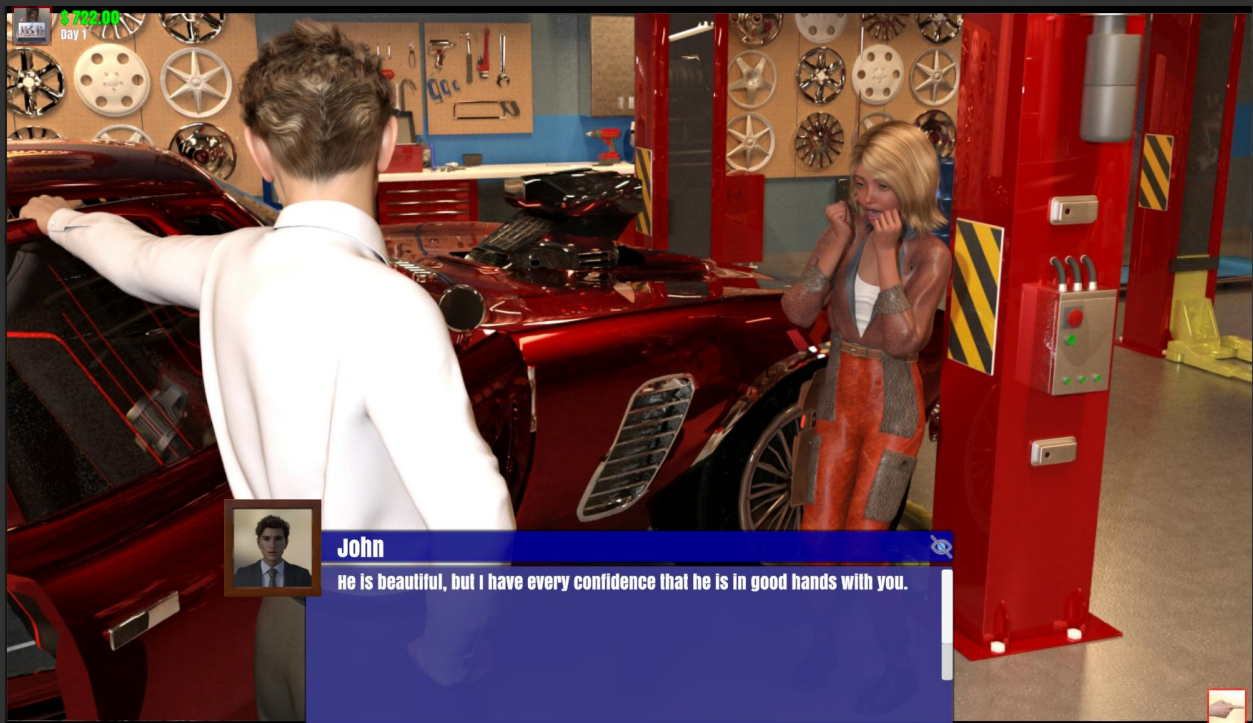

👉 Click the map and visit the garage.

👉 Within the garage, click the map again and select the car shop.

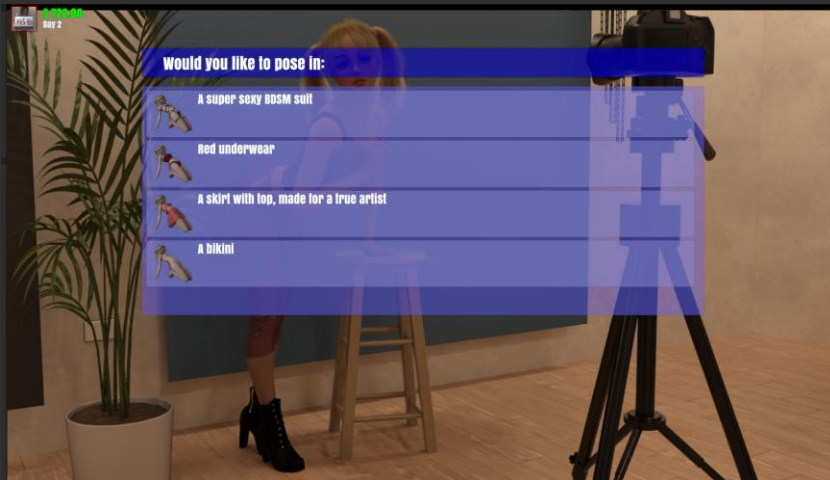

👉 You bring your supercar to Kim so she can work on it and prove to her parents she can do it.

- 👉 Select “As long as there’s tongue involved”.
- 👉 Back home, go to the bedroom and sleep until the next day.
- 👉 Go to the office and watch the latest spy-camera videos from Jenny.
- 👉 Take the map to school again, pick Sarah while on the bus.
- 👉 Pick the right option (it’s the skirt made for a true artist, but it’s fine to pick other options as well):

👉 Decide whether you want to open your eyes while she is changing (you will see her partly naked, but after that she walks out angry) or keep your eyes closed, in that case she will be in some normal photo poses and be happy with you.

👉 You arrive back at school. Visit the gym to give Alice her next training session. You spot her changing clothes in the locker room and she is not wearing any undies during the training.

Visit the science room. Here you will meet Stephanie. She’s a dancer at the nightclub and is currently recruiting other students. Pick any of the responses.

👉 Visit your classroom and click yes to teach your students again. **Find a reason to punish each of the students again**, using the second option that is now available:

👉 Finish class.

👉 Go home, the game night session with Kim and Emily will now start.

You will see the game get explained:

👉 Play the game and win. Well... that's easier said than done. No telling who would win (unless you cheat using the cheat button). It would be nicer if you would win as you will then see more skin from the losing girls and the final loser will dance naked, but it's all down to a bit of luck. Be aware that you can deposit multiple cards of the same value.

After the game everyone gets dressed again and you have drinks at the bar.

The girls are getting a bit drunk and slutty. No way that they can drive home safely now, so you put them into your bed.

👉 You can now play with Kim and Emily. If you have had enough fun with both, dress them back up and let them sleep.

You will all wake up in the morning.

Emily is in shock finding herself half naked and beside you while you have a huge boner. Kim is mostly just having a huge hangover.

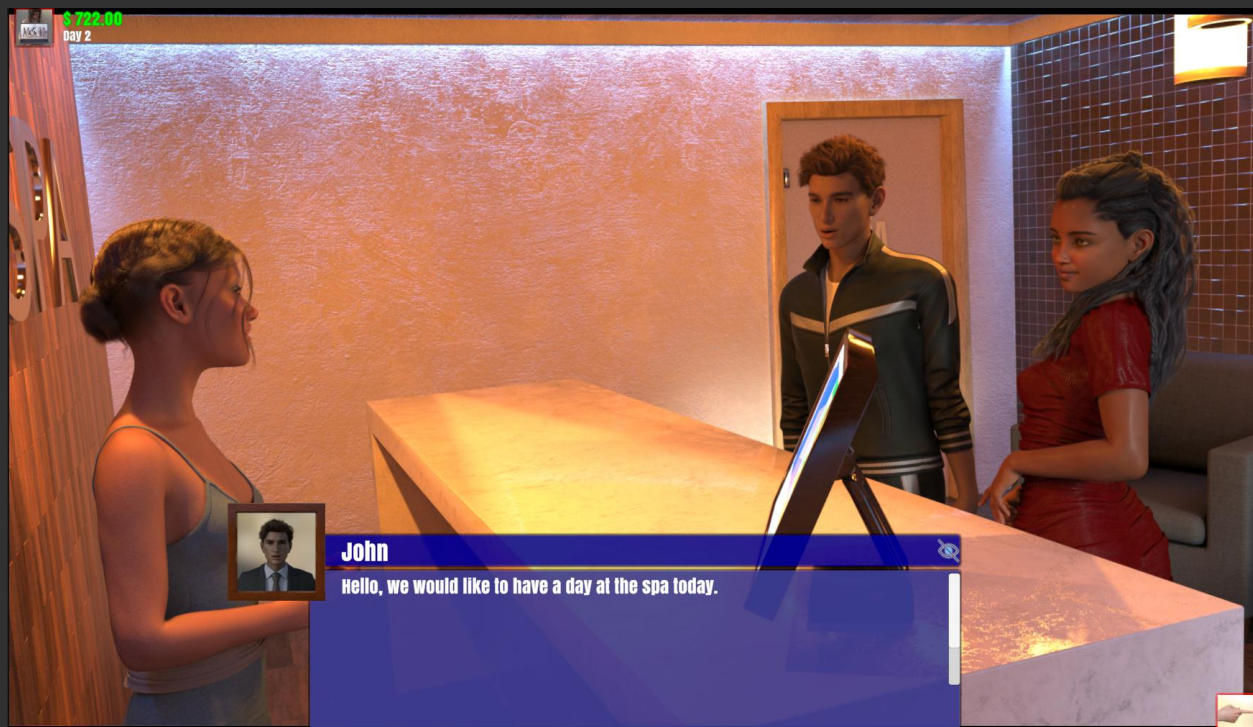

👉 Tell Emily nothing happened and say sorry for lying there as well.

👉 Go home, you will now find Michelle there for the photo session you promised her.

👉 Do the photo session, go to the map and visit the Spa with Michelle.

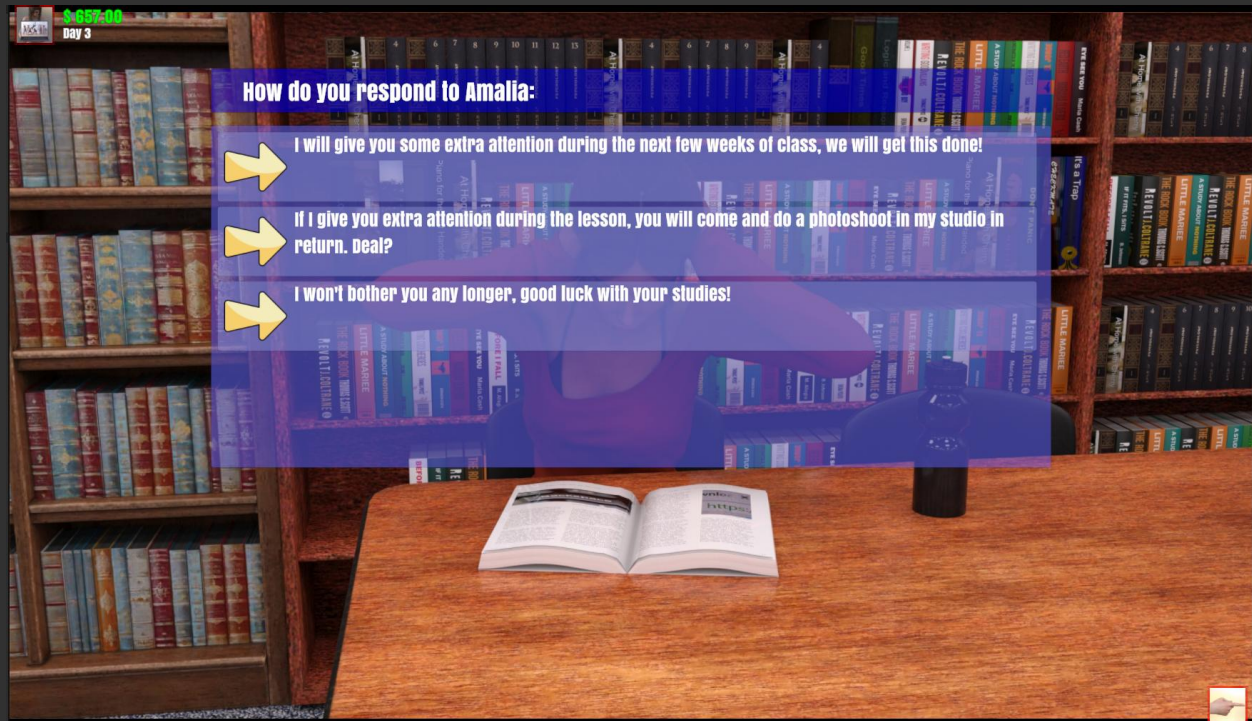

👉 Click “trade” on Kyra and select “Spa day for two” and click “deal”. **Michelle is now “rewarding” you.** She wants more, but the public spa just isn’t the place.

👉 Go back home, visit your bedroom and sleep till the next day.

👉 Visit the office and watch the **large masturbation session Jenny had last night.**

👉 Visit school and then the library. Here you find Amalia studying. Pick the second option, give her extra attention during the lessons for a photoshoot at the studio if she succeeds.

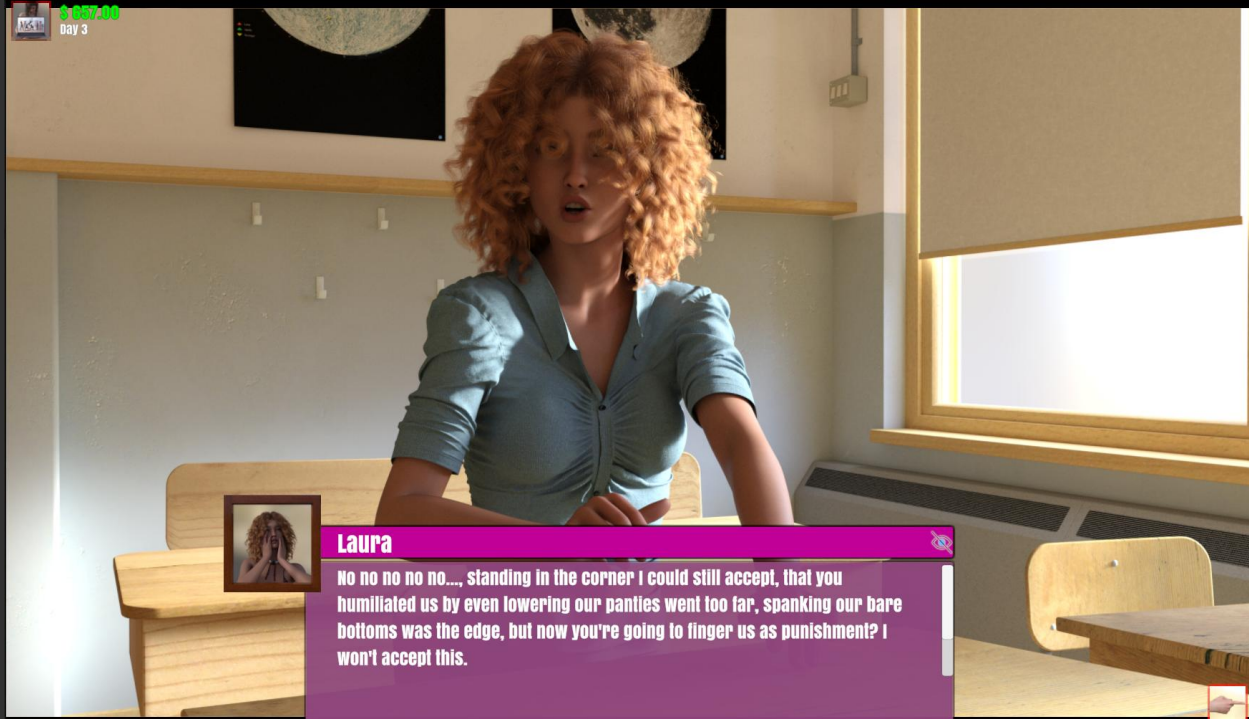

👉 Click the map, visit your classroom and start a teaching session. Pick Amalia first and give her extra attention to help her understand the lesson material well.

👉 Now punish either of the girls again with the new punishment that is available. Laura will stand up against this:

The other girls will follow her to the principal's office.

- 👉 Open the map and visit the gym. **Have sex with Alice.**
- 👉 After your done with Alice, move to the principal's office. Hear the girls complaining by eavesdropping on them.
- 👉 Visit the department store and hear Martin's solution for your problem at school.
- 👉 Go home. Kim will call you to inform you that your car is ready.

👉 Go to the garage and from there, visit the car shop.

👉 You don't have a car so you must go by bus. This is where you meet Helena

👉 You make a deal to help Helena out and arrive at the garage with Kim. Kim has been horny ever since the game night. You will go out with her this weekend.

👉 Visit the nightclub. **Watch Stephanie pole-dance for you** and explain about the club.

👉 Go back home and sleep until the next day.

👉 Visit the office and check the latest Jenny video again. This time she caught you.

- 👉 Leave Jenny alone for now and go to school. Emily will ask you to meet her at the toilets.
 - 👉 Visit the gym. Alice will now allow you to do a photoshoot with her at the photo studio.
 - 👉 Perform the photoshoot with Alice (visit the photo studio and call Alice) sell those pics.
 - 👉 Perform a photoshoot with Emily until you have at least \$ 600.
 - 👉 Visit the school lockers and find Ashley. Trade her for the bondage session with Marvin.
- If you don't have the money, visit the photoshoot and take sessions with Emily until you have enough. Sleep in your bed till the next day until Ashley is available in the locker room at school again.

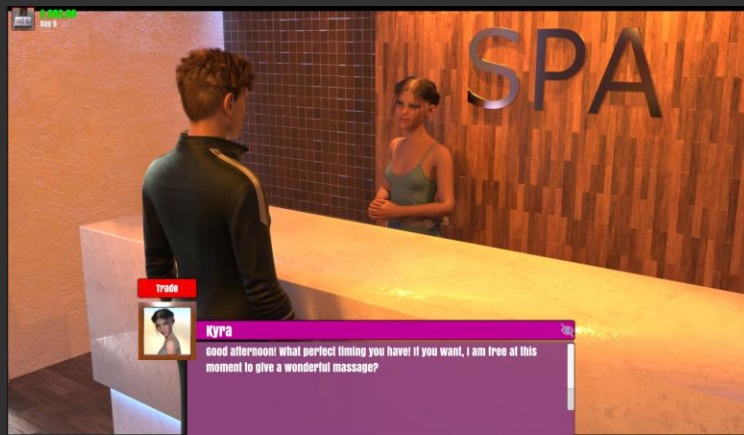

- 👉 Go home and sleep till the next day.
 - 👉 Visit Jenny's room and talk to her.
 - 👉 Go to the department store. Here **Marvin will have a rough session with Ashley.**
- Ashley is sexually broken, but in turn Marvin will solve your problem with the school board.

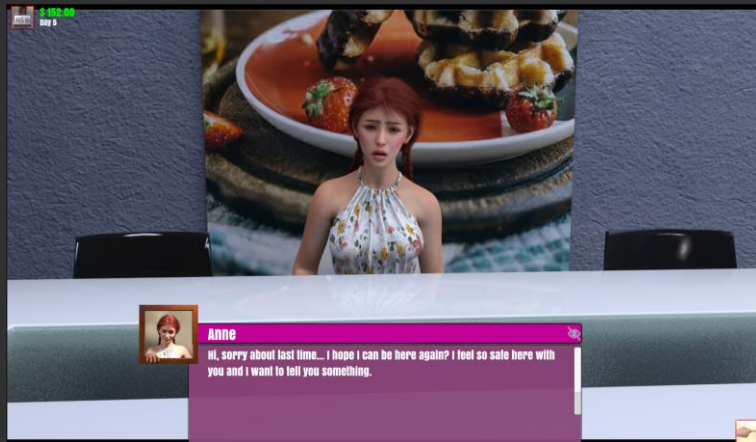

👉 Take a photoshoot with Emily again until you have over 200\$.

👉 Visit the spa. Trade Kyra to get a massage.

👉 Go home. Anne should be waiting for you at the table.

👉 Anne wants to be taken to the park. First visit Jenny's room again and try talking to Jenny.

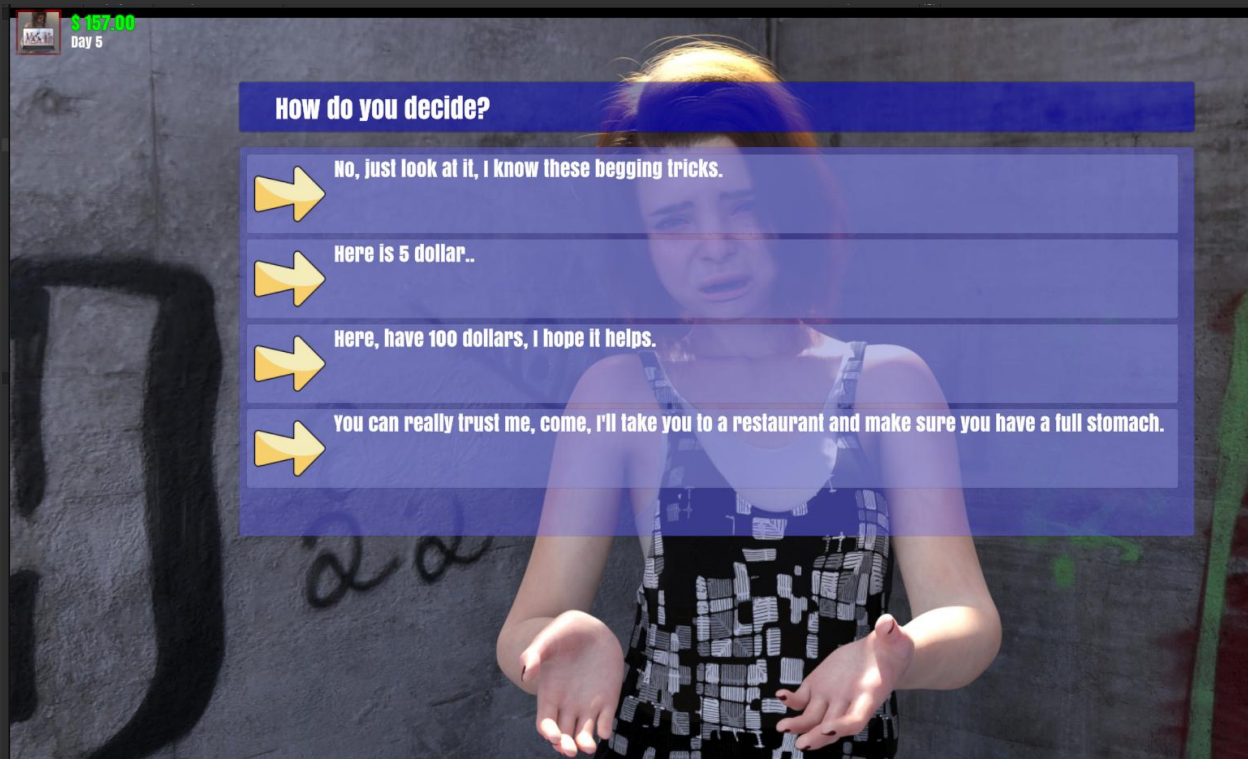

👉 Click the arrow at the bottom right and now select the map to visit the suburbs:

This is where you meet Sophia.

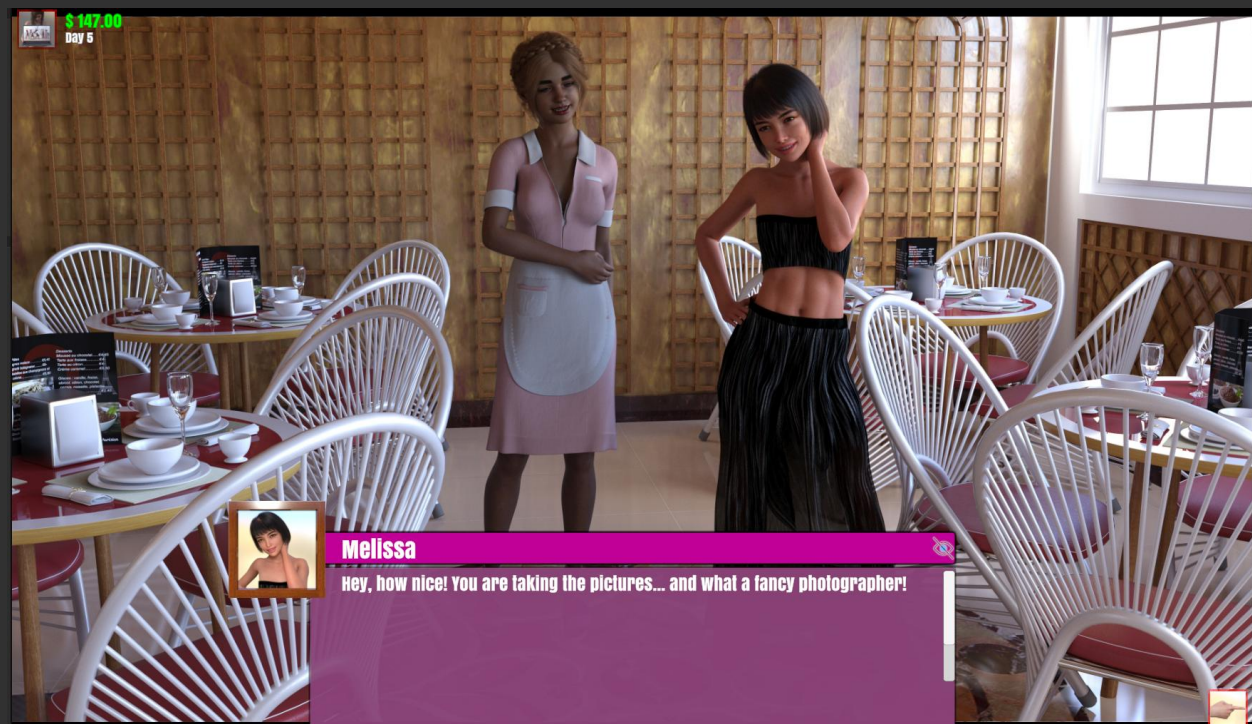

👉 Give her 5 dollars.

👉 Go back home. Helena will call you for the photoshoot at her restaurant. Accept by clicking “sure”.

At the restaurant you also meet Helena’s girlfriend Melissa.

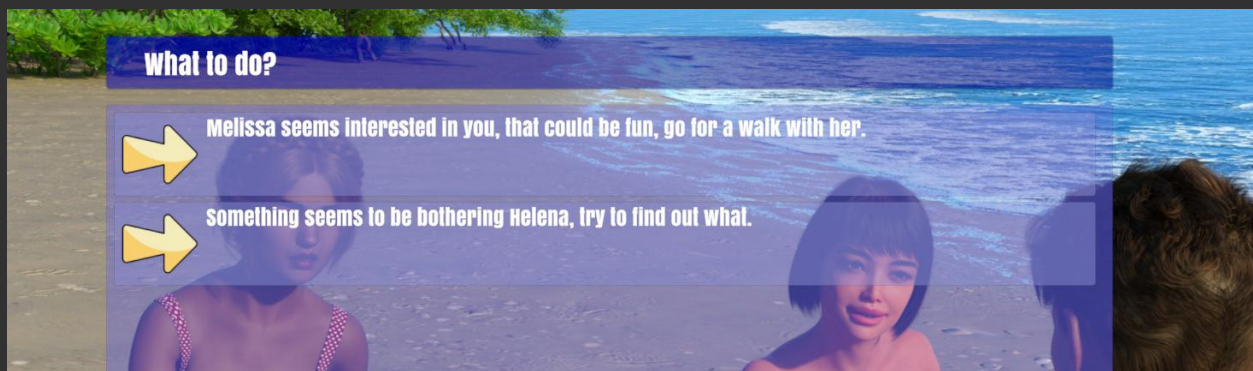

Finish the session. You agree to pick them up from the beach the next day.

👉 Go home and sleep until the next day. Go to the garage and take a ride to the beach where you will find Melissa and Kim again.

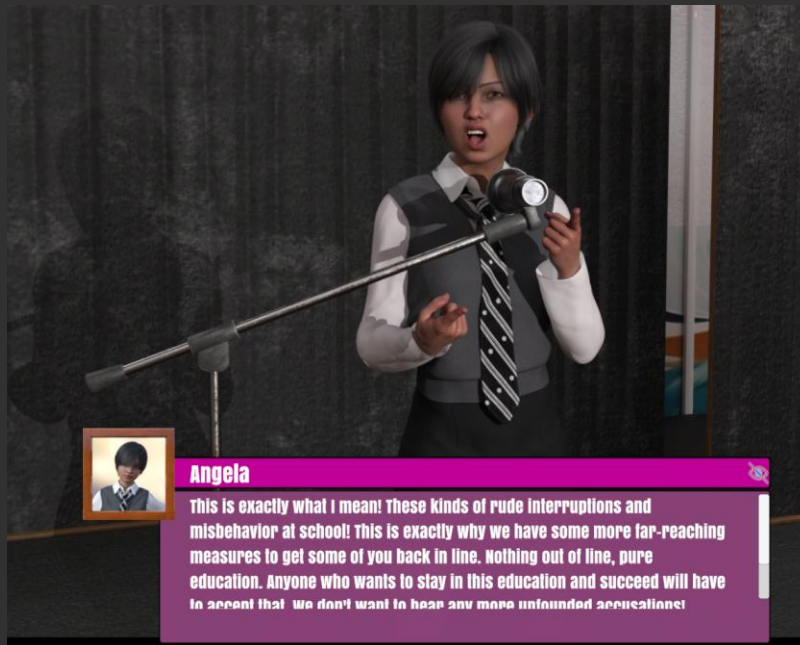

👉 Pick either Melissa or Helena.

By picking Melissa you will **see some more sensual images**. Both stories follow a bit different path with additional questions and storylines, but in the end, you will take both girls home again.

👉 Go back to school and enter your classroom. There is a public announcement at the podium where Angela will defend you (because of Marvin's actions).

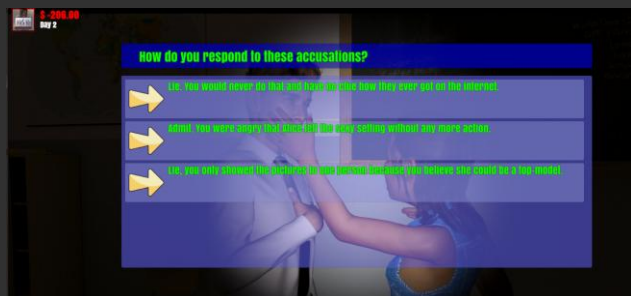

The girls are upset but can't do anything about it.

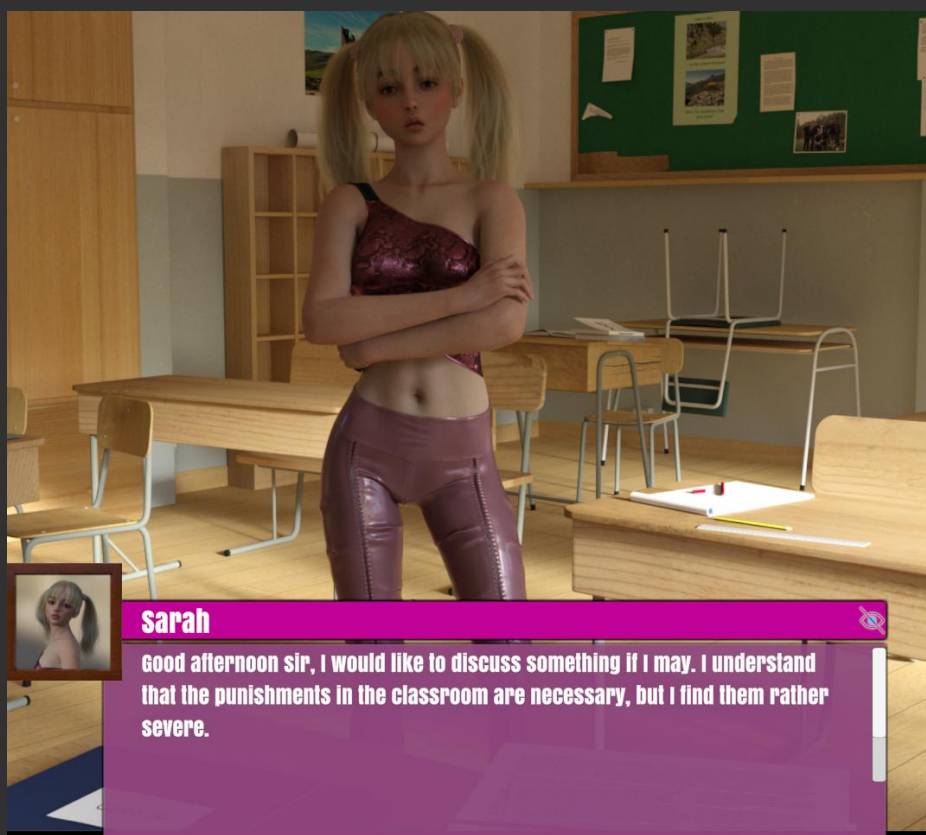

👉 Go back to your classroom **where the girls will apologize**. Revisit the class to teach.

👉 You find Alice here, totally upset as she found the intimate pictures you made all over the internet. Pick any of the responses:

👉 Enter the classroom again, give Amalia extra attention. Revisit the classroom again, Sarah will have a proposal:

👉 **Watch her undress**, give kudos for her presentation and make a choice. You can now have sexy photoshoots with Sarah in the photo studio as a punishment or keep punishing her as usual. For now, pick the alternative punishments at the photoshoot.

👉 Go home and sleep till the next day. Now visit the fashion store and buy the sexy underwear for Sarah. If you don't have enough money, make some more by photographing Emily. Proceed until the store is back available for you to buy the clothes.

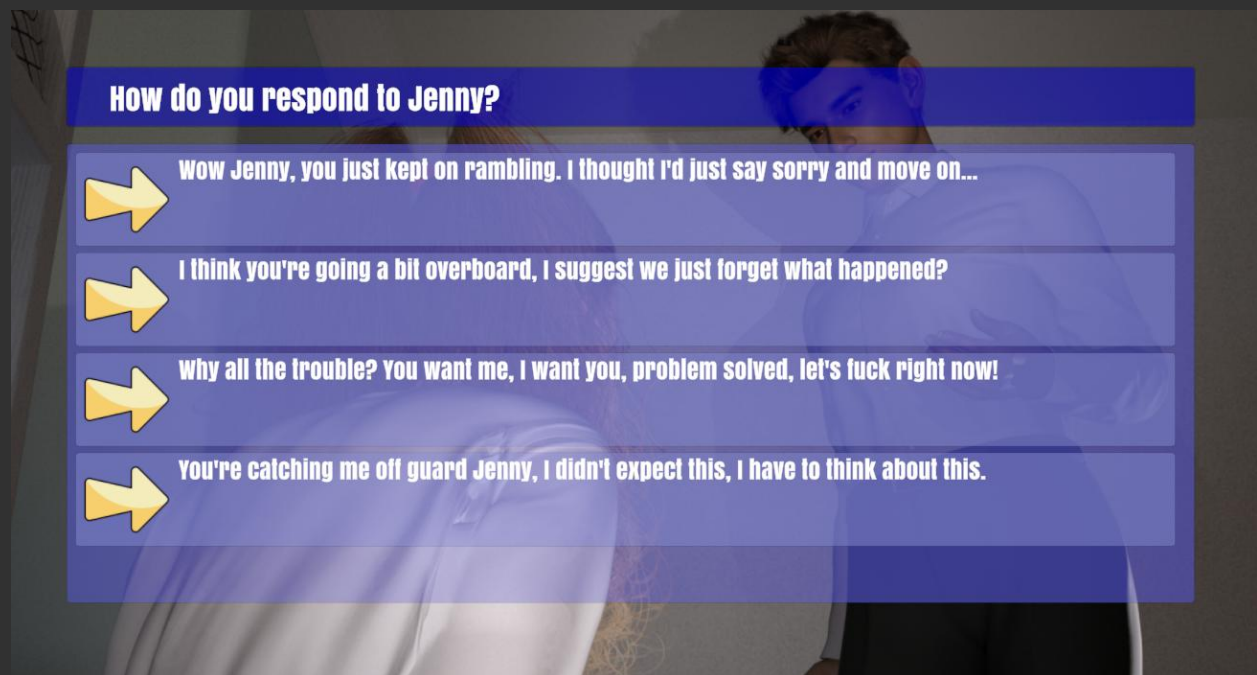

👉 Go back to school and teach again. **Punish all the girls**, and teach Amalia. Sarah would now have the option to do the photoshoot instead of a punishment.

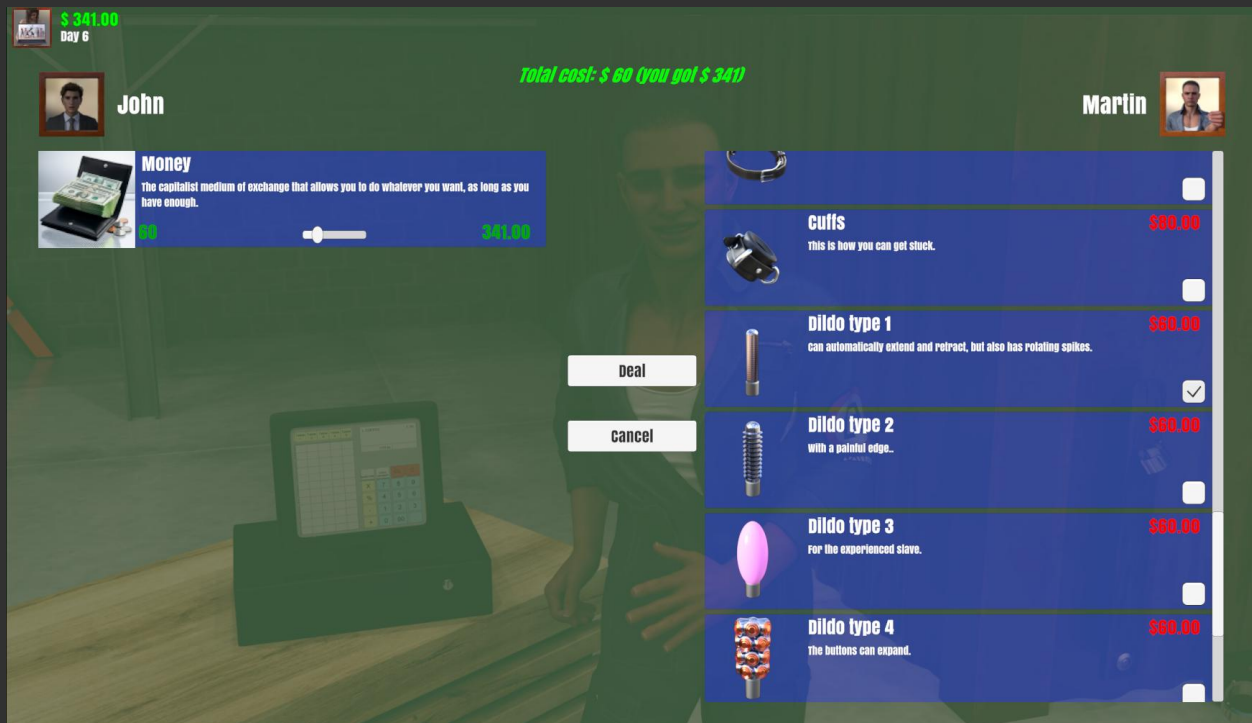

👉 Visit the photo studio and **have a sexy photoshoot with Sarah**. The Sarah shootings make more money than Emily shootings. You can repeat these sessions by punishing Sarah.

👉 Go home and sleep till the next day.

👉 Visit Jenny's room again, she will now let you in. Hear what Jenny has to say and pick any of the responses:

👉 Visit the department store and buy “Dildo type 1” from Martin (note, this item was not available before starting this quest):

👉 If you don't have the money, make some more by performing photoshoot sessions with Emily again.

👉 Go back home and give the dildo to Jenny in her room. **Have the sexy session with her.**

👉 Sleep in your bedroom until the next day.

👉 Visit the SPA and buy another massage from Kyra. Go back home and sleep till the next day.

👉 Go to your garage and take a ride to the suburbs. You will meet Ashley there.

👉 Visit your office, there should be an e-mail from Melissa there. **If there is no e-mail, you took a different course at the beach and Melissa is already waiting for you at the beach.**

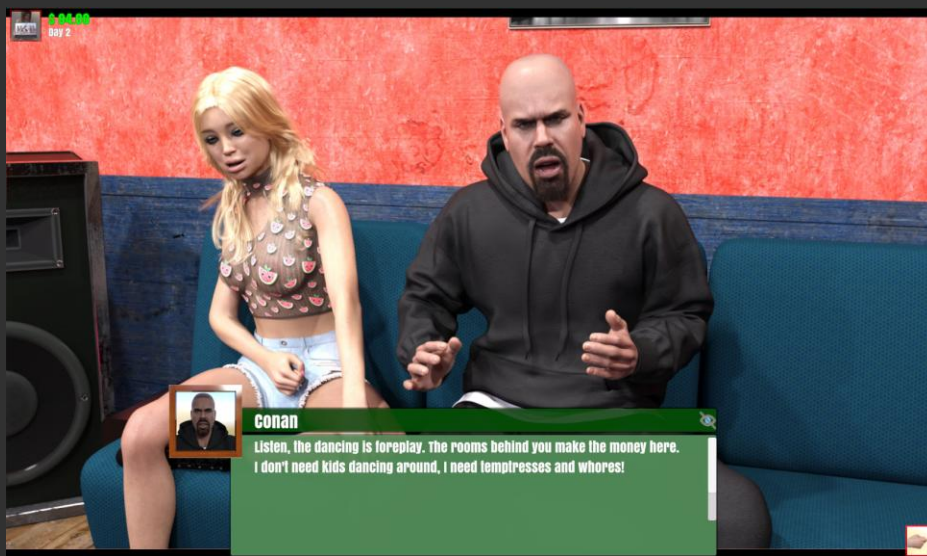

👉 Sleep until the next day, go to the garage and then go to the beach. **You will now have sex with Melissa.**

👉 Sleep until the next day, go to school and visit the lockers. Stephanie will be there, and she arranged a meeting with Conan, the owner of the nightclub.

👉 Visit the nightclub. You thought the club needed dancers, but it seemed Conan was keen on something more than that.

👉 Visit the school lockers again. Laura will be mad, but mostly at the other students. You offer her to show your dungeon where she could be your mistress, punishing other students.

👉 Sleep until the next day and have another massage in the SPA (you need another 50 dollars for this, so make some more money first if you don't have that). If the SPA is not available, visit the Suburbs first (see below) but visit the SPA next.

👉 Visit the suburbs (by taking a drive with your car from the garage). You hear screaming, click yes to find out more.

👉 Sophia is in trouble, you will see her **being forced to give a blowjob** to someone you don't want to mess with. Fortunately, she could make her way out.

👉 Visit Jenny's room and **lick her pussy**.

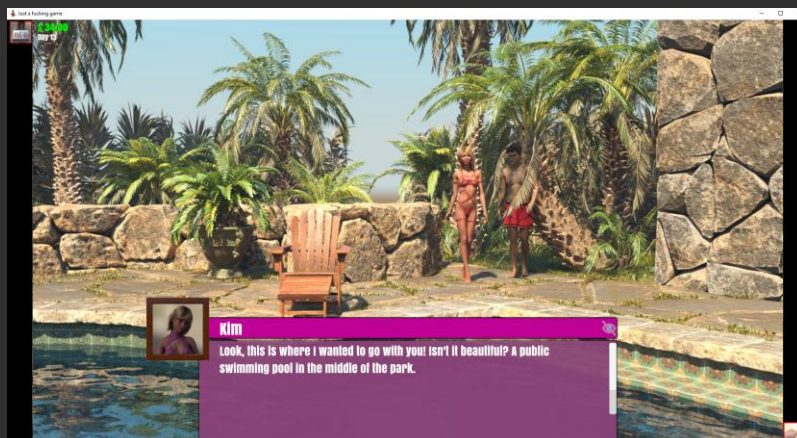

👉 Call Michelle from home and **have sex with her**.

👉 Visit the restaurant with Melissa and convince Helena to do a kinky session at the bunker.

👉 Visit the classroom, teach and give Amalia some extra attention.

👉 Visit the toilets and **take Emily from behind**.

👉 Visit the garage and call Kim. **Have sex with her at the public pool**.

👉 Take a ride to the park with Anne. She wants to get a place of her own. She has no issues with sex as long as it's on her terms so she is willing to prostitute herself to gain

money. Decide if you only help her find her place, or if you also want to help her with her newly found business. For this walkthrough, select the second option (you will help out with both).

👉 Drive to the bus stop where Laura is anxious to see your playground. She could be willing to help you as a mistress there. As you didn't rent the bunker yet you will tell her you will make things in order and call her from the bunker later.

👉 Sleep till the next day

👉 Goto school and visit the principal's office. The swimming instructor left overnight, and Angela asks you to act as the new swimming instructor as well. Ask Angela if you agree if she will perform a photo shoot with you. She will have a counter proposal offering you 1000 dollars as a signing bonus.

👉 Teach at your class and give Amalia that extra attention.

👉 Visit the pool at school, you are now the swimming instructor, **start your first introduction lesson.**

👉 Go home, here you will find Anne. Ask her if she would be willing to work in the club. She agrees! You got your first girl for the club!

👉 Visit the science room at school. Stephanie will be upset that you have not found three willing girls yet.

👉 Visit the lockers and find Ashley. Convince her to work at the club as well. Second girl checked.

👉 Visit Emily at the school reception and ask her if she wants to be a dancing girl in the new nightclub.

👉 Emily refuses. Talk with Emily again, ask her to call a student and pick Sarah. Ask her as a dancer at the club. She agrees! You now have three girls.

👉 Visit Stephanie in the science room. She is excited that you found three willing girls and is anxious to start training them.

👉 You can now visit Amalia in the library, she's thankful for your help and will now do a sexy photoshoot for you. If you haven't seen Amalia in the library yet, sleep a day and teach her while giving her some attention until she is at the library.

👉 Run to the photoshoot and start the photoshoot with Amalia. It's possible that she's not answering at first, try again.

👉 **Do the sexy photoshoot with Amalia.**

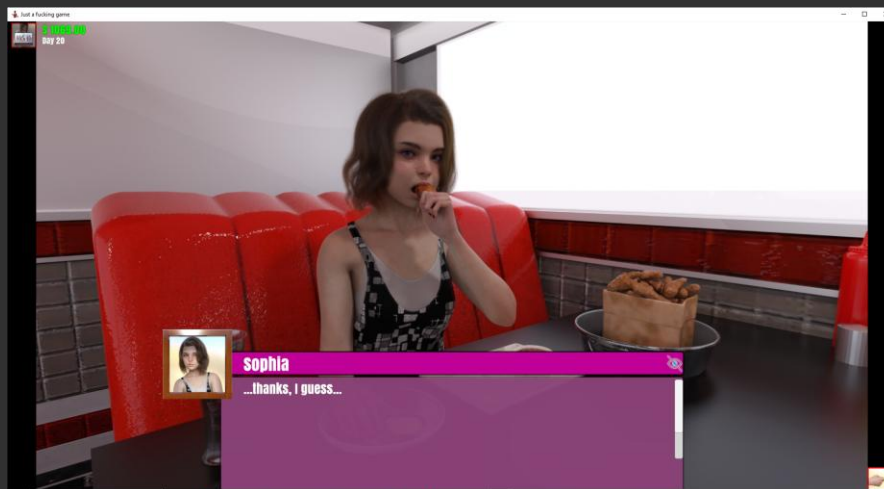

👉 Sleep till the next day.

👉 Visit the reception, talk to Emily and ask her to call a student. Pick Michelle.

👉 Michelle was called to your classroom. Visit your classroom and **have sex with Michelle on the main stage** (it's possible that you have to teach first, in that case, revisit the classroom after teaching).

👉 Sleep till the next day.

👉 Drive to the suburbs. Here you find Sophia being helpless and homeless while Justin arrives at the spot. Knock him down, take his wallet (this gains you 1000 dollars) and take Sophia to regain some strength at the local dinner.

👉 You continue to "help" Sophia by taking her to your apartment to freshen up and get some sleep. **Peek in on her while she takes a bath and goes to sleep.**

👉 Sophia scares you awake while you are sleeping on the couch, alarming Jenny. You explain her everything and she really wants Sophia to stay, but your apartment has no

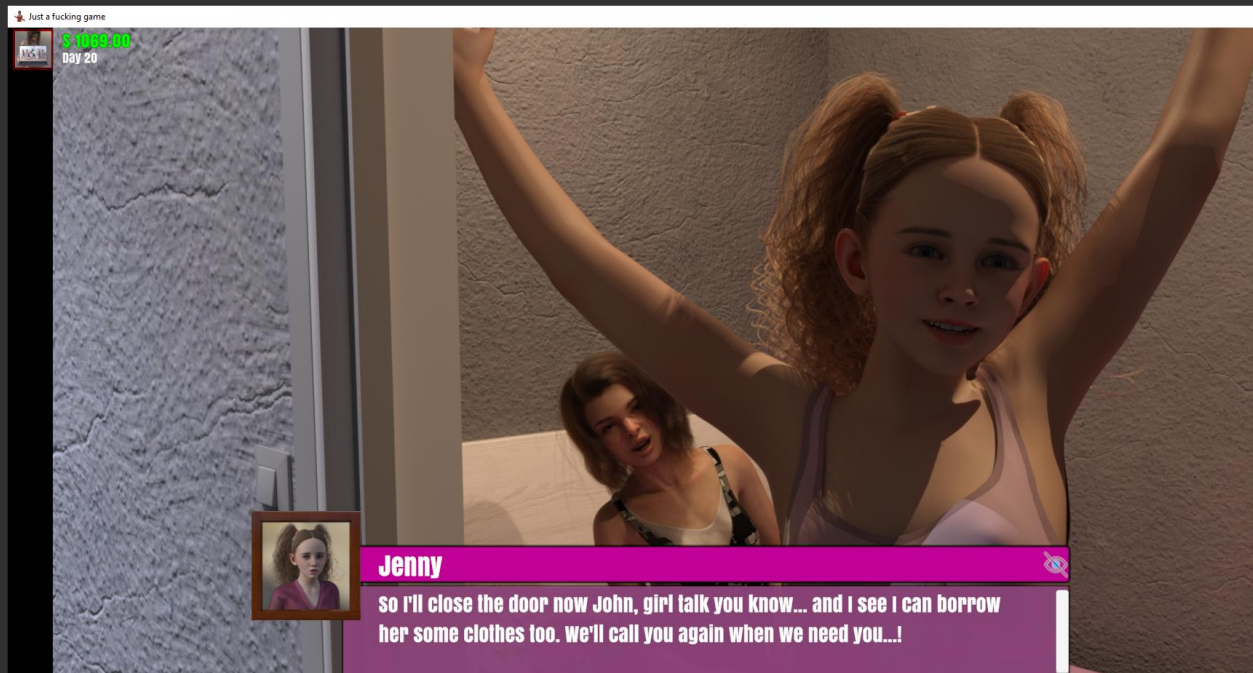

room other than the storage room. You all decide that it would be great and visit Martin at the hardware store to buy her a bed.

Don't worry about the payment, it's getting billed to you. By the end of each month all your income and expenses will arrive. The dinner you bought Sophia, and this bed will appear at those bills, so do take this into account.

👉 Jenny seems happy with her new friend and you can sleep in your own bed again.

👉 Visit the playroom bunker. It is not accessible if you did not rent the bunker. Renting the bunker allows you access till the end of the month, so if you are close to day 30, it could be wise to sleep till the next month before renting the bunker.

👉 Visit Martin at the department store and rent the bunker for a month.

👉 Visit the playroom, you now have multiple options! First get Melissa and Helena to the bunker and **start the "Fixed to the cross" session**. If you did not buy the cross from Martin yet, do that first.

👉 Now get Laura to the bunker and start the **"Let her feel what it's like..." session**. If you did not buy the bend table from Martin yet, do that now and return for the session. Laura agrees to become your mistress in punishing other students.

👉 Visit the SPA and **have your first practice on Kyra**. Go a little further when asked.

👉 Visit the nightclub where Stephanie is training the girls.

👉 Convince the girls to train topless.

👉 Sleep till the next day.

👉 Visit the school canteen and talk with Alice. If the "Talk to Kim" is there, exit the canteen and visit again. This depends on your previous reaction when she found out about the pictures, but will allow you to call Alice from the photo studio again.

👉 Sleep till the next day.

👉 Return to the SPA to proceed with the training. Stay professional at the first question, **but slap that ass on the second.**

👉 Sleep till the next day.

👉 Stephanie will now be done training the girls in the nightclub. The two of you will convince Conan to make you manager of the club.

👉 Conan will explain the Club Management mechanics. While we did our best to make this as user friendly as possible, pay attention to what he has to say.

👉 Club management is now available at the club. Go there.

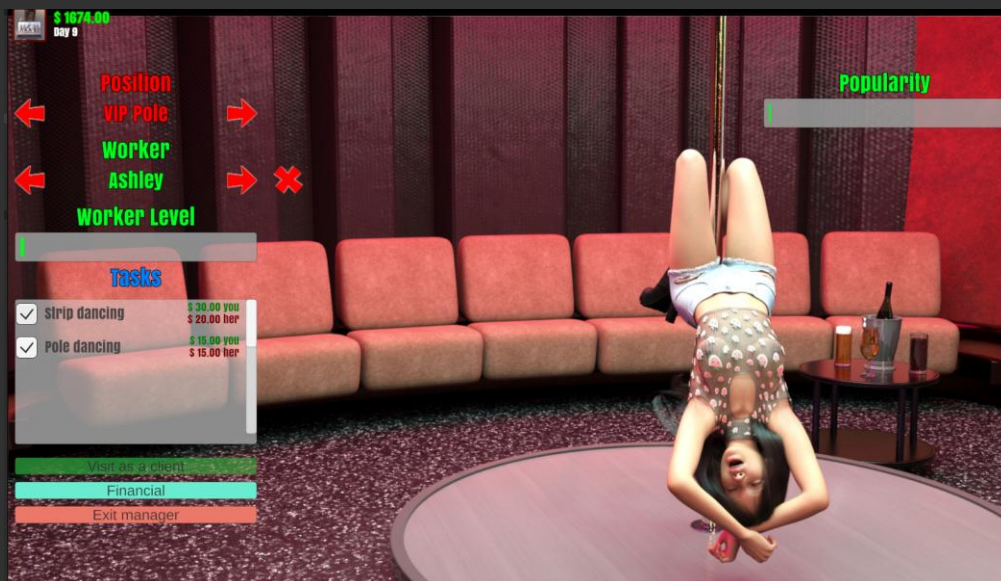

👉 You will have a small interview with each of the girls so you know what they are willing to do (for now).

👉 Now the actual club management starts. This is up to you. There are multiple positions:

- Handling the bar
- Three available spots on the dance floor
- The VIP pole
- Three pleasure rooms
- Two webcam- rooms (available later)
- A secret room (available later)

Assign girls to the position you see fit and give them tasks to do. Make sure to assign each of the four girls (Stephanie, Sarah, Anne and Ashley) a task.

Ah... but this is a walkthrough document... so if you are following along:

- Assign Stephanie to bar duty, give her the Barmaid task.
- Assign Sarah to Dancefloor #1, assign her to the Dancing and Twerking tasks.
- Assign Anne to the Pleasure Room #1, have her perform missionary and anal jobs there.
- Assign Ashley to the VIP Pole, have her strip dancing and pole dancing there.

👉 Go home. You can now visit the storage room to peek on Sophia, or visit the bathroom to peek on any of the other residents of your apartment. This resets every day.

👉 Sleep until the next day, visit the nightclub, click "management" and hit the "financial" button. See how your girls did last night. The clubs earnings will be wired to you with the monthly billing, but you could always click the "Payout now" button if you need cash before that.

👉 Visit the SPA (or sleep until it lights up again), then take the next lesson on Kyra. Stay professional, stay professional again... **but then... grab that pussy.**

👉 Head to the school pool and give your first class as a swimming instructor. Off course **you will take photos** to see how you can improve the girls talents.

👉 Visit the playroom and get Jenny to the bunker.

👉 Buy the chair from Martin in the department store:

- 👉 Get back to the playroom and **perform the spanking session on Jenny.**
- 👉 Sleep till the next day
- 👉 Visit the school pool again and perform another photoshoot.
- 👉 Sleep till the next day.
- 👉 Sleep till the SPA lights up again. Stay professional and have the willpower to succeed. Kyra now trusts you enough to take on your first client.
- 👉 Visit the studio and call Amalia for a photoshoot. She refuses as you already did this once.
- 👉 Sleep till the next day.
- 👉 Visit the school showers. You will find Jenny there.

👉 Jenny agrees to make the photoshoots at the pool a bit more interesting. She also agrees to have you spank her while wearing her swimsuit in the dungeon.

👉 While performing the swimming lessons, **you can now find Jenny flashing you.**

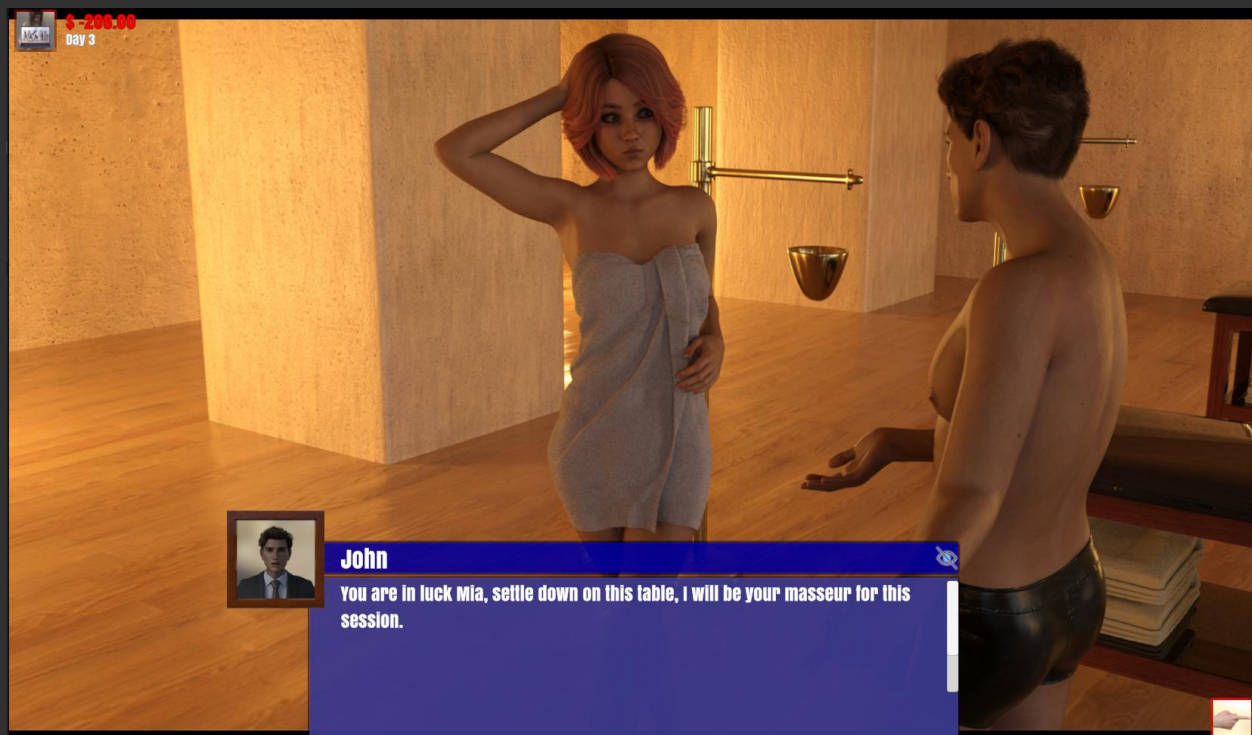

👉 Visit the dungeon and have the spanking session with Jenny again. You can now do this while she is wearing her swimsuit. ***Note: If you click the action button more often, her butt will turn red.***

👉 Don't overdo the dungeon sessions. Jenny will not be able to take a lot of continuous spanking. If she disagrees, get her into it again by taking swimming lessons.

👉 Sleep till the next day.

👉 Visit the canteen, Amalia has financial issues. Don't pay for her lunch.

👉 Visit the SPA and give a massage to your first client Mia:

*This is a new minigame. If you play it correctly, **you can have sex with Mia here.** If you fail, she will walk out mad, but don't worry, she will be back after a few days again.*

👉 Sleep till the next day

👉 Make enough money to buy the pillory (also check the nightclub's finances and use the early payout).

👉 Visit the playroom. **Take Kim from behind at the pillory.**

👉 Get Ashley to the playroom, **have the private session with her behind the pillory.**

👉 Sleep till the next day.

👉 Visit your classroom. Amalia is there to apologize. Tell her about your SM basement and that she could make a lot of money there.

👉 Buy the cuffs and collar (chain) from Martin.

👉 **Get Amalia to the dungeon and perform the session on the wall.** This will also unlock Amalia's sexy photoshoots at the studio again.

New in build 4 (available since September 2025):

👉 Go to club management. You can now click the **"Visit as a client"** button where:

- Sarah is a dancer performing the "twerk" task. **Visit here twerking.**
- Anne is working in the pleasure room, performing the missionary task. **Visit her having missionary sex.**
- Anne is working in the please room, performing the Anal task. **Visit her having Anal sex.**
- Note that within the "visit as a client" you can click the action button more often, there are multiple animations available.
- The "Secret room" and two web-cam rooms are now also available within the club, let's go find people for those.

👉 Make sure Anne is performing Anal sessions and Sarah is performing the twerk tasks. They will refuse to perform those tasks after having done so for some sessions and that is what we want to be able to convince them to start performing those tasks again.

👉 Visit the school gym. You wil find Emily there, the story depends on whether you had sex with her in the toilet, but she agrees to meet with you in the club the next day.

👉 Visit the fashion store. Have Naomi work at the bar for 5 dollars an hour. Assign Naomi to the bar using club management. This could free up Stephanie, assign Stephanie to strip dancing on the VIP pole. Click the payout button to get some cash.

👉 Visit the fashion store again and purchase the "SM Mistress" clothing from Naomi for Laura.

👉 Visit the playroom. Laura wants revenge on her fellow students. She will pay 1000 if you get one of them in the room with her.

👉 Amalia is already used of performing photoshoots in the bunker. Call her to the bunker, **but let Laura have her instead**. This will require you to buy the stick first. This session will upset Amalia, she will no longer be available in the dungeon or for any photoshoots.

👉 Sleep till the next day and meet with Emily at the club. You show her the privacy of the webcam room and **have sex with her there**. Excited by the room, Emily agrees to be a cam-girl if she could perform the acts anonymously.

👉 Buy the face mask from Martin.

👉 Visit the nightclub again and give the face-mask to Emily.

👉 Head over to the night club manager and assign Emily as webcam girl in webcam room #1.

👉 While peeking at Sophia at the storage room there is **now a new event where you can finger her while she is sleeping**. This is a random event, hit the peek session until you reached it (heavily animated with five different animations).

👉 Sleep until there is an event within the nightclub. This could be that Anne is refusing any more anal sessions or that Sarah is refusing to twerk but continue until Stephanie visits the secret room with you and the two of you see the horrors of what is hidden below.

👉 Repeat sleep until Conan is there at the night club, happy that you found new girls for the club. You tell him about the secret room and that you want to exploit it. Let him take you to the illegal slave market.

👉 Sure, the slave market is run by Justin, the same guy you rescued Sophia from. He shows you Eliza, but as he dislikes you it comes at a cost of \$ 12000. That's a lot and you most probably don't have that yet.

👉 Leave Justin, if you don't buy Eliza, you can return to the suburbs to find Justin again every four days.

👉 Sleep until Anne refuses to perform the anal functions (the nightclub event icon will turn red).

👉 Sleep until Sarah refuses to perform the twerk functions (the nightclub event icon will turn red).

👉 Go home and perform the peek function in the bathroom. Anne is here and after **checking her ass** you **can** have her work anal sessions again. Tell her you will raise the price by 10 dollars and split the amount.

👉 Go to your classroom and punish Sarah.

👉 Visit the photo studio and see Sarah apologize for refusing the twerking sessions. She now also agrees upon **cuddling** within the pleasure room.

👉 You can now visit Sarah and Anne as a client in the club again.

👉 Call Alice while you are still at the photo studio. She wants to take nude pictures from you as well. Tell her that's fair. **You can now have Alice perform nude photoshoots with you.** If you tell her, you don't trust her then there will be no more photoshoot opportunities with Alice (until unlocked again in a later release).

👉 Check the school lockers. New girl "Joyce" is there all alone. You suspect that she is hiding drugs and decide to **frisk her**.

👉 Okay, so now you need a tremendous amount of money to buy Eliza. If you dislike the grinding, visit our Discord channel. There is a promo code mentioned there. Go to the main menu, click settings, enter the promo code within the textbox and press "Execute". You now get 10.000 and only need 2000 more to be able to purchase Eliza.

👉 Drive the car to the suburbs and buy Eliza from Justin.

👉 Meet your new toy Eliza in the nightclub where she is all tied up for you.

👉 Make a wise decision. This is just a fucking game, so take the option "you are my slave and do as I please". If you want to be nice, you could set her free, but then she will be gone for at least this build. The third option will make her available as a dancer in the club, but no longer as a slave in the secret room. So, take our advice... make her a slave.

👉 Visit club management and assign Eliza as a sex-slave within the secret room. Click the "Visit as a client" button. You will see a large session where Eliza is used by two different guys. There are a lot of animations here.

👉 Sleep until the next day and check the nightclubs finances. Eliza is making you a lot of money.

👉 Sleep a couple of days until there is a new event in the nightclub. You will see that Eliza is sexually broken.

Within next month's release, there will be follow-up actions when Eliza gets broken. You can either:

- Allow her to work at the club instead of the secret room to regain some strength.
- Forcibly rape her and demand that she will return to work.
- Set her free

Emily is currently a cam-girl, but not that much to see there yet and she is not making you any money as well. We are working on a new minigame for the cam-girl sessions. Performing those games will make the actual money there.

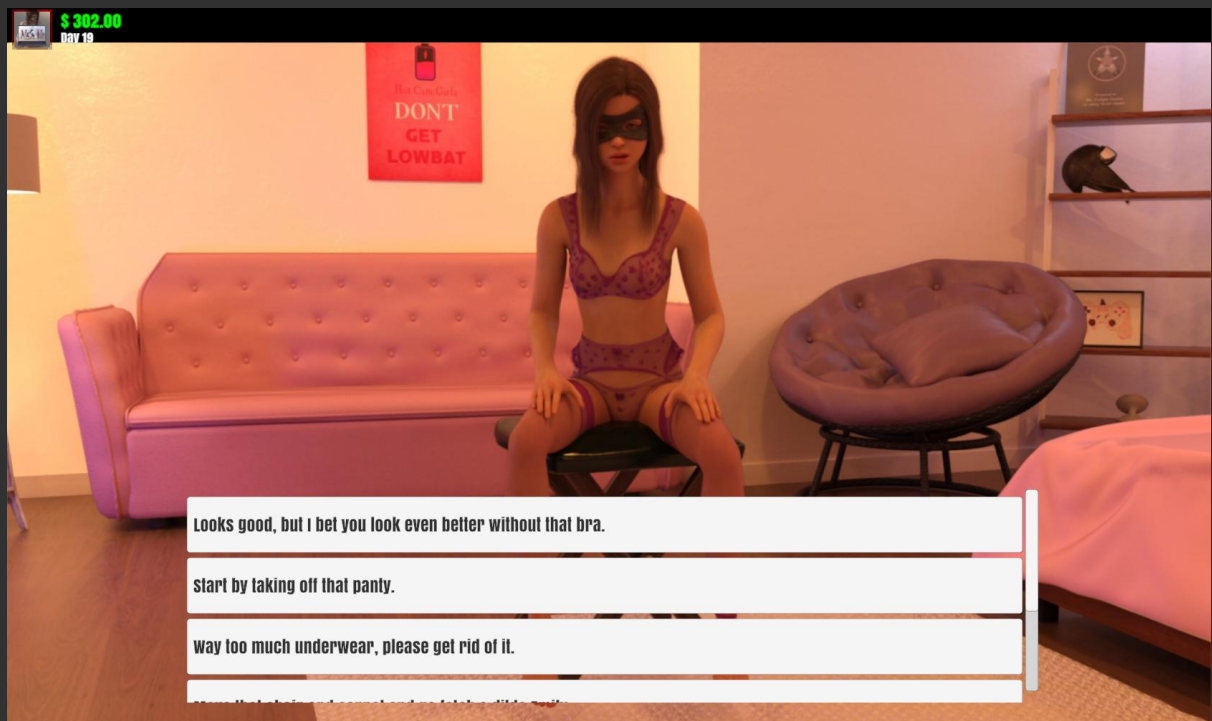

New in build 5 (available Oktober 2025):

👉 The game now has a autosave each time you sleep a night, so you can always return to the start of the day (it will always overwrite the last autosave).

👉 Visit the nightclub. Make sure Emily is assigned as a Cam-Girl to the WebCam Room. You now have the “Let’s go” button available with a whole new area of content:

- When starting a webcam session, there is the “Chat” button at the bottom centre of the screen. Click it and select any of the chat options that appear:

- **Each time you start the webcam session Emily could start in a different position. The available text items can also be different as well as the poses and animations.**
- **You can currently have Emily perform behind the desk, at the floor, on the couch, in her bed or at the seat.**
- A client's money is limited, as soon as the amount of money is depleted you can only select to end the webcam session, but you could always start a new one directly after.

- Initially Emily will not make you any money as a cam-girl. The amount you make is the same as what she gets. But..., by doing webcam sessions, the amount she makes for you will increase (to a maximum amount). Each month it will also be reduced by a bit again.
- If you have as much fun as we did with this new webcam part please let us know so we can add way more content and add additional characters to perform with the webcam girls as well (this release already contains a bit of that with the introduction of Sarah as a possible second web-girl candidate).

👉 Go home to find Sophia all stressed out because her nightmare Justin had just been trying to force the apartment door when she caught him.

👉 Sleep until Eliza refuses to work at the secret room (make sure you assigned her as a slave there). Visit the nightclub. You can now:

- **Force-fuck her to continue her work** (this will almost instantly have her resume her work as a slave, but can only be done once per month).
- **Humiliate her by putting her on display.** Will let her resume work quickly, you will need to buy the gag from Martin first to do this (Can also only be used once per month).
- Give her some light duties at the club, you can then assign her at the bar or as a dancer in the club for some days.
- Allow her a few days of rest.

With all of these options, Eliza will be back available as a sex-slave in a random amount of days, some are quicker than others.

👉 Return to the club. Conan wants **you** to punish Stephanie for showing you the secret room **and** for not performing sexual acts at the club. There is a whole new punishment system here where you can click on Stephanie's "fun-parts" to punish her at that area. Note that every "zap" has multiple images. Punish her until you think she had enough.

This punishment will be available within the gallery to replay later again. You let her sit and scream there for 15 minutes with maximum voltage at her tits.

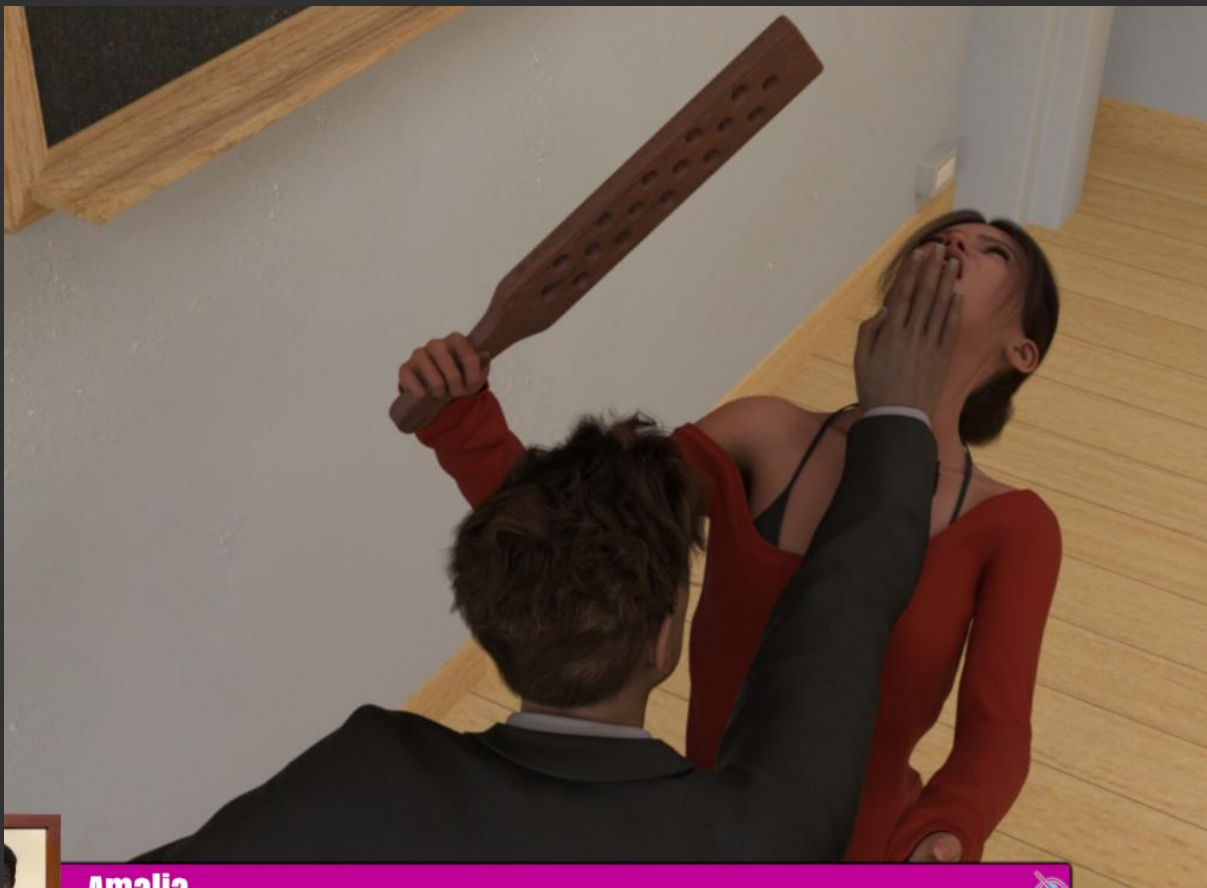

👉 Play around with management a bit or visit other rooms until the icon at the club appears, then go there.

👉 Stephanie escaped! You searched the entire club, but she is nowhere to be found. She can no longer be assigned to any of the club's functions (as she is nowhere to be found...).

👉 Go home and sleep for another night.

👉 Visit your classroom, teach, or don't teach, then visit your classroom again and find Amalia coming at you with a spanker, still furious about what you and Laura did to her.

👉 You win the struggle and hold her locked down until she calms a bit. You pay her half of what Laura gave you for the session and tell her you will also make up with her by buying her a great set of clothing. She's still mad but seems to agree a bit.

👉 Visit the fashionstore and buy the “Amalia Sexy outfit”

👉 Visit the photoshop, Amalia is there in her new outfit, you talk more about the event and finally come to terms again. **You can now call her from the photostudio to perform a photo session in her new sexy outfit.**

👉 **The dungeon session with Laura is now repeatable as well**, but will always be on a cooldown as Amalia can’t take too much of it.

👉 Sleep till the next day

👉 Visit the school lockers. **Ask Laura to play along while having Joyce lift her skirt** for you. She is wearing underwear, you tell her next time you see her she should not be wearing that.

👉 Visit the beach and find Melissa and Helena at **your** secret spot. They ask you if they could use the dungeon room again with some new toy.

👉 Visit the dungeon and get Helena and Melissa to the dungeon for a wall-mounted session. If you haven’t bought the wall-mount from Martin yet, do that now.

👉 The Helena and Melissa dungeon events are now repeatable.

👉 Sleep for three more days, then take a ride to the park and find Emily there, walking with her dog. Persuade her to get Sarah excited at working as a cam-girl as well.

👉 **Visit the school lockers and now see Joyce lifting her skirt...** does she still wear undies? These sessions are now added to the Joyce frisking gallery item.

👉 Sleep until the nightclub event lights up (should be about three days). Visit the nightclub and see how Emily is showing Sarah around within the cam-room, where those two girls end up playing together.

Build 6 (November 2025)

👉 Visit the nightclub. Emily will now ask you if she could become a cam-girl as well. Of course, that is great news, so you accept.

👉 Go to club management, assign both Emily and Sarah to the cam rooms. **NOTE:** a girl can only be assigned to one function. If you can't assign Sarah to the second cam-room, check if she is already assigned at the pole or the dance floor and de-assign her there first (the red cross). You should then be able to assign her as a camgirl.

☞ Click the "Let's go" button on Sarah, **this will start a cam-girl session with here**. There are sessions here with Emily as well, but Emily has to be assigned to the other cam room in order to see those options. Make sure you find every animation (she can scissor Emily, have Emily lick her, use the drill-dildo and more).

☞ Go home. Before you arrived, Justin entered the apartment and **raped Sophia**. Jenny helped her out, but could not prevent it from happening.

👉 As of now you can't peek into Sophia's room as she locked herself in there.

👉 Sleep till the next day

👉 Go to club management and assign Eliza to the secret room. If the sex-slave option is disabled, sleep until you get the "Eliza can be put back to work" event in the nightclub again.

👉 Enable the sex-slave option on Eliza again and click "Visit as a client". You should now have three options here (otherwise, check it again after visiting her once):

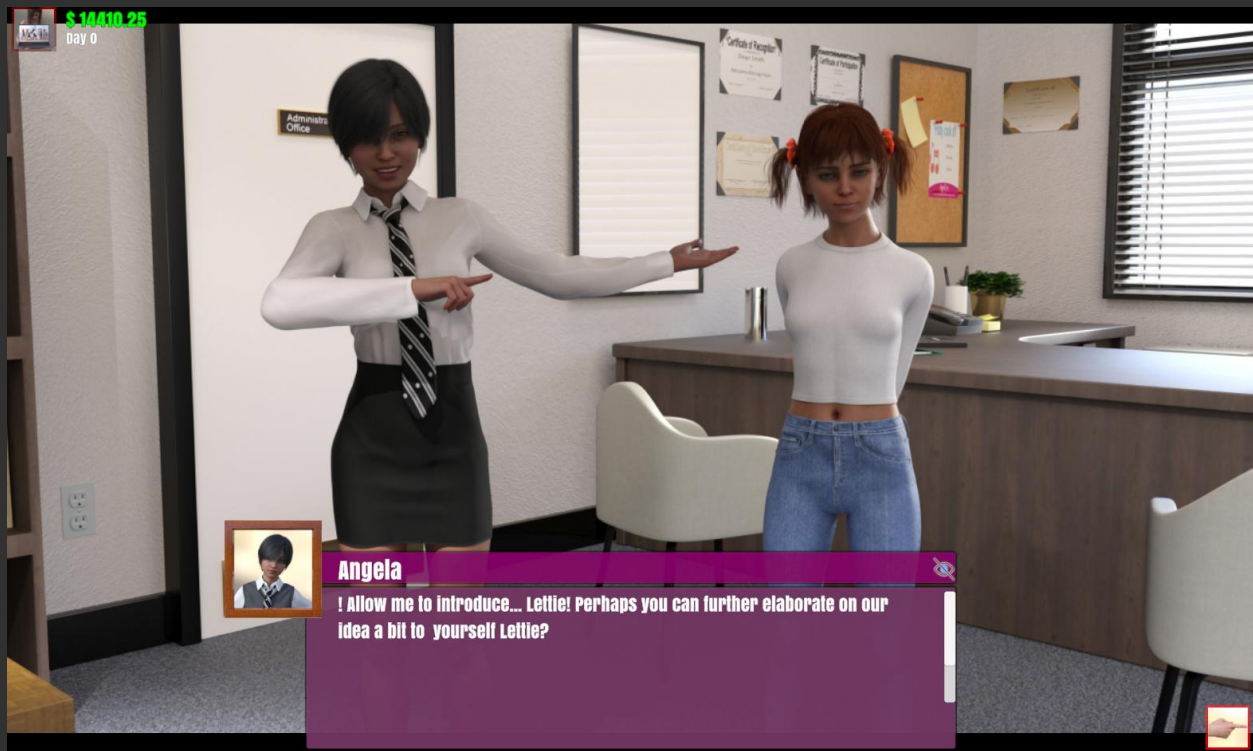

👉 Try the new "Sex torture 2" and "Electro punishment" options. Not that with "Electro punishment" you can click both her cunt and ass.

👉 Take a ride to the harbor and meet Scarlett there. Either lie or tell her the truth. Both enter a bit different path. After making any of the decisions, visit her at the harbor again after three days.

👉 Visit school and enter the principal's office where Angela will introduce you to new girl Lettie.

👉 Visit the reception and ask Emily if she knows what happened with Stephanie at the club.

👉 Visit the nightclub and then the club bar. Ask Naomi about Stephanie.

👉 After Naomi's shift you follow her. She is taking the subway home. It's late and deserted, if only you had a mask, you could "interrogate" Naomi here.

👉 Visit the department store and ask Martin about such a mask. Marvin is there as well; he wants another sex adventure. Either refer him to the nightclub or tell him that you could set him up with a new girl in the dungeon. If you confront Justin first, you will also have the option to ask him and Martin to help deal with Justin. For this walkthrough, refer him to the nightclub.

👉 Go home and sleep until you can confront Justin by driving to the suburbs.

👉 Justin knocks you out and wants you to pay him a fortune for Sophia, but he will give you some time to come up with the money.

👉 Go home, visit Sophia's room and tell her she's safe now (lie or tell her the semi-truth).

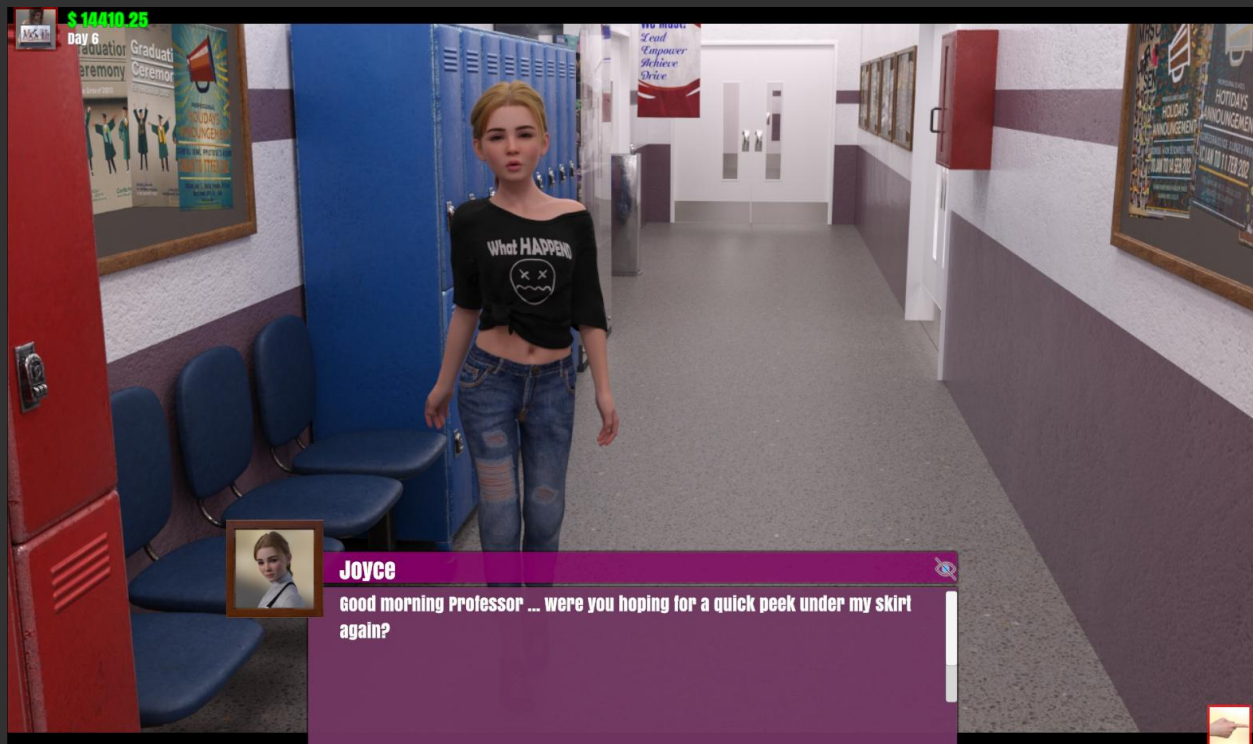

👉 You can now **peek at Sophia again**.

👉 Sleep for a day and visit Jenny's room. She will now invite you to fuck her.

👉 **Visit your bedroom and fuck Jenny**. You can now visit Jenny's room daily and ask her to fuck you.

👉 Sleep for three days. Lettie should now be at your classroom presenting her plan for the school trip. Respond either optimistic or pessimistic about it.

👉 Sleep for two days, find Joyce in the hallway. The bitch is not wearing a skirt anymore...

👉 Sleep for two days and find Joyce in the pool. Help her out so she will be in your debt.

🔗 Technical update: You can now change the main dialogs transparency within the settings menu. Not that you could already always hide the dialog by pressing the eye icon.
