Tips & Tricks

- Master keyboard shortcuts (combos) - it's a long ride and it isn't task oriented (a bit grindy) :|
 - Hasten gameplay and make it more bearable.
The most striking examples:
 - repeat [Esc] until map view...
 - [5, 1, 5, 1] strip a girl in an instant ;)
 - [1,1,1,1,1,1,Esc] initial after-hunt contact with a girl.
- Abuse save/load to alter randomness (girls' consents/requests, scam amounts, geTS...). Not necessary, but speeds up progress or makes it easier to achieve your goals (MC alignment).
- Drink coffee (3x 30 cash) up to 3 times per day per 1 AP (kitchen) :)
- Scam tourists (see geTS).
- Girls stats quality / better weed prices:
City Center / Park / Old Town / Old Canal / Alleyway?
- At the beginning, high girl stamina (50+) and low beauty (higher agreeableness) are probably the most useful.
Use scammed jewelry as presents ASAP - nice girls relationship boost.
- Invest cash in varicocelelectomy (Hospital) ASAP, then in charisma (Club) and clothing (watch and suit)
- Increasing charisma cost per unit:
 - Club: 1 AP 50/n cash :) n: amount of minglings on single pass fee
 - Theater: 1 AP 100 cash :|
- [v0.17] It's possible to impregnate sterile (0 fertility) girls.

Speedrunning

Maximizing your first month

- Spiritual startin bonus.
- Meditate until AP-bar filled (10 AP), but no more - surplus is lost!
- Single(?) igeTS* up to 200+ cash -1 AP per scam
 - The more jewelry you get in this and following scams, the better.
Get at least single one!
- Buy watch -200 cash +5 bonus charisma
- 4-5(?) igeTS* up to 500+ cash -1 AP per scam 1+ jewelry (total)
- Buy suit -500 cash +10 bonus charisma
- *Now, with a little charisma, you can start...*

Girl hunt loop:

- If you don't have any jewelry - jTS!
- Girl hunt (alleyway – easiest).
It's best to aim for girls who are:
 - low [beauty] - less demanding,
 - high [stamina],
 - not-lowest [affinity] - don't despise MC,
 - virgins [vXP] - +10 spirit for defloration,
 - not on [birth control] - +20 spirit for impregnation,
 - without, or with favorable(?todo) [traits].
- Ask gir for a date:
 - ice cream,
 - gift > jewelry,
 - flirt,
 - kiss...
 - Optionally select spell-casting and cancel, to display proper [affinity] value...
 - Offer sex
This is where MC [sex XP] and [total impregnations] increases...
 - Gain as much [spirit] as possible:
 - defloweration/impregnation,
 - cumshots targeting unique bodyparts.
 - Girl's orgasms changes [affinity]:
This matters if a girl is not removed from your contact list later...
 - none - decreade ();
 - one and more - increase, with multiplicity bonus.
 - Negative selection of unwanted girls 𐄂(ꣳꣳꣳ) 𐄂
- Rising MC stats:
 - Maximize Charisma - go to club with full AP bar, then mingle with girls until AP depleted.
This alone is almost good enough...
 - If you like, and if there is enough [spirit]: [demonic favor].

- Raising MC [virility] is basically only needed to unlock achievements...
With some save/load abuse of course...
- - Gather some cash - with with full AP bar, it's quite convinient.
 - Do whatever else you want.
 - *If you are satisfied/tired...*
- **Break the loop!**
- *Take a well-deserved break...*
Spend excess AP and hibernate.

Cash flow

To enjoy the game the most without excessive grind(?):

- Scam tourists at the beginning until you earn some jewelry and gain enough charisma to teach an acting class.
- Effortlessly teach an acting class to use up excess AP.
- Scam tourists, to keep you jewelry stash.
- Sell your infants if you feel like to.
- Invest excess cash in your properties.
