How to get the Different Endings

Preparations - Save file 1

1. Sure. It's too soon to confide in me, but...
2. Sucks to think that might be my only option.
3. You've got to accept reality and try to find an okay guy who won't torture you.
4. So, if I'm Viz-Goth's bitch the rest of the prison will leave me alone? I guess he's not that bad looking.
5. Well damn, sign me up. Of course I'd want another humanish man to be my protector with benefits. He's not bad looking either.
6. So, he's going to escape and he's actually nice? Sounds great! I could get used to looking at a guy as sexy as him, too.
7. Screw the mystery. He sounds like a good option. It doesn't hurt that he's adorable, too.
8. Maybe hooking up with this guard is my best bet in this place—especially one as easy on the eyes as Verataz.
9. Just a massage?
10. *(Make a save here for convenience! You'll be using it a lot.)*

You'll be using the above save in the majority of endings. If a guide starts with “*(Load save file 1)*”, that means to load this save!

You may also wish to make additional save files that carry over your stats from each of the “good endings” you obtain. Those can usually serve save file 1’s purpose once you have them unlocked.

Maximus

“Vent Rat”

1. Understood it's hard to even think about it, much less talk.
2. Not that I'd ever do that. Ain't no one getting my ass.
3. We've got to fight as hard as we can to keep any guy from forcing himself on us.
4. How do I avoid ending up becoming this blue-haired nightmare's bitch?
5. Can I be friends with him without giving benefits?
6. Sounds more like it was some kind of trick or a con. Or maybe the guard had just come back?
7. There must be a reason no one's with him already. What's the cost for his protection?
8. The more he stares at me the sicker I feel. The last thing I want is to get with a corrupt guard.
9. I'm not interested in getting cozy with corrupt guards.
10. I need to do everything I can to make sure I'm not butt-fucked.
11. I'll steal all of it.

7. **Actually—could you fuck me this time? I need to get my body used to it too. OR If this is what you really want, let's do it. (Unlocks Rin-Timber CGs)**
8. **Not all night, but one more time is fine. (Unlocks Rin-Timber CGs)**

Rin-Timber

Other Achievements and Gallery Images

- As Rin-Timber doesn't have his own route, many of his CGs are unlocked through the other characters' routes. Any CGs unlocked via choices are marked in their respective character route.
- When Rin-Timber says, "I...I have lubricant. And our different species means we cannot pass diseases to each other...", both of the following choices unlock different CGs.
 - "If this is what you really want, let's do it."
 - "Actually—could you fuck me this time? I need to get my body used to it, too."
- When Rin-Timber says, "I do not want to talk about what I am in here for," choose either of the options to get the Hard Time achievement.
- To unlock a special CG for Rin-Timber, you must create a save file which has completed at least one good ending for each character. Then, you need to start a playthrough on Maximus' route with that same save file, and the scene will unlock near the end of the route.
 - *Good endings are counted as endings in which Miguel doesn't die early.*
 - *You know the scene is unlocked when the end-game screen no longer displays the message about the story having loose strings.*
