

Our Only Man – Walkthrough by WFNPaO

(For any recommendations for this walkthrough, what to change or add, head to my discord server.)

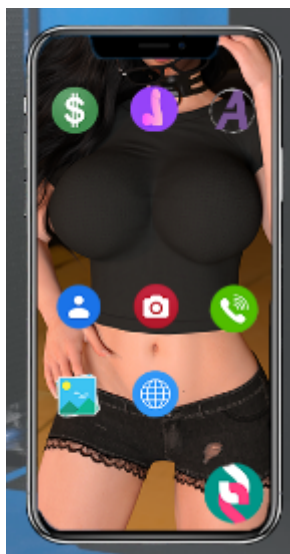

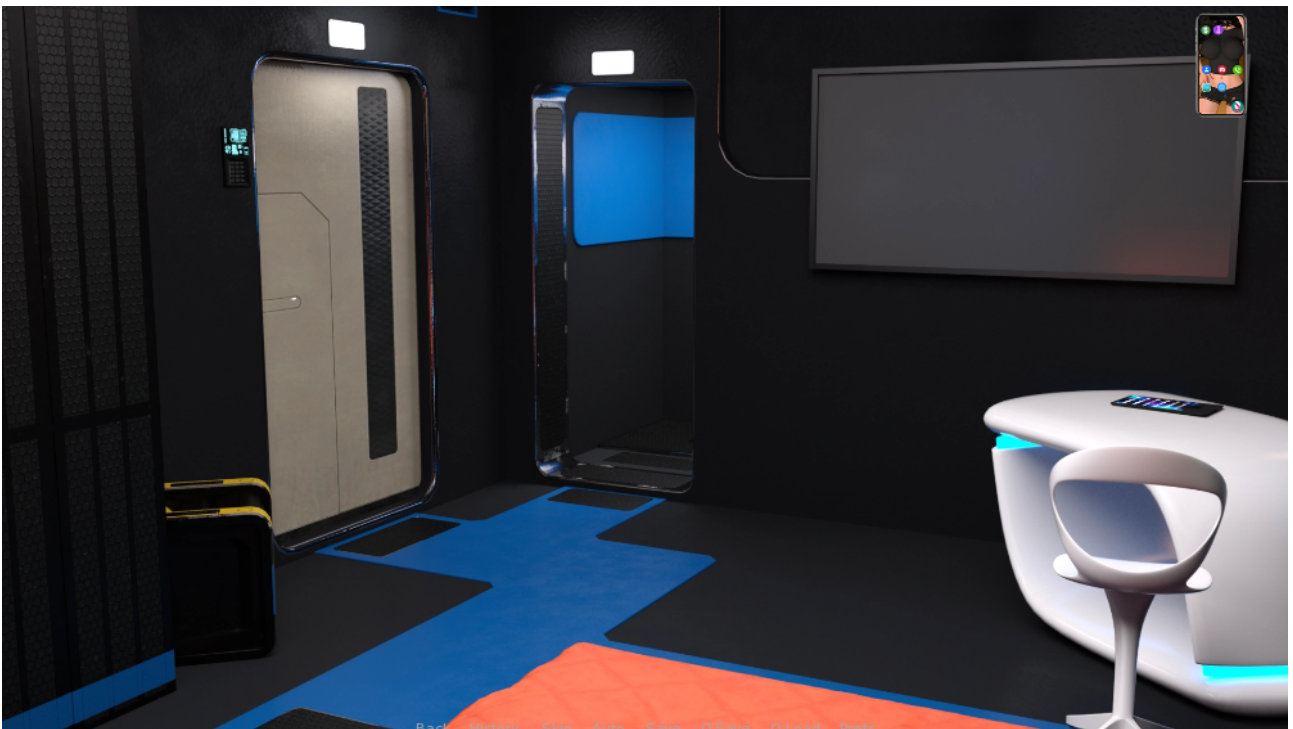

Welcome to the walkthrough for Our Only Man.

Early on, the game is mostly linear, but later you will have opportunities to pursue different characters romantically.

Let's get started.

1.

Your room and starting location.
You can click on your phone.

Click on the A icon to see where you can go.
(Navigation app should be finished with the 039 Update.)

2.

Now, click on the doors.

Interact with everything and everyone. (All female characters, the book under the three pictures on the wall and the pictures on the wall.)

Goodbye couch kiss.

Leave.

3.

Ask the woman in white where the gym is.

4.

Move to the clothes shop.

5.

Now to the gym.

6.

Now we can go back home to tell the news about the gym and where it is.

7.

Now back to a woman in white and we can order some food.

8.

Now we can go and see the club.

The bouncer is our entry point.

10.

Inside the bar, you can progress by going left after entering.

After the scene, click on the bartender.

11.

If you can't leave, from that point from where you enter the bar, turn right.

12.

We can now go back to our home and sleep.

13.

Leave your room.

Then leave again.

And to the gym

14.

Back to the bar.

15.

After the drinks with James, gym awaits.

16.

Now go home relax.

17.

We go now back to our room and to our bed.

18.

Night shift at bar.
Then back to our cozy bed.

19.

Say good morning to Alexis.
And shower in your shower.

20.

Leave your home.

And at the back of the street (left side), you will find a new way to travel.
And with that, we will arrive at the business center.

21.

Introduce yourself to the charming receptionist.

22.

Go to an elevator on the right side.
After the scene, leave.

23. !!!

Invite or Do not Invite.
You will not get this option with her again.

24.

Leave the business center and go back home.

25.

After a visit from Rachel, go back to the business center and talk to Laura and use the elevator.

26.

We are at the office now, move your mouse to the bottom right side and click.

27.

Go back and go to the clothes shop.
Click on the girl in red near the changing rooms.
Leave.

28.

Order some food at the food place.
Then back to sleeping at our place.

29.

Leave your home and head towards the business center and again, ask the receptionist and then the elevator.

!!! If you are on a Laura route, you will see her first then again (click on receptionist and elevator), for the continuation of the main story. !!!

30.

Aaand... we have a photoshoot.

31.

After the photoshoot, leave.
And go to the gym (or you can go home first and then to the gym).

32.

After a gym scene, go home.

33.

Leave your home and order some food.
Eat it in your room on your bed.

34.

Leave for a work in the bar.
After the shift, back to our home and sleep.

35.

Leave house, go to gym, then to metro (top left side in the streets) to school building.

36.

In the hallway at the school after the first introduction, elevator on the right side.

37.

Now we know we share our dorm room with someone and that our dorm room is in the second floor.

38.

Let's leave the dorms now.
We will get a message.

39.

After that, we go back home.
After giving Alexis the towels, go back to bed.

40.

We will also get now a scene from a camgirl.
Then after, we go back to business center to receptionist and to elevator.

41.

We can go to school/dorms now.

42.

To our second floor, we click on the leave thing in the middle down, and we will see and click onto the doors on the left. These are the toilets.

43.

After the stream, we go to our dorm room on the same second floor.

45.

We now need to find someone who can give us a number for pizza delivery.
We will head down to first floor.
First doors on the left side.

46.

Explore until the food arrives.
After the delivery, head back to our dorm room.

47.

(It's getting close to night. I'd better hurry back to the noodle shop if I want to eat. I could see if Jenny and Julie need anything.)

Noodle/Food

48.

(That hit the spot. I could go do some bar work. Or since I'm here I could go rest at home. Or I could travel back to school before it gets really late.)

So either work and home or work and dorms sleep or no work.

49.

(The good thing about staying at the dorms is that it's only a short walk over to the office building. Let's go meet Laura at the cafe first.)

(I promised the three sisters I would bring them some sweets.)

(I also got invited back to the cafe.)

So, back to business center first.
After the cafe.

50.

(Time to see Sapphire about that date now. And get those sweets for the girls after. Let's get the train back home.)

We go to gym first and see the scene.

51.

After that, we go back to our food lady outside our apartment for some sweets.
We now have the sweets, so we will go back to the dorms to our second floor, top right doors.

52.

After the scene.

It's me, Jenny. Can you come to my room please ?)

53.

After Jenny, we go back to the food lady.

54.

And after we eat, we go to the bar with Bella.

55.

After Bella, we go to the gym to **Sapphire**.

56.

After sleeping at Sapphire's place, we go and shower at home and then we can watch the TV.

57.

After we are done with the TV, we go to our dorm room but something will stop us.
Short visit to a clothes shop.

58.

Back to our dorm room on the third floor across the stairs.

59.

Now we are going to the VR room.

60.

After the VR room we are staying at our dorms so we go to our dorm room.
Back to the dorm room on the third floor across the stairs.

61.

Back to our dorm room.

62.

Now go home to eat something.

63.

Now we go to a bar and work a little and after our work is done, we can go to our dorm room.

64.

After the class, we go and pick up our food and we will eat it at our dorm room.
And we go hang out to our home.
Then we move to the gym.

65.

No we go home to check on Alexis.

66.

Work time.

67.

(I don't want to accidentally fall asleep here. I need to get up early for class. Better get back to the dorms.)

68.

(Hey honey, I got you a pass to the elevator at my office. Now you can come see me whenever you want since you are so close now.)

(I should have time to head over to her office before class. I should also search other places for these optional classes.)

So we will do that now and visit her office.

69.

Then we go to a swimming pool.
We can do that by clicking onto a main character bag at our dorm room.
Swim/Sauna

70.

Before the class we go and we will visit Julie on a first floor, brown doors top left and the we will go the the classroom floor 2 and attend a class.

80.

(Time to go get Catherine and Caroline.)

3rd. Floor, and with them to the VR place.

81.

You can go to gym now.

Or before you go to gym.
You can visit kitchen or the three sisters. (Flavor/short things.)

82.

Now, after gym, you have a hard on, so try to find a quiet place but the message will interrupt.

83.

Food Lady.
Then back home.
Bath.
Listen the good news.

84.

Tell James you're skipping today's work.
Then go back home.
Sneak out of your room.

85.

Laura needs some help.

86.

School.

87.

After the guy...

(Actually I probably only have time for one thing since I helped out Laura.)

Explore and do a/some thing/s or go right away to a class on floor 01

88.

Attend an optional class.

89.

Do some stuff until you get the message then go back home.

90.

Leave your room and see Ruby.

Laura ...?

And we can pick up Anna ?

Office from elevator.

91.

After a talk with the headmistress.

(I remember I planned to hang out with the three sisters in their room.)

92.

(It's about time to pick Anna up and head over to the vr room...)

And head towards the VR room.

The photoshoot is a good place to save a game.

This is also a place, where I provide a stable save to come back to and load your save if needed.

From this point of the game, the game is being updated and THERE IS A LOT TO DO FROM THIS POINT ONWARDS and it is ALSO A MORE OPEN GAME and you can follow who you can romantically pursue.
