General Gameplay

- *Total Degeneracy Island* is first and foremost a relationship simulator. You play as an OC contestant on the island and show, interacting with the characters you already know and love, becoming their friends or enemies as you compete to not get eliminated! Your choices in the game and especially during Challenges will influence how the other campers will treat you, and determine which quests and eventually h-scenes will be available to you.
- Player relationships are tracked on a scale that starts from 0-100, with the upper bound increasing by 50 after each in-game week. Player choices during Challenges and FREEROAM sections will increase or decrease this value. You can also win up to **+25 REL** in each week's Challenge minigame. In this guide, all choices that affect relationships are labeled **+X REL** or **-X REL**. Often, pivotal choices will increase REL with one or more characters while decreasing it with others, so choose carefully and determine which characters you want to prioritize!
- The first and biggest choice you must make is which of the two competing teams to join: the **Screaming Gophers** or the **Killer Bass**. Because challenges and eliminations are scripted (for the most part), neither team has a tactical advantage over the other, but this choice will set the tone for the whole rest of your playthrough: many dialog options and quests even outside of h-scenes will change based on which team you choose. For this reason, we recommend at least two playthroughs to make sure you see all content. You can use the *Team Breakdown* section to determine which team will reward the scenes you want most.
- During FREEROAM, you can move freely around the island to any location you've previously unlocked. The other campers will be scattered about, also changing locations based on the day and time. A day is split into four time periods: Morning, Noon, Evening, and Night. Outside of the very first FREEROAM, time will advance automatically after 5 camper interactions or a single h-scene. FREEROAM sections will generally fall into one of two categories, weekday sections and weekend sections. Weekday sections take place between a Challenge and that week's elimination ceremony, and will provide campers with the opportunity to try and influence each other's elimination votes. This is why it's important to maintain your REL with as many characters as possible, because if you ever find yourself in the hot seat, getting eliminated will mean a game over. Weekend sections take place between an elimination ceremony and the next Challenge, and are shorter and generally lower-pressure.
- When you choose to talk to a character in FREEROAM, several dialog options will appear. For now, there are few-if-any choices in these dialogs, and anything other than the "Vote" options will reward you with a flat **+3 REL** with that character. If a character has an active event (denoted by a ! next to their portrait in the UI), it will bypass this choice and play the event automatically. The exception to this is characters with minigames, who will show the ! if a new round is playable, but will not automatically trigger it.
- The voting mechanic is just for show, and campers will be eliminated in the same order they were on the show. The exception to this is if your actions result in you being up for elimination, in which case accumulating too many votes *will* result in a game over.

General Gameplay (Cont.)

- The game now includes an “Easy Mode” where the REL cap only goes up by 30 each week, and the elimination threshold only goes up 21 points. Scene thresholds remain at the same percentages, but therefore require less points total. *All opportunities for gaining points remain at the same values*, so the game becomes much easier. Only the “Normal Mode” value thresholds are listed in this guide.

Walkthrough – Week 1

- Dock intro – Enter your name whenever Chris asks.
- Campfire intro – Choose between the **Screaming Gophers** and **Killer Bass** for your team. This choice will determine which scenes are available to you during your playthrough, and will immediately provide **+20 REL** to each member of the team you choose and **-10 REL** to the opposite team. See the *Team Breakdown* section to help make your choice.
- **FREEROAM #1** – You are confined to the Cabins Ext. and Cabin Ints. for this FREEROAM. Meet the other campers and get a feeling for who you want to make friends or alliances with!
 - Find your bunk - **Killer Bass**, enter the farthest-left cabin door. **Screaming Gophers**, enter the farthest-right door.
 - Meet the other campers – The other 22 campers are all either in the Cabins Ext. or one of the four Cabin Ints. Find and talk to them all in the Evening, because at Night you will only have access to your team's Cabin Int. See the *FREEROAM Camper Locations* section at the end of this guide for exact camper locations.
 - When talking with Bridgette and Geoff, choose “Agree with Geoff” for **+5 REL** with him but **-5 REL** with Bridgette. Choose “Agree with Bridgette” for **-5 REL** with Geoff and **+5 REL** with Bridgette instead.
 - When talking with Noah and Cody, choose “Play along” for **+5 REL** with Cody, or “Burst his bubble” for **-5 REL** instead.
 - When talking with Heather and Lindsay, choose “Antagonize her” for **-5 REL** with Heather (but much better dialog!).
 - When talking with Katie and Sadie, choose “Offer a solution” for **+5 REL** with both girls.
 - When talking with Owen, choose “Praise him” for **+5 REL** with him.
- **Challenge #1** Cliff Jump – **Killer Bass** will have to choose between “Jump naked” and “Make Eva do it”.
 - “Jump naked” will award **+20 REL** with Eva, **+10 REL** with each of the other **Killer Bass**, and **+5 REL** with each **Screaming Gopher** girl. This choice also results in some funnier confessional dialog.
 - “Make Eva do it” will result in setting your REL with her to 0 and locking it there, but you get her scene. NOTE: this means you will miss out on her future scenes.
- **Challenge #1** Hot Tub Minigame – You will have to construct a hot tub out of the provided pieces. **Screaming Gophers** will have access to the blueprints, **Killer Bass** will not. See the *Minigame Guide* section for the finished image. You will gain **+25 REL** with everyone on your team if you complete the minigame within 75 sec, **+20 REL** within 105 sec, **+15 REL** within 135 sec, and **+10 REL** within 165 sec.
- **FREEROAM #2** – You can now freely visit any location on the island you've been to previously. You have four days to explore and talk to the other campers. Your first priority should be talking to Courtney in the Evening or Night to get her scene. Then you should visit Lindsay in the **Screaming Gopher** girls' cabin (in the Evening) to play the first round of her minigame, talk to Izzy to start her quest (and steal Eva's panties because her time on the island is limited!), and concentrate on maxxing out your relationship with Eva so you can invite her to the hot tub (only available if you did the naked jump in **Challenge #1**!). You can also talk to Harold to play his minigame.
- Vote – You must vote who to eliminate between Courtney and Ezekiel. If you viewed Courtney's scene, Ezekiel will be the only available option. Ezekiel will be eliminated either way.
- **FREEROAM #3** – Speak to Izzy and complete the next part of her quest, then focus on building up your REL with all other campers to get their votes and hot tub scenes.

Walkthrough – Week 2

- **Challenge #2** Running – You can choose where you want to run.
 - “Run at the front!” will award an animated jogging scene with Lindsay and +5 REL with her.
 - “Run in the middle!” will award an animated jogging scene with Bridgette and +5 REL with her.
 - “Run at the back!” will not award any scene.
- **Challenge #2** Awake-A-Thon – There will be extra dialog between Lindsay and Heather if your REL with Lindsay is 80 or higher. Next, you must choose which girl to spend time with during the challenge – Bridgette or Courtney for the Killer Bass, Gwen or Izzy for the Screaming Gophers. Each choice will award you +5 REL with that girl. Gwen is the only one who awards a scene here.
- **Challenge #2** Sheep Minigame – If you are on the Screaming Gophers team and picked Gwen to spend time with, you need to reach a score of 32 or higher to get her scene at the end of the challenge. If you are on the Killer Bass, you will actually want to score more than 20 but *less than* 32, otherwise you will be up for elimination. You can still avoid being eliminated here if your RELs are high enough, but it’s easier to not have to worry about it. Otherwise, you’ll get more REL with your team and more interactions with your chosen girl the higher your score is. You will gain +25 REL with everyone on your team if your score is ≥ 32 , +20 REL for ≥ 26 , and +15 REL for ≥ 20 .
- **FREEROAM #4** – Because of how long the last challenge took, this is a shortened FREEROAM section! You’ll want to prioritize talking to Heather and then Eva to complete the MP3 player quests. You’ll get +10 REL with Eva for doing so successfully, as well as an animated scene if you are on the Screaming Gophers or did the **Challenge #1** naked jump. You’ll also want to invite Eva to the hot tub with you. Otherwise, you can play the next round of Lindsay, Harold, and Izzy’s minigames, and try to raise your REL and get more hot tub scenes.
 - Choosing “Suggest an alliance” with Heather will give +10 REL with her and set the tone for future Heather interactions and scenes.
 - Choosing “Blackmail her” instead will set your REL with her to 0 and lock it there, however unlike Eva this will not prohibit future scenes! Instead, it will change the tone for those future Heather interactions and scenes.
- **Vote** – If you are on the Killer Bass and scored less than 20 or more than 32 during the **Challenge #2** minigame, you will be in danger of elimination! Make sure your REL is 105 or higher with at least half of the remaining campers to avoid being voted off! Otherwise, the choice will be between Harold and Eva, and Eva will be eliminated. If you get eliminated, there’s a fun bonus ending that plays, but it does ultimately result in a **GAME OVER**.
- **FREEROAM #5** – Play the next round of Lindsay, Harold, and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.

Walkthrough – Week 3

- **Challenge #3** Dodgeball Minigame – The first few times you play this minigame are just for fun; your score will not affect anything story-wise.
- **Challenge #3** Second Match – After Lindsay gets hit, if you are on the **Screaming Gophers** you will get a choice between “Go to her!” and “Let someone else do it.”
 - “Go to her!” will unlock her animated scene, but put you up for elimination this week and cost **-10 REL** with Heather. You will also get the choice to “Add insult to injury” to Tyler, which will set your REL with him to 0 and lock it there.
 - “Let someone else do it.” will unlock a pinup of Katie instead.
- **Challenge #3** Fifth (Final) Match – This minigame is the one that counts for REL points. You will gain **+25 REL** with everyone on your team if your score is ≥ 95 sec, **+20 REL** for ≥ 80 sec, **+15 REL** for ≥ 65 sec, and **+10 REL** for ≥ 50 sec.
- **FREEROAM #6** – Play the next round of Lindsay, Harold, and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes. Remember, you need to have 140 REL or more with each other camper to secure their vote if you are up for elimination!
- **Vote** – If you are on the **Screaming Gophers** and left the dodgeball game with Lindsay during **Challenge #2**, you will be in danger of elimination! Make sure your REL is 140 or higher with at least half of the remaining campers to avoid being voted off! Otherwise, the choice will be between Lindsay and Noah, and Noah will be eliminated. If you get eliminated, there’s a fun bonus ending that plays, but it does ultimately result in a **GAME OVER**.
- **FREEROAM #7** – Play the next round of Lindsay, Harold, and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.

Walkthrough – Week 4

- **Challenge #4** Intro – This plays slightly differently depending on past choices with Gwen and Lindsay.
- **Challenge #4** **Screaming Gophers** Branch – Unlocks Heather and Izzy scenes.
 - Choosing “Congratulate him” will award **+5 REL** with Owen.
 - If you are in an alliance with Heather, you must choose between scenes with her and Gwen. Both choices award **+5 REL** with Heather.
 - “Distract Gwen” will unlock an animated scene with her and award **+10 REL**.
 - “Stay and help Heather” will have you play another minigame and get a kiss from Heather and **+10 REL** instead.
 - If you are NOT in an alliance with Heather, you can choose to “Hang out with Gwen” for the same scene with her, or, if you got the Lindsay Handjob scene previously, choose “Hang out with Lindsay” instead for an animated scene with her.
- **Challenge #4** **Killer Bass** Branch – Unlocks a Katie and Sadie scene. If you are in an alliance with Heather, you also get the same choice between Gwen and her as the **Screaming Gophers** branch.
- **Challenge #4** Talent Show – Unlocks scenes with Katie and Sadie, Bridgette, and some hot erotica reading by Heather. Choosing “Applaud politely” during Courtney’s act will award **+5 REL** with her. If you are on the **Screaming Gophers** team, you will automatically get your REL with Cody set to 0 and locked there, making a permanent enemy out of him.
- **FREEROAM #8** – Prioritize talking to Heather in the **Gopher** girls’ cabin if you are either in an alliance or blackmailing her for a scene. If you are on the **Killer Bass**, you can also talk to Courtney. Play the next round of Lindsay, Harold, and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.
- Vote – If you are either in an alliance with Heather or blackmailing her, you will be forced to vote for Justin.
- **FREEROAM #9** – Play the next round of Lindsay, Harold, and Izzy’s minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.
- Right before starting Week 5, you will be dropped into the Zombie Hunt minigame. Just click the zombies whenever they appear to score points! You will gain **+25 REL** with everyone on your team if your score is ≥ 80 , **+20 REL** for ≥ 70 , **+15 REL** for ≥ 60 , **+10 REL** for ≥ 50 , and **+5 REL** otherwise.

Walkthrough – Week 5

- **Challenge #5 Screaming Gophers** Branch – This branch unlocks a voyeur bathing scene with all the girls on the team. You can also earn +5 REL with Leshawna by choosing "Jump down!". During the fishing minigame, you'll be awarded +25 REL with everyone on your team if your score is ≥ 17 , +20 REL for ≥ 14 , +15 REL for ≥ 11 , and +10 REL otherwise. When Owen asks which girl you like best, you will gain +5 REL with whoever you choose.
- **Challenge #5 Killer Bass** Branch – The scores for the fishing minigame are the same as above. Right afterwards, choose "Search for Katie and Sadie" to unlock a threesome scene with them; otherwise choose "Refuse to be bear chow yourself" to unlock the Bridgette and Courtney scenes instead! You will need 240 REL with both to get the full versions of their scenes.
- **FREEROAM #10** – Prioritize talking to Katie or Sadie, as both will offer you a blowjob in exchange for your vote...but you can only choose one, so prioritize whichever girl you want! You will also lose -10 REL with that girl if you talk to them but then choose "I'm not interested.", and you will lose -10 REL with the *other* girl if you choose "Finish outside" during the scene (but get funnier dialog!). After that, play the next round of Lindsay, Harold, and Izzy's minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.
- **Vote** – If you got either Katie or Sadie's blowjob scenes, you will be forced to vote for the other girl.
- **FREEROAM #11** – Play the next round of Lindsay, Harold, and Izzy's minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.

Walkthrough – Week 6

- **Challenge #6** – Both teams' branches are the same up to and including the minigame. There are no choices to worry about here.
- **Bomb Defusing Minigame** – This is a logic puzzle which requires you to reorder the blueprint instructions, then use the tools on the right side to interact with the bomb and follow them. See the *Minigame Guide* section for the exact list of steps. You will gain **+25 REL** with everyone on your team if you finish within 6 minutes, **+20 REL** for within 7 minutes, **+15 REL** for within 8 minutes, **+10 REL** for within nine minutes, and **+5 REL** otherwise (including if you detonate the bomb). If you skip this minigame or fail it and you are on the **Killer Bass**, you will be up for elimination!
- After the minigame, if you are on the **Killer Bass** team, you will have a choice between a scene with Bridgette and one with Izzy. If you are on the **Screaming Gophers** team and you got the Ocean Grinding scene with Gwen in week 4, you will have a choice between Gwen and Izzy instead. If you are not on the Gwen path, you will get the Izzy scene automatically.
- **FREEROAM #12** – If you are not up for elimination, prioritize talking to Courtney at the Cabins Exterior at Night for another scene. Then talk to Duncan at any time to unlock a new minigame. Like the others, it will award you **+10 REL** with him each time you play (once per FREEROAM). After that, play the next round of Lindsay, Harold, and Izzy's minigames, if applicable. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.
- **Vote** – If you got Courtney's scene, or are up for elimination yourself, you will be forced to vote for Tyler. Remember, if you are up for elimination, you need to have a green REL bar with over half of the remaining campers to not get eliminated!
- **FREEROAM #13** – Play the next rounds of any applicable minigames, and keep raising your REL with the remaining campers.

Walkthrough – Week 7

- **Challenge #7** – If you are on the **Killer Bass**, you will automatically be put in a group with Bridgette and Courtney and get their threesome scene. If you are on the **Screaming Gophers** team, you will get a choice between Gwen, Heather, or Lindsay and Beth:
 - You must have gotten the Glass Coffin Sex scene with Gwen to choose her
 - If you are in an alliance with Heather, you will automatically go with her. If you are blackmailing her AND you have a 75% or higher REL with Owen (and did not choose Gwen), or if you are neither in an alliance nor blackmailing her, you can choose her or not.
 - If no other conditions are fulfilled, you will go with Lindsay and Beth
- **Canoes Minigame** – This is a simple sidescroller where you have to avoid obstacles and survive as long as possible. You will gain **+25 REL** with everyone on your team if you last one minute, **+20 REL** for 50 seconds, **+15 REL** for within 40 seconds, **+10 REL** for 30 seconds, and **+5 REL** otherwise.
- After the minigame, you will get a scene with the girl or girls who are your partner. The rest of the Challenge is scripted, and includes another scene on the **Screaming Gophers** path.
- **FREEROAM #14** – Play the next rounds of any applicable minigames. Remember that Duncan has one now too. This is also your last chance to steal panties for Izzy and get her final reward before she is eliminated! Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.
- **Vote** – Izzy will be eliminated.
- **FREEROAM #15** – Play the next rounds of any applicable minigames, and keep raising your REL with the remaining campers.

Walkthrough – Week 8

- **Challenge #8 Killer Bass** Branch – Follow the story until you play the Lindsay minigame. Try to finish in as few clicks as possible! You will gain **+25 REL** with everyone on your team if you have 45 or less, **+20 REL** for 50 or less, **+15 REL** for within 55 or less, **+10 REL** for 60 or less, and **+5 REL** otherwise. Next you'll have a scene with Courtney, and then get a choice whether to "Shoot Heather" (if you aren't in an alliance with her) or "Make yourself known". The former will let you play her minigame and then Gwen's after, while the latter unlocks a handjob scene.
- **Challenge #8 Screaming Gophers** Branch – This path branches off more than the other.
 - If you choose "Offer to help" Beth, you'll get a scene with her, but miss most of the other content, in addition to being in danger of elimination!
 - If you choose "Keep Hunting" instead, you'll play Sadie's minigame. Try to finish in as few clicks as possible! You will gain **+25 REL** with everyone on your team if you have 50 or less, **+20 REL** for 55 or less, **+15 REL** for within 60 or less, **+10 REL** for 65 or less, and **+5 REL** otherwise. Next you'll get a choice whether to "Shoot Courtney" or "Make yourself known". The former will let you play her minigame and then Bridgette's after, finally being rewarded with a Heather scene, *in addition to making you safe from elimination*. The latter unlocks a buttjob scene, but will cause you to be in danger of elimination!
 - You will get the catfight scene if you are on the **Screaming Gophers** team, no matter what other path you chose.
- **FREEROAM #16** – Play the next rounds of any applicable minigames. Remember that Duncan has one now too, and Lindsay also has a new cockroach reward this update. Otherwise keep raising your REL with everyone to get their future votes and hot tub scenes.
- **Vote** – If you are up for elimination yourself, you will be forced to vote for Cody. Remember, if you are up for elimination, you need to have a green REL bar with over half of the remaining campers to not get eliminated! Cody will be eliminated if you are safe.
- **FREEROAM #17** – Play the next rounds of any applicable minigames, and keep raising your REL with the remaining campers.

Walkthrough – Week 9

- **Challenge #9** Intro – Both teams' Challenges are scripted until the minigame.
- Sandwiches Minigame – In this minigame, you must catch the falling ingredients to build the sandwich shown at the right. Each correct ingredient awards 10 points, while each incorrect one subtracts 5. Each finished sandwich awards an additional 25 points. You will gain **+25 REL** with everyone on your team if you score 350 or more, **+20 REL** for 320, **+15 REL** for 290, **+10 REL** for 260, and **+5 REL** otherwise.
- **Challenge #8 Killer Bass** Branch – Geoff will ask you to sabotage Harold's sandwich. Currently, there is no reason for you to do this, as it will make Harold view you as an enemy for no other gain.
- **Challenge #8 Screaming Gophers** Branch – If you are either in an alliance with or blackmailing Heather, you will get locked in the freezer with her and unlock a scene. Otherwise you finish out the Challenge with the rest of your team.
- **FREEROAM #18** – Play the next rounds of any applicable minigames. Remember that Duncan has one now too. You can also talk to Heather for some bonus dialog. However, your priority should be talking to Beth at the Cabins Ext. on any morning (except Friday) as long as you are not in an alliance with Heather; she will ask you for help returning her cursed idol...and reward you with her virginity! *This will take an entire day of **FREEROAM**.*
- Vote – If you are in an alliance with Heather, you must vote for Beth. Conversely, if you got Beth's **FREEROAM** scene, you must vote for Heather. Beth will be eliminated either way.
- **FREEROAM #19** – Play the next rounds of any applicable minigames, and keep raising your REL with the remaining campers.

Walkthrough – Week 10

- **Challenge #10** – This entire Challenge is scripted except for the minigame.
- **Toboggan Minigame** – In this minigame, you must use the arrow buttons to avoid obstacles. The catch is that since your partner is blindfolded, there's a delay between your inputs and the actual movement. You need to look ahead and plan your actions ahead of time. You will gain **+25 REL** with everyone on your team if you score 40 or more, **+20 REL** for 36, **+15 REL** for 30, **+10 REL** for 20, and **+5 REL** otherwise.
- **Challenge #10 Ending** – If you are on the **Killer Bass** team, you will be automatically up for elimination!
- **FREEROAM #20** – You can talk to Sadie to get a scene in exchange for promising to not vote for her. You should also make sure to catch up on Duncan's minigame, because the reward this week is getting to see footage of the other team's orgy. Play the next rounds of any other applicable minigames as well.
- **Vote** – If you got Sadie's scene, you will not be able to vote for her...even if that means you need to vote for yourself instead!
- **FREEROAM #21** – This is where the game ends for now!

Minigame Guide – Challenge #1

- This is what the completed hot tub should look like.

Minigame Guide – Challenge #5

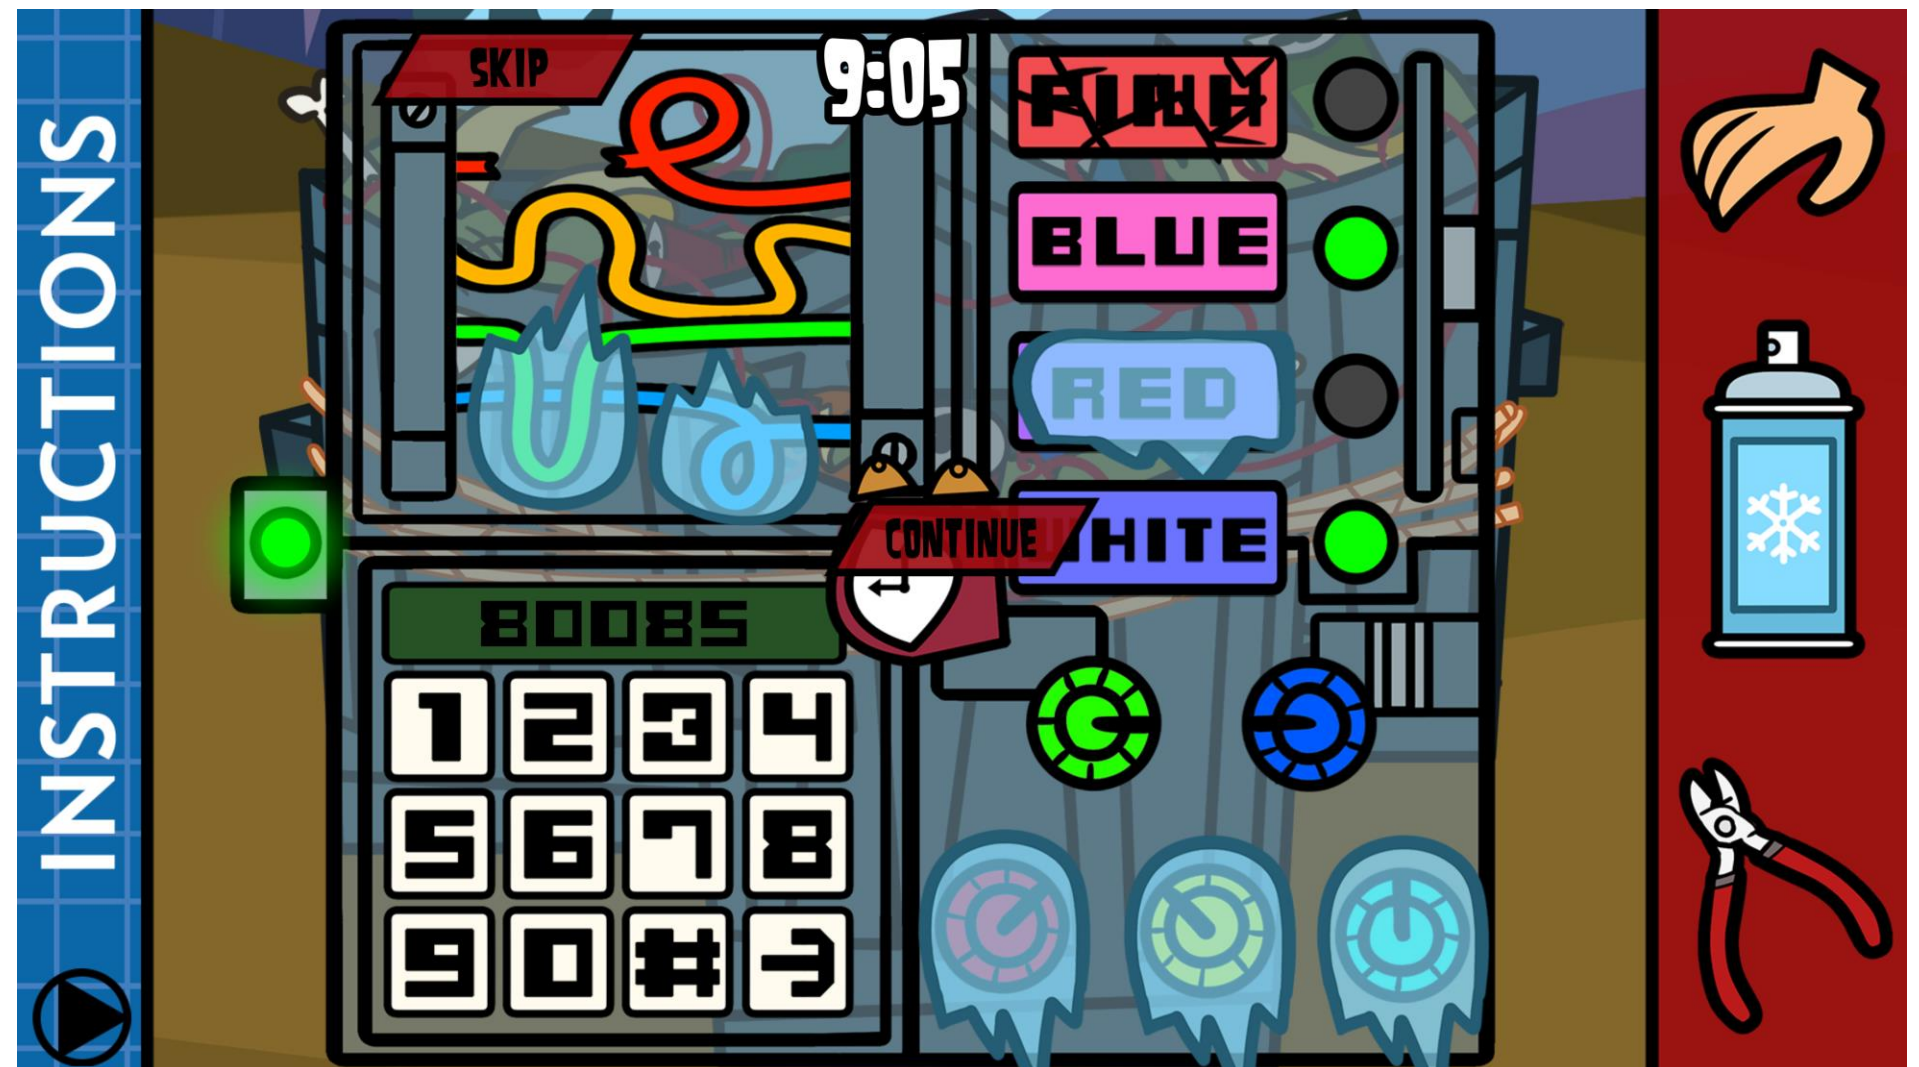

- Click or press and hold the screen to charge your cast. Use the gauge on the right to time your release. You will always cast straight ahead, center-screen, and you will catch any fish in the lane corresponding to the green bar in your meter.

Minigame Guide – Challenge #6

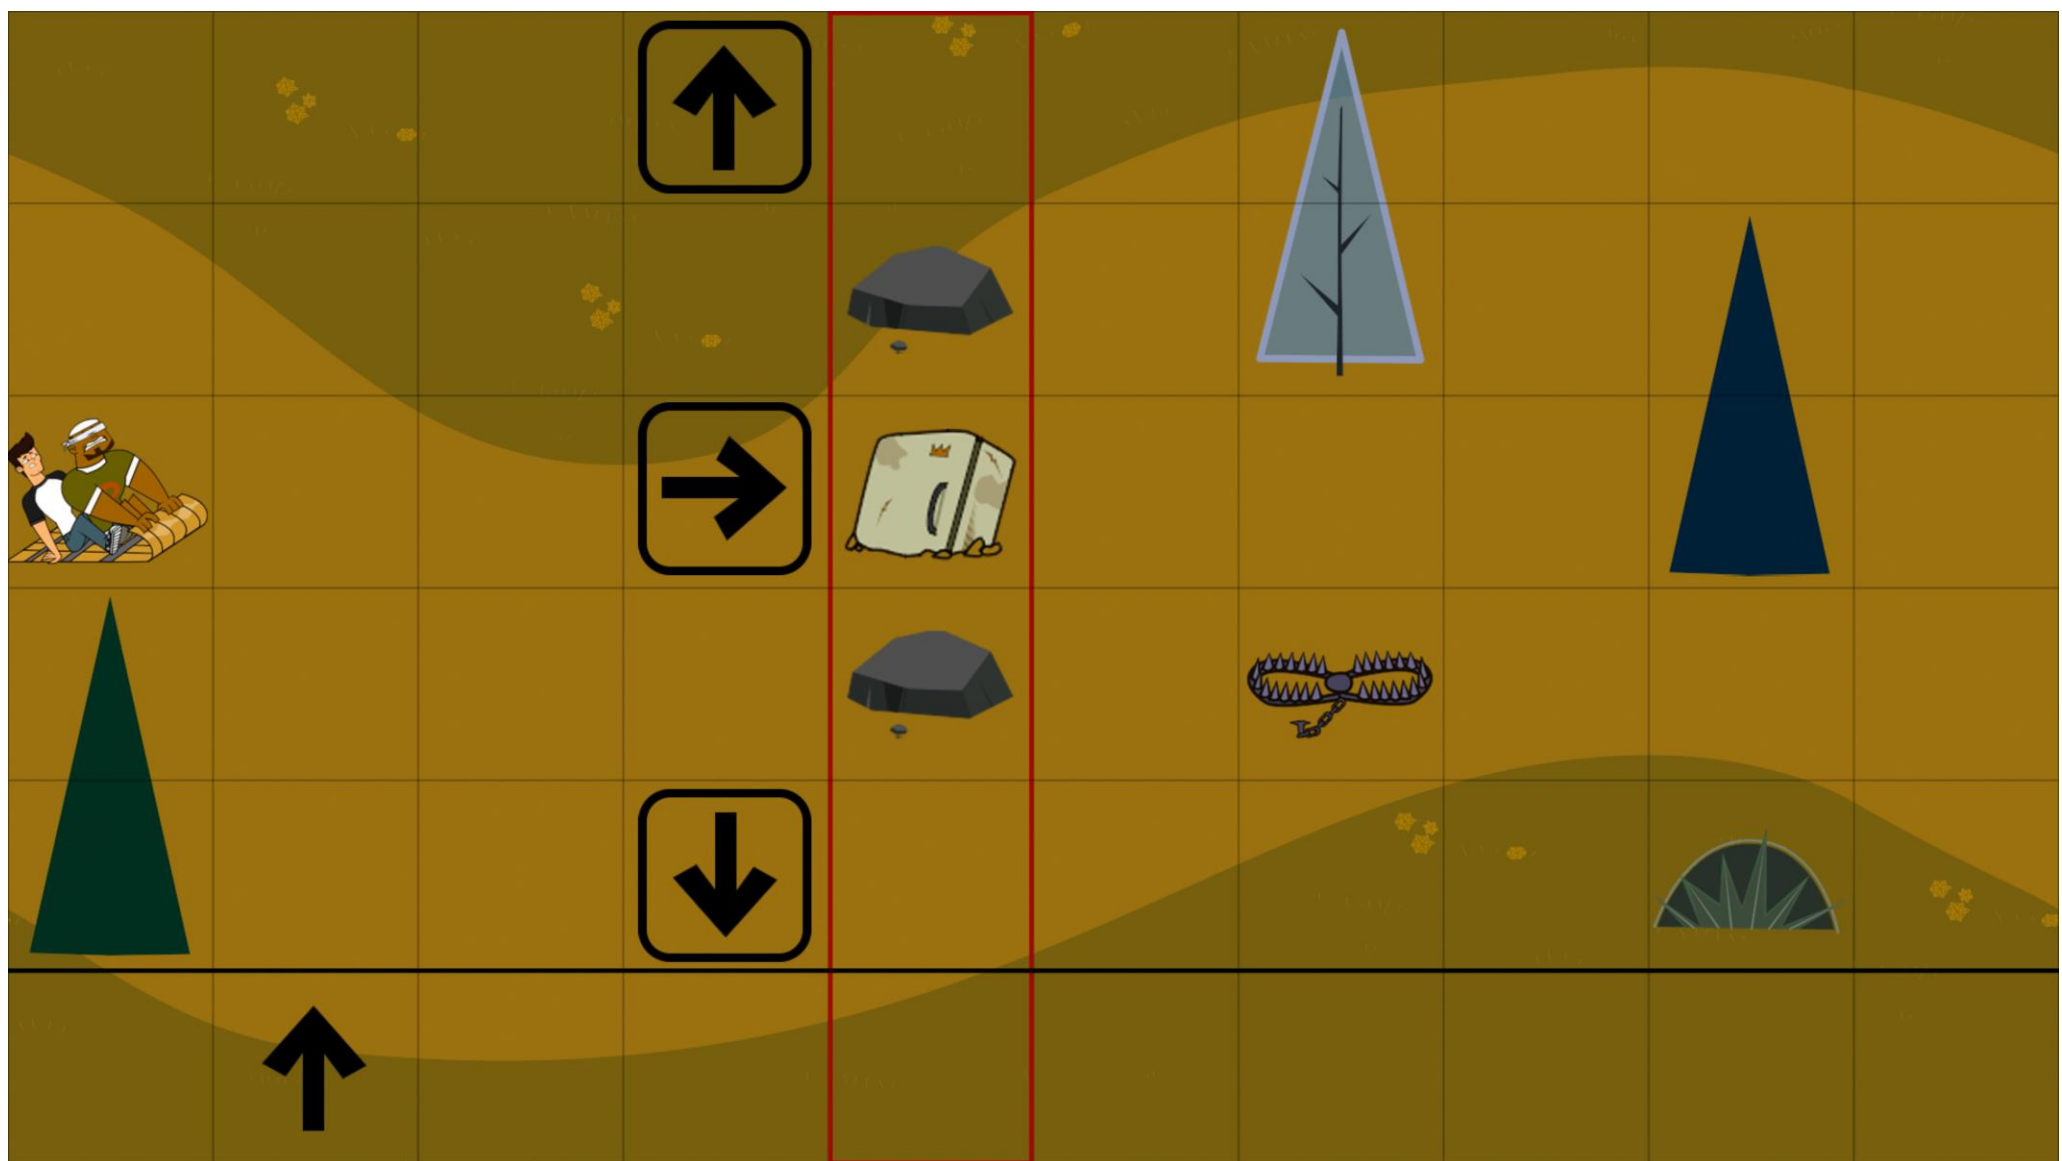

- This minigame is a logic puzzle which requires you to reorder the blueprint instructions, then use the tools on the right side to interact with the bomb and follow them. Below is the exact list of actions to take, and an image of the disarmed bomb:

1. Push the “BLUE” button.
2. Push the “WHITE” button.
3. Enter “800” on the number pad and press ->.
4. Smash the “PINK” button.
5. Freeze the bottom row of dials.
6. Freeze the blue wire.
7. Freeze the green wire.
8. Enter “8” on the number pad and press ->.
9. Enter “5” on the number pad and press ->.
10. Freeze the “RED” button
11. Make the blue and green dials face towards each other.
12. Cut the red wire.

Minigame Guide – Challenge #10

- In this minigame, you must use the arrow buttons to avoid obstacles. The catch is that since your partner is blindfolded, there's a delay between your inputs and the actual movement. You need to look ahead and plan your actions ahead of time.
- In this example screenshot, pressing any of the three movement buttons will advance the screen two blocks to the left. On the first movement, whatever button was clicked will add a movement in that direction to the queue. On the second movement, the previously-entered up arrow in the bottom row will be consumed, making the characters move up one square from their current position. Because of this, the player would have needed to select the up arrow again in order to clear the column with two rocks and the refrigerator, accounting not just for their current position, but where they will be after any queued inputs resolve as well.

Minigame Guide – Cockroach Crusher

- This minigame can be played once per FREEROAM. Lindsay will reward you with +10 REL each time you play, and additional pinups and scenes upon reaching certain cumulative score thresholds:
 - 250 points – Cheek Kiss
 - 500 points – Boob Grope
 - 750 points – Nipple Sucking

Minigame Guide – Izzy’s Panty Puzzles

- This minigame can be played once per FREEROAM. Izzy will reward you with **+10 REL** for every pair of panties returned to her, as well as scenes at certain other thresholds:
 - Two pairs – Pussy Flash
 - Five pairs – Mutual Masturbation
 - Nine pairs – Footjob
 - All ten pairs - Thighjob
- When searching for panties, you can only click on a girl’s luggage to start the puzzle if the cabin is currently empty. Use the *FREEROAM Camper Locations* section to pick a time that works.
- Currently, the available minigames are Eva’s, Bridgette’s, Sadie’s, Katie’s, Gwen’s, Beth’s, and Lindsay’s, in that order. **Eva’s minigame can only be played during FREEROAM #2 or FREEROAM #3, so be sure to prioritize this one!**

Minigame Guide – Babes ‘n’ Battles

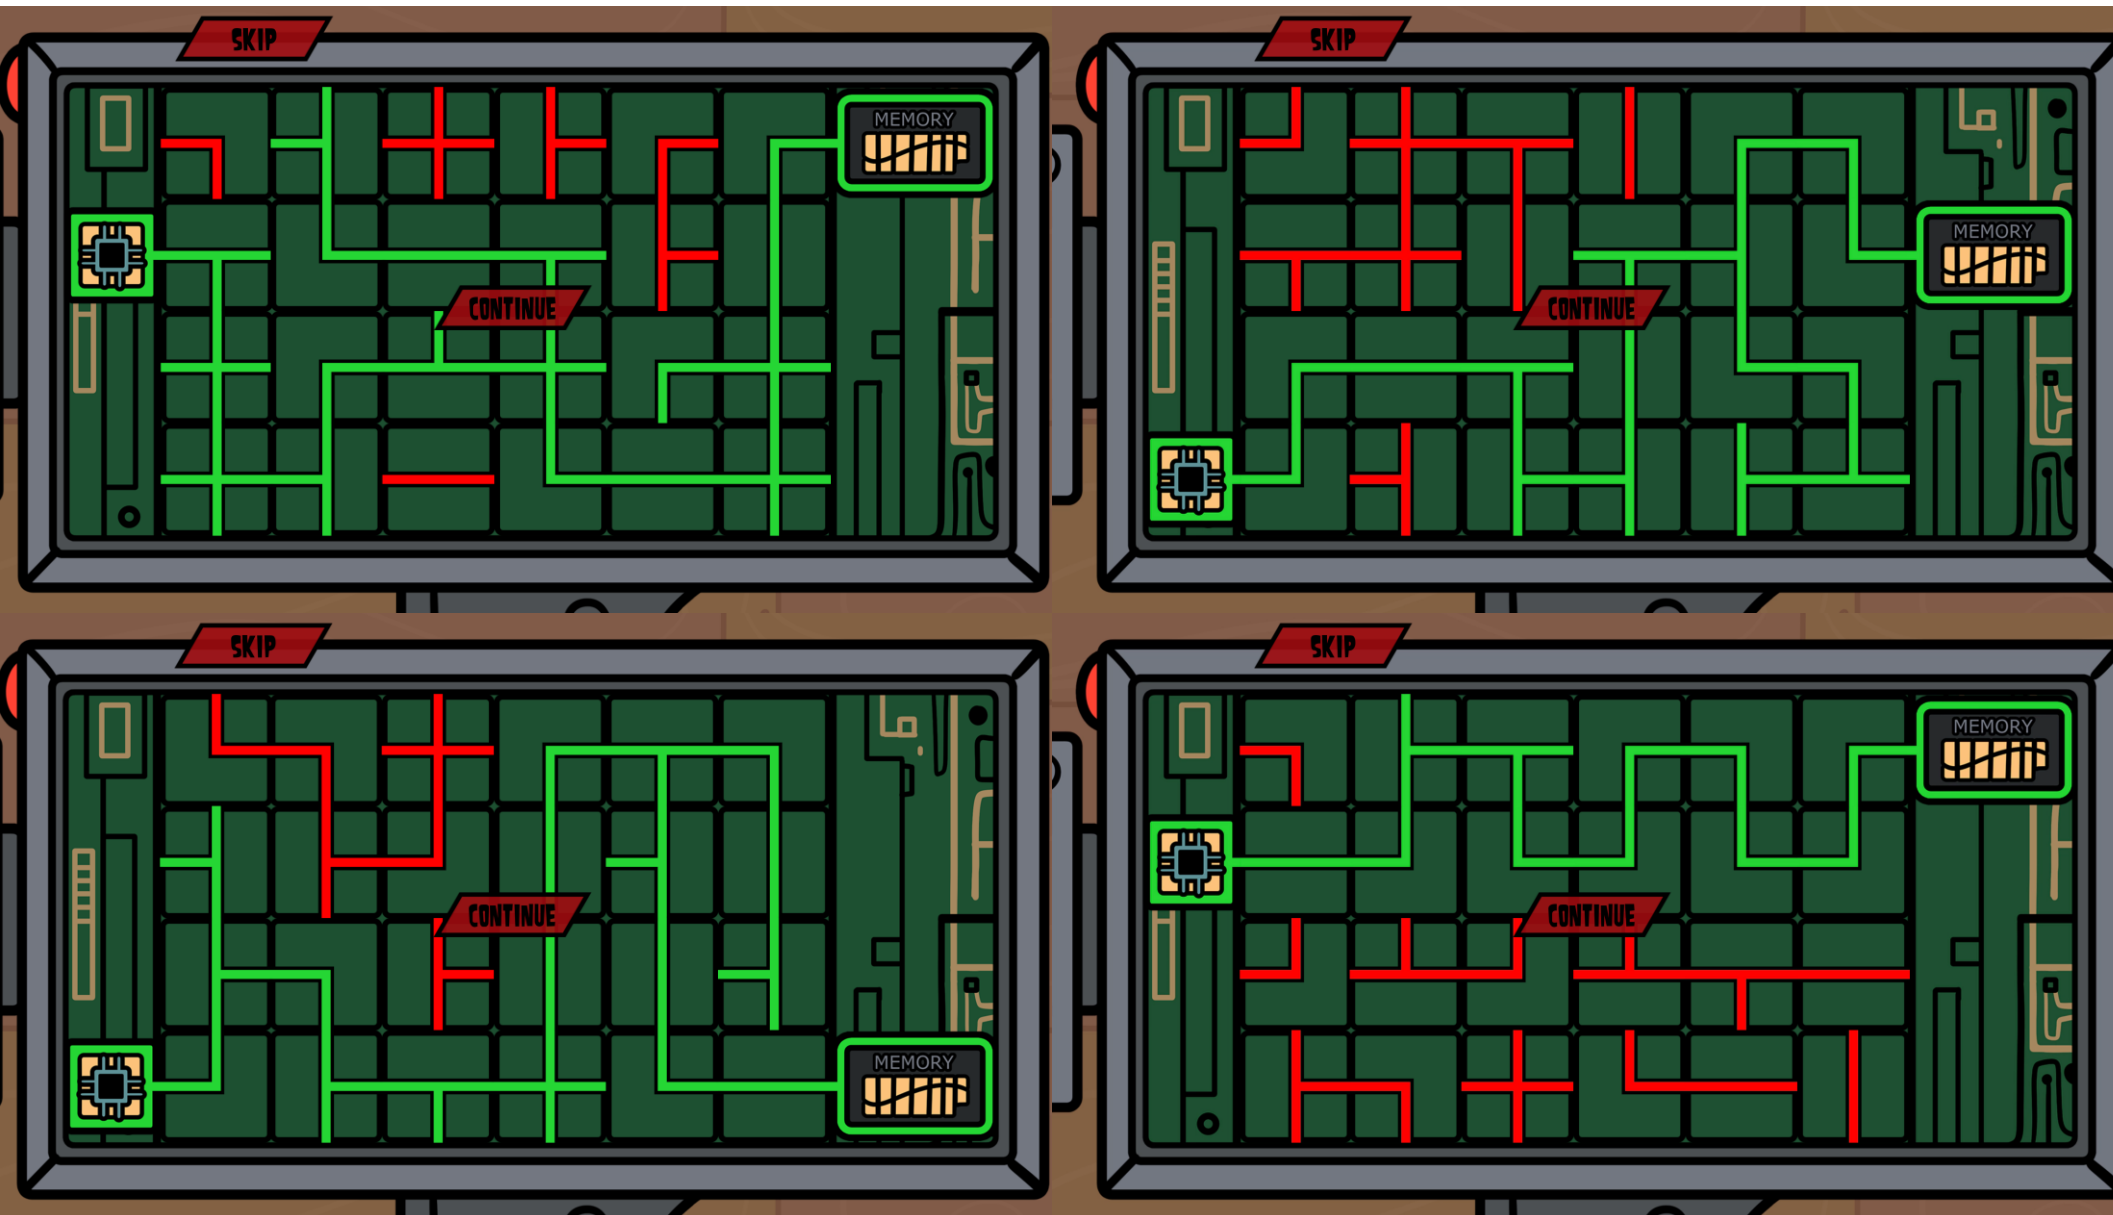

- This minigame can only be won once per FREEROAM, but may be re-attempted as often as you like. Harold will reward you with +10 REL each match, whether you win or lose.
- On each turn, you want to pick the card from your hand which has the best chance of beating Harold's in the randomly-rolled stat shown at the top of the screen. This will almost always be your card with the highest number in that stat, though there can be some strategy in choosing a different card, if you think you can still beat him or you want to save that particular card for later.
- This chart shows the distribution of card stats:

	STRENGTH	AGILITY	WISDOM	LUCK	MAGIC	WEAPONS	SEX
Courtney	1	2	10	0	4	3	8
Eva	10	1	1	6	1	9	2
Lindsay	0	7	0	8	8	0	9
Sadie	9	0	9	1	3	10	1
Katie	3	8	2	2	9	1	10
Beth	6	5	6	10	5	4	0
Bridgette	7	6	5	5	0	7	6
Leshawna	5	4	7	4	10	2	5
Gwen	4	10	3	9	2	8	3
Izzy	2	9	4	7	7	6	4
Heather	8	3	8	3	6	5	7

Minigame Guide – Voyeur Vid-Cams

- This minigame can be played once per FREEROAM, starting at **FREEROAM #12**. Duncan will reward you with +10 REL, as well as unlocking a voyeur scene with one or more of the girls.
- Click each cell to rotate it, and align the green path from the circuit board to the memory card. The following images show possible solutions for each puzzle:
