

All scenes and stats walkthrough for CotN

This is a quick guide in how to get all scenes for Curse of the Nightstalker (CotN). The scenes in question are the ones found in the Scene Replay section on the Main Menu. This way, you can easily see both the Pure and Corrupt pathways very easily.

As I tend to only play through adult visual novels (AVNs) and porn games once all the way through then replay only the most enjoyable scenes, I've designed CotN with that in mind. Choices lead to mostly short differing pathways, which converge quickly, so you can easily see both in a single-play through, by choosing one, then backing up or reloading before the choice was made, then choose the other pathway (I'll highlight where the paths converge in this guide also).

However, the ending may be slightly different. The idea will be to have a one-on-one scenes with each lady at the end of the game, these scenes can be on the Corrupt or Pure pathway, depending on which lady has more of which points (i.e. let's say Mira has 5/4 corrupt points so is on the corrupt pathway, whereas Celeste has 9/0 pure points and is on the pure pathway; no draws will be possible). However, once you reach the ending the idea is to have both scenes unlocked in the Scene Replay, so you can see what you've missed.

Anyway, with all that said, let's begin the simple guide.

“Peek from the side.” – Leads to same poses, but in a silhouette.

30 Suspicion is the optimal amount of suspicion if you want to see all sexual scenes and nothing else: so you can spy on Judea and Rose, and look at Judea’s pussy, but don’t eavesdrop. Check out both scenes for all the images.

End of Chapter 5

Chapter 6

Day 17

Note: The initial Celeste dream sequence is big and takes a couple of seconds to load in.

-Fight Tutorial: You can’t lose this one and the enemy has no strengths or weaknesses, so only worry about the mechanics of the game and getting too grips with it here.

Day 18

-Farm: Both choices lead to a short scene with either Aria and Nyrobi on the ‘Work’ path, or with Rose on the ‘Don’t work’ path. You can easily see both and rollback or load after the scene is done.

-First guard fight: The first real fight, you are also introduced to the ‘Observe’ move which can reveal strengths or weaknesses. Use that if you want to discover the Guard’s weakness yourself and utilize it in your attack plan. If you just want to know how to most easily defeat this one then keep reading.

Because Gaillard is quite a bit shorter than you, Kicks work well against him because of the extra range advantage you have, they are more likely to hit. However, if you use too many kicks in a row, Gaillard reads you and gets an automatic dodge, so keep mixing things up and throw out other attacks. Just know that you can always come back to kicks for good damage. As Kicks use a lot of stamina, keep an eye on your energy and use ‘Rest’ to top up your stamina.

There is a lose scenario scene which is of course NTR where Judea blows Gaillard and then suffocates him to death with her pussy. So if that interests you purposefully lose, otherwise 'win' to avoid even the choice to accept it popping up. If you lose three times you also get the option to skip the fight. You can also view all of Judea's images by focussing on her, which will probably get your arse beat in the process.

Once you win, you get some alone time with Judea, this leads to a choice:

"Anytime Disciple:" – Leads to **+1 Pure Judea**

"How grateful are you?" – Leads to **+1 Corrupt Judea**

Scene converges on line: "Mother Mercy. You really did a number...."

This part also introduces a hidden variable called 'Judea cum loads', this is an automatic one for everyone. This stat will help you in the final lust battle that will be against Judea.

Day 19

-Lust tutorial:

For the first lust tutorial part, -the coercion/undressing part, - you can't lose, so again, get to grips with the mechanics and try things out. It's a good idea to ask questions here to try and see what Irinia is into for later stages as well.

For the second stage with the foreplay acts, keep your stamina up so that you can utilize 'lust purge' and 'coerce' back to your control when she takes over. Once you get over 100 lust you can utilize 'Semen Retention' when Irinia is in control, use this to avoid blowing your load too early.

When Irinia's lust is between 30 and 100, her favourite action is the 'Armpit Lick' if you are lust charged and she is coerced, remember don't use the same move twice in a row and try to do moves when at least at neutral mood.

At 100 lust you can utilize 'Pussy Touch' and 'Pussy Eat', the latter automatically allows Irinia to take control but does more lust, so don't use it when you have low stamina. Best to use it with high stamina with a lust charge and while Irinia is coerced. 'Nipple Pull' becomes available above 125 lust and 'Finger Butthole' at 150.

For the final stage involving sex. Remember to keep changing position after every move to keep your stamina up and for moves to do more lust.

Here are the breakdown of sex positions:

Missionary: Everything works well here, it is a base level for every action you can do.

Scissored Flagpole: Rub clit works best here, while deep thrusts are a little painful and do less.

Kneeling Dancer: Deep Thrusts work better here while shallow do less lust.

Facedown Doggy: Shallow thrusts do best here, while deep do less lust.

Erotic V: Deep thrusts do more, but rub clit does less.

Early on 'Rub Clit' works well along with 'Deep Kiss' within Scissored Flagpole. At 100 to 200 lust 'Shallow Thrusts' become most optimal and you can utilize both 'Tit Caress' and 'Finger Suck' well in Missionary. Above 200 'Deep Thrusts' and 'Spank' (which is in doggy) and 'Choke' (in Erotic V) become useful. To make her Squirt, you need to go to Kneeling Dancer once her lust is above 390 and her mood is in the erotic form.

-Judea drinking game:

"Accept the drinking game challenge." – Furthers the scene.

"Go Home." Leads to **+ 50 Suspicion** and you completely miss the game. Leads to non-drunk scene with Mira next Chapter.

-First drink choice:

"Take the first drink." – Furthers the scene.

"Refuse and leave instead." – leads to + **60 Suspicion** and no game. Leads to non-drunk scene with Mira next Chapter.

-Second drink choice:

"Drink up." – Continues the scene.

"Leave it here and go home." – Leads to + **50 Suspicion** and ends this scene. Leads to non-drunk scene with Mira next Chapter.

-Judea's question on number of women been with:

"Tell the truth." – No drinking or suspicion.

"Lie" - Leads to + **10 Suspicion** but no drinking.

"Drink instead." – Leads to the first drinks stat advancement, a hidden variable. Avoid if you want to see all of this scene.

"Leave instead" – Leads to + **60 Suspicion** and ends scene. Leads to different scene with Mira in the morning for Chapter 7 Day 20.

Whenever it is your turn to ask questions, you can ask whatever you want with no consequences. You can also learn more about Judea which can or could be useful later and in the distant future too.

-Third Drink choice:

"Drink more with Judea" – Leads to first guaranteed drinks point (i.e. +1), continues scene.

"Call it a night." – Leads to +**40 Suspicion** and ends scene. Leads to non-drunk scene with Mira next Chapter.

-Judea's second question about sex with multiple women:

"Say you've been in..." – Continues scene with no suspicion or drinking.

"Lie and say..." – Leads to + **10 Suspicion** but no drinking.

"Drink instead." – Leads to + 1 drinks.

"Leave and go home." – Leads to +**40 Suspicion** and ends scene. Leads to slightly-drunk scene with Mira next Chapter.

-Judea's third question about incest:

"Tell her the truth..." – Leads to + **10 Suspicion** but no drinking.

"Lie, and make up a kink." – Ends with no drinking or suspicion change.

"Drink and avoid." – Leads to + 1 drinks.

"Get out of there." – Leads to + **30 Suspicion** and ends scene. Leads to slightly-drunk scene with Mira next Chapter.

-Fourth Drink choice:

"Keep drinking and stay" – Leads to + 1 drinks and continues scene.

"Leave" – Leads to + **20 Suspicion** and ends scene. Leads to slightly-drunk scene with Mira next Chapter.

-Truth or Drink:

"Truth" – Continues the scene with no drinking.

"Drink" – leads to + 1 drinks, if at 5 drinks, you are automatically go home and scene ends with suspicion.

-Two Truths and a Lie #1:

Correct answer is 2 to avoid drinking. Drinking can end the scene and give you a suspicion boost.

-Two Truths and a Lie #2:

Correct answer is 3 to avoid drinking. Drinking can end the scene and give you a suspicion boost.

-Your turn for two truths and a lie:

Choose 'climbing into bed with Bella' to trick Judea and avoid drinking. Drinking can end the scene and give you a suspicion boost.

You get an automatic drinks + 1 after this, if you have 5 or more, the scene ends afterwards.

-You can choose whatever you like for your first choice for Never Have I Ever.

-If you choose "....been involved in pissplay." For the second round, you will have to drink.

-Judea's Never Have I Ever choice:

"Just take the damn drink.": - Leads to a +1 to drinks

"Bluff your way out of it." – Leads to **+ 10 Suspicion** but no drinks.

- Final choice does not matter. However, you must have gotten through the entire scene with the minimal drinks possible, in order to get to and see the final scene.

End of Chapter 6

Chapter 7

Day 20

-The day starts off with a scene with Mira: it will be different if you drank with Judea or not. Not drinking with her skips any sexual stuff that might happen completely. If you have drank with Judea the scene will begin very differently.

-You will then be able to cum on Mira's face, or if you have had more than 3 drinks last night, you will have the option of pissing on her, this can then lead to her pissing on you if you like, or just cumming on her face without that occurring.

-Farm scene:

You will get the option of:

"Try to see more of the Aria and Nyrobi...." ----> Leads to fisting scene.

"Go work for a little extra Gold." --- Leads to +20 Gold.

-At the end of the Mira/Rosetta threesome there are four choices:

"We've just brought our family closer...."----> Leads to +1 Pure for Mira and Rosetta

"Look at you two degenerate whores."----> Leads to +1 Corrupt for Mira and Rosetta

"Ahh, my first love, and my slutbag wife..."----> Leads to +1 Corrupt for Mira and +1 Pure for Rosetta

"My gorgeous perfect wife, thank you...."----> Leads to +1 Pure for Mira and +1 Corrupt for Rosetta

-Aria/Celeste threesome minigame:

There are three stages again, but it's all foreplay here. The 'Insight' ability acts as an in-game guide if you get stuck, so utilize that for extra information. The general rule throughout, is that Aria is the first you should work on, then Celeste as the lust increases in the room, but you can use simple low lust moves with both early on too. Also use Talk commands and Name-calling for extra LP gain and mood changes, but be careful with the latter at early lust levels. Chat always resets at least one girls' mood to neutral when used.

-It is always a good idea to start off any stage, with a nice Lust Charge + Coercion combo when you have full energy and empty lust for an initial big boost. Never repeat moves back-to-back to avoid penalties.

-In Stage 1, to get Foot Massage to appear, you must get and maintain the girls' lust over 180 and put them both into a good mood. Choose this on the main minigame menu to progress.

-In Stage 2, you can now fail, so avoid max lust. Losing all of your energy will require you to rest and the girls' will lose 50 LP while you recover. You can ask the girls to kiss in the Talk command, this will only be successful if you have already successfully kissed both Celeste and Aria individually beforehand. This will also be required to unlock the threeway kiss action.

-To finish Stage 2, you must raise LP to 386 and maintain it there or above, while keeping the moods positive, this unlocks "Strip" on the main minigame menu for progression to Stage 3.

-In Stage 3 you can now deplete the girls' of their energy, which will give you the option of doing a free recovery of your own energy, a free purge of your own lust, or a chance to do some significant lust gain attacks to the ladies.

-In order to complete Stage 3, you must build lust up and ask for a cockrub, this requires getting 300 and above lust, and getting both girls' in a good mood before you ask for this. Then, you must use the action pussy rub successfully; to do this you must have lust above 400. Finally, once you get and maintain the girls' lust at 590 or above, and have them both in a good mood, you can 'Tell them you've had sex with both of them' in the Talk command.

-At the end of the Aria/Celeste threesome there will be 8 choices, all of which then go to four more choices. Ultimately within this myriad of options, you will have the option to cum on their faces, or creampie them, or a mixmatch of both. On top of that, you will have the option of gaining +1 Pure or +1 Corrupt point for each girl depending on the choices you make. These choices should be very self-evident with Aria and Celeste receiving both a Pure point or Corrupt point each, or them receiving 1 of either point depending on choices. Have fun if you want to see every slight permutation of that scene. Doing both girls with Pure facials leads to a bonus double-cock kiss image, while doing both girls with Corrupt facials leads to a double, literal fuck image.

END OF V0.5
