# Map Guide

## At the Crossroads of Life: Lily
## v.0.12

This guide covers only the locations that currently have available content.

**LOCATIONS:**

---

### 🖌 Tattoos & Piercings:

Lily can get 3 tattoos and 2 piercings**.**

**Once she gets one, it will remain visible on her in all future scenes (main story + all locations).**

- **Chain tattoo (right upper arm)**: Unlocked at **24+ lewd points**. Grants **+1 lewd point**. 
- **Lily tattoo (below left ribs)**: Unlocked at **5+ lewd points**. 
- **Star tattoos (right ankle)**: Always available. 
- **Navel piercing**: Always available. 
- **Nipple piercing**: Unlocked at **24+ lewd points**. Grants **+4 lewd points**. (Some characters may begin to **see Lily as a slut** if they notice this.) 

---

### 🏠 Motel:

1. **Content**: Lily can watch the scene between Blado and the girl. If she does, she gains +2 lewd points.
2. **Content**: After getting a massage from Daniel at the spa (if Lily is naked) — a new dialogue unlocks with Blado. If Lily has at least **25 lewd points**, she'll have the option to visit Blado's place. (**+ lewd points**)

---

### 🏡 Wealthy Area:

1. **Content**: This is where Amber lives. After Lily talks to Rita at the café about Amber (after the dinner scene), she can come here to talk to Amber.
   Amber offers to make Lily her lover — if Lily agrees, she can visit her **daily for sex scenes** (recurring). There are two different events, each with a 50-50% chance of occurring.
   (**+ lewd, sub, dom and lesbian points**),

   If you want Lily to get closer to Rita in the main story, she has to sex with Amber.

**City Mall:**

1. **Content**: Lily can try on 4 outfits (the 4th one only unlocks with **19+ lewd points**).

---

**City Apartments:**

1. **Content**: After Melody visits Lily's office to apologize for the kiss, Lily can choose to go to Melody's place to talk.
   They can start a relationship (recurring sex scenes).

*If Lily is also Amber's lover and chooses 'A relationship' with Melody during the scene where she asks herself, 'What do I really want from her?', a choice will later appear (at home, while she's lying in bed) that allows her to choose between Amber, Melody, or both (grants + lewd points).*

*If she chooses one, she can no longer visit the other.*

*This decision may affect the main story later on.*

In this version two different scenes are available here, and you can decide which one to follow. In one, Lily takes control; in the other, things unfold naturally (submissive and dominant lesbian points can be gained). During each scene, Melody confesses her love to Lily, and Lily has the choice to tell Melody that she loves her too. **This decision may have consequences later on, so choose carefully.**

---

**Gym:**

1. **Content**: Lily can train daily (multiple times a day).
   New dialogues with Emerson depending on main story progress. Lily can learn more about **Donna**, **Jimmy**, and **Emerson**.

---

**Spa & Massage:**

1. **Content**: Lily can choose between **Selena** and **Daniel**.
   She can also choose whether to be naked.

- For **Selena**: requires **5+ lewd points** to be naked
- For **Daniel**: requires **20+ lewd points**

At the end of the massage, if Lily chooses:
**"Honestly… this is kind of exciting."** → she gains **+1 lewd point**.

This can be repeated daily to raise lewd points.

If naked with **Daniel**, a new event unlocks that triggers the **Blado motel path**.

---

🌳 **Park:**

1. **Content**: After yoga with Melody, Lily can return here to do yoga.

---

🏠 **Lily's House:**

1. **Content**: Lily can take a shower.

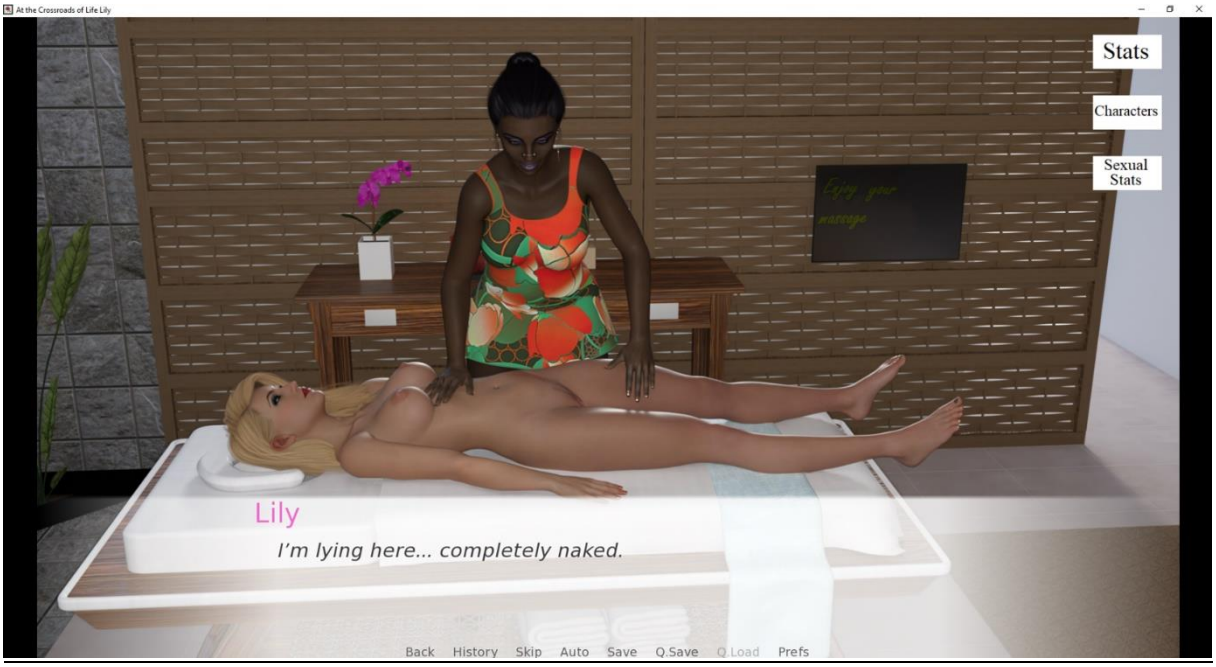

---

⚠️ **Important:**

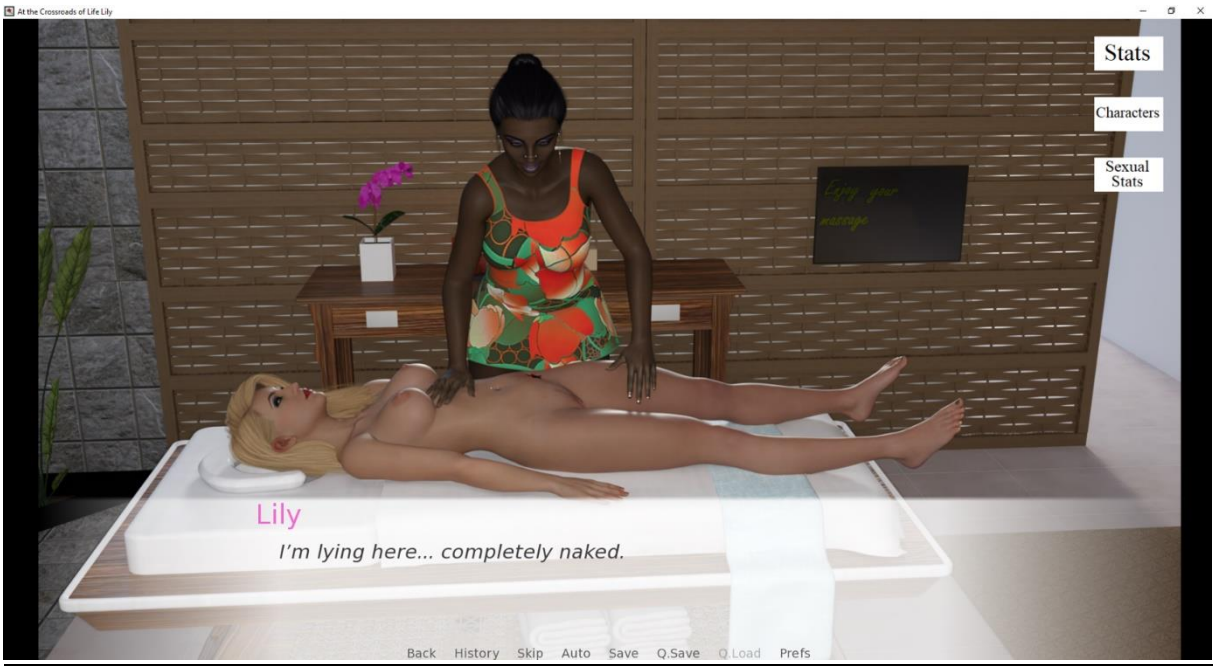

**<u>Once Lily gets a tattoo or piercing, it remains visible in all scenes. Main story, all locations, and all future events.</u>**

**For example, in the massage scene with Selena:**

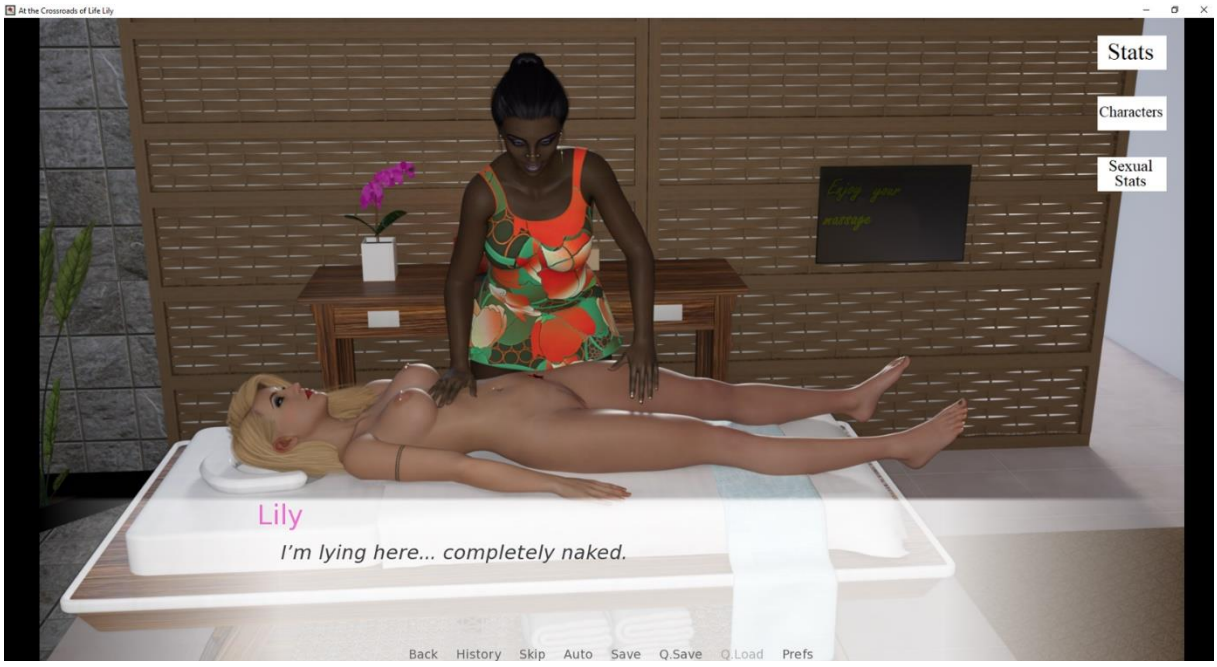

1. Lily without any tattoos or piercings.

2. Lily with some tattoos and piercings.

3. Lily with all currently available tattoos and piercings.

*Later on, depending on how Lily's path develops, she might get entirely new tattoos and piercings—different from the ones currently available.*

The **personality points and side choices** gained in these locations will slightly affect the main story, but **major consequences** will be based on **main story decisions**.

These areas are primarily for:

- **Exploring Lily's personality**
- Unlocking new scenes
- Gaining additional personality points
- Collecting tattoos & piercings
- Learning more about other characters
